Notes:

-**Number** refers to a General Plan land use polygon used for accounting and tracking purposes only. These are not true Specific Plan large lot parcels.

-**Built Units** means existing developed or built units.

-A verification study conducted in December of 2006 resulted in minor adjustments to the acreage and number of dwelling units.

-A verification study in January 2013, conducted to reflect existing conditions and existing development potential in the Infill area, resulted in adjustments to the number of residential dwelling unit allocations per General Plan land use polygon.
