TERMS OF PERMIT

I hereby certify that the above information and submitted plans are true and correct and that the proposed work will comply with all permit conditions and applicable laws and regulations. I agree to obtain all required inspections, maintain a copy of the approved work permit and plans at the job site until final approval, and obtain written authorization prior to deviating from the approved permits or plans, or placing the well in service. It is understood that the issuance of a permit in no way indicates that a guarantee of perfect and indefinite operation of this well is made by the Engineering Division.

	to schedule	an inspection appo		agreeable time. Appoir	ar space or well destruction ntments shall be arranged			
	Whenever an environmental utilities department inspector is called upon by the permittee to conduct an inspection, and, upon arrival on the job site it is determined that the permittee has not completed the work for inspection or that the work fails said inspection, thus requiring a re-inspection, an additional fee of \$40.00 shall be charged for each necessary re-inspection							
	Monitoring well/soil boring shall be destroyed pursuant to County regulations within 30 days of completing monitoring activities.							
	Other:							
	PERMIT EXPIRES 180 DAYS FROM DATE OF APPROVAL (permits are non-transferable, revocable and suspendable)							

City of Roseville Well Permit Information (Do not attach to Well Permit application)

Permit Fees:

- \$250.00 for the first well per parcel \$125.00 for each additional well on original parcel.
- Soil Boring with no well \$250.00 per parcel
- \$40.00 re-inspection fee if a re-inspection is required.

Requirements:

- You will need a well permit if you are likely to encounter ground water.
- You will need a permit if you are soil boring or vapor boring up to 10' (no payment is required)

What to include with your Permit Application:

- Payment Check or Credit Card
- Any Correspondence with the Regional Water Quality Control Board
- A site map showing location of drilling or demolition.
- A copy of your Work Plan.
- If you are digging in a sidewalk, street or easement you will need an Encroachment Permit

Inspections:

- The City of Roseville uses the standards set by the Department of Water Resources, based on California Well Standards Booklets issued in 1981 and 1990 (Bulletin 74-90

 – Supplements to Bulletin 74-81).
- Please provide a 48 hour notice for all inspections.
- Inspections cannot begin after 2:30 PM.

If you have any questions please call (916) 774-5752
