Pursuant to Section 3.11.070 of the City's Personnel Rules, the following section shall govern overtime provisions of this Agreement:

A. Overtime work may be required of any employees in order to meet special or unusual needs of service beneficial to the City and community. Overtime is defined as the number of hours worked in excess, and as an extension, of the normal schedule of work hours as illustrated below:

	EMPLOYEE WORK SCHEDULE	OVERTIME
1.	Eight hours per day, five days per week (5/8 Plan)	Over eight hours per day and forty hours per week
2.	Ten hours per day, four days per week (4/10 Plan)	Over ten hours per day and forty hours per week
3.	A flex-time schedule approved by the City Manager	Over the prescribed number of hours per day in writing.

For purposes of this section, holidays, sick leave, vacation, Personal Leave Time (PLT) compensatory time off (CTO), and floating holidays are time worked for purposes of computing overtime. The following leave hours are not to be considered to be hours worked for purposes of computing overtime: Workers' Compensation, leave without pay requested by the employee, suspension or disciplinary action and a short work week worked by a new employee.

No employee shall be required to work overtime during any scheduled workweek in which the employee is on an unpaid status as a result of disciplinary action.

B. Incidental overtime, defined here as less than eight (8) minutes nonrecurring extension of the workday/shift, is not compensable in any form.

- C. Overtime shall be compensable in increments of fifteen (15) minutes.
- D. Overtime shall be compensable at the rate of one and one-half (1 ½) the employee's base hourly rate except as noted in Subsection F or G of this section.
- E. Shift Extension. If an employee is called to work early or is worked beyond their normal work shift, compensation for overtime shall be calculated in accordance with Subsection C of this section.
- F. Regular employees working outside of their regularly scheduled shift in the Department shall be compensated at double the employee's base hourly rate when working between the hours of 8:00 p.m. to 6:00 a.m. Overtime hours worked before or after the hours noted above will be paid in accordance with Subsection D.

 - a. Effective January 1, 2020, the maximum accumulation of CTO shall be one hundred sixty (160) hours;
 - b. Employees with CTO balances above the maximum cap on January 1, 2020 shall be allowed to maintain said balances but shall not be allowed to accrue additional CTO hours until their balance drops below the cap identified above that respective year.

ARTICLE III. CALL BACK

- C. If an employee's work shift has not ended and the employee must respond to a call requiring immediate action that extends beyond the end of the employee's shift, it is considered a continuation of the shift and is subject to pay based on the actual time. If the employee's shift has ended and the employee has to return to work to address a call requiring immediate action, the employee is entitled to a two (2) hour minimum period of overtime at the appropriate rate.
- D. Standby Employees, as defined in Chapter 2, Article VI, will receive one half (1/2) hour compensation at the appropriate rate of pay when needed assistance can be appropriately handled over the phone and the employee is not required to physically respond to work.
- E. Non-Standby employees will receive one (1) hour compensation at the appropriate rate of pay when needed assistance can be appropriately handled over the phone and the employee is not required to physically respond to work.

SERVICE TERM

ANNUAL BONUS AMOUNT

and every year thereafter

2.5% of base salary

Beginning of the 15th year
and every year thereafter

2.5% of base salary

- B. Such service term bonus shall be included in each eligible employee's bi-weekly payroll.
- C. Employees hired after May 5, 2012 will not be eligible for the service term bonus.

ARTICLE V. PROMOTION

Any employee who is promoted to a position in a class with a higher salary range shall be placed in the step in the new higher range, which is at least a ten percent (10%) increase over the employee's current salary step. In the event that the top step in the new range is less than ten percent (10%), the employee will then be assigned to the top step on the new salary range.

ARTICLE VI. STANDBY

The following provisions and EOP 2.0 City Standby Policy apply to represented employees. The number of available employees assigned to serve the standby needs of the department determines the application of provision A below.

- A. Employees assigned to standby duty shall be compensated per the following schedule:

Monday-Friday Standby	1 ½ hours straight time rate per day
Saturday, Sunday & Holiday Standby	3 hours straight time rate per day
Weekly Standby	13.5 hours straight time rate per week

Employees shall not be assigned standby on their flex day, unless such employee volunteers.

