POLICY MANUAL

CHIEF'S PREFACE

As the most visible symbol of the law and exercising more discretionary decision making in individual cases than any other governmental agency, Roseville police employees must conduct themselves in a manner that inspires respect for the law and law enforcement. The very nature of our profession requires that police employees have the flexibility to make on-the-spot determinations in a limitless variety of situations, which must be fair and appropriate and conform with the requirements of law and the Constitution.

This policy manual is established to provide guidelines, policy, and directions to assist employees in the performance of their duties. It is recognized that no policy manual can be established which will embrace all possible situations, some matters must necessarily be left to the discretion and sound judgment of the individual employee using this policy manual for guidelines of established policy.

Each employee is provided access to an up-to-date copy of this manual as a means of maintaining and further developing our effectiveness through uniformity of our operations. The information contained in this Manual must be followed as closely as circumstances permit as it reflects our official position on the range of issues relevant to our operation.

Each employee is equally important and plays an essential role in our accomplishments as an organization. If a single employee falters, our entire organization suffers. Therefore you must keep yourself informed of the contents of this manual and use it as a reference to guide your actions.

I WILL keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I WILL never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I RECOGNIZE the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before god to my chosen profession... law enforcement.

Staffing Levels

206.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper supervision is available for all shifts. The Department intends to balance the employee's needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet operational requirements of the Department.

206.2 MINIMUM STAFFING LEVELS

206.2.1 PATROL DIVISION

It is essential to effective and safe operations that a minimum number of Department employees be maintained in certain critical areas. The Watch Commander and other supervisory personnel are authorized to use employees working on overtime to maintain these staffing levels. These are minimum staffing levels to be maintained. The actual number of personnel required to be on duty may be greater because of unusual demands on the Department, as determined by supervisory staff. The minimum number of personnel per shift shall be as follows:

- (a) A Watch Commander will be on duty at all times. A Patrol Lieutenant or the senior Patrol Sergeant on duty is designated as the Watch Commander.
- (b) A Patrol Sergeant will be assigned to all shifts. Generally, these positions will be filled with Patrol Sergeants but the department maintains the discretion to backfill with acting Sergeants or Lieutenants.
- (c) Two Patrol Supervisors will be on duty from 1200-0200 hours every day.
- (d) Day shift will have a minimum of seven (7) officers.
- (e) Relief shift will have a minimum of seven (7) officers.
- (f) Swing shift will have a minimum of seven (7) officers.
- (g) Graveyard shift will have a minimum of six (6) officers.

Traffic or other uniformed, non-patrol officers will not usually be counted to meet minimum staffing levels. Officers in the Field Training Program and assigned to an FTO will not be counted for minimum staffing levels.

One Community Service Officer or Cadet will work a minimum of five (5) hours every day.

206.2.2 COMMUNICATIONS UNIT

Communications Unit personnel staffing requirements are dependent on time of day and typical workload. Please see the following attachment for the Communications Unit Minimum Staffing Level Updated 02-16-2019: [See attachment: Communications Unit Minimum Staffing Levels Updated 1-14-2020.pdf](#)

206.2.3 ANIMAL CONTROL

An Animal Control Officer will work a minimum of five (5) hours every day.

POLICY MANUAL

206.2.4 SUPERVISION DEPLOYMENTS

In order to accommodate training and other unforeseen circumstances, an officer may be used as a field supervisor in place of a field sergeant.

With prior authorization from the Operations Division Commander, an officer may act as the Watch Commander for a limited period of time.

206.3 LEAVE REQUEST HANDLING AND APPROVAL

To establish guidelines for Vacation, Holiday, Personal Leave Time (PLT) and Compensatory Time Off (CTO) leave request handling and approval.

206.3.1 PROCEDURE

(a) Seniority Based Time Off Bidding

1. Procedure

- (a) Employees working on a patrol team, shall sign up for their seniority based time off bi-annually in conjunction with shift bid. At initial sign up, employees in order of seniority shall be entitled to sign up for (2) weeks of time off in blocks of no less than a full work week. Employees working special assignments and not subject to minimum staffing requirements (ie. SRMC, Motors, Investigations etc...) will not be required to conform to the seniority based time off bid.
- (b) For officers assigned to patrol, seniority based time off requests for available weeks will be limited to one employee per shift. For Sergeants assigned to patrol, a maximum of 1 Sergeant is allowed off per side of the week (A or B).
- (c) The time bank used during the first available week (which will be automatically approved) shall only be vacation time bank. The employee must have sufficient vacation time bank hours available on the date the leave is taken.
- (d) The time bank used for the second available week (which will be approved 30 to 45 days prior based on staffing) will be any other time bank where the hours are available on the date the leave is taken.
- (e) Officers may select a week already selected by a previous officer, but that leave granting will be based on both seniority and staffing levels. In this case that leave will usually be approved 30 to 45 days out.
- (f) Weeks including a maximum enforcement day will not be included in the seniority request at shift bid.
- (g) Once initial sign ups have been completed, employees assigned to patrol will submit any additional seniority based leave requests (not submitted during shift bid) prior to an identified date to ensure seniority preference for requested time off with consideration for staffing.

Roseville Police Department

POLICY MANUAL

Staffing Levels

- (h) For this second round, All WEEK LONG (40 hour, 44 hour or 33 hour) leave requests submitted during the seniority time off window have priority over requests of less than one week.
 - (i) After initial shift bid sign ups and the seniority based leave request timeframe has passed, all other time off requests will be handled on a first come first serve basis with consideration for staffing. (Ex...a week does not have priority over a day request during first come first serve)
 - (j) In addition to the bi-annual sign ups, the department will continue its present practice of trying to accommodate employees requesting leave in one or two day increments.
 - (k) Anyone can waive their bids for either the first or second week of time off.
2. Leave requests on maximum enforcement days will only be granted if the position is back filled with voluntary overtime. If no employee voluntarily fills the position, no employee will be forced to work a full overtime shift to allow another employee to be granted the day off.
 3. Seniority Time Off Bid Example
 - (a) An officer may choose a week already selected by a more senior officer, either the automatically approved week or the pending week, but approval in this case will be subject to both seniority and staffing levels. All pending requests will usually be approved 30 to 45 days prior to the requested date.
 - (b) The senior officer per shift may choose any available week as their first (automatically approved) week using their vacation time bank. That week will be marked as taken. The senior officer's second week (pending staffing) will also be marked as taken, but usually approved 30 to 45 days prior using any other time bank available at the time the request will be fulfilled.
 - (c) The second most senior officer per shift may then choose any available week as their first (automatically approved) week using vacation time bank. Their second week (pending staffing) will be marked as taken, but usually approved 30 to 45 days prior to using any other time bank available at the time the request will be fulfilled.
- (b) Professional Staff will submit leave requests at the beginning of shift change in accordance with the vacation bidding procedure. Leave requests made outside the vacation bid process will be governed by this policy. In general, leave requests requiring overtime to maintain dispatch minimum staffing levels will be denied. Exceptions may be approved at management's or a designated supervisor's discretion. Leave not requiring overtime may be approved.
 - (c) Leave requests of more than 120 hours will not generally be approved.
 - (d) With the exception of seniority based leave, all other leave requests will usually be approved 30 to 45 days prior to the leave request. Leave requests pending approval will be logged on the work schedule as "requested" time off.

Roseville Police Department

POLICY MANUAL

Staffing Levels

- (e) Requests pertaining to Vacation, Compensatory Time Off (CTO), Personal Leave Time (PLT), and Holiday Leave will be handled in accordance with the Roseville Police Officer's Association (RPOA) and Roseville Police Association (RPA) Memorandum of Understanding. Refer to the respective RPOA/RPA MOU: <https://www.roseville.ca.us/cms/one.aspx?portalId=7964922&pageId=8918469>
- (f) Pursuant to the RPOA/RPA MOU, Compensatory Time Off (CTO) requests will generally be granted on the specific date requested even where back filling on overtime is required unless granting the CTO would provide an undue disruption to the operation of the Department. To better define the parameters that fall under "undue disruption" the following procedure has been identified: The Department will allow one back filled overtime position to accommodate for a CTO request without considering that an undue disruption to the operation of the Department has occurred as long as the back fill requirement is filled voluntarily by another employee. The Department will not reduce staffing below minimum identified levels or force another employee to work overtime to accommodate the CTO request as that would be considered an undue disruption to operations.
- (g) Management has discretion to grant time off for extenuating circumstances.
- (h) Communications staffing during maximum staffing shifts is limited to one overtime position per shift to cover for a pre-approved vacation, except where exclusions apply.
- (i) The following days have been identified as needing maximum staffing:
 - 1. New Year's Eve.--Excluding Day Shift
 - 2. 4th of July - Excluding Day Shift
 - 3. Saint Patrick's Day - (If holiday falls on a Friday or Saturday) - Excluding Day Shift
 - 4. Other maximum enforcement days created by special events or law enforcement needs in the City.
 - 5. At the discretion of management, one of these special enforcement days may be adjusted.

206.4 SHIFT TRADES

Shift trades between staff are allowable with the following provisions:

- (a) Shift trades are allowed between similar rank only.
- (b) Shift trades must not impose a cost to the Department.
- (c) The employee requesting the trade is responsible for the vacancy and any subsequent financial consequences.
- (d) Approved shift trades are to be posted in the schedule program following approval from a supervisor.
- (e) Shift trades must comply with other staffing policies and procedures (i.e. minimum rest hours off between shifts)

Roseville Police Department

POLICY MANUAL

Staffing Levels

- (f) For staff under the RPOA MOU, shift trades must be completed within the same patrol shift rotation.
- (g) For staff under the RPA MOU, shift trades must be completed within the same pay period due to job classification.

208.1 PURPOSE AND SCOPE

The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Employees using the Department's email system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

208.3 PROHIBITED USE OF EMAIL

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Police or a Division Commander. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password by others.

This includes, without limitation, the use of any physical restraint that causes a person's respiratory airway to be compressed or impairs the person's breathing or respiratory capacity, including any action in which pressure or body weight is unreasonably applied against a restrained person's neck, torso, or back, or positioning a restrained person without reasonable monitoring for signs of asphyxia.

Serious bodily injury - A serious impairment of physical condition, including but not limited to the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement (Penal Code § 243(f)(4)).

Totality of the circumstances - All facts known to the officer at the time, including the conduct of the officer and the subject leading up to the use of force (Penal Code § 835a).

Roseville Police Department

POLICY MANUAL

Use of Force

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. The decision by a peace officer to use force shall be evaluated carefully and thoroughly, in a manner that reflects the gravity of that authority and the serious consequences of the use of force by peace officers, in order to ensure that officers use force consistent with law and agency policies. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE

Any officer present and observing another law enforcement officer or an employee using force that is clearly beyond that which is necessary, as determined by an objectively reasonable officer under the circumstances, shall, when in a position to do so, intercede (as defined by Government Code § 7286) to prevent the use of unreasonable force.

When observing force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject (Government Code § 7286(b)).

300.2.2 FAIR AND UNBIASED USE OF FORCE

Officers are expected to carry out their duties, including the use of force, in a manner that is fair and unbiased (Government Code § 7286(b)). See the Bias-Based Policing Policy for additional guidance.

300.2.3 DUTY TO REPORT EXCESSIVE FORCE

Any officer who observes a law enforcement officer or an employee use force that potentially exceeds what the officer reasonably believes to be necessary shall immediately report these observations to a supervisor (Government Code § 7286(b)).

As used in this subsection, "immediately" means as soon as it is safe and feasible to do so.

300.2.4 FAIR AND UNBIASED USE OF FORCE

Officers are expected to carry out their duties, including the use of force, in a manner that is fair and unbiased (Government Code § 7286(b)). See the Bias-Based Policing Policy for additional guidance.

Roseville Police Department

POLICY MANUAL

Use of Force

300.2.5 FAILURE TO INTERCEDE

An officer who has received the required training on the duty to intercede and then fails to act to intercede when required by law, may be disciplined in the same manner as the officer who used force beyond that which is necessary (Government Code § 7286(b)).

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident, based on the totality of the circumstances known or perceived by the officer at the time, rather than with the benefit of hindsight. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident. Officers may only use a level of force that they reasonably believe is proportional to the seriousness of the suspected offense or the reasonably perceived level of actual or threatened resistance (Government Code § 7286(b)).

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the approved or authorized tools, weapons, or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

Roseville Police Department

POLICY MANUAL

Use of Force

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit (Government Code § 7286(b)). These factors include but are not limited to:

- (a) The apparent immediacy and severity of the threat to officers or others (Penal Code § 835a).
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time (Penal Code § 835a).
- (c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The conduct of the involved officer leading up to the use of force (Penal Code § 835a).
- (e) The effects of suspected drugs or alcohol.
- (f) The individual's apparent mental state or capacity (Penal Code § 835a).
- (g) The individual's apparent ability to understand and comply with officer commands (Penal Code § 835a).
- (h) Proximity of weapons or dangerous improvised devices.
- (i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).
- (k) Seriousness of the suspected offense or reason for contact with the individual prior to and at the time force is used.
- (l) Training and experience of the officer.
- (m) Potential for injury to officers, suspects, bystanders, and others.
- (n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (o) The risk and reasonably foreseeable consequences of escape.
- (p) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (r) Prior contacts with the subject or awareness of any propensity for violence.
- (s) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have

Roseville Police Department

POLICY MANUAL

Use of Force

successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer.
- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 RESTRICTIONS ON THE USE OF CAROTID CONTROL HOLD

Officers of this department are not authorized to use a carotid restraint hold. A carotid restraint means a vascular neck restraint or any similar restraint, hold, or other defensive tactic in which pressure is applied to the sides of a person's neck that involves a substantial risk of restricting blood flow and may render the person unconscious in order to subdue or control the person (Government Code § 7286.5).

300.3.5 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Roseville Police Department for this specific purpose.

300.3.6 ALTERNATIVE TACTICS - DE-ESCALATION

As time and circumstances reasonably permit, and when community and officer safety would not be compromised, officers should consider actions that may increase officer safety and may decrease the need for using force:

- (a) Summoning additional resources that are able to respond in a reasonably timely manner.
- (b) Formulating a plan with responding officers before entering an unstable situation that does not reasonably appear to require immediate intervention.
- (c) Employing other tactics that do not unreasonably increase officer jeopardy.

In addition, when reasonable, officers should evaluate the totality of circumstances presented at the time in each situation and, when feasible, consider and utilize reasonably available alternative tactics and techniques that may persuade an individual to voluntarily comply or may mitigate the need to use a higher level of force to resolve the situation before applying force (Government Code § 7286(b)). Such alternatives may include but are not limited to:

- (a) Attempts to de-escalate a situation.

Roseville Police Department

POLICY MANUAL

Use of Force

- (b) If reasonably available, the use of crisis intervention techniques by properly trained personnel.

300.3.7 RESTRICTIONS ON THE USE OF A CHOKE HOLD

Officers of this department are not authorized to use a choke hold. A choke hold means any defensive tactic or force option in which direct pressure is applied to a person's trachea or windpipe (Government Code § 7286.5).

300.3.8 ADDITIONAL RESTRICTIONS

Terms such as "positional asphyxia," "restraint asphyxia," and "excited delirium" are not universally recognized medical conditions, and frequently involve other collateral or controlling factors such as narcotics or alcohol influence, or pre-existing medical conditions. While it is impractical to restrict an officer's use of reasonable control methods when attempting to restrain a combative individual, officers are not authorized to use any restraint or transportation method which might unreasonably impair an individual's breathing or respiratory capacity for a period beyond the point when the individual has been adequately and safely controlled. Once controlled, the individual should be placed into a recovery position (e.g., supine or seated) and monitored for signs of medical distress (Government Code § 7286.5).

300.4 DEADLY FORCE APPLICATIONS

Where feasible, the officer shall, prior to the use of deadly force, make reasonable efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts (Penal Code 835a).

If an objectively reasonable officer, in light of the particular circumstances of each case, would consider it safe and feasible to do so under the totality of the circumstances, officers shall evaluate and use other reasonably available resources and techniques when determining whether to use deadly force. To the extent that it is reasonably practical, officers should consider their surroundings and any potential risks to bystanders prior to discharging a firearm (Government Code § 7286(b)).

The use of deadly force is only justified when the officer reasonably believes it is necessary in the following circumstances (Penal Code § 835a):

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury to the officer or another person.
- (b) An officer may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended.

Officers shall not use deadly force against a person based on the danger that person poses to him/herself, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the officer or to another person (Penal Code § 835a).

Roseville Police Department

POLICY MANUAL

Use of Force

An “imminent” threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the officer or another person. An officer’s subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

Officers should consider their surroundings and potential risks to bystanders, to the extent reasonable under the circumstances, before discharging a firearm.

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and may involve additional considerations and risks. When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others (Government Code § 7286(b)).

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.4.2 DISPLAYING OF FIREARMS

Given that individuals might perceive the display of a firearm as a potential application of force, officers should carefully evaluate each tactical situation and use sound discretion when drawing a firearm in public by considering the following guidelines (Government Code § 7286(b)):

- (a) If the officer does not initially perceive a threat but reasonably believes that the potential for such threat exists, firearms should generally be kept in the low-ready or other position not directed toward an individual.
- (b) If the officer reasonably believes that a threat exists based on the totality of circumstances presented at the time (e.g., high-risk stop, tactical entry, armed encounter), firearms may be directed toward such threat until the officer no longer perceives such threat.

Once it is reasonably safe to do so, officers should carefully secure all firearms.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

Roseville Police Department

POLICY MANUAL

Use of Force

300.5.1 NOTIFICATION TO SUPERVISORS

Any use of force by an officer shall be reported immediately to a supervisor, including but not limited to the following circumstances (Penal Code § 832.13):

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of a TASER device or control device.
- (f) The individual subjected to the force was rendered unconscious.
- (g) An individual was struck or kicked.
- (h) An individual alleges unreasonable force was used or that any of the above has occurred.

As used in this subsection, “immediately” means as soon as it is safe and feasible to do so.

300.5.2 NOTIFICATION TO SUPERVISORS FOR SELF-INFLICTED INJURY

Supervisory notification shall be made as soon as practicable in the event an individual sustains a visible injury, complaint of pain, or loss of consciousness which is sustained by the actions of the individual while in police custody and not the actions of the officer.

300.5.3 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

Monthly statistical data shall be reported to the California Department of Justice as required by Government Code § 12525.2 include the following events:

- (a) An incident involving the shooting of a civilian by a peace officer.
- (b) An incident involving the shooting of a peace officer by a civilian.
- (c) An incident in which the use of force by a peace officer against a civilian results in serious bodily injury or death.
- (d) An incident in which use of force by a civilian against a peace officer results in serious bodily injury or death.

Each qualifying event shall be reported to the California Department of Justice by the Defensive Tactics Lieutenant monthly, whether or not the event qualifies as a police use of force as defined by this policy or whether or not a qualifying event has occurred. A qualifying event includes any discharge of a firearm during an interaction between a civilian and an officer, regardless of whether any person was injured. A firearm is defined as a weapon which fires a shot by the force of an explosion, e.g., all handguns, rifles, shotguns, and other such devices commonly referred to as firearms. Notable exceptions to this category are electronic control devices, stun guns, BB, pellet, air, gas-powered guns, or weapons that discharge rubber bullets or bean bags. “Serious bodily injury” means a bodily injury that involves a substantial risk of death, unconsciousness, protracted

Use of Force

and obvious disfigurement, or protracted loss or impairment of the function of a bodily member or organ.

300.6 MEDICAL CONSIDERATION

Once it is reasonably safe to do so, properly trained officers should promptly provide or procure medical assistance for any person injured or claiming to have been injured in a use of force incident (Government Code § 7286(b)).

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff, or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITY

A supervisor should respond to any reported use of force, if reasonably available. The responding supervisor is expected to (Government Code § 7286(b)):

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.

Roseville Police Department

POLICY MANUAL

Use of Force

- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 - 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the subject may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 SUPERVISOR RESPONSIBILITY FOR SELF-INFLICTED INJURY

When a supervisor is able to respond to an incident in which there has been a reported injury sustained by the actions of the individual and not the actions of the officer while in police custody, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom sustained the injury. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in a property or other report.

