

What you need to know before using an A-Frame sign.

Effective August 20, 2016, businesses in Roseville will be able to use A-Frame signs without a permit provided the following criteria is met:

Sign Criteria

- One A-frame sign per business.
- **Size** – 6 square feet per side.
- **Maximum height** – 4 feet.
- **Acceptable materials** – professional quality, no stenciled plywood or similar construction.
- **Location** – private property only.
 - not in public right of way, medians or sidewalks.
 - not blocking accessible paths of travel or inhibiting sight distance for ingress and egress.
 - The City may confiscate A-frame signs on City property or in the right of way.
- **Stabilization** – signs should be able to withstand wind gusts or be removed during inclement weather. Signs can not be attached to light poles, signs, landscape trees, benches or other features.
- **Message** – limited to advertisement of on-site businesses only.
- **Daily removal** – Signs shall be removed at the close of business each day.