- B. Employees will be provided a cell phone when assigned to standby.
- C. The department shall make standby assignments voluntary whenever practical.
- D. The City reserves the right to schedule standby as needed.
- E. Such payment shall be in addition to the overtime payments, which may be payable for call backs, pursuant to City Personnel Rules and Regulations. An employee on standby may be authorized to take a City vehicle home, provided the employee lives within the area bounded by heavy black lines on the attached map (Appendix "X").

ARTICLE VII. WORKING OUT OF CLASS (Refer to Personnel Rules Section 3.07.080)

The principle for paying employees for performing higher level job responsibilities due to operational necessity is based on such considerations as: the employee's ability and qualifications to perform at a higher level, whether the employee would be required to perform only routine or a significant range of the higher job responsibilities, whether the lower level position is in direct line and job scope of the higher class, and the length of time necessary for an employee to perform in a higher class.

The purpose of compensating employees for performing work in a higher class is to establish a system by which employees will continuously receive a pay rate comparable to those job factors that establish pay for each class of work in City service. Authorization for an assignment to work in a higher class must be given by the employee's supervisor and, except under emergency circumstances, requires advance approval of the department head, Human Resources Director and City Manager. The following conditions shall prevail as the definition and standards of compensation:

- A. Employees are required to work at least four (4) hours in the higher class to receive the higher class pay, except in classifications where employees are required to operate heavy equipment that is paid at a higher level; in such cases employees will be eligible for higher class pay after one (1) hour of continuous work.
- B. In the event that an employee is required to work in the higher class due to a call back, the employee shall receive out of class pay on an hour-for-hour basis with no minimum amount of time required to serve in the higher class.
- C. Compensation in excess of an employee's regular base salary rate shall not be authorized for work in a higher class unless such employee is in all respects qualified to perform in the higher class and required to perform at least a substantial range of the more essential tasks of the higher class. Additionally, if an employee is temporarily assigned to perform work that is generally within the scope of their current class, but the work assignment is normally performed by a higher class due to the nature or scope of such work, then the temporarily assigned employee shall not receive additional compensation for performance of their normal and customary duties as prescribed by their regular classification.
- D. Employees assigned to work in a higher class, who are both qualified and required to perform at least a substantial range of the higher tasks, shall be compensated for the actual number of hours worked in the higher class as follows:
 - 1. Compensation shall be five percent (5%) more than the employee's current salary rate in the lower class unless the difference between classifications is less than five percent (5%). In the event that the top step in the higher range is less than five percent (5%), the employee will be compensated at the top step in the higher class.

EXCEPTION: Employees assigned as a Senior Electric Line Technician, senior water distribution worker or senior wastewater utility maintenance worker classification shall be compensated ten percent (10%) more than the employee's current salary rate in the lower class.

- 2. For employees assigned to management classifications the compensation shall be ten percent (10%) more than the employee's current salary rate in the lower class. In the event that the top step in the higher range is less than ten percent (10%), the employee will be compensated at the top step in the higher class.
- 3. Work periods in higher class assignments shall not apply toward seniority or time-in-class considerations for layoff purposes as regards the higher class.
- 4. Temporary Acting Pay

An employee temporarily assigned in writing to an acting position in a classification with a higher salary range shall be compensated for the duration of the acting assignment by the payment of ten percent (10%) of the regular salary the employee received prior to the acting assignment, or the salary provided for in Step A of the higher classification, whichever is greater, but not to exceed top step of the higher classification for all time

worked and any leave time paid. The higher classified position must be temporarily vacant due to a long-term absence of the incumbent or pending the filling of a vacant position. The temporary acting pay assignment shall be for a minimum of two full-time pay periods and limited to one year. Authorization for a temporary acting assignment must be given by the employee's supervisor and requires advance approval of the Department Head, Human Resources Director and City Manager.

CHAPTER 3. LEAVES

ARTICLE I. VACATION LEAVE

The purpose of vacation leave is to provide eligible employees the opportunity to take paid time off from their job responsibilities in order to maintain a high standard of mental, emotional and physical conditioning.