Roseville Police Department

POLICY MANUAL

Use of Force

3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
 - (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
 - (e) Identify any witnesses not already included in related reports.
 - (f) Review and approve all related reports.
 - (g) Determine if there is any indication that the subject may pursue civil litigation.
 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
 - (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.2 WATCH COMMANDER RESPONSIBILITY

The Watch Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING

Officers, investigators, and supervisors will receive periodic training on this policy and demonstrate their knowledge and understanding (Government Code § 7286(b)).

Subject to available resources, the Training Manager should ensure that officers receive periodic training on de-escalation tactics, including alternatives to force.

Training should also include (Government Code § 7286(b)):

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly persons, pregnant individuals, and individuals with physical, mental, and developmental disabilities.
- (b) Training courses required by and consistent with POST guidelines set forth in Penal Code § 13519.10.

See the Training Policy for restrictions relating to [officers/deputies] who are the subject of a sustained use of force complaint.

Roseville Police Department

POLICY MANUAL

Use of Force

300.9 USE OF FORCE ANALYSIS

At least annually, the Lieutenant with oversight of Defensive Tactics and Trainings should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

300.10 USE OF FORCE REVIEW

The factors for evaluating and reviewing use of force incidents will be in accordance with Roseville Police Department policy, Use of Force Review.

300.11 USE OF FORCE COMPLAINTS

The receipt, processing, and investigation of civilian complaints involving use of force incidents should be handled in accordance with the Personnel Complaints Policy (Government Code § 7286(b)).

300.12 POLICY REVIEW

The Chief of Police or the authorized designee should regularly review and update this policy to reflect developing practices and procedures (Government Code § 7286(b)).

300.13 POLICY AVAILABILITY

The Chief of Police or the authorized designee should ensure this policy is accessible to the public (Government Code § 7286(c)).

300.14 PUBLIC RECORDS REQUESTS

Requests for public records involving an officer's personnel records shall be processed in accordance with Penal Code § 832.7 and Records Maintenance and Release policies (Government Code § 7286(b)).

Handcuffing and Restraints

301.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

301.2 POLICY

The Roseville Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

301.3 USE OF RESTRAINTS

Only members who have successfully completed Roseville Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

301.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

301.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized

Roseville Police Department

POLICY MANUAL

Handcuffing and Restraints

determination that such restraints are necessary for the safety of the arrestee, officers, or others (Penal Code § 3407; Penal Code § 6030).

301.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property. When reasonable a supervisor should be present for the application of an auxiliary restraint device. If it is not practicable for a supervisor to be present, supervisor approval must be given prior to the application of the auxiliary restraint device on a juvenile.

301.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

301.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

301.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Handcuffing and Restraints

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Officers should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

301.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES (WRAP/HOBBLE/ANKLE RESTRAINTS)

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons, Wrap, department approved hobble leg restraint and other similar devices. These are the only authorized auxiliary restraint devices. Auxiliary restraints shall not be used in lieu of handcuffs absent extenuating circumstances. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

In determining whether to use auxiliary restraint devices, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers, or an identified flight risk).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

Only authorized personnel trained to use the auxiliary restraint device may do so if reasonable circumstances warrant their use. If appropriate, auxiliary restraints may be used on a hospitalized arrestee until transfer of care and custody to hospital staff. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

301.7 GUIDELINES FOR USE OF AUXILIARY RESTRAINT DEVICES

When applying auxiliary restraint devices the following guidelines should be followed:

Roseville Police Department

POLICY MANUAL

Handcuffing and Restraints

- (a) When reasonable a supervisor should be present for the application of an auxiliary restraint device. If it is not practicable for a supervisor to be present, the supervisor shall be notified as soon as practicable after the application of the auxiliary restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place as long as reasonably necessary to maintain control and safety of the subject restrained or the officer and/or supervisor determine that the continued use of the restraint device no longer appears necessary or the restrained subject no longer appears to pose a threat.
- (c) Officers shall notify dispatch of the time of application of the auxiliary restraint device and the time of removal of the auxiliary restraint device. Dispatch will notate the times on the CAD incident.
- (d) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (e) The restrained person should be continually monitored by an officer while in the auxiliary restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (f) The officer should look for signs of labored breathing or complaint of breathing problems and take appropriate steps to relieve and minimize any obvious factors contributing to this condition. Any verbal complaint from the subject of breathing problems shall be addressed immediately by Officers if safe to do so. This may include checking vital signs and/or obtaining support from EMS.
- (g) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).
- (h) Placing an auxiliary restraint device on a subject does not require an officer to complete a use of force report unless the "Notification to Supervisor" section in the use of force policy is triggered.
- (i) All subjects placed into a wrap restraint device shall be medically cleared prior to booking into county jail.

301.8 TRAINING

Subject to available resources, the Training Manager should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.

Roseville Police Department
POLICY MANUAL

Handcuffing and Restraints

- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Control Devices and Techniques

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

302.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Roseville Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

302.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

302.4 RESPONSIBILITIES

302.4.1 WATCH COMMANDER RESPONSIBILITIES

The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

302.4.2 RANGEMASTER RESPONSIBILITIES

The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

302.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Roseville Police Department

POLICY MANUAL

Control Devices and Techniques

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition.

302.5 IMPACT WEAPON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

The Department authorizes the use of straight, expandable, sidehandle batons, and Yawara sticks. During the course of enforcement duties, all uniform officers shall carry on their equipment belt or LBV either an impact weapon or TASER. If the officer carries a TASER, the impact weapon may be carried on the officer's equipment belt or LBV or it may be secured in the driver's compartment of the officer's vehicle so that it may be accessible. In some cases, officers may use an impact weapon of opportunity, if it is impractical to deploy another Department-issued impact weapon. Plainclothes and non-field personnel may carry an impact weapon as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

302.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Watch Commander, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

302.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

302.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in a Department approved holster. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

302.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on

Roseville Police Department

POLICY MANUAL

Control Devices and Techniques

impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor should respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. Accidental discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

302.7.3 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

302.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

302.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

302.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

Roseville Police Department

POLICY MANUAL

Control Devices and Techniques

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

302.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

302.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

Control Devices and Techniques

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Officers shall not carry conventional shotgun ammunition while on duty that could be mistakenly loaded into the shotgun specifically designed for use with kinetic energy projectiles. Officers shall not load shotguns designed specifically for kinetic energy projectiles with conventional shotgun ammunition.

302.10 QUALIFICATION FOR USE OF 40MM KINETIC ENERGY IMPACT SYSTEMS

In addition to the kinetic energy projectile shotguns, specially trained officers may deploy 40mm delivered impact munitions following the same parameters for use of the kinetic energy projectile shotgun.

For patrol use, only approved munitions may be deployed via 40mm delivery systems. Approved munitions for Patrol use include the direct impact sponge round and the direct impact OC round.

No other chemical agent munitions may be deployed via the 40mm systems assigned to patrol officers. Additional chemical agents such as CS gas may only be deployed via the 40mm system assigned through the Special Operations Unit and by officers specifically trained in chemical agent deployment with the approval of the Special Operations Unit Commander.

Only officers specifically trained in the deployment of 40mm munitions may utilize the 40mm impact munitions systems. Officers authorized to deploy the 40mm system will receive initial training regarding the use and deployment of the system and will re-certify in the system once annually.

302.11 TRAINING FOR CONTROL DEVICES

The Training Manager shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

302.12 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Device

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of TASER devices.

303.2 POLICY

The TASER® device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

303.3 ISSUANCE AND CARRYING TASER DEVICES

Only members who have successfully completed department-approved training may be issued and carry the TASER device.

TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory. All officers assigned to Patrol shall carry their assigned Taser on their person while on duty.

Officers shall only use the TASER device and cartridges that have been issued by the Department. Uniformed officers who have been issued the TASER device shall wear the device in an approved holster on their person. Non-uniformed officers may secure the TASER device in the driver's compartment of their vehicle.

Members carrying the TASER device should perform a spark test on the unit prior to every shift.

When carried while in uniform officers shall carry the TASER device in a weak-side holster on the side opposite the duty weapon.

- (a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, officers may carry one cartridge on their person when carrying the TASER device.
- (c) Officers shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.
- (d) Officers should not hold both a firearm and the TASER device at the same time.

303.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the TASER device may be deployed.

Conducted Energy Device

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER device in the related report.

303.5 USE OF THE TASER DEVICE

The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

303.5.1 APPLICATION OF THE TASER DEVICE

The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

303.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.

Conducted Energy Device

- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

303.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

303.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE

Officers should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER device, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one TASER device at a time against a single subject.

303.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers shall notify a supervisor of all TASER device discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence.

Roseville Police Department

POLICY MANUAL

Conducted Energy Device

The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

303.5.6 DANGEROUS ANIMALS

The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

303.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department TASER devices while off-duty.

Officers shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

303.6 DOCUMENTATION

Officers shall document all TASER device discharges in the related arrest/crime and the Use of Force report. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges will also be documented on the report form.

303.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove TASER device probes from a person's body. Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related

Conducted Energy Device

reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

303.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The device's onboard memory should be downloaded through the data port by a supervisor or Rangemaster and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

303.9 TRAINING

Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Manager. All training and proficiency for TASER devices will be documented in the officer's training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Officers who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Manager is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Training Manager should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.

Conducted Energy Device

- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the TASER device.

303.10 EVIDENCE COLLECTION AND ANALYSIS

It is recognized that the proper collection and preservation of evidence is a key element of any police investigation. The following guidelines provide a uniform system of collecting and/or preserving evidence that is unique to a TASER deployment.

- (a) Mark the top an expended TASER cartridge as soon as practical after removing it from the TASER.
- (b) Do not intentionally break, or cut the probe wires. If possible the cartridge, wires, and probes should remain intact.
- (c) Book expended Taser cartridge(s) in a paper bag, or large Manila envelope. Place Taser wires loosely in the bag/envelope with the cartridge. Do not spool the wires around the spent cartridge. Place the probes in a Sharps container and place it in the bag/envelope with the cartridge and wires. Exercise appropriate safety precautions when handling expended probes.
- (d) Photograph all contact areas, wounds, and probe impact sites. If feasible capture the distance of spread between the probes. Include a scale in all photos.
- (e) Tasers that are booked into evidence will be booked with the Digital Power Magazine (DPM) attached. DO NOT REMOVE the DPM.
- (f) All TASERs will be downloaded after each in-field use. Downloads will be conducted as soon as practical, but no later than 48 hours after the event. Copies of TASER downloads should be booked as evidence and attached to the Department Use of Force Audit Report.

Officer Involved Shooting and Fatal Incidents

304.1 PURPOSE AND SCOPE

The intent of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured as the result of a police shooting and to ensure that such incident be investigated in a fair and impartial manner. This policy works in conjunction with the Placer County Officer Involved Fatal Incident Protocol and the RPOA-RPA Fatal Incident Protocol Agreement.

304.2 TYPES OF INVESTIGATIONS

Officer-involved shootings involve several separate investigations. The investigations may include:

- (a) A criminal investigation of the incident by the agency having jurisdiction where the incident occurred. This department may relinquish its criminal investigation to an outside agency with the approval of the Chief of Police or a Division Commander.
- (b) A criminal investigation of the involved officer(s) conducted by an outside agency.

 - (a) Public safety information shall follow the outline under Section 1 of the RPOA-RPA Fatal Incident Protocol Agreement.

Roseville Police Department

POLICY MANUAL

Officer Involved Shooting and Fatal Incidents

- (d) Absent a voluntary statement from any officer(s), the initial on scene supervisor should not attempt to order any officer to provide other than public safety information.

- (h) Additional on scene responsibilities are included in Section F of the Placer County Fatal Incident Protocol.

304.4.2 WATCH COMMANDER DUTIES

Upon learning of an officer-involved shooting, the Watch Commander shall be responsible for coordinating all aspects of the incident until relieved by the Chief of Police or a Division Commander.

Roseville Police Department

POLICY MANUAL

Officer Involved Shooting and Fatal Incidents

It will be the policy of this department to not release the identities of involved officers absent their consent or as required by law. No involved officer shall be subjected to contact from the media (Government Code Sec. 3303(e)) and no involved officer shall make comments to the press unless authorized by the Chief of Police or their designee.

304.4.5 INVOLVED OFFICERS

Members of the Roseville Police Department involved in an incident involving a fatality will be treated in accordance with the RPOA-RPA Fatal Incident Protocol Agreement.

304.5 SHOOTING INCIDENT CRIMINAL INVESTIGATION

The investigation of the incident will follow the guidelines set forth in this policy as well as the guidelines set forth in the Placer County Officer Involved Fatal Incident Protocol as follows:

304.5.1 DETECTIVE PERSONNEL

Once notified of an officer-involved shooting, it shall be the responsibility of the Investigation Division Captain or Lieutenant to assign appropriate detective personnel to handle the Department's investigation of related crimes. The Placer County District Attorney's Office may assign personnel to monitor the investigation. All related departmental reports except administrative and/or privileged reports will be forwarded to one designated detective supervisor for approval. Privileged reports shall be maintained exclusively by those personnel authorized such access. Administrative reports will be forwarded to the appropriate Division Captain.

304.5.2 CRIMINAL INVESTIGATION

It shall be the policy of this department to utilize the Roseville Police Department Investigators to conduct an independent criminal investigation into the circumstances of any officer-involved shooting involving injury or death. The following guidelines apply to the criminal investigation:

- (a) Investigators from this Department may also be assigned to work with investigators from the District Attorney's Office as outlined in Section D of the Placer County Officer Involved Fatal Incident Protocol.
- (b) The initial investigation and security of the scene shall follow the steps outlined in Section F of the Placer County Officer Involved Fatal Incident Protocol to include steps to preserve the scene, limit scene access, obtain witness statements, and identify evidence for collection.
- (c) The interview of the involved officer shall proceed as outlined in Section H of the Placer County Officer Involved Fatal Incident Protocol and Section 8 of the RPOA-RPA Fatal Incident Protocol Agreement.
- (d) A crime scene walk through may be conducted with the involved employee as outlined in Section 6 of the RPOA-RPA Fatal Incident Protocol Agreement.
- (e) An involved employee's appearance and personal equipment could be considered evidence. Collection and/or photographing of such evidence shall be done in accordance with Section 7 of the RPOA-RPA Fatal Incident Protocol Agreement.

Roseville Police Department

POLICY MANUAL

Officer Involved Shooting and Fatal Incidents

- (f) The collection of an officer's duty weapon, either a Department owned firearm or a personally owned firearm, and the providing of a replacement firearm shall be done in accordance with Section 7 of the RPOA-RPA Fatal Incident Protocol Agreement.
- (g) Supervisors and Professional Standards Unit personnel should not participate directly in any voluntary interview of officers. This will not prohibit such personnel from monitoring such interview or indirectly providing areas for inquiry.

304.5.3 REPORTS BY INVOLVED OFFICERS

Pursuant to Section 8 of the RPOA-RPA Fatal Incident Protocol Agreement, involved employees will not be compelled to provide a written statement.

304.6 ADMINISTRATIVE INVESTIGATIONS

Pursuant to Section G of the Placer County Officer Involved Fatal Incident Protocol, the Administrative Investigation is the function of the agency employing the involved officer and will include administrative and non-criminal matters that are not within the scope of the incident investigation governed by the protocol.

At the onset of the investigation of an incident, there must be an immediate and clearly defined distinction between the incident investigation and the administrative investigation. This policy governs the process for the administrative investigation as follows:

In addition to all other investigations associated with an officer-involved shooting, this department will conduct an internal administrative investigation to determine conformance with department policy. This investigation will be conducted under the supervision of the Professional Standards Unit and will be considered a confidential peace officer personnel file.

- (a) Any officer involved in a shooting may be administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 - (a) If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his or her prior statement before proceeding with any subsequent interview(s) (Government Code§ 3303(g))
- (c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - (a) Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer'(s) physical and psychological needs have been addressed before commencing the interview.

POLICY MANUAL

Officer Involved Shooting and Fatal Incidents

- (b) If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview (Government Code § 3303(i)) However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
- (c) Administrative interview(s) should be recorded by the investigator (the officer may also record the interview) (Government Code § 3303(g)).
- (d) The officer shall be informed of all constitutional Miranda rights (Government Code §3303(h)) and, assuming no voluntary waiver, will then be given an administrative order to provide full and truthful answers to all questions (Government Code § 3303(e)). The officer shall be informed, however, that the interview will be for administrative purposes only and that the statement cannot be used criminally (The Lybarger or Garrity admonishment).
- (e) The administrative interview shall be considered part of the officer's confidential personnel file.
- (f) The Professional Standards Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
- (g) The completed administrative investigation shall be submitted to the Chief of Police.
- (h) Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

304.7 AUDIO AND VIDEO RECORDINGS

Any officer involved in an incident will be permitted to review available Mobile Audio Video (MAV) or other video or audio recordings as is reasonably available and appropriate for the investigation prior to providing a voluntary or compelled statement as outlined in Section 9 of the RPOA-RPA Fatal Incident Protocol Agreement.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the District Attorney or City Attorney's Office as appropriate.

306.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

306.2 POLICY

The Roseville Police Department will equip its members with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. The Department will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

306.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS

Members shall only use firearms that are issued or approved by the Department and have been thoroughly inspected by the Rangemaster or their designee. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that firearm at an authorized department range.

All other weapons not provided by the Department, including, but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the member's Division Commander. The carrying of firearms by members while off-duty is permitted by the Chief of Police but may be rescinded should circumstances dictate (e.g., administrative leave). Members who choose to carry a firearm while off-duty, based on their authority as peace officers, will be required to meet the following guidelines:

- (a) The member may carry his/her duty firearm or may use a personally owned firearm that is carried and inspected in accordance with the Personally Owned Duty Firearms requirements in this policy. A member carrying his/her duty firearm will be deemed to have complied with (c), (d) and (e) of this section.

Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Rangemaster or their designee when needed, in accordance with established policy.

Members carrying personally owned authorized firearms of a caliber differing from department-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense.

306.4 EQUIPMENT

Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

306.4.1 REPAIRS OR MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster or their designee.

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster or their designee.

Roseville Police Department

POLICY MANUAL

Firearms

Any repairs or modifications to the member's personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster or their designee. Triggers shall stay in factory stock condition and shall not be modified.

306.4.2 HOLSTERS

All on-duty firearms will be carried in a holster specifically designed for the firearm. All patrol duty holsters will be minimally equipped with a safety strap which must be used. Officers assigned to plain clothes assignments may use a holster equipped only with a retention device. The retention device must secure the weapon and be designed to allow only the wearer retrieval of the weapon from the holster. Holsters with no safety strap must be approved by the Rangemaster or their designee prior to use. Officers assigned to participate as an "Undercover Agent" may carry a handgun without a holster and be exempt from carrying OC, if the following circumstances exist:

- (a) The handgun has been approved by the Rangemaster or their designee.
- (b) The handgun is carried in a manner that prevents accidental cocking, discharge, or loss of control.
- (c) The agent is acting in an "Undercover Agent" capacity at the time the weapon is being carried and at the completion of the operation reverts back to the general provisions of this order.
- (d) The officer is under direct visual or audio surveillance by a least one other officer.

306.4.3 TACTICAL LIGHTS

Tactical lights may only be installed on a firearm carried on duty after they have been examined and approved by the Rangemaster or their designee. 306.4.4 OPTICS OR LASER SIGHTS

Optics or laser sights may only be installed on a firearm carried on-duty after they have been examined and approved by the Rangemaster or their designee. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

306.5 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

Roseville Police Department

POLICY MANUAL

Firearms

- (a) Members shall not unnecessarily display or handle any firearm.
- (b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Rangemaster. Members shall not dry fire or practice quick draws except as instructed by the Rangemaster or other firearms training staff.
- (c) Members shall not clean, repair, load or unload a firearm anywhere in the Department, except where clearing barrels are present.
- (d) Shotguns or rifles removed from vehicles or the equipment storage room shall be loaded and unloaded in the parking lot and outside of the vehicle.
- (e) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked.
- (f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.
- (g) Any department issued firearm or personally owned firearm used for on-duty carry that appears to be malfunctioning or in need of service or repair shall not be carried. The firearm shall be promptly presented to a Supervisor or Rangemaster or their designee for inspection and repair. Any firearm deemed in need of repair or service by the Rangemaster or their designee will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

306.5.1 INSPECTION AND STORAGE

Handguns shall be inspected regularly or at the discretion of the Rangemaster. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

306.5.2 STORAGE AT HOME

Members shall ensure that all firearms are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil and criminal liability (Penal Code § 25100).

