#### 4th of July Highlights

Bob will be missed and we all wish him well!

Children and adults lined Vernon Street, for the annual 4th of July Holiday Parade, all in a festive mood as the floats rolled down the street on a beautiful summer morning. Thanks to Johnny 5 Productions and others in the community, Roseville celebrated the 4th of July in typical fashion; with a parade, community event in the park featuring Capitol Pops Concert Band (funded by Performing Arts of Roseville) and ended the day with an exceptional fireworks display put on by the City of Roseville and Sierra View Country Club. A huge "thank-you" goes out to all who contributed to the event. It is a true testament to the great community that exists in Roseville.

## Surveillance Systems Integration, Inc.

916-315-2200 or 800-508-6981

SSI, Inc., (Surveillance Systems Integration, Inc.) moved their Roseville office to 105 Vernon Street in the latter part of 2008. The firm designs, sells, and installs closed-circuit television surveillance systems nationwide. They take great pride in their ability to provide outstanding customer service and aggressive pricing.

Seven years ago, SSI's president Todd Flowers, applied his experience to the formation of a company designed to meet the video surveillance needs of local casinos. The firm has since expanded and now provides services to casinos, national retailers, schools, and government facilities. The firm has another office in Las Vegas.

SSI, Inc., is a welcomed addition to Downtown Roseville having put a new façade on an prominent building and 25 new employees in the area to frequent other downtown businesses.

#### A Transformation Taking Place

If you happen to be walking down Church Street in the Historic District you will likely hear the sounds of hammers and electric saws when you approach the site of the recently closed Old Town restaurant at 119 Church Street. The long-time mainstay of the Historic District was recently sold to the owner of The Trocadero bar located at 314 Lincoln Street. The new owners are renovating the building and will move The Trocadero bar to the new location once the renovations are complete.

Steve Lake, the owner of The Trocadero bar, says he is looking forward to moving into the new site because of the opportunities it will provide for the business and their patrons. There will be several phases to the renovation, but the bar will open at the new location once the first phase of improvements is completed. So, the next time you are in the District be sure to stop by and check on the progress that is being made on the new home for The Trocadero.