- A. Eligibility: All regular, full-time and part-time employees in the classified service shall be entitled to annual vacation leave with pay. Each employee will earn and accrue vacation hours pursuant to the accrual schedule as noted in subsection B. Exceptions to this provision shall only be granted in unusual circumstances substantiated by the department head in a recommendation to the City Manager who may approve or disapprove such variances.
- B. Accrual: Each regular classified employee shall earn and accrue vacation leave with pay as follows:

Service Category	Biweekly Accrual	Days/Year Equivalent	Max.Hrs. Accrual
New employee to completion of 4th year	3.693 hr.	12 days	240
Start of 5th year to completion of 9th year	4.307 hr.	14 days	280
Start of 10th year to completion of 14th year	4.923 hr.	16 days	320
Start of 15th year to completion of 19th year	5.538 hr.	18 days	360
Start of 20th year and succeeding years	6.153 hr.	20 days	400

1. As noted in Subsection A, new employees shall earn vacation at the bi-weekly rate shown above from the hire date. Eligible employees shall advance to the next higher rate of accrual upon completion of the maximum number of years at the lower accrual rate, and shall begin to accrue at the higher rate at the start of their qualifying year. Part-time employees shall receive a pro-rated accrual.
2. Except as provided in Section B, an employee's maximum accrual of vacation hours may not exceed two and a half (2 1/2) the employee's annual accrual rate as specified above, and an employee will stop earning and accruing vacation hours while the employee's accrual remains at the maximum allowed under this Section B. One (1) month prior to the employee's anniversary date, the department head shall review the number of hours accrued by the employee.
3. If the amount exceeds specified limits, the employee shall take the excess number of vacation hours up to a maximum of twenty (20) hours prior to the anniversary date or, if operational necessity will not permit taking such time, the employee may be paid the straight time hourly equivalent. Additionally, the maximum vacation hours an employee may accrue will be extended when an employee is on disability leave, jury duty, or military leave as

provided in these rules. The employee shall be allowed to liquidate such excess accrual within thirty (30) calendar days following return to duty, by means of taking such time up to a maximum of twenty (20) hours or receiving the straight time hourly equivalent in compensation.

- C. Use: Per Section 3.12.060(C) of the Roseville Municipal Code, an employee may elect to take all or part of earned vacation, or may carry over to the next service year all or part of earned vacation as approved by the department head and consistent with the provisions of Subsection B. However, the dates and amount of vacation selected by the employee shall be subject to approval of the department head. Vacation leave shall generally be taken in minimum increments of one (1) full work day/work shift, except that unusual, emergency, necessary, and infrequent use of vacation leave may be granted in one (1) hour increments.

Employees must request the vacation at least ten (10) workdays prior to the desired start of vacation leave. Under unusual or personal emergency circumstances, employees may request, and department heads may consider the approval of, vacation leave with fewer than ten (10) working days' notice. In the event it becomes necessary to call an employee back to work from a scheduled vacation, the employee shall be credited with the unused vacation hours and shall have the opportunity to take such remaining vacation leave at a time of the employee's choosing and the department head's approval.

- D. Holidays Within Vacation Leave: Holidays that occur during a scheduled vacation period shall be counted as a holiday. Employees may request in advance that they extend their vacation leave by the number of holidays occurring within their scheduled leave, or they may request fewer vacation hours which, together with the holiday(s), will comprise the total time period of their scheduled leave.

ARTICLE II. HOLIDAYS

Pursuant to Section 3.12.140 of the City's Personnel Rules, the following shall constitute the City's practice regarding holidays:

- A. The following holidays shall be observed by the City with respect to all employees. City offices shall be closed on these days except as otherwise provided herein.
1. January 1 (New Year's Day).
 2. The third Monday in January (Martin Luther King's Birthday).
 3. The third Monday in February (Washington's Birthday).
 4. The last Monday in May (Memorial Day).

Examples of methods the City could elect to use to provide climbing boots, depending on the circumstances, include, but are not limited to the following:

1. The City could authorize an employee to purchase climbing boots and submit the original receipt for reimbursement. The reimbursement method requires the supervisor's advance written authorization.