306.5.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment.

306.5.4 STORAGE IN VEHICLES

When leaving a handgun in an unattended vehicle, members shall ensure that it is locked in the trunk, or in a locked container that is placed out of view, or in a locked container that is permanently

Roseville Police Department

POLICY MANUAL

Firearms

affixed to the vehicle's interior and not in plain view, or in a locked toolbox or utility box permanently affixed to the vehicle (Penal Code § 16850; Penal Code § 25140; Penal Code § 25452).

If the vehicle does not have a trunk or a locked container, then the firearm should be locked within the center utility console that can be locked with a padlock, keylock, combination lock, or other similar locking device (Penal Code § 25140).

Officers are exempt from these requirements during circumstances requiring immediate aid or action in the course of official duties (Penal Code § 25140).

306.6 FIREARMS TRAINING AND QUALIFICATIONS

All personnel who carry a firearm are required to qualify semi-annually with their duty and back-up weapons on an approved range course and are subject to this policy. The Rangemaster or their designee shall keep accurate records of semi-annual qualifications, repairs, maintenance and training. In addition to regular qualification schedules, the Rangemaster shall be responsible for facilitating Advanced Officer Training, including practical training exercises designed to simulate field situations. At least annually, all personnel carrying a firearm will receive training on the department Use of Force Policy and demonstrate their knowledge and understanding.

Personnel opting to carry personally owned off-duty firearm(s) are encourage to qualify with those weapons annually on an approved range course of fire.

306.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any officer is unable to attend qualifications for any reason including injury, illness, duty status or scheduling conflict, that officer shall submit a memorandum to his/her supervisor and the Rangemaster prior to the end of the scheduled qualification period. The Rangemaster will facilitate make-up qualification sections.

Officers who fail to qualify on their first shooting attempt shall be provided immediate feedback and critique from range staff. The officer will be given a second attempt at the same course of fire.

If the officer fails to qualify on their second attempt, range staff shall complete Firearms Training Unit Officer Evaluation Sheet and route it to the Rangemaster. The range staff will notify the Rangemaster and the Watch Commander. A third attempt shall not be allowed at that time.

Officers who fail to qualify for two consecutive attempts with their firearm shall not carry their weapon or engage in field enforcement operations until they have attended remedial training and successfully qualified. Officers who fail to qualify for two consecutive attempts with their firearm shall not carry their firearm until they attend remedial training and successfully qualify.

306.6.2 REMEDIAL TRAINING

The Rangemaster should make every effort possible to facilitate remedial training as soon as practical, taking into account the officer's fatigue factor and mindset. If possible, the first training session should take place before the remediating officer's next schedule shift. The Rangemaster shall identify a course of action as well as a Range Officer who will facilitate the remedial training. Remedial training should be conducted in a one on one environment, free of distractions from

Firearms

peers. Remedial training should be no less than two, one hour sessions. Additional remedial training may be required or assigned by the Rangemaster until consistent weapon proficiency is demonstrated. All training will be documented and communicated to the Rangemaster via the Firearms Training Unit Officer Evaluation Sheet.

The officer may make an attempt to re-qualify after each remedial session at the discretion of the Range Officer. If the officer successfully qualifies they will be reinstated to full duty and/or be allowed to carry their firearm. A successful qualification does not relieve the officer from completing the entire assigned remedial training.

306.6.3 NOT RESPONDING TO TRAINING

Officers who have failed to qualify are a strain on the staffing resources of the department. It is imperative the Rangemaster, Range Officer and remediating officer place a high importance on training and re-qualification. Officers who have completed 10 hours of remedial training but are still unable to qualify will be classified as "not responding to training."

The Rangemaster will complete a memorandum to the appropriate Division Commander outlining the officer's deficiency, the training performed and an assessment of whether there is a fitness for duty or disciplinary issue related to the deficiency. Any further training or the decision to disallow the carrying of a patrol firearm will be done at the direction of the Division Commander or the Chief of Police.

306.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Division Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

306.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

Roseville Police Department

POLICY MANUAL

Firearms

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER® device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

306.7.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)).

Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

306.7.3 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

306.8 RANGEMASTER DUTIES

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster or their designee. The Rangemaster or their designee will maintain a roster of all members attending the range and will submit the roster to the Training Manager after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-qualification.

The range shall remain operational and accessible to Department members during hours established by the Department.

The Rangemaster or their designee has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster or their designee has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm and it will not be returned to service until inspected by the Rangemaster or their designee.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster or their designee shall complete and submit to the Training Manager documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided

Roseville Police Department

POLICY MANUAL

Firearms

and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster or their designee should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Manager.

306.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.
- (b) Officers must carry their Roseville Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).
- (c) The Roseville Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the Roseville Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.

Roseville Police Department

POLICY MANUAL

Firearms

- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her Roseville Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).
- (e) The officer may not take a Department owned firearm out of state without approval from the Chief of Police or their designee.

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

306.11 PERSONALLY OWNED ASSAULT RIFLES FOR ON DUTY USE

Penal Code 30630(b) allows the purchase, possession, and use of assault rifles by sworn peace officers for law enforcement purposes, whether on- or off-duty, when authorized by the Chief of Police (Penal Code § 30630, 27CFR 478.134(a)). This policy is intended to include only assault rifles being used for law enforcement purposes, and does not include privately owned legally registered assault rifles for non-law enforcement purposes.

With written authorization of the Chief of Police, sworn non-probationary peace officers employed by this agency may purchase certain rifles classified as assault weapons for on- and off-duty law enforcement purposes from a federally licensed firearms dealer under the following circumstances:

- a. The weapon meets and conforms to all Department policies and specifications, and is pre-approved by the Rangemaster (or designee).
- b. After purchase, the officer provides the Rangemaster a copy of the DOJ authorization.
- c. The weapon is intended for on-duty use by the officer.

Roseville Police Department

POLICY MANUAL

Firearms

d. At the time of retirement, rescindment or separation for any reason from the Roseville Police Department, the officer shall dispose of the weapon in a lawful manner. This could include:

1. Destruction or relinquishment to the Roseville Police Department for destruction.
2. A change of characteristics, enabling DOJ de-registration. If this is accomplished, a copy of the DOJ letter must be provided to the Rangemaster.
3. A physical move out of California to a state that allows possession of the weapon.
4. Lawful sale of the weapon to a federally licensed firearms dealer.
5. After lateral transfer to another California law enforcement agency, the Chief or Sheriff for that agency gives written authorization for continued use.

Authorized weapons will be considered Patrol Rifles and conform to all Department policies. Officers shall ensure the personally owned assault rifle and ammunition are locked and secured while off-duty in a manner that will keep them inaccessible to children and irresponsible adults. Officers shall be aware that negligent storage of a firearm could result in criminal prosecution under Penal Code 25110. Officers may utilize the department armory or weapons lockers for storage during off- duty hours. When stored in the armory, the rifle shall be tagged with the owner's name, identifying the firearm as a personally owned assault rifle.

While on-duty, absent exigent circumstances, only the owning officer shall deploy a personally owned assault rifle. The officer shall use department issued ammunition while on-duty.

306.11.1 TEMPORARY SUSPENSION OF PRIVILEGE

The Chief of Police may suspend an officer's privilege to possess a personally owned assault rifle. Upon being so advised in writing by the Chief of Police or his/her designee, the officer shall immediately relinquish the assault rifle to the Chief of Police or his/her designee for storage in the department armory. The rifle shall be tagged with the owner's name, identifying the firearm as a personally owned assault rifle.

The suspension shall remain in effect until the officer is notified by the Chief of Police that his/her privilege has been reinstated or permanently rescinded. In the event the officer's privilege to own/possess a personally owned assault rifle has been permanently rescinded, the officer shall transfer or dispose of the assault rifle in compliance with this policy.

306.11.2 AUTHORIZATION TO PURCHASE PERSONALLY OWNED ASSAULT RIFLE FOR ON DUTY USE

Prior to purchasing an assault rifle, the officer shall be required to complete a "Chiefs Authorization for Assault Weapon" form. The signed and completed form will be routed to the Rangemaster for review. The Rangemaster will review the form to ensure the weapon intended for purchase conforms to Department specifications. The Rangemaster will forward completed, authorized forms to the Chief of Police for approval. Incomplete forms or requests for unauthorized weapons

will be returned to the officer. A copy of the approved, signed form will be maintained in the officer's personnel file.

306.11.3 REGISTRATION OF PERSONALLY OWNED ASSAULT RIFLE FOR ON DUTY USE
Upon receipt of a personally owned assault rifle, the member shall, within 90 days, register the assault weapon with the California Department of Justice (DOJ) pursuant to Article 5 of the Penal Code commencing with § 30900. With the registration, the member shall submit to DOJ a copy of the executed "Agreement to Purchase Personal Owned Assault Rifle".

Vehicle Pursuits

307.1 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved officers, the public, and fleeing suspects.

307.1.1 DEFINITIONS

Blocking - A low-speed tactic where one or more authorized police department emergency vehicles intentionally restrict the movement of a suspect vehicle, with the goal of containment or preventing a pursuit.

Pursuit Intervention - An attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, the PIT (known as Pursuit Intervention Technique or Precision Immobilization Technique), or ramming procedures.

Pursuit Intervention Technique (PIT) - A low-speed tactic intentionally applied to cause the suspect vehicle to spin out and terminate the pursuit.

Surveillance Mode – A response in which an air unit is used as an observation platform for continued surveillance of a motor vehicle. Operating in Surveillance Mode allows officers on the ground to work in conjunction with the air unit to maintain a loose containment (out of sight) of the motor vehicle until the suspect stops and abandons the motor vehicle.

Tire deflation device - A device that extends across the roadway designed to puncture the tires of the pursued vehicle, sometimes referred to as spike strips.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles.

Trail - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit

Vehicle Pursuit - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

307.2 OFFICER RESPONSIBILITIES

Vehicle pursuits shall only be conducted using authorized police department emergency vehicles that are equipped with and displaying emergency lighting and sirens as required by Vehicle Code § 21055. Officers are responsible for continuously driving with due regard and caution for the safety of all persons and property (Vehicle Code § 21056).

Roseville Police Department

POLICY MANUAL

Vehicle Pursuits

307.2.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when the officer reasonably believes that a suspect, who has been given appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle.

Factors that should be considered in deciding whether to initiate a pursuit include:

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists, and others.
- (c) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones), and the speed of the pursuit relative to these factors.
- (d) The pursuing officers' familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher, and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (e) Whether weather, traffic, and road conditions unreasonably increase the danger of the pursuit when weighed against the risk of the suspect's escape.
- (f) Whether the identity of the suspect has been verified and whether there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (g) The performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- (h) Emergency lighting and siren limitations on unmarked police department vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment, and concealed or obstructed siren positioning.
- (i) Suspect and officer vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders, hostages).
- (k) Availability of other resources such as air support or vehicle locator or deactivation technology.
- (l) The police unit is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoner in the police vehicle.

307.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Officers and supervisors must objectively and continuously weigh the

Roseville Police Department

POLICY MANUAL

Vehicle Pursuits

seriousness of the offense against the potential danger to innocent motorists, themselves, and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

- (a) Pursuit is terminated by a supervisor.
- (b) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- (c) The pursued vehicle's location is no longer definitely known.
- (d) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (e) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
- (f) Hazards to uninvolved bystanders or motorists.
- (g) The danger that the continued pursuit poses to the public, the officers, or the suspect, balanced against the risk of allowing the suspect to remain at large.
- (h) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.
- (i) Extended pursuits of violators for misdemeanors not involving violence, risk of serious harm, or weapons (independent of the pursuit) are generally discouraged.

307.2.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety, and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the officer.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

307.3 PURSUIT UNITS

When involved in a pursuit, unmarked police department emergency vehicles should be replaced by marked emergency vehicles whenever practicable.

Vehicle pursuits should be limited to three vehicles (two units and a supervisor); however, the number of units involved may vary with the circumstances.

Roseville Police Department

POLICY MANUAL

Vehicle Pursuits

An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it reasonably appears that the number of officers involved may be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

307.3.1 MOTORCYCLE OFFICERS

When involved in a pursuit, police department motorcycles should be replaced by marked four-wheel emergency vehicles as soon as practicable.

307.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

The exemptions provided by Vehicle Code § 21055 do not apply to officers using vehicles without emergency equipment. Officers operating vehicles not equipped with red light and siren are prohibited from initiating or joining in any pursuit. Unmarked Detective vehicles equipped with a red light and siren may initiate a pursuit following appropriate procedures. Marked emergency vehicles should replace Detective vehicles as soon as practical. Those officers should terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency police vehicles or any police helicopter.

307.3.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless the officer is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspects without unreasonable danger to any person.

The primary unit should notify the dispatcher commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including but not limited to:

- (a) The location, direction of travel, and estimated speed of the suspect's vehicle.
- (b) The description of the suspect's vehicle including license plate number, if known.
- (c) The reason for the pursuit.
- (d) Known or suspected weapons. Threat of force, violence, injuries, hostages, or other unusual hazards.
- (e) The suspected number of occupants and identity or description.
- (f) The weather, road, and traffic conditions.
- (g) The need for any additional resources or equipment.
- (h) The identity of other law enforcement agencies involved in the pursuit.

Until relieved by a supervisor or secondary unit, the officer in the primary unit is responsible for the broadcasting of the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing officer should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or air support joining the pursuit

Roseville Police Department

POLICY MANUAL

Vehicle Pursuits

to minimize distractions and allow the primary pursuing officer to concentrate foremost on safe pursuit tactics.

307.3.4 SECONDARY UNIT RESPONSIBILITIES

The second officer in the pursuit will be designated as the secondary unit and is responsible for:

- (a) Immediately notifying the dispatcher of entry into the pursuit.
- (b) Remaining a safe distance behind the primary unit unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.
- (c) Broadcasting the progress, updating known or critical information, and providing changes in the pursuit, unless the situation indicates otherwise.
- (d) Identifying the need for additional resources or equipment as appropriate.
- (e) Serving as backup to the primary pursuing officer once the suspect has been stopped.

307.3.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the officer considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 2. Pursuing units should exercise due regard and caution when proceeding through controlled intersections.
- (c) As a general rule, officers should not pursue a vehicle driving left of center (wrong way) against traffic. In the event that the pursued vehicle does so, the following tactics should be considered:
 1. Requesting assistance from available air support.
 2. Maintain visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
 3. Request other units to observe exits available to the suspects.
- (d) Notify the California Highway Patrol (CHP) and/or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.
- (e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit and with a clear understanding of the maneuver process between the involved units.

Vehicle Pursuits

307.3.6 PURSUIT TRAILING

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspects and reporting the incident.

307.3.7 AIR SUPPORT ASSISTANCE

When available, air support assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, the unit should assume control over the pursuit. The primary and secondary ground units, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants the continued close proximity and/or involvement of ground units in the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether to continue the pursuit. If ground units are not within visual contact of the pursued vehicle and the air support unit determines that it is unsafe to continue the pursuit, the air support unit should recommend terminating the pursuit.

307.3.8 UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

307.4 SUPERVISORY CONTROL AND RESPONSIBILITIES

Available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for:

- (a) Immediately notifying involved unit and the dispatcher of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the required number of units are involved in the pursuit under the guidelines set forth in this policy.

Roseville Police Department

POLICY MANUAL

Vehicle Pursuits

- (e) Directing that the pursuit be terminated if, in the supervisor's judgment, it is unreasonable to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that assistance from air support, canines, or additional resources is requested, if available and appropriate.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.
- (i) Controlling and managing Roseville Police Department units when a pursuit enters another jurisdiction.
- (j) Preparing a post-pursuit review and documentation of the pursuit.
 - 1. Supervisors should initiate follow up or additional review when appropriate.

307.4.1 WATCH COMMANDER RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. Once notified, the Watch Commander has the final responsibility for the coordination, control, and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Division Commander.

307.5 THE COMMUNICATIONS CENTER

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies and units.

307.5.1 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification or becoming aware that a pursuit has been initiated, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved units and personnel.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notify the Watch Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

Vehicle Pursuits

307.5.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

307.6 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

307.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Officers will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Roseville Police Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the primary officers may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies and CHP units, a request for CHP assistance will mean that they will assume responsibilities for the pursuit.

307.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit is responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a supervisor may authorize units from this department to join the pursuit until sufficient units from the initiating agency join the pursuit or until additional information is provided allowing withdrawal of the pursuit.

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of Roseville Police Department, the supervisor should consider:

- (a) The public's safety within this jurisdiction.
- (b) The safety of the pursuing officers.
- (c) Whether the circumstances are serious enough to continue the pursuit.
- (d) Whether there is adequate staffing to continue the pursuit.
- (e) The ability to maintain the pursuit.

Roseville Police Department

POLICY MANUAL

Vehicle Pursuits

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after considering the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers should provide appropriate assistance to officers from the allied agency including but not limited to scene control, coordination and completion of supplemental reports, and any other reasonable assistance requested or needed.

307.7 WHEN PURSUIT INTERVENTION IS AUTHORIZED

Whenever practicable, an officer shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards to the public arising from the use of each tactic, the officers, and persons in or on the pursued vehicle to determine which, if any, intervention tactic may be reasonable.

307.7.1 WHEN USE IS AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices.

307.7.1 USE OF FIREARMS

An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle (see the Use of Force Policy).

307.7.2 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and subject to the policies guiding such use. Officers should consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

Roseville Police Department

POLICY MANUAL

Vehicle Pursuits

- (a) Blocking should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when officers reasonable believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. This technique should only be used after giving consideration to the following:
 - 1. The technique should only be used by officers who have received training in the technique.
 - 2. The need to immediately stop the suspect vehicle or prevent it from leaving reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 - 3. It reasonably appears the technique will contain or prevent the pursuit.
 - 4. Employing the blocking maneuver does not unreasonable increase the risk of officer safety.
 - 5. The target vehicle is stopped or traveling at a slow speed.
 - 6. At no time should civilian vehicles be used to deploy this technique.
- (b) The PIT should only be used after giving consideration to the following:
 - 1. The technique should only be used by officers who have received training in the technique, including speed restrictions.
 - 2. Supervisory approval should be obtained before using the technique.
 - 3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 - 4. It reasonably appears the technique will terminate or prevent the pursuit.
- (c) Ramming a fleeing vehicle should only be done after giving consideration to the following:
 - 1. Supervisory approval should be obtained before using the technique.
 - 2. The need to immediately stop the suspect vehicle reasonably appears to substantially outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 - 3. It reasonably appears the technique will terminate or prevent the pursuit.
 - 4. Ramming may be used only under circumstances when deadly force would be authorized.
 - 5. Ramming may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.
- (d) Tire deflation devices should only be used after considering the following:
 - 1. Tire deflation devices should only be used by officers who have received training in their use.
 - 2. Supervisory approval should be obtained before using tire deflation devices.

Roseville Police Department

POLICY MANUAL

Vehicle Pursuits

3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
4. It reasonably appears the use will terminate or prevent the pursuit.
5. Tire deflation devices should not be used when the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, except in extraordinary circumstances.
6. Due to the increased risk to officers deploying tire deflation devices, such deployment should be communicated to all involved personnel.

307.7.3 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing officer should coordinate efforts to apprehend the suspects following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans for setting up perimeters or for containing and capturing the suspects.

307.8 REPORTING REQUIREMENTS

All appropriate reports should be completed to comply with applicable laws, policies, and procedures.

- (a) The primary officer should complete appropriate crime/arrest reports.
- (b) The Supervisor shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1). The primary officer should complete as much of the required information on the form as is known and forward the report to the Supervisor/ Watch Commander for review and distribution.
- (c) After first obtaining the available information, the involved, or if unavailable on-duty, field supervisor shall promptly complete a brief summary of the pursuit, and submit it to his/her manager. This summary should minimally include the following :
 1. Date and time of pursuit.
 2. Initial reason and circumstances surrounding the pursuit.
 3. Length of pursuit in distance and time, including the starting and termination points.
 4. Involved units and officers.
 5. Alleged offenses.
 6. Whether a suspect was apprehended, as well as the means and methods used.

