

Memorandum

■ **To:** Planning Commission

■ **From:** Steve Lindbeck, Project Planner

■ **Date:** January 6, 2011

■ **Re:** January 13, 2011 Planning Commission Agenda Item V.A
Special Presentation on the Creekview Specific Plan (CSP) Draft
Environmental Impact Report

The purpose of this item is to provide an informational presentation on the Creekview Specific Plan Draft EIR for members of the public and the Planning Commission. This will not be a public hearing, merely a staff presentation on the Draft EIR with an opportunity for questions. **There will be no action required from the Commission, and a written staff report will not be prepared.** You will be provided with a copy of the presentation.

Copies of the Draft EIR and the Creekview Specific Plan document were provided on a CD two weeks ago, as well as hard copies of the Executive Summary and Project Description. Please familiarize yourself with the contents of these documents before the January 13 meeting. You may want to bring the hard copies to the meeting.

Please feel free to call staff if you have any questions, or would like additional information.