The City reserves the right to determine if a boot or shoe is appropriate to the employee's job classification in conformance with any applicable CAL-OSHA regulations.

2. To assure compliance with prescribed safe working practices or common sense, an employee who performs job duties without wearing appropriate safety boots/shoes or climbing boots whenever required by conditions and assigned duties will be subject to discipline.

3. Additional Safety Equipment

In addition to providing FR clothing, safety boots/shoes and climbing boots described above and as required by an employee's job duties, the City shall provide employees with the following additional safety equipment and personal protective wear as needed, including, but not limited to: jackets, sweatshirts, hard hats, gloves, one (1) pair of insulated rubber boots with reinforced arches, and other materials and equipment required by CAL-OHSA to guard against potential on-the-job hazards to employees' health and welfare. ARTICLE II. UNION SECURITY AND MEMBERSHIP

- A. The Union is the sole and exclusive representative for all the employees covered by this agreement without regard to membership in the Union, with respect to all matters relating to hours, rates, terms and conditions of employment, and all other negotiable items.
- B. Employees may authorize membership dues and other lawful deductions to be made from their salaries, wages, or retirement allowances for the payment of dues in accordance with the procedures required by law and set forth herein. To the extent required by Government Code Sections 1157.3 and 1157.12, the City shall honor employees' voluntary authorizations for Union dues deductions from employee paychecks. Such authorized deductions shall be remitted monthly to the Union along with an adequate itemized record of deductions. After providing the required certification, the Union shall not be required to provide a copy of individual authorizations to the City unless a dispute arises about the existence or terms of the authorization. To the extent required by law, the City will rely on information provided by the Union in writing regarding whether dues deductions were properly cancelled or changed. Any requests from the Union that the City change dues deductions shall include a certification that the changes are requested with the affirmative consent of the individual employee(s) and otherwise comply with all requirements of state and federal law. The City shall make every reasonable effort to remit the amounts deducted within ten (10) working days following the payday on which the deductions were made.
- C. Upon receiving notification from the Union, the City shall deduct the amount of regular and periodic Union dues, service fees, or insurance premiums as may be specified by the Union under the authority of written notification by the Union certifying that the employee has provided written affirmed consent for deduction of union membership dues or fair share service fees. Such authorized deductions shall be remitted monthly to the Union along with an adequate itemized record

of deductions.

- D. The Union shall indemnify, defend, protect and hold harmless the City and its elected and appointed officials, officers, employees, officers and agents (collectively hereafter the "Indemnitees") from and against any and all claims, liabilities, losses, damages, fines, penalties, claims, demands, suits, actions, causes of action, judgments, costs and expenses (including, but not limited to, reasonable attorneys' fees and court costs) arising from the application of any provisions under this Article, including, but not limited to, any claims made by any member employees for the membership dues deductions the City made in reliance on the Union's certification, and any claims made by any member employees for any deduction cancellation or modification the City made in reliance on the information provided by the Union, provided that the City promptly notify the Union of any such matter for which it is seeking indemnification after the City has knowledge of the occurrence of such matter.

In the event any such action or proceeding is brought against the City by reason of any such claim, the Union, upon notice from the City, covenants to defend such action or proceeding by counsel reasonably satisfactory to the City. Further, the Union agrees to indemnify and hold harmless the Indemnitees for any loss or damage arising from the Union's actions or inactions under this Article.

- E. The employee's earnings must be sufficient, after other legal and required deductions are made, to cover the amount of the membership dues deductions or any other deductions. When an employee is in a non-pay status for the full pay period when his/her deductions would normally be withheld, no deductions will be made to cover that withholding from the earnings. In the case of an employee who is in a non-pay status during only a part of the pay period and the salary is not sufficient to cover the full withholding, no deduction shall be made.
- F. The City shall furnish the Union, on a monthly basis, the name, date of hire, salary, classification and work location of all newly-hired employees subject to this Agreement. The City agrees to provide the Union on a monthly basis a payroll dues deduction report.

