**The Roseville Police Department
commits itself to safeguarding
our community; protecting life
and property; reducing crime; and
enforcing the law impartially.**

**We are dedicated to providing
outstanding service while working
in partnership with our community
to keep Roseville safe.**

Chief's message

Chief Troy Bergstrom

On behalf of the Roseville Police Department, I proudly bring to you this summary for 2023. Through this annual review, we will provide:

- An overview of your Police Department
- Our workload metrics
- Crime and traffic statistics
- Accomplishments

The purpose of this annual review is to provide a snapshot of the work done by your Police Department. Although the report is thorough, it is only a piece of the great work done by our team this past year.

As mentioned in last year's review, we had lots on tap for 2023 from adding/replacing specialized vehicles, new programs, and additions to current units to better serve our community.

I'm happy to announce that all of those projects we talked about last year were accomplished including the addition of a new Public Safety Command Post vehicle, the purchase of an armored vehicle for our regional SWAT team, the update to our Range Training Facility, and the continued growth of our Real Time Crime Center. We even added in a few more projects including adding a "side by side" vehicle for our Social Services Unit to better patrol our open space areas, a dedicated vehicle for our Honor Guard Team who represents our Department and city at events across the state and country, and we began the replacement process for equipment items including our issued pistols and Tasers.

In total, through city funding and grant funding these projects accounted for nearly \$2 million dollars in infrastructure additions and updates.

Community engagement

In 2023, our commitment to fostering trust and confidence in the Police Department through community engagement remained paramount. Aligned with our strategic plan, we embarked on several significant initiatives to strengthen our ties with the community. Expanding our outreach efforts was among our top priorities for the year.

We continue to embrace and reinstate a variety of outreach programs, after the challenges posed by the pandemic. From neighborhood meetings to National Night Out, resident and business police academies, Coffee with a Cop, Shop with a Cop, and events at Vernon Street Square such as the Christmas Tree Lighting, Crime Stoppers Fun Run, Fourth of July Parade, and Downtown Tuesday Nights, we actively sought opportunities to connect with residents and businesses.

By actively participating in community events and fostering open dialogue, we continue to build bridges, strengthen relationships, and underscore our dedication to serving and protecting our community.

Infrastructure and equipment

To ensure we have the infrastructure and equipment to remain response ready, we initiated several projects over 2023 to upgrade and enhance our operations.

Firearms Range Training Facility.

As the remodel plans are executed, this facility will continue to be a valuable training asset and was completed in the Fall of 2023.

Command Post Vehicle.

Keep an eye out for our new joint Police and Fire Public Safety Command Post Vehicle. It replaced our 20+ year old Mobile Command Post trailer and has been out in the community.

SWAT Armored Vehicle.

The Roseville Police Department's new Tactical Response Vehicle (TRV) was delivered in late August. The TRV is an armored rescue and response vehicle that provides officers with protection against gunfire when deployed during critical incidents. It can also serve as a rescue vehicle for injured civilians and officers.

The original TRV was purchased with federal grant funds and has been in service for over 15 years. It has been deployed during numerous critical incidents over the years, and is a joint use vehicle shared by all of the agencies in our county. Roseville purchased the new TRV using one time funding. It will be stationed here at the Roseville Police Department and available for immediate call out during a critical incident.

Real Time Crime Center.

The Investigations Unit is finalized the software and hardware needs to expand our Real Time Crime Center (RTCC) and became fully operational in the spring of 2023.

To proactively increase safety, efficiency and effectiveness, the Roseville Police Department utilizes the newest tool in our toolbox, our Real-Time Crime Center (RTCC). The RTCC integrates available technology resources into a centralized location and provides actionable intelligence. This proactive use of information allows for a focused public safety response, resulting in enhanced officer and community safety.

Commitment to service

As our Chief of Police, I am incredibly proud of the hard work our team does every day and every shift to keep our city safe. I could write for many pages about all of their efforts as this brief letter only scratches the surface of what they do and accomplish each day. Our team is dedicated to keeping our community safe and the following pages will show you how we have done that throughout the year.

Of course, while this report will talk about what our team has done this year, our success is directly tied to the relationship we have with our community. We are well aware that the Roseville community is exceptionally supportive of us as a Police Department.

We recognize that every day and work to ensure we meet the expectations that come with that relationship we share with our residents, businesses, and visitors. We know keeping Roseville a safe place to live, work, and raise a family is a team effort between our Police Department and our community.

As Roseville continues to be one of the safest cities in the state, even as we continue to grow, we know that partnership is working.

Thank you for your continued support and enjoy reading the following pages about your Roseville Police Department!

Thank you for your continued support in keeping Roseville safe,

Divisions of the Police Department

The Roseville Police Department is organized into three divisions, each are overseen by a captain.