Roseville Police Department

POLICY MANUAL

Vehicle Pursuits

7. Any use of force that occurred during the vehicle pursuit.
 - (a) Any use of force by a member should be documented in the appropriate report (See the Use of Force Policy).
8. Any injuries and/or medical treatment.
9. Any property or equipment damage.
10. Name of supervisor at scene or who handled the incident.
11. A preliminary determination whether the pursuit appears to be in compliance with this policy and whether additional review or follow-up is warranted

307.8.1 REGULAR AND PERIODIC PURSUIT TRAINING

The Training Manager shall make available to all officers initial and supplementary Police Officer Standard Training (POST) training on pursuits required by Penal Code § 13519.8, and no less than annual training addressing:

- (a) This policy.
- (b) The importance of vehicle safety and protecting the public.
- (c) The need to balance the known offense and the need for immediate capture against the risks to officers and others (Vehicle Code § 17004.7(d)).

307.8.2 POLICY REVIEW

Officers of this department shall certify in writing that they have received, read, and understand this policy initially, upon any amendments, and whenever training on this policy is provided. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member's training file.

307.9 APPLICATION OF VEHICLE PURSUIT POLICY

This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.

307.10 POLICY

It is the policy of this department to balance the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

Officer Response to Calls

308.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

308.2 RESPONSE TO CALLS

Officers dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Officers should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

308.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify the Communications Center.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

308.3.1 NUMBER OF UNITS ASSIGNED

Normally, two units should respond to an emergency call Code-3 unless the Watch Commander or the field supervisor authorizes an additional unit(s).

308.4 INITIATING CODE 3 RESPONSE

Supervisors, at their discretion, may authorize units to respond Code3 to emergencies over the radio. A supervisor may authorize specific or multiple units to respond Code3 (i.e. units on the West Side are authorized to respond Code3). The individual responding unit(s) shall then be responsible for advising dispatch they are responding Code3 either over the radio or via the MDT.

Roseville Police Department

POLICY MANUAL

Officer Response to Calls

Officers operating vehicles equipped with an MDT, are encouraged to announce their Code3 response to dispatch via the MDT to avoid unnecessary radio traffic during emergency situations for officer safety reasons. Officers in vehicles not equipped with an MDT, shall announce their Code3 response over the radio.

308.5 RESPONSIBILITIES OF RESPONDING OFFICERS

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify the Communications Center. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

308.6 SUPERVISORY RESPONSIBILITIES

Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

- (a) The proper response has been initiated
- (b) No more than those units reasonably necessary under the circumstances are involved in the response
- (c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

Roseville Police Department

POLICY MANUAL

Officer Response to Calls

308.7 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Watch Commander, field supervisor, or the Communications Center of the equipment failure so that another unit may be assigned to the emergency response.

Canines

309.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment police services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

309.2 POLICY

It is the policy of the Roseville Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

309.2.1 POST-DEPLOYMENT REVIEW

The Canine Unit Sergeant, or his designee, shall conduct a post-deployment review following deployments in which a subject is injured or bitten. A review will also be conducted in the event of an accidental bite of any person, other than those occurring during a training exercise. The review should include interviews with the injured parties and witnesses to the incident. The review is conducted independent of any criminal case and is intended to determine if the injured person was aware the deployment was going to occur and what subsequent actions they took. The review will be recorded in memorandum form and routed to the Canine Lieutenant or Canine Unit Sergeant.

309.3 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Operations Division to function primarily in assist or cover assignments. However, they may be assigned by the Watch Commander to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Watch Commander.

309.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Operations Division or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.

Roseville Police Department

POLICY MANUAL

Canines

- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

309.5 REQUESTS FOR CANINE TEAMS

Operations Division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Operations Division shall be reviewed by the Watch Commander.

309.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Watch Commander and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) Calling out off-duty canine teams is discouraged.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.
- (f) When feasible, an additional officer from this department should be deployed to serve as cover or back-up for the Roseville Police canine team.

309.5.2 PUBLIC DEMONSTRATION

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

309.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.

Roseville Police Department

POLICY MANUAL

Canines

- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Watch Commander. Absent a change in circumstances that presents an imminent threat to officers, the canine or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

Absent indications of an identifiable crime (i.e. burglary), canine handlers shall not search locations with canines off-leash solely for response to a burglary alarm where a door or other entry point is found unsecured.

309.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

Roseville Police Department

POLICY MANUAL

Canines

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

309.6.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

309.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements. However, the canine shall be made available for examination at any reasonable time if requested by the local health department. The canine handler shall also notify the local health department if the canine exhibits any abnormal behavior after a bite (Health and Safety Code § 121685).

Canines

309.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

309.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

309.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics.

309.8 HANDLER SELECTION

The minimum qualifications for the assignment of canine handler include:

- (a) An officer who is currently off probation.
- (b) Residing in an adequately fenced, single-family residence (minimum 5-foot high fence with locking gates).
- (c) Agreeing to be assigned to the position for a minimum of three years.
- (d) Ability to pass the physical fitness test.

Canines

309.9 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- (c) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (d) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (e) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (f) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (g) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Watch Commander.
- (h) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Watch Commander.
- (i) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

309.9.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

Canines

309.10 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement (29 USC § 207).

309.11 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Watch Commander as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian.

309.12 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified by the California Narcotic Canine Association (CNCA) or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines.

All canine training should be conducted while on-duty unless otherwise approved by the canine coordinator or Watch Commander.

309.12.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current POST, CNCA, or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Roseville Police Department canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.

309.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably

Roseville Police Department

POLICY MANUAL

Canines

practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

309.12.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

309.12.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Roseville Police Department may work with outside trainers with the applicable licenses or permits.

309.12.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (Health & Safety Code § 11367.5; 21 USC § 823(f)).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Roseville Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

309.12.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected and weighed, biannually. The results of the inspection shall be recorded and maintained by the canine coordinator.
- (e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured

Roseville Police Department

POLICY MANUAL

Canines

in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.

- (f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Section or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

309.12.7 EXPLOSIVE TRAINING AIDS

Officers may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (Penal Code § 18800; 18 USC § 842; 27 CFR 555.41).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

Search and Seizure

310.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Roseville Police Department personnel to consider when dealing with search and seizure issues.

310.2 POLICY

It is the policy of the Roseville Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

310.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Roseville Police Department

POLICY MANUAL

Search and Seizure

310.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

310.5 DOCUMENTATION

Officers are responsible to document incidents involving Search and Seizure in accordance with Roseville Police Department reporting policies and procedures. If documentation is required for a crime report or services report, the following criteria (at a minimum) shall be included:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

310.5.1 DOCUMENTATION OF PAROLE AND PRCS SEARCHES

At a minimum officer(s) shall document any Parole or PRCS contact or search of a person, vehicle, or place of residence by completing a Field Investigation Report.

Roseville Police Department

POLICY MANUAL

Search and Seizure

310.5.2 DOCUMENTATION OF PROBATION SEARCHES

At a minimum Officer(s) shall document any Probation search of a person, vehicle, or place of residence by completing a Field Investigation Report. Officers are not required to complete a Field Investigation Report for only contacting a Probationer.

310.5.3 SUPERVISED RELEASE FILE (SRF) CONTACT MESSAGES

Officers shall submit a contact message when information is received on an individual from the Supervised Release File (SRF) to summarize the encounter to the agency that entered the record.

Per DOJ CJIS Manual Section 10.13, a Contact Message should be sent if the subject is being booked or cited, if the contact was a routine stop and no enforcement action was taken, if the subject is a suspect in an investigation whether they have been encountered or not, or if your agency is issuing a warrant for the subject and, for information purposes only, you are advising the supervising agency. The Contact Message is also a good way to formally document contact with a sex registrant, and indicate if any public notification took place in accordance with Megan's Law. Contact message data can be queried through a special search by contacting the SRF Unit at DOJ.

Domestic Violence

311.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

311.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

311.2 POLICY

The Roseville Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

311.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

311.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.

Roseville Police Department

POLICY MANUAL

Domestic Violence

- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigations Unit in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.
 - 4. The physical or emotional state of either party.
 - 5. Use of drugs or alcohol by either party.
 - 6. Denial that the abuse occurred where evidence indicates otherwise.
 - 7. A request by the victim not to arrest the suspect.
 - 8. Location of the incident (public/private).
 - 9. Speculation that the complainant may not follow through with the prosecution.
 - 10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
 - 11. The social status, community status, or professional position of the victim or suspect.

Roseville Police Department

POLICY MANUAL

Domestic Violence

311.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

311.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

311.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

An officer shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

311.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Domestic Violence

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

311.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

311.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
 1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the officer shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).
- (b) Check available records or databases that may show the status or conditions of the order.
 1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

Domestic Violence

311.9 LEGAL MANDATES AND RELEVANT LAWS

California law provides for the following:

311.9.1 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

- (a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.
 - 1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).
- (b) An officer responding to a domestic violence call who cannot make an arrest will advise the victim of his/her right to make a private person's arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Officers shall not dissuade victims from making a lawful private person's arrest. Officers should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person's arrests (Penal Code § 836(b)).
- (c) Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):
 - 1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
 - 2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender's child)
 - 3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
 - 4. Penal Code § 646.9 (stalking)
 - 5. Other serious or violent felonies specified in Penal Code § 1270.1
- (d) In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:
 - 1. The intent of the law to protect victims of domestic violence from continuing abuse.
 - 2. The threats creating fear of physical injury.
 - 3. The history of domestic violence between the persons involved.
 - 4. Whether either person acted in self-defense.

Roseville Police Department

POLICY MANUAL

Domestic Violence

- (e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the officer's presence. After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

311.9.2 COURT ORDERS

- (a) An officer who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located and shall provide the person protected or the person's parent/guardian with a copy of the order. The officer shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).
- (b) At the request of the petitioner, an officer at the scene of a reported domestic violence incident shall serve a court order on a restrained person (Family Code § 6383; Penal Code § 13710).
- (c) Any officer serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)).
- (d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).
- (e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the officer shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The officer shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide the person with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

311.9.3 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

311.9.4 REPORTS AND RECORDS

- (a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.
- (b) Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.

Roseville Police Department

POLICY MANUAL

Domestic Violence

- (c) Officers who seize any firearm, ammunition, or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)).

311.9.5 RECORD-KEEPING AND DATA COLLECTION

This department shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Manager to maintain and report this information as required.

311.9.6 DECLARATION IN SUPPORT OF BAIL INCREASE

Any officer who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee's appearance or to protect the victim or family member of a victim, the officer shall prepare a declaration in support of increased bail (Penal Code § 1269c).

311.10 STAND UP PLACER/CPS NOTIFICATION

On all domestic violence investigations, officers shall contact Stand Up Placer as soon as practical, but no later than the end of shift. During domestic violence calls where minor children are in danger or the suspect is outstanding, officers shall contact Stand Up Placer and CPS while on scene and determine if they are going to send a representative to the scene. If CPS or Stand Up Placer are going to send a representative to the scene, officer(s) shall remain on scene until their arrival. Officers shall complete the appropriate child abuse forms if the child witnessed the violence. If the involved parties of a domestic violence situation have children, but they are not present, the officer shall call Stand Up Placer and CPS as soon as practically possible, but no later than the end of shift.

311.11 FIREARMS

Officers shall take into temporary custody any firearm or other deadly weapon in plain sight or discovered pursuant to a consensual search or lawful search in a domestic violence incident and process it for safekeeping as authorized in Penal Code 12028.5(b). In no event shall such a firearm or weapon be returned within less than 48 hours.

If necessary, officers may also obtain a search warrant for firearms or other deadly weapons that are subject to seizure under Penal Code 12028.5 pursuant to Penal Code 1524(a)(9).

Temporary Custody of Juveniles

312.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Roseville Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

312.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

Juvenile offender - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1; 15 CCR 1150).

Safety checks - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.

Roseville Police Department

POLICY MANUAL

Temporary Custody of Juveniles

- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact that is more than brief or inadvertent.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

312.2 POLICY

The Roseville Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Roseville Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

312.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Roseville Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol, or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

These juveniles should not be held at the Roseville Police Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).

Roseville Police Department

POLICY MANUAL

Temporary Custody of Juveniles

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

312.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY

When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

312.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself, or any unusual behavior which may indicate the juvenile may harm him/herself while in either secure or non-secure custody (15 CCR 1142).

312.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Roseville Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Roseville Police Department without authorization of the arresting officer's supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Roseville Police Department (34 USC § 11133; Welfare and Institutions Code § 207.1).

312.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Roseville Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination (Welfare and Institutions Code § 602.1).

312.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to

POLICY MANUAL

the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

312.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Roseville Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and taken into custody for committing or attempting to commit a felony with a firearm shall not be released and be transported to a juvenile facility (Welfare and Institutions Code § 625.3).

A juvenile offender suspected of committing murder, a sex offense described in Welfare and Institutions Code § 602(b) that may subject the juvenile to criminal jurisdiction under Welfare and Institutions Code § 707, or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

- (a) Released upon warning or citation.
- (b) Released to a parent or other responsible adult after processing at the Department.
- (c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.
- (d) Transported to his/her home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating officer or supervisor shall prefer the alternative that least restricts the juvenile's freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the officer should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

312.5 ADVISEMENTS

Officers shall take immediate steps to notify the juvenile's parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, he/she shall be given the *Miranda* rights advisement regardless of whether questioning is intended. This does not apply to juvenile non-

offenders taken into temporary custody for their safety or welfare (Welfare and Institutions Code § 625).

Anytime a juvenile offender is placed in secure custody, he/she shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to his/her parent or guardian; one to a responsible relative or his/her employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

312.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

- (a) Identifying information about the juvenile.
- (b) Date and time of arrival and release from the Roseville Police Department (15 CCR 1150).
- (c) Watch Commander notification and approval to temporarily hold the juvenile.

- (f) Time of all safety checks.
- (g) Any medical and other screening requested and completed (15 CCR 1142).
- (h) Circumstances that justify any secure custody (Welfare and Institutions Code § 207.1; 15 CCR 1145).
- (i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Watch Commander shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

312.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; Welfare and Institutions Code § 207.1; Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

Roseville Police Department

POLICY MANUAL

Temporary Custody of Juveniles

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Roseville Police Department (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

312.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Roseville Police Department shall ensure the following:

- (a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the Roseville Police Department more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the Roseville Police Department more than six hours.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal safety checks and significant incidents/activities shall be noted on the log.
- (d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.
- (e) Juveniles shall have reasonable access to toilets and wash basins (15 CCR 1143).

- (m) Juveniles shall have adequate furnishings, including suitable chairs or benches.
- (n) Juveniles shall have the right to the same number of telephone calls as an adult in custody.
- (o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse (15 CCR 1142).

312.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Roseville Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

312.10 PERSONAL PROPERTY

The officer taking custody of a juvenile offender or status offender at the Roseville Police Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Roseville Police Department.

312.11 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to him/herself or others include the following (15 CCR 1145):

- (a) Age, maturity, and delinquent history
- (b) Severity of offense for which the juvenile was taken into custody
- (c) The juvenile offender's behavior

Roseville Police Department

POLICY MANUAL

Temporary Custody of Juveniles

- (d) Availability of staff to provide adequate supervision or protection of the juvenile offender
- (e) Age, type, and number of other individuals in custody at the facility

Members of this department shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

312.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.
- (b) Juveniles shall have constant auditory access to department members (15 CCR 1147).
- (c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1).
- (d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).
 - 1. All safety checks shall be logged.
 - 2. The safety check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.
- (e) Males and females shall not be placed in the same locked room (15 CCR 1147).
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

- (h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.
- (i) Evidence preservation.

312.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, an officer shall permit a juvenile 17 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

- (a) Information is necessary to protect life or property from an imminent threat.
- (b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

312.13.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

Roseville Police Department

POLICY MANUAL

Temporary Custody of Juveniles

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated, or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.
- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual, or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

312.14 FORMAL BOOKING

For all other acts defined as crimes, juveniles may be booked, fingerprinted or photographed upon the approval from the Watch Commander or Investigations Unit supervisor, giving due consideration to the following:

312.15 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Roseville Police Department Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Manager and the appropriate Investigations Unit supervisors to ensure that personnel of those bureaus act within legal guidelines.

312.16 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION

The Operations Division Commander shall coordinate the procedures related to the custody of juveniles held at the Roseville Police Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

Senior and Disability Victimization

313.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Roseville Police Department members as required by law (Penal Code § 368.6).

The Roseville Police Department is committed to providing equal protection and demonstrating respect for all persons regardless of age or disabilities, and to conscientiously enforcing all criminal laws protecting elders, and adults and children with disabilities, regardless of whether these crimes also carry civil penalties (Penal Code § 368.6) (see Child Abuse Policy for child abuse investigations and reporting).

313.1.1 DEFINITIONS

Definitions related to this policy include:

Abuse of an elder (age 65 or older) or dependent adult - Physical abuse, neglect, financial abuse, abandonment, isolation, abduction, or other treatment with resulting physical harm or pain or mental suffering; or the deprivation by a care custodian of goods or services that are necessary to avoid physical harm or mental suffering. Neglect includes self-neglect (Welfare and Institutions Code § 15610.05 et seq.; Penal Code § 368.5).

Dependent adult - An individual, regardless of whether the individual lives independently, between 18 and 64 years of age who has physical or mental limitations that restrict his/her ability to carry out normal activities or to protect his/her rights, including but not limited to persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Penal Code § 368; Welfare and Institutions Code § 15610.23).

Elder and dependent adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement (Penal Code § 368).

Senior and disability victimization - Means any of the following (Penal Code § 368.6):

- (a) Elder and dependent adult abuse
- (b) Unlawful interference with a mandated report
- (c) Homicide of an elder, dependent adult, or other adult or child with a disability

Roseville Police Department

313.2 POLICY

The Roseville Police Department will investigate all reported incidents of alleged elder and dependent adult abuse and ensure proper reporting and notification as required by law.

313.2.1 ARREST POLICY

It is the department policy to make arrests or to seek arrest warrants for elder and dependent adult abuse in accordance with Penal Code § 836 and, in the case of domestic violence, as allowed by Penal Code § 13701 (Penal Code § 368.6) (see Law Enforcement Authority and Domestic Violence policies for additional guidance).

313.2.2 ADHERENCE TO POLICY

All officers are required to be familiar with the policy and carry out the policy at all times, except in the case of an unusual compelling circumstance as determined and approved by a supervisor (Penal Code § 368.6).

Any supervisor who determines and approves an officer's deviation from this policy shall provide a written report to the Chief of Police or authorized designee that states the unusual compelling circumstances regarding the deviation. A copy of this report will be made available to the alleged victim and reporting party pursuant to department protocols (Penal Code § 368.6(c)(27)).

The Chief of Police shall retain the report for a minimum of five years and shall make it available to the state protection and advocacy agency upon request (Penal Code § 368.6(c)(27)).

313.3 INVESTIGATIONS AND REPORTING

All reported or suspected cases of elder and dependent adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated (Penal Code § 368.6).

Investigations and reports related to suspected cases of elder and dependent adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected elder and dependent adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.

Roseville Police Department

POLICY MANUAL

Senior and Disability Victimization

- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.
- (j) Witness and suspect statements if available.
- (k) Review of all portable audio/video recorders, devices, and other available video.
- (l) Call history related to the elder or dependent adult including calls from mandated reporters or other individuals.
- (m) Whether the abuse is related to a disability-bias hate crime and related bias motivations (Penal Code § 368.6) (see the Hate Crimes Policy for additional guidance).
- (n) Results of investigations shall be provided to those agencies (Adult Protective Services (APS), long-term ombudsman) that referred or reported the elder or dependent adult abuse (Welfare and Institutions Code § 15640(f)).
- (o) Whether a death involved the End of Life Option Act:
 - 1. Whether or not assistance was provided to the person beyond that allowed by law (Health and Safety Code § 443.14).
 - 2. Whether an individual knowingly altered or forged a request for an aid-in-dying drug to end a person's life without his/her authorization, or concealed or destroyed a withdrawal or rescission of a request for an aid-in-dying drug (Health and Safety Code § 443.17).
 - 3. Whether coercion or undue influence was exerted on the person to request or ingest an aid-in-dying drug or to destroy a withdrawal or rescission of a request for such medication (Health and Safety Code § 443.17).
 - 4. Whether an aid-in-dying drug was administered to a person without his/her knowledge or consent (Health and Safety Code § 443.17).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential elder or dependent adult abuse and investigated similarly.