ARTICLE IX. ADMINISTRATION OF APPRENTICESHIP PROGRAMS IN ELECTRIC UTILITY DEPARTMENT

The City of Roseville, desirous of establishing apprenticeship programs in the Electric Department, does hereby adopt the following rules for the administration of said programs in cooperation with the recognized majority representative of employees in this department, the International Brotherhood of Electrical Workers, AFL-CIO, Local #1245:

A. Committee.

An Apprenticeship Committee will be established and shall be composed of two (2) voting members appointed by the International Brotherhood of Electrical Workers, Local #1245 (Union), and two (2) members appointed by the City. Additional parties (Union and City) may attend monthly Apprentice Committee meetings upon mutual agreement of both parties (Union and City). This committee will prepare, review and revise training standards as necessary. Decisions of this committee are subject to the approval of the Union Business Manager (or designee) and the City Manager.

B. Training Standards.

A training standard of progress will be developed for each apprenticeship program and will be formalized in the Apprentice Training Program specific to each program. This standard will indicate the training time for each phase of training or work process. The training time indicated will not be restrictive, but rather will be indicative of the emphasis or amount of time that should be spent on each phase. Although the total time spent on any one phase during any one progression period may vary with the individual, work load and amount of related instructions, minimum assignments shall be met during the term of the apprenticeship as outlined in the City of Roseville Apprentice Line Technician Training Program.

C. Nondiscrimination Provision.

Selection of apprentices under the program shall be made from qualified applicants pursuant to the Personnel Rules of the City of Roseville and without regard to race, creed, color, national origin or ancestry, physical or mental disability, medical condition, denial of family and medical care leave, gender, gender identity and gender expression, sex, sexual orientation, marital status, age, or religious affiliation, military and veteran status, genetic information, and all other applicable state and federal statutes relating to discrimination.

D. Entrance Requirements.

To be eligible to enter an apprenticeship program, a candidate must pass an appropriate entrance examination and meet whatever other minimum requirements may be established for that classification. Employees will be given an opportunity to indicate their desires and intentions with regard to entering apprenticeship training programs. Vacancies in apprenticeship training programs will be announced in accordance with normal procedure.

E. Progression Tests.

To progress through the apprentice program will require passing a progression test for each step of the program. These tests and the manner in which they will be scored will be prepared and agreed to by the Joint Apprenticeship and Training Committee and outlined in the City of Roseville Apprentice Line Technician Training Program dated 08/2016.

F. Review and Evaluation.

The Electric Utility Director shall appoint staff who shall review and evaluate the progress of each Apprentice during the program. Employees in the Apprentice classification shall receive a performance report for each six months of training. The completed performance review will be administered through the normal City process.

G. Instruction.

Related classroom instruction as agreed to by the Joint Apprenticeship and Training Committee will be given the apprentices during regular working hours. The instructors will be selected from personnel qualified to instruct.

Each apprentice shall pursue related and supplemental theoretical studies of not less than approximately eighty (80) hours per year. This outside training shall be approved by the Joint Apprenticeship and Training Committee and shall be pursued on the apprentice's own time and without pay from the City.

H. Salary Step Increases.

Employees are eligible for a salary merit increase based on successful (70%) completion of the required testing for each step as outlined in the City of Roseville Apprentice Line Technician Training Program.

I. Probationary Period.

Employees in the Apprentice classification remain on a probationary status that is in effect throughout their entire Apprenticeship Program, which shall not exceed forty two (42) months. In any case where the Apprentice fails to adhere to standards outlined in the Apprentice Line Technician Program, the employee will be rejected on probation and removed from the program. The City retains its sole discretion to determine whether an Apprentice completes probation.

The Union and City acknowledge and agree that the length of the probationary period under this Apprenticeship Program reflects the unique nature and required training and evaluation time for the classifications contemplated herein. As described in Roseville Municipal Code, Section 3.06.130, the probationary period is an intrinsic part and extension of the employee selection process during which the employee shall be

considered in training and under careful observation and evaluation by supervisory personnel. Generally, this period will be utilized to train and evaluate the employee's effective adjustment to work tasks, conduct, observance of rules, attendance and job responsibilities, and to provide for the release of any probationary employee whose performance does not meet required standards of job progress or adaptation.

