

## SELF CORRECTION VERIFICATION

Fire Inspection Date: \_\_\_\_\_

Occupancy Address: \_\_\_\_\_

Please refer to your copy of a recent inspection of your building.

The hazardous condition(s) noted on the attached *Fire Safety Inspection Report* is/are self-correctable and will not require a re-inspection by the Fire Department. However, you are required to correct the hazard(s). After corrections are made, sign below and return this letter with proof of compliance such as:

1. Receipts for fire extinguishers, spare sprinkler heads, signs, cover plates, fused multiple-plug device, repaired holes in walls, etc., or
2. Photographs showing compliance where appropriate.

If our office does not receive this letter and supporting documentation, a representative from the Roseville Fire Department will re-inspect the property at which time we will expect full compliance.

Please correct the hazardous condition(s) immediately and date, sign and return this letter by \_\_\_\_\_. If you have any questions, please call \_\_\_\_\_.