An unexplained or suspicious death of an elder, dependent adult, or other adult or child with a disability should be treated as a potential homicide until a complete investigation including an

Senior and Disability Victimization

autopsy is completed, and it should not be assumed that the death of an elder or person with a disability is natural simply because of the age or disability of the deceased (Penal Code § 368.6(c) (18)).

313.3.1 ADDITIONAL INVESTIGATIVE CONSIDERATIONS

The following factors as provided in Penal Code § 368.6 should be considered when investigating incidents of elder and dependent adult abuse:

- (a) Elder and dependent adult abuse, sex crimes, child abuse, domestic violence, and any other criminal act, when committed in whole or in part because of the victim's actual or perceived disability, including disability caused by advanced age, is also a hate crime (Penal Code § 368.6) (see the Hate Crimes Policy for additional guidance).
- (b) Senior and disability victimization crimes are also domestic violence subject to the mandatory arrest requirements of Penal Code § 836 if they meet the elements described in Penal Code § 273.5, including but not limited to a violation by a caretaker or other person who is or was a cohabitant of the victim, regardless of whether the cohabitant is or was a relative of, or in an intimate personal relationship with, the victim (Penal Code § 368.6(c)(10)).
- (c) Many victims of sexual assault and other sex crimes delay disclosing the crimes for reasons including but not limited to shame, embarrassment, self-doubt, fear of being disbelieved, and fear of retaliation by the perpetrator or others (Penal Code § 368.6(c) (11)).
- (d) Victims and witnesses with disabilities, including cognitive and communication disabilities, can be highly credible witnesses when interviewed appropriately by trained officers or other trained persons (Penal Code § 368.6(c)(14)).

313.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of elder and dependent adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
 - (b) Be familiar with forensic interview techniques specific to elder and dependent adult abuse investigations.
 - (c) Present all cases of alleged elder and dependent adult abuse to the prosecutor for review.
 - (d) Coordinate with other enforcement agencies, social service agencies, and facility administrators as needed (Welfare and Institutions Code § 15650).
 - (e) Provide referrals to therapy services, victim advocates, guardians, and support for the victim and family as appropriate (see the Victim and Witness Assistance Policy for additional guidance).
1. Ensure victims of sex crimes know their right to have a support person of their choice present at all times during an interview or contact (Penal Code § 368.6) (see the Sexual Assault Investigations Policy for additional guidance).

Roseville Police Department

POLICY MANUAL

Senior and Disability Victimization

2. Referrals to the crime victim liaison as appropriate for victims requiring further assistance or information regarding benefits from crime victim resources.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 15610.55).
- (g) Make reasonable efforts to determine whether any person committed unlawful interference in a mandated report.

313.5 MANDATORY NOTIFICATION

Members of the Roseville Police Department shall notify the local office of the California Department of Social Services (CDSS) APS agency when they reasonably suspect, have observed, or have knowledge of an incident that reasonably appears to be abuse of an elder or dependent adult, or are told by an elder or dependent adult that the person has experienced abuse (Welfare and Institutions Code § 15630(b)).

Notification shall be made by telephone as soon as practicable and a written report shall be provided within two working days as provided in Welfare and Institutions Code § 15630(b)(c).

Notification shall also be made to the following agencies as soon as practicable or as provided below (Welfare and Institutions Code § 15630):

- (a) If the abuse is physical abuse and occurred in a long-term care facility (not a state mental health hospital or a state developmental center), notification shall be made as follows (Welfare and Institutions Code § 15630(b)(1)):
 1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
 2. If there is physical abuse and no serious bodily injury, notification shall be made by telephone and, within 24 hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
 3. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by telephone and a written report to the local ombudsman within 24 hours.
 4. When a report of abuse is received by the Department, the local ombudsman shall be called to coordinate efforts to provide the most immediate and appropriate response (Welfare and Institutions Code § 15630(b)).
- (b) If the abuse is in a long-term care facility (not a state mental health or a state developmental center) and is other than physical abuse, a telephone report and a written report shall be made to the local ombudsman as soon as practicable (Welfare and Institutions Code § 15630(b)).
- (c) The California Department of Public Health (DPH) shall be notified of all known or suspected abuse in a long-term care facility.

Roseville Police Department

- (e) If the abuse occurred in an adult day health care center, DPH and the California Department of Aging shall be notified.
- (f) The Division of Medi-Cal Fraud and Elder Abuse shall be notified of all abuse that constitutes criminal activity in a long-term care facility.
- (g) The District Attorney's office shall be notified of all cases of physical abuse and financial abuse in a long-term care facility.
- (h) If the abuse occurred at a state mental hospital or a state developmental center, notification shall be made to the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services as soon as practicable but no later than two hours after law enforcement becomes aware of the abuse (Welfare and Institutions Code § 15630(b)).
 - 1. When a report of abuse is received by the Department, investigation efforts shall be coordinated with the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services (Welfare and Institutions Code § 15630(b)).
- (i) If during an investigation it is determined that the elder or dependent adult abuse is being committed by a licensed health practitioner as identified in Welfare and Institutions Code § 15640(b), the appropriate licensing agency shall be immediately notified (Welfare and Institutions Code 15640(b)).
- (j) When the Department receives a report of abuse, neglect, or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, the licensing agency shall be notified by telephone as soon as practicable (Welfare and Institutions Code § 15640(e)).

The Investigations Unit supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney's Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

Failure to report, or impeding or inhibiting a report of abuse of an elder or dependent adult, is a misdemeanor (Welfare and Institutions Code §15630(h)).

313.5.1 NOTIFICATION PROCEDURE

Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

- (a) The name of the person making the report.
- (b) The name and age of the elder or dependent adult.
- (c) The present location of the elder or dependent adult.

Senior and Disability Victimization

- (d) The names and addresses of family members or any other adult responsible for the care of the elder or dependent adult.
- (e) The nature and extent of the condition of the elder or dependent adult.
- (f) The date of incident.
- (g) Any other information, including information that led the person to suspect elder or dependent adult abuse.

313.6 PROTECTIVE CUSTODY

Before taking an elder or dependent adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian, or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an elder or dependent adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an elder or dependent adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an elder or dependent adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When elder or dependent adult abuse victims are under state control, have a state-appointed guardian, or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

313.6.1 EMERGENCY PROTECTIVE ORDERS

In any situation which an officer reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

313.6.2 VERIFICATION OF PROTECTIVE ORDER

Whenever an officer verifies that a relevant protective order has been issued, the officer shall make reasonable efforts to determine if the order prohibits the person from possession of firearms or requires the relinquishment of firearms, and if the order does so, the officer shall make reasonable efforts to (Penal Code § 368.6(c)(19)):

Senior and Disability Victimization

- (a) Inquire whether the restrained person possesses firearms. The officer should make this effort by asking the restrained person and the protected person.
- (b) Query the California Law Enforcement Telecommunications System to determine if any firearms are registered to the restrained person.
- (c) Receive or seize prohibited firearms located in plain view or pursuant to a consensual or other lawful search in compliance with Penal Code § 18250 et seq. and in accordance with department procedures.

313.7 INTERVIEWS

313.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected elder or dependent adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

313.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

313.7.3 INTERVIEWS WITH A PERSON WITH DEAFNESS OR HEARING LOSS

An officer who is interviewing a victim or witness who reports or demonstrates deafness or hearing loss should secure the services of a qualified interpreter (as defined by Evidence Code § 754) prior to the start of the interview (Penal Code § 368.6) (see the Communications with Persons with Disabilities Policy for additional guidance).

313.8 MEDICAL EXAMINATIONS

When an elder or dependent adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency, or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

Roseville Police Department

POLICY MANUAL

Senior and Disability Victimization

In cases where the alleged offender is a family member, guardian, agency, or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

313.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an elder or dependent adult abuse victim who has been exposed to the manufacturing, trafficking, or use of narcotics.

313.9.1 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an elder or dependent adult abuse victim is present or where there is evidence that an elder or dependent adult abuse victim lives should:

- (a) Document the environmental, medical, social, and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigations Unit supervisor so an interagency response can begin.

313.9.2 SUPERVISOR RESPONSIBILITIES

The Investigations Unit supervisor should:

- (a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers, and local prosecutors, to develop community specific procedures for responding to situations where there are elder or dependent adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Investigations Unit supervisor that he/she has responded to a drug lab or other narcotics crime scene where an elder or dependent adult abuse victim is present or where evidence indicates that an elder or dependent adult abuse victim lives.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social, and other conditions that may affect the adult.

313.10 RECORDS BUREAU RESPONSIBILITIES

The Records Unit is responsible for:

- (a) Providing a copy of the elder or dependent adult abuse report to the APS, ombudsman, or other agency as applicable within two working days or as required by law (Welfare and Institutions Code § 15630; Welfare and Institutions Code § 15640(c)).
- (b) Retaining the original elder or dependent adult abuse report with the initial case file.

Senior and Disability Victimization

313.11 JURISDICTION

The Roseville Police Department has concurrent jurisdiction with state law enforcement agencies when investigating elder and dependent adult abuse and all other crimes against elder victims and victims with disabilities (Penal Code § 368.5).

Adult protective services agencies and local long-term care ombudsman programs also have jurisdiction within their statutory authority to investigate elder and dependent adult abuse and criminal neglect and may assist in criminal investigations upon request, if consistent with federal law, in such cases. However, this department will retain responsibility for the criminal investigations (Penal Code § 368.5).

Additional jurisdiction responsibilities for investigations of abuse involving various facilities and agencies may be found in Welfare and Institutions Code § 15650.

Roseville Police Department
POLICY MANUAL

Discriminatory Harassment

Child Abuse

315.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Roseville Police Department members are required to notify the county Child Protective Services (CPS) as well as Stand Up Placer of suspected child abuse.

315.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

315.2 POLICY

The Roseville Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law. The reporting officer will also notify Stand Up Placer of the suspected child abuse. Documentation of both notifications will be included in the appropriate report.

315.3 MANDATORY NOTIFICATION

The child protection agency shall be notified when (Penal Code § 11166):

- (a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or
- (b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney's office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Notification of the District Attorney is not required for reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care, or supervision where no physical injury to the child has occurred (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority. When the alleged abuse or neglect involves a child of a minor parent

Roseville Police Department

POLICY MANUAL

Child Abuse

or a dependent adult, notification shall also be made to the attorney of the minor or the dependent adult within 36 hours (Penal Code 11166.1; Penal Code 11166.2).

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1); neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of the peace officer's employment as a peace officer.

315.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (Penal Code § 11166):

- (a) Notification shall be made immediately, or as soon as practicable, by telephone, fax or electronic transmission.
- (b) A written follow-up report should be forwarded within 36 hours of receiving the information concerning the incident.

315.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 18961.7).

315.4.1 VICTIMS UNDER THE AGE OF 18 OR DEVELOPMENTALLY DELAYED ADULTS

Sexual assault and child abuse victims involving minor children under the age of 18, or developmentally delayed adults, should not be interviewed by uniformed Patrol Officers. It is intended that non-uniformed personnel conduct the interviews to lessen the impact on the victim. If the incident is reported when detectives are not on-duty, the Investigation Unit call-out procedure will be followed. A detective will generally NOT respond during off-duty hours if:

- (a) The incident is more than 72 hours old with no expectation of locating physical evidence.

Roseville Police Department

POLICY MANUAL

Child Abuse

- (b) No physical evidence will be lost.
- (c) The victim is not in danger from the suspect. Patrol officers will write the appropriate crime report when the corpus of a crime is established by the victim or a third party in those cases where detectives need not respond.

Patrol officers will write the appropriate crime report or services report when an incident indicates a possible crime occurred to the minor victim under the age of 18, or developmentally delayed adult.

Patrol Officers shall gather evidence and information from witnesses (i.e. parents, counselors, teachers, etc.). Only under exigent circumstances shall the minor be interviewed by uniformed Patrol Officers.

Follow-up investigations will be conducted by a detective who has received specialized training in sexual assault investigations.

The investigating Patrol Officer shall contact their supervisor and inform him or her of the details of the investigation. The Patrol Officer's supervisor will contact the Investigations Sergeant or Lieutenant to decide whether or not to perform an MDIC Interview with the minor victim who is under the age of 18. The Investigations Sergeant or Lieutenant will follow the MDIC Protocol when deciding whether or not to perform an MDIC Interview.

315.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

Roseville Police Department

POLICY MANUAL

Child Abuse

- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

315.5.1 EXTRA JURISDICTIONAL REPORTS

If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, department members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax or electronic transfer to the agency with proper jurisdiction (Penal Code 11165.9).

315.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

- (a) The officer reasonably believes the child is a person described in Welfare and Institutions Code § 300, or a commercially exploited child under Penal Code § 647 and Penal Code § 653.22, and further has good cause to believe that any of the following conditions exist:
 - 1. The child has an immediate need for medical care.
 - 2. The child is in immediate danger of physical or sexual abuse.

Child Abuse

3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child's health or safety. In the case of a child left unattended, the officer shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.
- (b) The officer reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:
1. It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
 2. There is no lawful custodian available to take custody of the child.
 3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
 4. The child is an abducted child.
- (c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

315.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW

An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

315.6.2 NEWBORNS TESTING POSITIVE FOR DRUGS

Under certain circumstances, officers can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.

Officers shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

315.7 INTERVIEWS

315.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When

Child Abuse

practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

315.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

315.7.3 INTERVIEWS AT A SCHOOL

Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

315.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

315.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

Roseville Police Department

POLICY MANUAL

Child Abuse

315.9.1 SUPERVISOR RESPONSIBILITIES

The Crime Suppression Unit supervisor should:

- (a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate, when necessary, any available interagency response when an officer notifies the Crime Suppression Unit supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

315.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Crime Suppression Unit supervisor so, if needed, an interagency response can begin.

315.10 STATE MANDATES AND OTHER RELEVANT LAWS

California requires or permits the following:

315.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code 841.5; Penal Code § 11167.5).

315.10.2 REQUESTS FOR REMOVAL FROM THE CHILD ABUSE CENTRAL INDEX (CACI)

Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California's CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

315.10.3 CACI HEARING OFFICER

The Investigations Unit Lieutenant will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person's name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

Child Abuse

315.10.4 CACI HEARING PROCEDURES

The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:

- (a) Case reports including any supplemental reports
- (b) Statements by investigators
- (c) Statements from representatives of the District Attorney's Office
- (d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party's name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the person's name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.

315.11 CHILD RELEASE AUTHORIZATIONS

315.11.1 GENERAL

When officers place an adult under arrest, they shall be responsible for the safety and welfare of any minors present with the arrested adult. Officers shall ensure that either a Services Report or a Crime Report in addition to a Child Release Authorization Form is completed. Officers shall determine if it is more appropriate to place the child into protective custody or release minor(s) to responsible adults designated by the parent(s). If the parent or person accepting custody of the child refuse to sign or is unwilling to sign the Child Authorization Release Form, the minor(s) shall be placed into protective custody. Before releasing the minor to the adult(s) designated by the parent(s), officers shall assess the adult's ability to care for the minor(s). When an officer places a minor into protective custody, the officer shall complete all appropriate forms and forward to the Records Division.

When a minor(s) is released to another person at the parent or legal guardian's request, the officer shall:

Roseville Police Department

POLICY MANUAL

Child Abuse

- a. request that the parent or legal guardian relinquish custody of the minor by signing a Child Release Authorization Form.
- b. request that the person accepting custody of the minor sign the Child Release Authorization Form.
- c. run a CLETS/NCIC and local records check on the person accepting the custody of the minor(s) for any criminal history that would be detrimental to the welfare of the minor(s) (example 290 PC sex registrants, child abuse prior arrests/convictions, etc.).
- d. provide a copy of the Child Release Authorization Form to the parent relinquishing custody and a copy to the adult accepting custody of the minor(s).
- e. turn in the completed and signed Child Release Authorization Form to Police Records.

315.11.2 INJURY

When an adult is involved in an incident that results in his/her hospitalization, officers shall:

- a. ensure that any minor(s) present are properly supervised.
- b. release any minor(s) to the non-hospitalized parent, if applicable.

If both parents are hospitalized and unable to care for their children, the officer shall release the minor(s) to a responsible adult after that person signs the custody acceptance portion of the Child Release Authorization Form or place the minor(s) into protective custody.

315.11.3 ARREST

When a minor(s) is present upon the arrest of an adult, and has not been designated as the victim of a crime, the minor(s) shall be placed with the spouse or with a responsible party designated by the arrested parent who is deemed suitable by the officer to care for the minor. A Child Release Authorization Form shall be completed if the decision is made to temporarily release custody of the minor(s) to another adult. When one parent is arrested for a crime involving the other parent or minor children as victims, the minor children shall be released to the other parent if hospitalization is not required by any victim. The investigation must reveal that the parent receiving custody is uninvolved in the crime and is suitable to care for the minor(s). If the minor children or spouse require medical treatment, it may be necessary to place the children into protective custody. When both parents are arrested for a crime and the children are the victims, the minor(s) shall be placed into protective custody.

Missing Persons

316.1 PURPOSE AND SCOPE

This policy provides guidance for handling missing person investigations.

316.1.1 DEFINITIONS

At risk - Includes, but is not limited to (Penal Code § 14215):

- A victim of a crime or foul play.

- A mentally impaired missing person, including cognitively impaired or developmentally disabled.

Missing person - Any person who is reported missing to law enforcement when the person's location is unknown. This includes a child who has been taken, detained, concealed, enticed away or kept by a parent in violation of the law (Penal Code § 277 et seq.). It also includes any child who is missing voluntarily, involuntarily or under circumstances that do not conform to his/her ordinary habits or behavior, and who may be in need of assistance (Penal Code § 14215).

These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

316.2 POLICY

The Roseville Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Roseville Police Department gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

316.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

The Investigation supervisor should ensure the forms and kits are developed and available in accordance with this policy, state law, federal law and the California Peace Officer Standards and Training (POST) Missing Persons Investigations guidelines, including:

- Department report form for use in missing person cases
- Missing person investigation checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation (Penal Code § 13519.07)

Roseville Police Department

POLICY MANUAL

- Medical records release form from the California Department of Justice
- California DOJ missing person forms as appropriate
- Biological sample collection kits

316.4 ACCEPTANCE OF REPORTS

Any member encountering a person who wishes to report a missing person or runaway shall render assistance without delay (Penal Code § 14211). This can be accomplished by accepting the report via telephone or in-person and initiating the investigation. Those members who do not take such reports or who are unable to render immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).

316.5 INITIAL INVESTIGATION

Officers or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

- (a) Respond to a dispatched call for service as soon as practicable.
- (b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.
- (c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).
- (d) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is under 21 years of age or there is evidence that the missing person is at risk. The BOLO should be broadcast as soon as practicable but in no event more than one hour after determining the missing person is under 21 years of age or may be at risk (Penal Code § 14211).
- (e) Ensure that entries are made into the appropriate missing person networks as follows:
 1. Immediately, when the missing person is at risk.
 2. In all other cases, as soon as practicable, but not later than two hours from the time of the initial report.
- (f) Complete the appropriate report forms accurately and completely and initiate a search as applicable under the facts.
- (g) Collect and/or review:
 1. A photograph and a fingerprint card of the missing person, if available.
 2. A voluntarily provided biological sample of the missing person, if available (e.g., toothbrush, hairbrush).

