

Community Networking List

Our facility rental customers often ask us to suggest vendors for their events. As a public entity, we are not permitted to recommend specific businesses, however we wanted to offer our customers a reference tool for their convenience. As a result, the City of Roseville developed a 'Community Networking List'. The list is comprised of local businesses that offer services such as Security, Lodging, Floral, Disc Jockey, Entertainment, Audio/Visual, Equipment Rentals, etc. and will be issued to customers who rent our facilities. The cost to be on the list for one year is \$50 and is updated quarterly; January, April, July and October of each year. Your year will begin based on the next quarterly update month (i.e. you sign up in September 2011. The next quarterly list update is October. Your year will be October 2011 to October 2012). The list is distributed at several City locations including Maidu Community Center, the Roseville Sports Center, Downtown/Maidu/Riley Library, Mike Shellito Indoor Pool, and the Maidu Museum & Historic Site. This is great opportunity to increase your business' exposure.

The City hopes that by providing our customers with this helpful tool, the businesses on the list will promote and recommend City facilities to their customers.

If you are interested in participating on the list, please complete the application and submit to Deanna Burton via email, fax or mail to:
