Roseville Community Design Vision Committee

"Living List" of Issues for Discussion (Draft) – February 8, 2008

Issue		Description / Status
1.	Review of Treatment of Landscaping and Lighting in New Guidelines	Check to see if the new draft guidelines increase the emphasis on the importance of landscaping in the guidelines. Status: To be discussed at Feb 8 meeting
2.	Review cost information related to draft compact residential guidelines	John Tallman to work with developers to identify cost for minimally meeting the revised compact residential guidelines. Status: Status of this effort to be discussed at the Feb 8 meeting.
3.	Review "shalls" to see if they are all based on ordinances or regulations	Hand out prepared for discussion at Feb 8
4.	Develop a recommendation to suggest that the City review the consistency of policies in other departments with proposed CRD guidelines. Also recommend that the city look into incentives to support CRD guidelines. Key issues include: partial credit for onsite amenities such as park land; sidewalks, street widths, lighting standards, public utilities easements)	See draft Recommendation report outline.