Roseville Police Department

 4. Any other evidence that may assist in the investigation, including personal electronic devices (e.g., cell phones, computers).
- (h) When circumstances permit and if appropriate, attempt to determine the missing person's location through his/her telecommunications carrier.
- (i) Contact the appropriate agency if the report relates to a previously made missing person report and another agency is actively investigating that report. When this is not practical, the information should be documented in an appropriate report for transmission to the appropriate agency. If the information relates to an at-risk missing person, the member should notify a supervisor and proceed with reasonable steps to locate the missing person.

316.6 REPORT PROCEDURES AND ROUTING

Employees should complete all missing person reports and forms promptly and advise the appropriate supervisor as soon as a missing person report is ready for review.

316.6.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of the supervisor shall include, but are not limited to:

- (a) Reviewing and approving missing person reports upon receipt.
 1. The reports should be promptly reviewed and approved.
 2. The supervisor should print the approved report to the communication center.

319.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Roseville Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by the City, this Department or a member's supervisors.

319.2 POLICY

The continued employment or appointment of every member of the Roseville Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

319.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

Hate Crimes

320.1 PURPOSE AND SCOPE

This policy is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow-up, reporting, and training as related to law enforcement's role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how the Roseville Police Department may best use its resources to investigate and solve an offense, in addition to building community trust and increasing police legitimacy (Penal Code § 13519.6). See appendix for the Message from the Chief.

320.1.1 DEFINITION AND LAWS

In accordance with Penal Code § 422.55; Penal Code § 422.56; Penal Code § 422.6; and Penal Code § 422.87, for purposes of all other state law, unless an explicit provision of law or the context clearly requires a different meaning, the following shall apply:

Bias motivation - Bias motivation is a pre-existing negative attitude toward actual or perceived characteristics referenced in Penal Code § 422.55. Depending on the circumstances of each case, bias motivation may include but is not limited to hatred, animosity, discriminatory selection of victims, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one's "own kind," or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including but not limited to disability or gender.

Disability - Disability includes mental disability and physical disability as defined in Government Code § 12926, regardless of whether those disabilities are temporary, permanent, congenital, or acquired by heredity, accident, injury, advanced age, or illness.

Disability bias - In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as but not limited to dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore "deserving victims," a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes but is not limited to situations where a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons, such as inebriated persons or persons with perceived disabilities different from those of the victim. Such circumstances could be evidence that the perpetrator's

POLICY MANUAL

Hate Crimes

motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

Gender - Gender means sex and includes a person's gender identity and gender expression.

Gender expression - Gender expression means a person's gender-related appearance and behavior, regardless of whether it is stereotypically associated with the person's assigned sex at birth.

Gender identity - Gender identity means each person's internal understanding of their gender, or the perception of a person's gender identity, which may include male, female, a combination of male and female, neither male nor female, a gender different from the person's sex assigned at birth, or transgender (2 CCR § 11030).

Hate crime - "Hate crime" includes but is not limited to a violation of Penal Code § 422.6, and means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim:

- (a) Disability
- (b) Gender
- (c) Nationality
- (d) Race or ethnicity
- (e) Religion
- (f) Sexual orientation
- (g) Association with a person or group with one or more of these actual or perceived characteristics:
 1. "Association with a person or group with one or more of these actual or perceived characteristics" includes advocacy for, identification with, or being on the premises owned or rented by, or adjacent to, any of the following: a community center, educational facility, family, individual, office, meeting hall, place of worship, private institution, public agency, library, or other entity, group, or person that has, or is identified with people who have, one or more of the characteristics listed in the definition of "hate crime" under paragraphs 1 to 6, inclusive, of Penal Code § 422.55(a).

Note: A "hate crime" need not be motivated by hate but may be motivated by any bias against a protected characteristic.

Hate incident - A hate incident is an action or behavior motivated by hate or bias but legally protected by the First Amendment right to freedom of expression. Examples of hate incidents include:

- Name-calling
- Insults and epithets
- Distributing hate material in public places

Hate Crimes

- Displaying hate material on your own property

- Fighting words
- True threats
- Perjury
- Blackmail
- Incitement to lawless action
- Conspiracy
- Solicitation to commit any crime

In whole or in part - "In whole or in part because of" means that the bias motivation must be a cause in fact of the offense whether or not other causes also exist. When multiple concurrent motives exist, the prohibited bias must be a substantial factor in bringing about the particular result. There is no requirement that the bias be a main factor, or that a crime would not have been committed but for the actual or perceived characteristic.

Nationality - Nationality means country of origin, immigration status, including citizenship, and national origin.

Race or ethnicity - Race or ethnicity includes ancestry, color, and ethnic background.

Religion - Religion includes all aspects of religious belief, observance, and practice and includes agnosticism and atheism.

Sexual orientation - Sexual orientation means heterosexuality, homosexuality, or bisexuality.

Victim - Victim includes but is not limited to:

- Community center
- Educational facility

320.2 POLICY

Any acts or threats of violence, property damage, harassment, intimidation, or other crimes motivated by hate or bias should be viewed very seriously and given high priority.

This department will employ reasonably available resources and vigorous law enforcement action to identify and arrest hate crime perpetrators. Also, recognizing the particular fears and distress typically suffered by victims, the potential for reprisal and escalation of violence, and the far-reaching negative consequences of these crimes on the community, this department should take all reasonable steps to attend to the security and related concerns of the immediate victims and their families as feasible.

All officers are required to be familiar with the policy and use reasonable diligence to carry out the policy unless directed by the Chief of Police or other command-level officer to whom the Chief of Police formally delegates this responsibility.

Department personnel are also encouraged to learn about the inherent issues concerning their communities in relation to hate crimes.

Although hate incidents are not criminal events, they can be indicators of, or precursors to, hate crimes. Hate incidents should be investigated and documented as part of an overall strategy to prevent hate crimes.

320.3.1 HATE CRIMES COORDINATOR

A department member appointed by the Chief of Police or the authorized designee will serve as the Hate Crimes Coordinator. The responsibilities of the Hate Crimes Coordinator should include but not be limited to (Penal Code § 422.87):

320.3.2 RELEASE OF INFORMATION

Report writing is the subject of substantial formalized training and on-the-job training.

322.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

322.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.

322.2.1 CRIMINAL ACTIVITY

When a member responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the member shall document the incident regardless of whether a victim desires prosecution. Activity to be documented in a written report includes:

- (a) All arrests
- (b) All felony crimes
- (c) Non-Felony incidents involving threats or stalking behavior
- (d) Situations covered by separate policy. These include:

Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

322.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for department consistency.

322.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

323.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities. All media requests/releases of city wide concern and/or regarding city wide emergencies shall be governed by Administrative Regulation AR 1.02.

Media Relations

- (b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.
 - 1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the department Public Information Officer or other designated spokesperson.
 - 2. Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Watch Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).

Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Public Information Officer.

323.3.1 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police or the Assistant Chief. Media Representatives should not be invited to be present at such actions involving Inter-Agency Operations without the prior approval of the Chief of Police or Assistant Chief and the Inter-Agency Incident Command.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. At no time shall identifying information pertaining to a juvenile arrestee (13 years of age and under), victim or witness be publicly released without prior approval of a competent court. Subpoenas and Court Appearances

324.1 PURPOSE AND SCOPE

This policy establishes the guidelines for department members who must appear in court. It will allow the Roseville Police Department to cover any related work absences and keep the Department informed about relevant legal matters.

324.2 POLICY

Roseville Police Department members will respond appropriately to all subpoenas and any other court-ordered appearances.

324.2.1 OFFICER TRIAL NOTICES

The subpoena clerk (investigation records clerk) shall receive all officer trial notices issued for members of this department. The trial notices shall be properly logged and electronically delivered via email and the PlanIt scheduler.

It is incumbent upon any member who receives a trial notice that is in conflict with either another subpoena, scheduled or emergency time off, or a scheduled in-service school, to contact the issuing court regarding the conflict. It is the sole responsibility of the summoned member to coordinate with the court regarding the schedule conflict. When a conflict occurs, the member shall not request dismissal of a case without Supervisor's approval.

All members shall appear in court on the date and time specified on the officer trial notice unless they have previously been released by the court, or received notification from the subpoena clerk via electronic mail, PlanIt scheduler, telephone or voice mail, the court date has changed or been canceled.

Frequently, officer trial notices are issued for the member who has investigated a Vehicle Code or Municipal Code violation wherein other witnesses were present. The court will not subpoena the other witnesses and it is the member's responsibility to ensure any relevant witnesses are subpoenaed.

To subpoena additional witnesses on an officer's trial notice, the member must contact the subpoena clerk. The subpoena clerk will prepare a subpoena for any witnesses the officer deems necessary and ensure the subpoena is properly logged and routed.

If the subpoena is for an individual who resides within the Roseville city limits it will be handled as a criminal subpoena for service as previously outlined. If the subpoenaed individual lives outside of the Roseville city limits, the subpoena will be mailed via U.S. mail to the subpoenaed individual. If insufficient notice has been given for timely service of the witness, the subpoena will be forwarded to the requesting member for personal service.

324.2.2 CRIMINAL SUBPOENAS

The subpoena clerk (investigation records clerk) shall receive all criminal subpoenas issued for members of this Department or citizens residing within the city limits of Roseville. The subpoenas

Roseville Police Department

POLICY MANUAL

Subpoenas and Court Appearances

shall be received, logged and delivered to the appropriate persons for service as outlined below. Criminal subpoenas for citizens shall be forwarded to the community service officers for prompt service. Those subpoenas the subpoena clerk feels should not be served by the community service officers will be referred to patrol officers for service. The determining factor in referring subpoenas to patrol officers for service will be the safety of the CSOs based on the individual to be served or the location of the attempted service. Subpoenas for individuals who appear to be avoiding service of the subpoena or are unable to be contacted during the normal duty hours of the CSOs will be referred to a patrol supervisor for service.

If the member is unable to serve the subpoena during his/her shift, the date, time and reason the subpoena was not served will be noted on the subpoena. When it becomes obvious that the subpoena will not be served prior to the court date, the subpoena shall be returned to the subpoena clerk promptly. A notation on the subpoena will indicate why it is being returned unserved.

Criminal subpoenas received for members of this department will be logged in by the subpoena clerk. Subpoenas will be routed electronically to employees through the PlanIt scheduler. Employees are required to acknowledge receipt of subpoenas by email or through the PlanIt scheduler. Email acknowledgment is accomplished by the subpoenaed employee clicking on the read receipt link contained within the court appearance notification. Acknowledgment through PlanIt scheduler is accomplished by the subpoenaed employee logging into the PlanIt scheduler application on their department issued cellular phone or the PlanIt scheduler web address. Once logged in the employee shall click the court appearances link which will display pending subpoenas. The employee shall be responsible for acknowledging pending subpoenas by selecting "view" on the appearance page. The employee shall click the "acknowledge" tab to confirm service of the entered subpoena.

Under no circumstances shall a member refuse or avoid service of a criminal subpoena.

It is incumbent upon any member who is served a subpoena that is in conflict with either another subpoena, scheduled or emergency time off or a scheduled in-service school, to contact the issuing agency regarding the conflict. It is the sole responsibility of the subpoenaed member to coordinate with the issuing agency regarding the conflict.

All members shall appear in court on the date and time specified on the subpoena unless they have been previously released by the issuing agency or received notification from the subpoena clerk via email, PlanIt scheduler, telephone, or voice mail that the court date has been changed or canceled.

It is not uncommon for the District Attorney's office to designate the primary case officer as the "investigating officer" to assist with the prosecution of the case. In major cases the police department is supportive of the District Attorney utilizing an investigating officer. Officers shall notify the on duty watch commander when they are requested to act as the "investigating officer" prior to committing to the request. The watch commander will assess the District Attorney's request to ensure it does not significantly impact staffing levels before final agreement of the "investigating

Roseville Police Department

POLICY MANUAL

officer" is made. Once watch commander approval is given, the officer will comply with the request and notify the District Attorney's office of their agreement.

324.3 SUBPOENAS

Only department members authorized to receive a subpoena on behalf of this department or any of its members may do so.

The party that issues a civil subpoena to an officer to testify as a witness must tender the statutory fee of \$275 with the subpoena for each day that an appearance is required before service is accepted of the subpoena (Government Code § 68097.2).

An immediate supervisor or authorized individual may refuse to accept service for a criminal subpoena if (Penal Code § 1328(d)(e)):

- (a) He/she knows that he/she will be unable to deliver a copy of the subpoena to the named officer within sufficient time for the named officer to comply with the subpoena.
- (b) It is less than five working days prior to the date listed for an appearance and he/she is not reasonably certain that service can be completed.

If, after initially accepting service of a criminal subpoena, a supervisor or other authorized individual determines that he/she is unable to deliver a copy of the subpoena to the named officer within sufficient time for the named officer to comply with the subpoena, the supervisor or the subpoena clerk shall notify the server or the attorney named on the subpoena of such not less than 48 hours prior to the date listed for the appearance (Penal Code § 1328(f)).

324.3.1 SPECIAL NOTIFICATION REQUIREMENTS

Any member who is subpoenaed to testify, agrees to testify or provides information on behalf of or at the request of any party other than the City Attorney or the prosecutor shall notify his/her immediate supervisor without delay regarding:

- (a) Any civil case where the City or one of its members, as a result of his/her official capacity, is a party.
- (b) Any civil case where any other city, county, state or federal unit of government or a member of any such unit of government, as a result of his/her official capacity, is a party.
- (c) Any criminal proceeding where the member is called to testify or provide information on behalf of the defense.
- (d) Any civil action stemming from the member's on-duty activity or because of his/her association with the Roseville Police Department.
- (e) Any personnel or disciplinary matter when called to testify or to provide information by a government entity other than the Roseville Police Department.

The supervisor will then notify the Chief of Police and the appropriate prosecuting attorney as may be indicated by the case. The Chief of Police should determine if additional legal support is necessary.

Roseville Police Department

POLICY MANUAL

Subpoenas and Court Appearances

No member shall be retaliated against for testifying in any matter.

324.3.2 CIVIL SUBPOENA

The Department will compensate members who appear in their official capacities on civil matters arising out of their official duties, as directed by the current memorandum of understanding or collective bargaining agreement.

The Department should seek reimbursement for the member's compensation through the civil attorney of record who subpoenaed the member.

324.3.3 OFF-DUTY RELATED SUBPOENAS

Members receiving valid subpoenas for off-duty actions not related to their employment or appointment will not be compensated for their appearance. Arrangements for time off shall be coordinated through their immediate supervisors.

324.3.4 COURTROOM APPEARANCE GUIDE

[Please utilize the attached guide for help navigating the new subpoena system: Court Appearance Guide 2021.pdf](#)

324.4 FAILURE TO APPEAR

Any member who fails to comply with the terms of any properly served subpoena or court-ordered appearance may be subject to discipline. This includes properly served orders to appear that were issued by a state administrative agency.

324.5 STANDBY

To facilitate standby agreements, members are required to provide and maintain current information on their addresses and contact telephone numbers with the Department, via PlanIt scheduler.

If a member on standby changes his/her location during the day, the member shall notify the designated department member of how he/she can be reached. Members are required to remain on standby until released by the court or the party that issued the subpoena.

324.6 COURTROOM PROTOCOL

When appearing in court, members shall:

- (a) Be punctual and prepared to proceed immediately with the case for which they are scheduled to appear.
- (b) Dress in the department uniform or business attire.
- (c) Observe all rules of the court in which they are appearing and remain alert to changes in the assigned courtroom where their matter is to be heard.

325.2.4 EMPLOYEES WORKING AS RESERVE OFFICERS

Qualified employees of this department, when authorized, may also serve as reserve officers. However, the Department must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws or labor agreements (e.g., a detention officer working as a reserve officer for reduced or no pay). Therefore, the Reserve Coordinator should consult the Department of Human Resources prior to an employee serving in a reserve or volunteer capacity (29 CFR 553.30).

325.3 DUTIES OF RESERVE OFFICERS

Reserve officers assist regular officers in the enforcement of laws and in maintaining peace and order within the community. Roseville Police Department

POLICY MANUAL

Level I reserve officers may function under the authority of Penal Code § 832.6(a)(1) only for the duration of the assignment or purpose for which the authorization was granted.

In the absence of the Reserve Coordinator and the Division Commander, the Watch Commander may assign a certified Level I reserve officer to function under the authority of Penal Code § 832.6(a)(1) for specific purposes and duration.

325.5.2 RESERVE OFFICER MEETINGS

All reserve officer meetings will be scheduled and conducted by the Reserve Coordinator. All reserve officers are required to attend scheduled meetings. Any absences must be satisfactorily explained to the Reserve Coordinator.

325.5.3 IDENTIFICATION OF RESERVE OFFICERS

All reserve officers will be issued a uniform badge and a Department identification card. The uniform badge shall be the same as that worn by a regular full-time officer. The identification card will be the standard identification card with the exception that "Reserve" will be indicated on the card.

325.5.4 UNIFORM

Reserve officers shall conform to all uniform regulation and appearance standards of this department.

325.5.5 INVESTIGATIONS AND COMPLAINTS

If a reserve officer has a complaint made against him/her or becomes involved in an internal investigation, that complaint or internal investigation may be investigated by the Reserve Coordinator, at the discretion of the Operations Division Commander.

Reserve officers are considered at-will employees. Government Code § 3300 et seq. applies to reserve officers with the exception that the right to hearing is limited to the opportunity to clear their name.

Roseville Police Department

POLICY MANUAL

Reserve Officers

Any disciplinary action that may have to be administered to a reserve officer shall be accomplished as outlined in the Policy Manual.

325.5.6 RESERVE OFFICER EVALUATIONS

While in training reserves will be continuously evaluated using standardized daily and weekly observation reports. The reserve will be considered a trainee until all of the training phases have been completed. Reserves having completed their field training will be evaluated annually using performance dimensions applicable to the duties and authorities granted to that reserve.

325.6 FIREARMS REQUIREMENTS

Penal Code § 830.6(a)(1) designates a reserve officer as having peace officer powers during his/her assigned tour of duty, provided the reserve officer qualifies or falls within the provisions of Penal Code § 832.6.

325.6.1 CARRYING WEAPON ON DUTY

Penal Code § 830.6(a)(1) permits qualified reserve officers to carry a loaded firearm while on-duty. It is the policy of this department to allow reserves to carry firearms only while on-duty or to and from duty.

325.6.2 CONCEALED FIREARMS PROHIBITED

No reserve officer will be permitted to carry a concealed firearm while in an off-duty capacity, other than to and from work, except those reserve officers who possess a valid CCW permit. An instance may arise where a reserve officer is assigned to a plainclothes detail for his/her assigned tour of duty. Under these circumstances, the reserve officer may be permitted to carry a weapon more suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

Any reserve officer who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to departmental standards. The weapon must be registered by the reserve officer and be inspected and certified as fit for service by a departmental armorer.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve officer shall have demonstrated his/her proficiency with said weapon.

When a reserve officer has satisfactorily completed all three phases of training (as outlined in the Field Training section), he/she may be issued a permit to carry a concealed weapon. The decision to issue a concealed weapon permit will be made by the Chief of Police with input from the Reserve Program Coordinator and administrative staff. In issuing a concealed weapon permit a reserve officer's qualification will be individually judged. A reserve officer's dedication to the program and demonstrated maturity, among other factors, will be considered before a concealed weapon permit will be issued. Once issued, the concealed weapon permit will be valid only for as long as the reserve officer remains in good standing as a Reserve Officer with the Roseville Police Department.

325.7 EMERGENCY CALL-OUT FOR RESERVE PERSONNEL

Outside Agency Assistance

326.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

326.2 POLICY

It is the policy of the Roseville Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

326.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Watch Commander's office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Watch Commander may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, it shall be documented in the Computer Aided Dispatch Record or in appropriate report.

326.3.1 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Roseville Police Department shall notify his/her supervisor or the Watch Commander and the Communications Center as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

326.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

Roseville Police Department

POLICY MANUAL

Outside Agency Assistance

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

326.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented as directed by the Watch Commander.

Registered Offender Information

327.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Roseville Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

327.2 POLICY

It is the policy of the Roseville Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

327.3 REGISTRATION

The Investigations Unit supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

327.3.1 CONTENTS OF REGISTRATION

The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph, and any other information required by applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

327.4 MONITORING OF REGISTERED OFFENDERS

The Investigations Unit Supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information on the California DOJ website for sex offenders.
- (c) Contact with a registrant's parole or probation officer.