Captain Jeff Beigh

Operations Division

The Operations Division is responsible for providing the Department's frontline law enforcement services. This includes Patrol Officers and Community Service Officers, K-9 Unit, and the Special Operations Unit made up of the Roseville-Rocklin Regional SWAT team, Bomb Squad, and the Critical Incident Negotiations Team.

Captain Josh Simon

Investigative Services Division

The Investigative Services Division is responsible for the Department's Investigative and Special Investigations Units. Included within these units are: Crime Analysis; Real Time Crime Center; undercover investigative teams; and Person; Property; and Hi-Tech Investigations.

Captain Doug Blake

Community Services Division

The Community Services Division is responsible for many internal and external operations of the Department. These include Professional Standards, Training, Recruitment, Public Affairs, Community Outreach, Traffic, Social Services, and Animal Control.

Administrator Katie Braverman

Administrator Claudia Harlan

Professional Services Division

The Professional Services Division is responsible for the Department's Emergency Communications, Records, Property & Evidence, Crime Scene Investigations, and technology projects.

Neighborhood Associations & reporting districts

The City of Roseville is divided into 45 Neighborhood Associations that also act as police reporting districts.

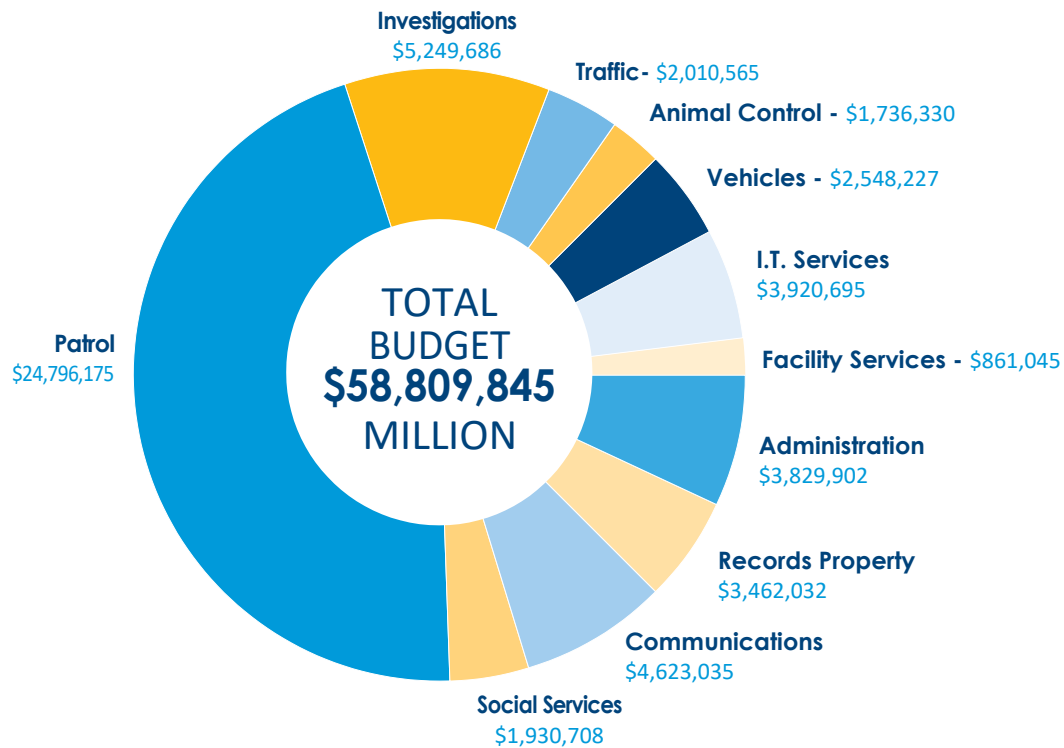

A community organization called the Roseville Coalition of Neighborhood Associations or RCONA is comprised of representatives from each neighborhood. Neighborhood Officers are assigned to each neighborhood association with an effort to support Community Oriented Policing and Problem Solving (COPPS).

Annually the Police Department partners with RCONA to support police community relations and events. For more information about RCONA, visit their website RCONA.org.

