### **Homelessness 2019**

### 2019 Point-in-time count results

Each January, Placer County and its partners survey homeless individuals. A point-in-time count is only a snapshot reflecting those persons identified as homeless for one night and is not an absolute number. Many people move in and out of homelessness throughout a year.

24%

People in families (with children)

**76**% Individuals/couples (no children)

Chronically homeless

Defined as currently homeless for a year or more OR 4+ episodes of homelessness in the past 3 years totaling a year or more, AND a disability of long, continued duration.

Most said they lived in Placer County at least 1 year before becoming homeless:

**75%**\*

25%\*

**38**<sup>%\*</sup>

With a serious mental illness

79%\*

With a substance abuse disorder

**24**<sup>%\*</sup>

Who have lived in foster care or group homes

10%\*

Currently fleeing domestic violence, sexual assault, dating violence or stalking situation

11%\*

Veterans

Percentages marked with an asterisk (\*) are calculated on the total number of responses received to the associated question(s) on the survey. Limited information was collected for people who were observed could not be interviewed.