Roseville Police Department

POLICY MANUAL

Registered Offender Information

Any discrepancies should be reported to the California DOJ.

The Investigations Unit Supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Roseville Police Department personnel, including timely updates regarding new or relocated registrants.

327.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Roseville Police Department's website. Information on sex registrants placed on the Roseville Police Department's website shall comply with the requirements of Penal Code § 290.46.

The Records Manager may release local registered offender information to residents only in accordance with applicable law (Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1), and in compliance with a California Public Records Act (Government Code § 6250-6276.48) request.

327.5.1 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY

California law allows the following additional information regarding a registered sex offender on campus, whose information is not available to the public via the internet website, to be released to a campus community (Penal Code § 290.01(d)):

- (a) The offender's full name
- (b) The offender's known aliases
- (c) The offender's sex
- (d) The offender's race
- (e) The offender's physical description
- (f) The offender's photograph
- (g) The offender's date of birth
- (h) Crimes resulting in the registration of the offender under Penal Code § 290
- (i) The date of last registration

For purposes of this section, campus community shall be defined as those persons present at or regularly frequenting any place constituting campus property, satellite facilities, laboratories, public areas contiguous to the campus and other areas set forth in Penal Code § 290.01(d).

Roseville Police Department

POLICY MANUAL

Registered Offender Information

327.5.2 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.
- (f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code 290.45).

Death Investigation

329.1 PURPOSE AND SCOPE

The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

329.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (e.g., decapitated, decomposed). A supervisor shall be notified in all death investigations.

329.2.1 CORONER REQUEST

Government Code § 27491 and Health & Safety Code § 102850 direct the Coroner to inquire into and determine the circumstances, manner and cause of certain deaths. The Coroner shall be called in any of the following cases:

- (a) Unattended deaths (No physician in attendance or during the continued absence of the attending physician. Also, includes all deaths outside hospitals and nursing care facilities).

329.2.2 SEARCHING DEAD BODIES

The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). If such a donor card is located, the Coroner or a designee shall be promptly notified. Should exigent circumstances indicate to an officer that any search of a known dead body is warranted prior to the arrival of the Coroner or a designee; the investigating officer shall first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2).

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

329.2.3 PHOTOGRAPHING DECEASED

Officers responding to the scene of an accident or crime shall not photograph a deceased person for any purpose other than an official law enforcement purpose or genuine public interest (Penal Code § 647.9).

329.2.4 DEATH NOTIFICATION

If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be

329.2.5 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Coroner arrives, the Coroner's office will issue a "John Doe" or "Jane Doe" number for the report.

329.2.6 DEATH INVESTIGATION REQUIRING CORONER RESPONSE

All incidents involving a death investigation with Coroner response shall be documented in a Services Report. The Services Report should minimally include the following

- (a) The name of the deceased person and their identifying information, if known.
- (b) The reporting person's name and contact information.
- (c) A brief narrative describing the scene and the location and position of the deceased.

329.2.7 EMPLOYMENT RELATED DEATHS OR INJURIES

Any member of this agency who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment shall ensure that the nearest office of Cal-OSHA is notified by telephone immediately or as soon as practicable with all pertinent information (8 CCR 342(b)). Cal-OSHA Sacramento District Office can be contacted at 2424 Arden Way, Suite 165 Sacramento, CA 95825 (916)263-2800 24 hour contact number.

329.2.8 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Investigations Division shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

Identity Theft

330.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

330.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
 - 1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).
- (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.
- (e) The reporting officer should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.
- (f) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

Private Persons Arrests

331.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

331.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Penal Code § 836(b) expressly mandates that all officers shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

331.3 ARRESTS BY PRIVATE PERSONS

Penal Code § 837 provides that a private person may arrest another:

- (a) For a public offense committed or attempted in his or her presence;
- (b) When the person arrested has committed a felony, although not in his or her presence;
- (c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

331.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

- (a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

Roseville Police Department

POLICY MANUAL

- (b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
1. Take the individual into physical custody for booking
 2. Release the individual pursuant to a Notice to Appear
 3. Release the individual pursuant to Penal Code § 849
- (c) Officers shall take the following actions prior to taking a person into custody based on a private person arrest:

 1. Their intention to place them under arrest
 2. The cause of the arrest / offense being charged with
 3. The authority to make the arrest
 - (b) Officers may assist in this process if there are safety concerns or if the crime is currently on-going. As an example, if there is a safety concern or the crime is on-going, the officer may complete the private person's arrest form, have the complainant sign the form, then the officer may complete the items listed above.
 2. Officers will complete the private person's arrest form and have the person making the private person's arrest sign the private person's arrest form.

331.5 REPORTING REQUIREMENTS

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.

Limited English Proficiency Services

333.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

333.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Roseville Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

333.2 POLICY

It is the policy of the Roseville Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

333.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Operations Division Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

Roseville Police Department

POLICY MANUAL

 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.

- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

333.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

POLICY MANUAL

Limited English Proficiency Services

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

333.5 TYPES OF LEP ASSISTANCE AVAILABLE

Roseville Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

333.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

333.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

333.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

Roseville Police Department

POLICY MANUAL

Limited English Proficiency Services

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the City as having the requisite skills and competence, may be requested.

333.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by Human Resources which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

333.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

Limited English Proficiency Services

333.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

333.10 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

333.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Roseville Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

333.11.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in the Communications Center, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Roseville Police Department

POLICY MANUAL

Limited English Proficiency Services

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

333.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

333.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

Roseville Police Department

POLICY MANUAL

Limited English Proficiency Services

333.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

333.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

333.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the Professional Standards Unit with assistance from the LEP Coordinator as needed.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

333.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

333.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

Roseville Police Department

POLICY MANUAL

Limited English Proficiency Services

The Training Manager shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

333.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Manager shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

334.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

334.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

334.2 POLICY

It is the policy of the Roseville Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

334.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Operations Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the City ADA coordinator regarding the Roseville Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.

Roseville Police Department

POLICY MANUAL

Communications with Persons with Disabilities

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Communications Manager. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

334.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

Roseville Police Department

POLICY MANUAL

Communications with Persons with Disabilities

334.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Roseville Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

334.6 TYPES OF ASSISTANCE AVAILABLE

Roseville Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Roseville Police Department

POLICY MANUAL

Communications with Persons with Disabilities

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

334.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

334.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

334.8.1 SIGN LANGUAGE INTERPRETER SERVICES

Emergency Sign Language Interpreter Services - When a member of the Roseville Police Department requires emergency sign language interpreter services they shall first obtain watch commander approval because of the associated cost(s). Once the watch commander has approved the request for a sign language interpreter, the primary officer shall contact Norcal Center for Deafness Emergency Services call center at 916-236-1184. The primary officer shall provide detail about the nature of the interpretation services requested, the location they need the interpreter to respond and their cell phone number for call back. The Roseville Police Department

Roseville Police Department

POLICY MANUAL

Communications with Persons with Disabilities

has a contract with Norcal Center for Deafness and will be billed directly. The interpreter has a 1 hour response time from the time they are dispatched.

Pre-planned Sign Language Interpreter Services -When a member of the Roseville Police Department requires pre-planned sign language interpreter services they shall first obtain approval from their Lieutenant because of the associated cost(s). An example of a pre-planned sign language interpreter services would be for a Detective interviewing a witness, victim, etc. at a scheduled time. Once the Lieutenant has approved the request for a sign language interpreter, the primary officer shall contact Norcal Center for Deafness during normal business hours (Monday through Friday 0830-1730) to schedule interpretation services at 916-349-7525 or email the request form to AR@Norcalcenter.org. The primary officer shall provide detail about the nature of the interpretation services requested, the location they need the interpreter to respond and their cell phone number for call back. The Roseville Police Department has a contract with Norcal Center for Deafness and will be billed directly.

Here is a link to the Request form and for more information about Norcal Center for Deafness: [See attachment: NORCAL CENTER FOR DEAFNESS.pdf](#)

334.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

334.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

Roseville Police Department

POLICY MANUAL

Communications with Persons with Disabilities

334.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

334.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

334.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

Roseville Police Department

POLICY MANUAL

Communications with Persons with Disabilities

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

334.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

334.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

334.15 ARREST AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

Roseville Police Department

POLICY MANUAL

Communications with Persons with Disabilities

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

334.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the Professional Standards Unit with the assistance of the ADA Coordinator as needed.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

334.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

334.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Training Manager shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

Communications with Persons with Disabilities

334.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all the Communications Center members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

Mandatory Employer Notification

335.2.4 ARREST OF COMMUNITY COLLEGE INSTRUCTOR

In the event a teacher or instructor employed in a community college district school is arrested for any controlled substance offense enumerated in Health and Safety Code § 11591.5 or Health and Safety § 11364, in so far as that section relates to Health and Safety Code § 11054(d)(9), or for any of the offenses enumerated in Penal Code § 290 or in Penal Code § 261(a)(1), the Chief of Police or the authorized designee is mandated to immediately notify by telephone the superintendent of the community college district employing the person, and shall immediately give written notice of the arrest to the California Community Colleges Chancellor's Office (Health and Safety Code § 11591.5; Penal Code § 291.5).

335.3 POLICY

The Roseville Police Department will meet the reporting requirements of California law to minimize the risks to children and others.

335.4 ARREST OF PERSONS EMPLOYED IN COMMUNITY CARE FACILITIES

In the event an employee of a community treatment facility, a day treatment facility, a group home, a short-term residential treatment center or a foster family agency is arrested for child abuse (as defined in Penal Code § 11165.6) and the employee is free to return to work where children are present, the investigating member shall notify the licensee of the charge of abuse (Health and Safety Code § 1522.2).

Child and Dependent Adult Safety

336.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Senior and Disability Victimization policies.

336.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Roseville Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

336.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

POLICY MANUAL

Child and Dependent Adult Safety

336.3.1 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

336.3.2 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.

Roseville Police Department

POLICY MANUAL

Child and Dependent Adult Safety

1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
 - (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
 - (d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.
 - (e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

336.3.3 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

336.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

336.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car, or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

336.5 TRAINING

The Training Manager is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).

Service Animals

337.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

337.1.1 DEFINITIONS

Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

337.2 POLICY

It is the policy of the Roseville Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

337.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with

POLICY MANUAL

Service Animals

schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

337.4 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Roseville Police Department affords to all members of the public (28 CFR 35.136).

337.4.1 INQUIRY

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

337.4.2 CONTACT

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

337.4.3 REMOVAL

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

337.4.4 COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service

Roseville Police Department

POLICY MANUAL

Service Animals

animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

Volunteer Program

338.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and are proven to be a valuable asset to law enforcement agencies. Volunteers help to increase departmental responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

The Volunteer Coordinator should work with other Department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator, or his/her designee, shall be responsible for the following:

- (a) Recruiting, selecting and training qualified volunteers for various positions.
- (b) Facilitating the implementation of new volunteer activities and assignments.

Roseville Police Department

POLICY MANUAL

Volunteer Program

338.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time-frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

338.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A background investigation shall be completed on each volunteer applicant. A CVSA exam will be required of each applicant depending on the type of assignment.

338.2.4 SELECTION AND PLACEMENT

Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

338.2.5 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

Roseville Police Department

POLICY MANUAL

Volunteer Program

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

338.2.6 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to the volunteer coordinator any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

- (a) Driver license
- (b) Medical condition
- (c) Arrests
- (d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

338.2.7 DRESS CODE

As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

338.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Department must have a clearly identified Supervisor or Roseville PD Employee who is responsible for direct management of that volunteer. This Supervisor or Roseville PD Employee will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer supervisor lead may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Roseville Police Department

POLICY MANUAL

Volunteer Program

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

338.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

338.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn at all times while on-duty. Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.

338.5.1 VEHICLE USE

Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

- (a) A driving safety briefing and completion of City of Roseville online defensive driving course.
- (b) Verification that the volunteer possesses a valid California Driver License.
- (c) Verification that the volunteer carries current vehicle insurance.

Roseville Police Department

POLICY MANUAL

Volunteer Program

The Volunteer Coordinator should insure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating the vehicle is not being driven by a sworn officer. Volunteers are not authorized to operate a Department vehicle Code-3.

338.5.2 RADIO AND MDC USAGE

Volunteers shall successfully complete CLETS and radio procedures training prior to using the police radio or MDC and comply with all related provisions. The Volunteer Coordinator should ensure that radio and CLETS training is provided for volunteers whenever necessary.

338.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Chief of Police or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

Off-Duty Law Enforcement Actions

339.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Roseville Police Department with respect to taking law enforcement action while off-duty.

339.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

339.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms and Qualification Policy. When carrying firearms while off-duty officers shall also carry their department-issued identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the officer's senses or judgment.

339.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, OC or baton.

Roseville Police Department

POLICY MANUAL

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

339.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as a Roseville Police Department officer until acknowledged. Official identification should also be displayed.

339.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

339.4.3 CIVILIAN RESPONSIBILITIES

Professional Staff personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

339.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

339.5 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

343.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of trespass cases and specifically the use of the Roseville Police Department Notice of Trespass form and the Roseville Police Department Agent Authorization form.

343.2 AGENT AUTHORIZATION FORM

The purpose of the form is to allow a property owner, or representative of the property, to officially allow the Roseville Police Department to act as their agent when encountering any person(s) who are on the property without consent or without lawful purpose. The Agent Authorization Form is intended to prevent all persons from entering a specific property.

343.2.1 OFFICER RESPONSIBILITIES

Upon request by property owner or agent to authorize the Roseville Police Department to enforce trespass laws on their property, Officers should:

- (a) Verify that the property has appropriate “No Trespassing” signs posted every 100 feet.
- (b) Complete the Agent Authorization form and have the owner or agent sign the form. Submit the signed form to the Records Unit for entry.
- (c) Complete the Premise Alert Request form and submit the form to the Records Unit for entry.
- (d) Complete and submit a case report with only a details and summary tab completed.

343.2.2 COMMUNICATIONS CENTER RESPONSIBILITIES

Upon receiving the Premise Alert Request form, the Communications Center shall:

- (a) Enter a premise hazard for the listed property, which expires one year from the issue date. The Incident number, effective date, and Officer who completed the form should be included.
- (b) The form will then be sent to Records to be scanned.

343.2.3 RECORDS RESPONSIBILITIES

Upon receiving an Agent Authorization form and Premise Alert Request form, Records will scan the forms into the appropriate incident.

343.3 NOTICE OF TRESPASS TO INDIVIDUAL

The purpose of the Notice of Trespass form is to serve as an official notice that a specific person is not allowed at the location at the direction of the property owner or their agent. It will also serve as documentation that a warning has been given, and to aid in the prosecution of subsequent violations.

Roseville Police Department

POLICY MANUAL

NOTICE OF TRESPASS

The existence of the Notice of Trespass form should not keep the Officer from taking enforcement action on initial contact, where legal authority exists, and the owner/agent desires a private person's arrest of the subject.

343.3.1 OFFICER RESPONSIBILITIES

Upon being alerted to a subject who is trespassing, Officers should contact the owner or agent of the property. Depending on the desire of the owner or agent, the Officer may accept a private person arrest of the subject for trespassing, issue a verbal warning, or issue the subject a Notice of Trespass form serving as a written warning, or used in combination with a private person arrest. If the officer issues a Notice of Trespass form, the officer should:

- (a) Complete the Notice of Trespass form and have the owner/agent sign the form.
 - 1. The pink copy should be given to the violator, and the yellow copy should be given to the owner/agent for their records. The white copy will serve as the report and be submitted to records.
- (b) Complete and submit a case report with only a detail, synopsis, and subject tab.
 - 1. If more than one subject is trespassed, a subject entry shall be made for each subject.

343.3.2 SERVICE OF NOTICE OF TRESPASS

- (a) The Notice of Trespass form will be completed by the Officer, and signed by the owner or agent.
- (b) The pink copy should be given to the violator, and the yellow copy should be given to the owner/agent for their records. The white copy will serve as the report and be submitted to records.
- (c) The CAD call should be cleared as necessary. It is not necessary to clear the call with a report taken, absent another report being written.

343.3.3 RECORDS RESPONSIBILITIES

Upon receiving a Notice of Trespass form, Records shall:

- (a) Scan the form into the appropriate incident.
- (b) An alert shall be placed on the subject's global jacket, including the following information:
 - 1. Location address
 - 2. Date of Service
 - 3. Incident number
 - 4. Officer serving notice

Roseville Police Department

POLICY MANUAL

NOTICE OF TRESPASS

343.3.4 COMMUNICATIONS CENTER RESPONSIBILITIES

When an Officer runs a query of a subject who has a trespass alert on their global jacket, the Communications Center should advise the Officer that the alert exists, and provide details as needed.

343.4 ENFORCEMENT OF TRESPASS BY OFFICER

If the subject is personally observed on the property, and has previously been served with a Notice of Trespass, the subject may be arrested or cited at the discretion of the Officer. No private persons arrest is necessary, as the subject has committed a misdemeanor in the presence of the Officer. If the subject is no longer on the property, but has been seen on the property by a witness, it will be considered a misdemeanor not committed in the Officer's presence, therefore a private person's arrest will be required to take enforcement action.

Upon enforcement of trespass by arrest or citation, a report shall be written, which is connected to the original case number when the subject was initially served. The report should include the relevant information from the original form, to include the date and location of service, and the name of the owner or agent who originally signed the form.

The Officer should later contact the owner or agent of the property to advise of the enforcement action taken and to verify they still desire prosecution of the subject.

343.5 PROTECTED FIRST AMENDMENT ACTIVITY

This Notice of Trespass form shall not be used when a person is engaged in activity which is protected under the First Amendment, including, but not limited to: peaceful protest, assembly, or government petitioning.

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of the patrol unit of the Department to ensure intra-department cooperation and information sharing.

400.1.1 FUNCTION

Officers will generally patrol in clearly marked vehicles, patrol assigned jurisdictional areas of Roseville, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours per day seven days per week.

Patrol will generally provide the following services within the limits of available resources:

- (a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order, and the discovery of hazardous situations or conditions
- (b) Crime prevention activities such as residential inspections, business inspections, community presentations, etc.
- (c) Calls for service, both routine and emergency in nature
- (d) Investigation of both criminal and non-criminal acts
- (e) The apprehension of criminal offenders
- (f) Community Oriented Policing and Problem Solving activities such as citizen assists and individual citizen contacts of a positive nature
- (g) The sharing of information with other divisions within the Department, as well as other outside governmental agencies
- (h) The application of resources to specific problems or situations within the community, which may be improved or resolved by Community Oriented Policing and problem solving strategies
- (i) Traffic direction and control

400.1.2 TERRORISM

It is the goal of the Roseville Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI). The supervisor should ensure that all terrorism related reports and FIs are forwarded to the Investigations Unit Supervisor in a timely fashion.

400.1.3 PATROL RESPONSE TO CALLS

In general, routine report calls will not be assigned to personnel, as the primary unit, within 60 minutes prior to the end of their shift. The Roseville Police Department is committed to a high

Roseville Police Department

POLICY MANUAL

Patrol Function

service level and this policy is not meant to cause excessive delay in our response times, but is intended to reduce overtime.

400.1.4 PROCEDURE

- (a) Personnel assigned to patrol/traffic shall respond to all calls to which they are dispatched. If personnel are down reports, or if it appears the call will require extensive investigation or follow-up, personnel should contact their supervisor and ask if another unit should be assigned as the primary unit.
- (b) In progress calls or high priority calls will normally be dispatched to the closest available unit. In general, Dispatch will not assign personnel to routine report calls within the last 60 minutes of their shift. If the primary dispatched unit is going off duty within 60 minutes, dispatchers should assign a secondary unit (from the shift remaining on duty), for report taking purposes, as soon as another unit is available.
- (c) Supervisors and Dispatch should monitor dispatched calls and try to assign units appropriately when it is nearing the end of an employee's shift. Supervisors will monitor their employees work load to ensure that they are clear from routine responses to accomplish report writing near the end of their shift.
- (d) Patrol/traffic personnel will remain in the field and available for calls until 15 minutes prior to the end of their shift unless they are report writing or conducting other authorized duties. All personnel should attempt to accomplish report writing in the field whenever practical.