Budget summary

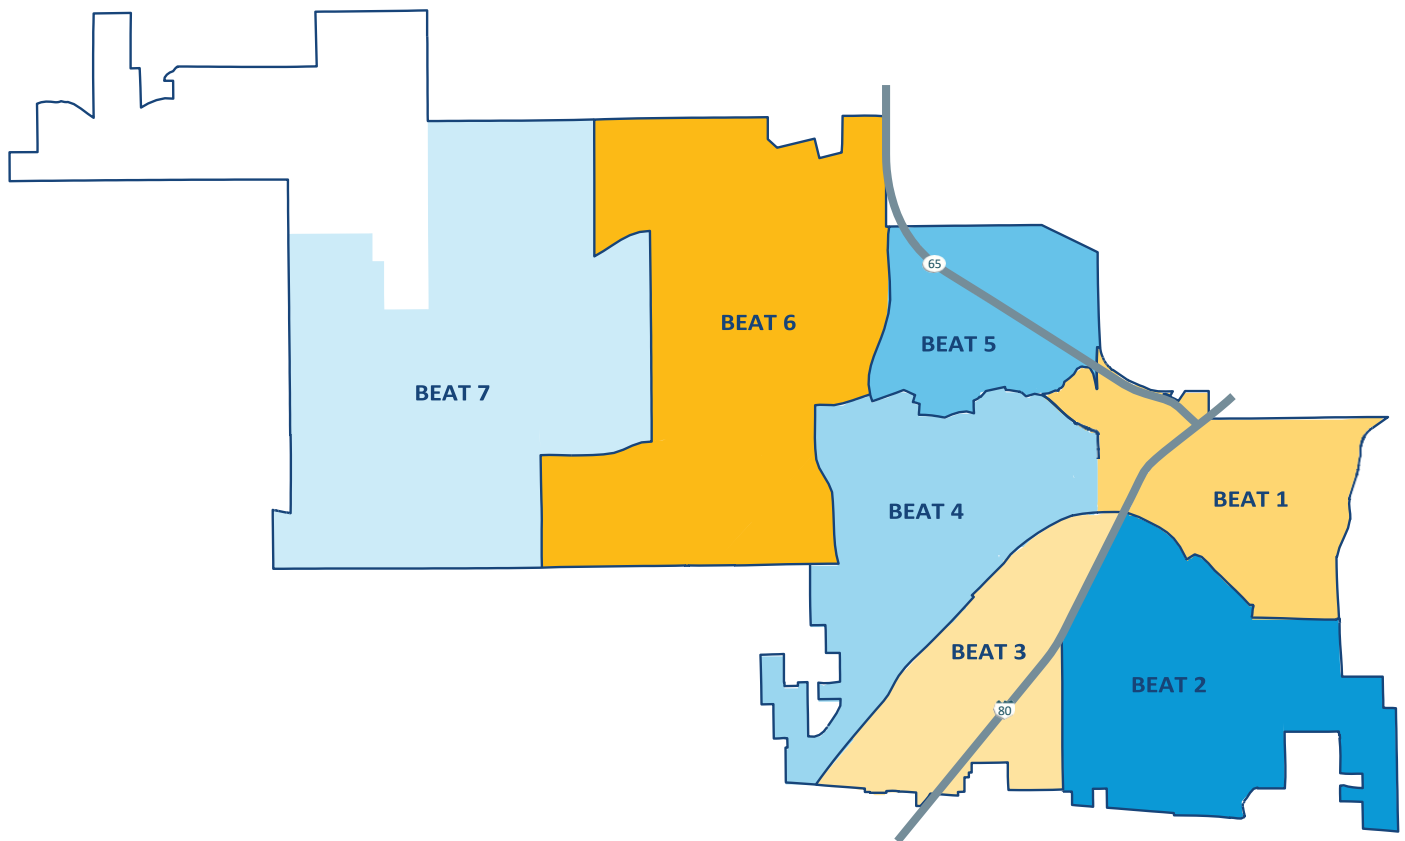

The Fiscal Year 23/24 approved budget for the Police Department totals \$58,809,845 from all funding sources and supports 226 full time equivalent (FTE) positions (152 sworn and 72 professional).

POLICE DEPARTMENT	2022-2023 ADOPTED	2022-2023 AMENDED	2023-2024 ADOPTED

[CLICK TO VIEW FULL NIBRS OFFENSE REPORT](#)

[National Incident-Based Reporting System \(NIBRS\) Crime Statistics](#)

We do not have NIBRS statistics prior to 2023. It is not possible to compare NIBRS statistics to UCR summary reporting since they are completely different systems. UCR summary reporting was based on hierarchy of offenses, whereas NIBRS is a detailed system based on every offense within each incident. NIBRS should be considered a new baseline that will provide a more accurate depiction of crime.

Roseville Police Department Crime Analysis Unit

2023 Workload

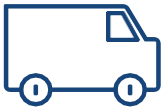

Patrol

- Total police incidents (*calls for service with personnel response*): **67,338**
- Total officer initiated incidents (*calls for service with all units*): **23,962**
- Total case reports written (*not including supplemental reports*): **10,440**
- Total officer arrests including misdemeanor citations: **3,438**

Investigations

- New cases assigned (*assigned in 2022*): **599**
- Cases closed (*including cases assigned prior to 2022*): **430**
- Cases forwarded to the DA (*forwarded in 2022*): **212**

- Mental health cases: **362**
- Mobile crisis team calls for services: **310**
- Homelessness calls for service: **1,921**