J. Reinstatement Rights.

Employees rejected on probation within the first year of the Apprenticeship Program shall be reinstated to the classification from which the employee was promoted if the employee held regular status in the lower level position with the exception of those employees promoted from the Electric Pre-Apprentice position.

Employees who were promoted from an Electric Pre-Apprentice position to the Apprentice position or employees who were rejected on probation from the Apprenticeship program in year two or three will be considered to be released from City service without cause at the sole discretion of the City and do not have reinstatement rights to a previously held position within the City. Such release shall not be subject to any appeal. Written notification of release shall be provided to the probationer, and a copy filed with the Human Resources Director or a designee thereof. As negotiated between the Union and City, the provisions of this Amendment #1 to the parties' Memorandum of Understanding control, notwithstanding any other language contained in the City's Personnel Rules, including, but not limited to, Roseville Municipal Code, Title 3, Sections 3.06.140, 3.06.170, and 3.06.180.

K. Demotion.

Employees wishing to voluntarily withdraw from the Apprenticeship Program may request a voluntary demotion pursuant to City's Personnel Rules, Roseville Municipal Code, Title 3, Section 3.07.040.

ARTICLE X. UNION ORIENTATION

The City shall provide thirty minutes for the union's business representative to attend new hire orientation to meet with all new IBEW 1245 bargaining unit employees for the purpose of explaining union contract orientation and enrollment. The City will provide IBEW 1245 one week notice of new hire orientations that include IBEW 1245 employees.

City agrees to meet with IBEW 1245 during the term of the MOU to further explore alternate release time procedures.

ARTICLE XI. EDUCATIONAL REIMBURSEMENT

Employees may be reimbursed for the tuition and fees connected with job-related educational courses up to \$150.00 per course, not to exceed \$300.00 per year. The cost of books is not covered in this Agreement. The employee will submit the request for reimbursement to the supervisor, who will accept or reject the request. The request must be made before the class has been completed. The request will then be forwarded to the Human Resources Department, who will make the final decision to accept or reject the request. No payment will be made until the final proof of passing grade is submitted to the Human Resources Department. The City will maintain a maximum fund of \$6,000 to be administered by the Human Resources Department for educational reimbursement. Once the fund balance is depleted, no further reimbursements will be approved.

ARTICLE XII. ALCOHOL AND DRUG POLICY

The City and IBEW 1245 agree to continue enforcement of the Alcohol and Drug Policy as referenced in Appendix "Y".

In addition to the above-mentioned policy, all employees will be required to notify the City in writing of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) calendar days after such conviction.

ARTICLE XIII. UNION RELEASE TIME REIMBURSEMENT

At the written request of the Union and upon approval by the applicable department head, designated union stewards may be granted up to four (4) days off per calendar year per steward of reimbursable leave time off to perform union business. Employees shall elect to utilize their accumulated leave time off bank, excluding sick leave, to receive their full regular base wages for the duration of the union leave time off. The leave time off is subject to approval by the employee's supervisor and shall not disrupt operations. The union may request to utilize an additional allotment of a total of 18 hours of reimbursable release time per calendar year for a steward(s) to attend union training sessions. The additional 18 hours may be designated for use to one steward or spread among multiple stewards.

Subsequently, upon written verification from the Union of the amount of time off taken by the employee for union business, the City shall invoice the Union for the total compensation cost of the employee's time off. Within thirty (30) calendar days of receiving the reimbursement payment from the Union for the employee's time off, the City shall reinstate all hours of accumulated leave used for union business to the employee's respective leave bank. While on union release time, the employee shall not be considered to be on City time and accordingly the City shall not incur any liability, including but not limited to workers' compensation and tort liability, arising out of the employee's performance of union business. The Union shall indemnify and hold harmless the City, its officers, agents, employees, and volunteers, individually and collectively, from and against any and all claims, cost, suits, losses, demands, actions, judgments, damages, fees, liabilities, and proceeding of any nature whatsoever arising of, or related to, its adherence to this Article.