Property, evidence & CSI

- Items received: **15,776**
- Items purged or released: **14,809**
- CSI criminal investigation calls: **169**
- CSI DNA hits received: **44**
- CSI Fingerprint hits received: **41**
- National Integrated Ballistic Information Network (NIBIN) hits: **10**

Records

- Reports (*crime, services, and accident*) processed: **11,904**
- Citations processed: **280**
- CLETS Stolen property entries: **366**
- Background checks (*ie, military recruits, federal security clearances*): **2,816**
- Email/fax/phone requests: **12,224**

Traffic

- Traffic collisions: **1,415**
- Traffic stops (*traffic unit only*): **10,424**
- Total citations (*traffic unit only*): **3,104**
- Total warnings (*traffic unit only*): **321**
- Traffic services related calls: **93**

Communications

- 911 Calls (*Includes 3,232 emergency 911 Abandoned*): **66,894**
- 7 Digit emergency calls: **13,103**
- Administrative calls: **79,541**
- Outgoing calls: **44,801**
- Incoming calls: **204,339**

Incidents dispatched

Calls for service entered by dispatch:

- Police total calls for service (*includes cancelled*): **105,238**
- Fire total calls for service (*includes cancelled*): **21,615**

Calls for service dispatched:

- Total police incidents (*calls for service with personnel response*): **67,338**
- Fire total incidents (*calls for service with personnel response*): **19,591**

Community outreach

- Total events: **174**
- Neighborhood meetings: **61**
- Community events: **113**
- Hours served by Police Volunteers: **6573**

Use of force

The Roseville Police Department tracks all instances when a peace officer employed by our Department uses force in the course of duty. In 2023 our officers proactively initiated contact or were dispatched to 67,338 incidents. Of those contacts 51, or .07% of all calls for service, resulted in an officer using force. Officers conducted 10,424 traffic stops with 3, or .03%, resulting in an officer using force.

In accordance with state law, the Roseville Police Department must report to the California Department of Justice all use of force incidents resulting in serious injury or death. In 2023, the following information was reported to the California Department of Justice:

- An incident that involves the shooting of a civilian by a peace officer: **1**
- An incident that involves the shooting of a peace officer by a civilian: **1**
- An incident in which the use of force by a peace officer against a civilian results in serious bodily injury or death: **1**
- An incident in which use of force by a civilian against a peace officer results in serious bodily injury or death: **0**

In accordance with Department policy, we annually track and analyze all use of force incidents. The information from 2023 resulted in the following categories:

- Total use of force incidents: **51**
- **51** incidents occurred while trying to arrest someone
- **12** of the **51** resulted in no injury or just a complaint of pain
- **38** of the **51** resulted in minor to moderate injury
- **1** of the **51** resulted in serious injury

Citizen complaint reporting

In accordance with state law, the Roseville Police Department must report to the California Department of Justice, all citizen complaints filed. In 2023, the following information was reported to the California Department of Justice:

- An incident in which a civilian files a complaint against a peace officer: **2**
- Reported: **2**
- Sustained: **0**
- Exonerated: **1**
- Unfounded: **0**
- Pending: **1**
- An incident in which a civilian files a racial and/or identifying complaint against a peace officer: **0**

2023 Accomplishments

Policing through 2023 continued to provide opportunities and challenges. The Roseville Police Department was successful at executing several major initiatives. Here are four of the signature accomplishments that highlight our resolve and commitment to improving the quality of life in our community.

ProQA- CAD Emergency Medical Assistance Software

Roseville Police Department Dispatch implemented ProQA, an emergency medical assistance software program integrated with the existing Computer Aided Dispatch (CAD) system. The software guides the dispatcher through the pre-emergency medical assistance steps and replaces the previous flip cards on each workstation. The software provides more timely and accurate responses for citizens and responding Fire and Ambulance resources.

CAD to CAD Interface

Roseville Police Department implemented a CAD to CAD system between our New World System and American Medical Response (AMR). This adjustment has shifted the 911 Communications Center away from a manual process to an automated process. The end result is the provision of more accurate and quicker Emergency Medical Dispatch (EMD) pre-arrival instructions and medical aid dispatch requests to AMR which are triggered as soon as the medical aid calls are started in CAD.

Both the ProQA- CAD Emergency Medical Assistance Software and the CAD to CAD Interface are very beneficial to the streamlining of processes and increasing efficiencies while providing better service to our community!

Grant funding to support training and traffic safety

The Roseville Police Department Grants Team had a successful year in acquiring grant funding to support important areas of the organization. The Police Department received \$150,000 from the Department of Justice to support de-escalation training. The Department received \$175,000 from the California Office of Traffic Safety to support keeping our roads more safe. The Department received another grant from the Department of Justice Office of Justice Assistance for \$22,000 to support crime prevention initiatives.