400.1.5 BEAT RESPONSIBILITY

In order to remain consistent, the primary unit dispatched to a call will be based on where the incident occurred. For example, if the incident occurred in Beat 6 but the caller drives to a different location to report the incident (i.e. PD front counter, hospital, home, etc.), then the Beat 6 officer will be dispatched to the call.

All calls that originate at Sutter Roseville Medical Center (SRMC) will be handled in accordance with [Roseville Police Department Procedural Manual: 1121.2.2 CALLS FOR SERVICE](#).

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intra-department cooperation and information flow between the various divisions of the Roseville Police Department.

400.2.1 CRIME ANALYSIS UNIT

The Crime Analysis Unit (CAU) will be the central unit for information exchange. Criminal information and intelligence reports can be submitted to the Records Unit for distribution to all divisions within the Department through daily and special bulletins.

400.2.2 CRIME REPORTS

A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate bureau for retention or follow-up investigation.

Roseville Police Department

POLICY MANUAL

Patrol Function

400.2.3 PATROL BRIEFINGS

Patrol supervisors, detective sergeants, and special unit sergeants are encouraged to share information as much as possible. All supervisors and/or officers will be provided an opportunity to share information at the daily patrol Briefings as time permits.

400.3 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns. Officers should consider enforcement of applicable state and local laws.

Bias-Based Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Roseville Police Department's commitment to policing that is fair and objective. The intent of this policy is to increase the Department's effectiveness as a law enforcement agency and to build mutual trust and respect with the city's diverse groups and communities.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

401.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (Penal Code § 13519.4).

Racial or Identity Profiling - the consideration of, or reliance on, to any degree, actual or perceived race, color, ethnicity, national origin, age, religion, gender identity or expression, sexual orientation, or mental or physical disability in deciding which persons to subject to a stop or in deciding upon the scope or substance of law enforcement activities following a stop, except that an officer may consider or rely on characteristics listed in a specific suspect description.

Implicit Bias - the attitudes or stereotypes that affect a person's understanding, actions, and decisions in an unconscious manner. These biases, which encompass both favorable and unfavorable assessments, are activated involuntarily and without an individual's awareness or intentional control. Implicit biases are different from known biases that individuals may choose to conceal.

Bias by Proxy - when an individual calls/contacts the police and makes false or ill-informed claims of misconduct about persons they dislike or are biased against based on explicit racial and identity profiling or implicit bias. When the police act on a request for service based in unlawful bias, they risk perpetuating the caller's bias. Sworn and professional staff should use their critical decision-making skills, drawing upon their training to assess whether there is criminal conduct.

401.2 POLICY

The Roseville Police Department is committed to providing law enforcement services to the community without being unduly influenced toward the racial, cultural or other differences of those served. The Department is committed to providing services and enforcing the laws in a professional, nondiscriminatory, fair, and equitable manner that keeps both the community and officers safe and protected.

Roseville Police Department

POLICY MANUAL

Bias-Based Policing

Department personnel must not delay or deny policing services based on an individual's actual or perceived personally identifying characteristics.

All Department personnel, including dispatchers and professional staff, are responsible for understanding and complying with this policy. All Department personnel share the responsibility of preventing bias-based policing and shall report any violations of this policy they observe or of which they have knowledge.

At no time shall any member retaliate against any person who complains of biased policing or expresses negative views about them or law enforcement in general.

401.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes. Except as provided above, officers shall not consider personal characteristics in establishing either reasonable suspicion or probable cause.

401.3.1 CALIFORNIA RELIGIOUS FREEDOM ACT

Members shall not collect information from a person based on religious belief, practice, affiliation, national origin or ethnicity unless permitted under state or federal law (Government Code § 8310.3).

- (a) In compiling personal information about a person's religious belief, practice, affiliation, national origin or ethnicity.
- (b) By investigating, enforcing or assisting with the investigation or enforcement of any requirement that a person register with the federal government based on religious belief, practice, or affiliation, or national origin or ethnicity.

401.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

To cultivate and foster transparency and trust with all communities, each Department member shall do the following when conducting pedestrian or vehicle stops or otherwise interacting with members of the public, unless circumstances indicate it would be unsafe to do so:

- (a) Be courteous, professional, and respectful.
- (b) State the reason for the stop as soon as practicable, unless providing this information will compromise officer or public safety or a criminal investigation.

Roseville Police Department

POLICY MANUAL

Bias-Based Policing

- (c) Reasonably answer questions that the individual may have about the stop.
- (d) Ensure that a detention is no longer than necessary to take appropriate action for the known or suspected offense and Department member convey the purpose of any reasonable delays.
- (e) All personnel, including dispatchers and professional staff, shall not use harassing, intimidating, derogatory, or prejudiced language, including profanity or slurs, particularly when related to an individual's actual or perceived personal characteristics.
- (f) Dispatchers and sworn personnel shall be aware of and take steps to curb the potential for bias by proxy in a call for service.
- (g) Officers should draw upon their training and use their critical decision-making skills to assess whether there is criminal conduct and to be aware of implicit bias and bias by proxy when carrying out their duties.
- (h) All personnel, including dispatchers and professional staff, shall aim to build community trust through all actions they take, especially in response to bias-based reports.

401.4.1 REASON FOR CONTACT

Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

401.4.2 REPORTING OF STOPS

As required by the California Racial and Identity Profiling Act of 2015, Roseville Police Department is required to collect data on: (a) civilian complaints that allege racial and identity profiling and (b) perceived demographic and other detailed data regarding pedestrian and traffic stops. The data to be collected for stops includes, among other things, perceived race or ethnicity, approximate age, gender, LGBT status, limited or no English fluency, or perceived or known disability, as well as other data such as the reason for the stop, whether a search was conducted, and the results of any such search. All agencies must report this data to the California Department of Justice.

Unless an exception applies under 11 CCR 999.227, an officer conducting a stop of a person shall collect the data elements required by 11 CCR 999.226 for every person stopped and prepare a stop data report. When multiple officers conduct a stop, the officer with the highest level of engagement with the person shall collect the data elements and prepare the report (11 CCR 999.227).

Roseville Police Department

POLICY MANUAL

Bias-Based Policing

The stop data report should be completed by the end of the officer's shift or as soon as practicable (11 CCR 999.227).

The Department should regularly analyze data to assist in identifying practices that may have a disparate impact on any group relative to the general population.

401.5 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Peace Officers Bill of Rights (Government Code 3300-3312) and the Internal Affairs Investigations Policy.

- (a) All sworn members of this department will be scheduled to attend Peace Officer Standards and Training (POST)-approved training on the subject of bias-based policing.
- (b) Pending participation in such POST-approved training and at all times, all members of this department are encouraged to familiarize themselves with and consider racial and cultural differences among members of this community.
- (c) Each sworn member of this department who received initial bias-based policing training will thereafter be required to complete an approved refresher course every five years, or sooner if deemed necessary, in order to keep current with changing racial, identity and cultural trends (Penal Code § 13519.4(i)).
- (d) Officers should be mindful of their training on implicit bias and regularly reflect on specific ways their decision-making may be vulnerable to implicit bias.

Roseville Police Department

POLICY MANUAL

Briefing Training

402.1 PURPOSE AND SCOPE

Briefing training is generally conducted at the beginning of the officer's assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct Briefing; however officers may conduct Briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

Crime And Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

403.2 POLICY

It is the policy of the Roseville Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

403.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

403.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

Roseville Police Department

POLICY MANUAL

Crime And Disaster Scene Integrity

403.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

403.6 EXECUTION OF HEALTH ORDERS

Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

Special Operations Unit

404.1 PURPOSE AND SCOPE

The Special Operations Unit is comprised of three specialized teams: the Crisis Negotiation Team (CNT), the Rapid Containment Team (RCT), and the Special Weapons and Tactics Team (SWAT). These units have been established to provide specialized support in handling critical field operations where intense negotiations and special tactical deployment methods are required.

404.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

The Policy Manual sections pertaining to the Special Operations Unit (SOU) are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to department personnel allowing for appropriate on scene decision making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

404.2 MANAGEMENT AND SUPERVISION VISION OF SPECIAL OPERATIONS UNIT

404.2.1 PRIMARY UNIT MANAGER

Under the direction of the Chief of Police, a Division Commander is the primary Special Operations Manager.

404.2.2 TEAM SUPERVISORS

The Crisis Negotiation Team, the Rapid Containment Team, and the Special Weapons and Tactics Team each will be commanded by a Lieutenant.

404.2.3 TEAM LEADERS

The team leaders shall be selected by the Chief of Police upon specific recommendation by staff and that team's Commander. The following represent that team's team leader's responsibilities.

- (a) The CNT leader's primary responsibility is to supervise the operations of the Negotiation Team which will include deployment, training, first line participation, and other duties as directed by the CNT Commander.
- (b) The Special Weapons and Tactics Team leader's primary responsibility is to supervise the operations of the SWAT Team, which will include deployment, training, first line participation, and other duties as directed by the Tactical Commander.
- (c) The Rapid Containment Team leader's primary responsibility is to supervise the operations of the RCT, which include deployment, training, first line participation and other duties as directed by the Tactical Commander.

POLICY MANUAL

Special Operations Unit

have suicidal tendencies. The following procedures serve as directives for the administrative operation of the CNT.

404.3.1 SELECTION OF PERSONNEL

Interested sworn personnel shall submit a Memorandum of Interest request to the Chief of Police when vacancies occur. Qualified applicants will then be invited to an oral interview. The oral board will consist of the CNT Commander and other personnel selected by the CNT Commander, and a third person to be selected by the two. Interested personnel shall be evaluated by the following criteria:

- (a) Recognized competence and ability as evidenced by performance.
- (b) Demonstrated good judgment and understanding of critical role of negotiator and negotiation process.
- (c) Effective communication skills to ensure success as a negotiator.
- (d) Special skills, training, or appropriate education as it pertains to the assignment.
- (e) Commitment to the unit, realizing that the assignment may necessitate unusual working hours, conditions, and training obligations.

The oral board shall submit a list of successful applicants to the Chief of Police for final selection.

404.3.2 TRAINING OF NEGOTIATORS

Those officers selected as members of the Negotiation Team should attend the Basic Negotiators Course as approved by POST prior to primary use in an actual crisis situation. Untrained officers should be used in a support or training capacity. Additional training will be coordinated by the team supervisor.

A minimum of one training session per quarter will be required to provide the opportunity for situational training necessary to maintain proper skills. This will be coordinated by the team supervisor.

Continual evaluation of a team member's performance and efficiency as it relates to the positive operation of the unit shall be conducted by the team supervisor. Performance and efficiency levels, established by the team supervisor, will be met and maintained by all team members. Any member of the Negotiation Team who performs or functions at a level less than satisfactory shall be dismissed from the unit.

404.4 SWAT TEAM ADMINISTRATIVE PROCEDURES

The SWAT Team was established to provide a skilled and trained team to be deployed during events requiring specialized tactics; for example, in such situations as cases where suspects have taken hostages and/or barricaded themselves. Additionally included are situations in which persons armed or suspected of being armed pose a danger to themselves or others.

The following procedures serve as directives for the administrative operation of the Special Weapons and Tactics Team (SWAT).

- (e) A list of successful applicants shall be submitted to the Chief of Police, by the Tactical Commander, for final selection.

404.4.2 SWAT TRAINING

Training shall be coordinated by the Team Leaders. In addition to specialized training, the team leader may conduct twice monthly training exercises, to include a review and critique of personnel and their performance in the exercise. Training shall consist of the following:

- (a) Each SWAT member shall perform a physical fitness test biannually. A minimum qualifying score must be attained by each team member.
- (b) Any SWAT team officer failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest and attain a qualifying score. Within 30 days of the previous physical fitness test date, the officer required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt may result in dismissal from the team.
- (c) Those officers who are on vacation, ill, or are on light duty status with a doctor's note of approval on the test date, shall be responsible for reporting to a team supervisor and taking the test within thirty (30) days of their return to regular duty. Any member

- (d) Quarterly, each SWAT team member shall perform the mandatory SWAT handgun/rifle qualification course. The qualification course shall consist of the Roseville SWAT Basic Drill for the handgun/rifle. Failure to qualify will require that officer to receive remedial training from a team range master approved by the Tactical Commander. Team members who fail to qualify must retest within 30 days. Failure to qualify within 30 days with or without remedial training may result in dismissal from the team.

404.4.3 TEAM EVALUATION

Continual evaluation of a team member's performance and efficiency as it relates to the positive operation of the unit shall be conducted by the Tactical Commander. The performance and efficiency level, as established by the team leader, will be met and maintained by all SWAT Team members. Any member of the SWAT Team who performs or functions at a level less than satisfactory shall be dismissed from the team.

404.4.4 ON-SCENE COMMAND RESPONSIBILITIES

Upon arrival of SWAT at the scene, the Incident Commander shall brief the Tactical Commander and team supervisors about the situation. Upon review, it will be the Incident Commander's decision, with input from the Tactical Commander, whether to deploy SWAT.

Once the Incident Commander authorizes deployment, the Tactical Commander will be responsible for the tactical portion of the operation. The Incident Commander shall maintain the overall supervision of the incident. The Incident Commander, Negotiations Commander (or his or her designee), and the Tactical Commander (or his or her designee) shall maintain communications at all times.

404.4.5 ON--SCENE DETERMINATION

The supervisor in charge of the scene of a particular event will assess whether the Special Operations Unit is to respond to the scene. Upon final determination by the Watch Commander, he/she will notify Dispatch to activate the SOU.

Supervisors shall use the Department's threat assessment in determining if activating the Special Operations Unit is needed. Absent an immediate emergency response need, the supervisor/ Incident Commander, shall contact the Tactical Commander for deployment consideration.

404.5 OPERATIONAL GUIDELINES FOR SPECIAL OPERATIONS UNIT

The following procedures serve as guidelines for the operational deployment of the Special Operations Unit. Generally, the Special Weapons and Tactics Team, the Critical Negotiation Team, and the Rapid Containment Team will be activated together. It is recognized, however, that a tactical team may be used in a situation not requiring the physical presence of the RCT, such as warrant service operations. However, a representative of CNT will be deployed with SWAT on all tactical deployments.

405.1.3 DEPARTMENT EMPLOYEE REQUESTED RIDE ALONG APPLICANTS

Department members may request that family or friends participate on a ride-along or sit-along. The Watch Commander may approve these types of ride-along participants on short notice without the background check required of applicants based on the host officer's personal knowledge of the applicant's background.

Family members and friends of individual Department employees must continue to comply with the restriction of only being allowed to participate in one ride-along or sit-along every twelve months unless specifically approved by the Watch Commander.

405.2 PROCEDURE TO REQUEST A RIDE-ALONG

Generally, ride-along requests will be scheduled by the Ride-Along Coordinator. The participant will complete a ride-along waiver form. Information requested will include a valid ID or California driver's license, address, and telephone number. If the participant is under 18 years of age, a parent/guardian must be present to complete the Ride-Along Form.

The Ride-Along Coordinator will schedule a date, based on availability, at least one week after the date of application. If approved, a copy will be forwarded to the respective Watch Commander as soon as possible for his/her scheduling considerations.

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Normally, no more than one ride-along will be allowed in the officer's vehicle at a given time unless approved by a supervisor.

405.2.2 SUITABLE ATTIRE

Any person approved to ride along is required to be suitably dressed in collared shirt, blouse or jacket, slacks and shoes. Sandals, T-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. Hats and ball caps will not be worn in the police vehicle. 405.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK

All Ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Department of Justice Automated Criminal History System check through CLETS prior to their approval as a ride-along with a law enforcement officer (provided that the ride-along is not an employee of the Roseville Police Department) (CLETS Policies, Practices and Procedures Manual § 1.6.1.F.2.).

405.3 OFFICER'S RESPONSIBILITY

The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

The Ride Along Coordinator is responsible for maintaining and scheduling ride-alongs. Upon completion of the ride-along, the form shall be returned to the Ride Along Coordinator with any comments which may be offered by the officer.

405.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit their participation. These instructions should include:

- (a) The ride-along will follow the directions of the officer
- (b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects, or handling any police equipment

Hazardous Material Response

406.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees resulting from their exposure. To comply with Title 8, California Code of Regulations, § 5194, the following is to be the policy of this department.

406.1.1 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

406.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from the person transporting).
- (b) Notify the Fire Department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.
- (e) Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).
- (f) Notify the Department of Toxic Substances Control. This is mandatory when an officer comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety § 25354.5).

406.3 REPORTING EXPOSURE(S)

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the Chief of Police. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Roseville Police Department

POLICY MANUAL

Hazardous Material Response

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

406.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the Fire Department.

Mental Illness Commitments

409.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

409.2 POLICY

It is the policy of the Roseville Police Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

409.3 AUTHORITY

An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person's mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

- (a) An individual who is providing or has provided mental health treatment or related support services to the person
- (b) A family member
- (c) The person subject to the determination or anyone designated by the person

409.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

- (a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.
- (b) If at any point the person changes his/her mind regarding voluntary evaluation, officers should proceed with the 5150 commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

409.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:

Roseville Police Department

POLICY MANUAL

Mental Illness Commitments

- (a) Available information that might assist in determining the cause and nature of the person's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources available to assist in dealing with mental health issues.
- (e) Prior to making contact and whenever reasonable, officers should attempt to search the DOJ automated firearm system via CLETS and determine if the subject owns firearms.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

409.4.1 SECURING OF PROPERTY

When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the officer shall take reasonable precautions to safeguard the individual's personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The officer taking the person into custody shall provide a report to the court that describes the person's property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the officer shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

409.5 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

Roseville Police Department

POLICY MANUAL

Mental Illness Commitments

409.6 DOCUMENTATION

The officer shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for officer involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

409.6.1 ADVISEMENT

The officer taking a person into custody for evaluation shall advise the person of:

- (a) The officer's name and agency.
- (b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.
- (c) The name of the facility to which the person is being taken.
- (d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The officer should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

409.7 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.
- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

Roseville Police Department

POLICY MANUAL

Mental Illness Commitments

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

409.8 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for a 5150 commitment, the handling officers shall seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).

409.8.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS

Whenever a person, who has been detained or apprehended for examination of his or her mental condition or who is a person described in Section 8100 or 8103 Welfare and Institutions Code, is found to own, have in his or her possession or is under his or her control, any firearm whatsoever, or any other deadly weapon shall be confiscated by any law enforcement agency or peace officer, who shall retain custody of the firearm or other deadly weapon. The handling officer shall detail those facts and circumstances in a report. The handling officer shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.

409.9 TRAINING

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.

Cite and Release Policy

410.1 PURPOSE AND SCOPE

This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

410.2 POLICY

It is the policy of the Roseville Police Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Department's mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

410.3 RELEASE BY CITATION

Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private person's arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing officer shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps they deem necessary to ensure that the defendant understands their written promise to appear.

410.3.1 FIELD CITATIONS

In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting officer should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

410.3.2 RELEASE FROM ROSEVILLE POLICE DEPARTMENT OR PLACER COUNTY JAIL

In certain cases, it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after being transported to the Roseville Police Department or Placer County Jail for further investigation or reasons pursuant to 853.6 PC.

410.4 NON-RELEASE

Roseville Police Department

POLICY MANUAL

Cite and Release Policy

410.4.1 DISQUALIFYING OFFENSES

An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

- (a) Misdemeanor domestic battery (Penal Code § 243(e)(1))
- (b) Felony domestic battery (Penal Code § 273.5)
- (c) Serious or violent felonies (Penal Code § 1270.1(a)(1))
- (d) Felony intimidation of witnesses and victims (Penal Code § 136.1)
- (e) Violation of a protective order and the arrested person has made threats, used violence, or has gone to the protected person's workplace or residence (Penal Code § 273.6)
- (f) Stalking (Penal Code § 646.9)
- (g) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)

410.4.2 REASONS FOR NON-RELEASE

A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Watch Commander may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the Department and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

- (a) The person arrested is so intoxicated that they could be a danger to themselves or to others. Release may occur as soon as this condition no longer exists.
- (b) The person arrested requires medical examination or medical care or is otherwise unable to care for their own safety
 1. The Roseville Police Department shall not release an arrestee from custody for the purpose of allowing that person to seek medical care at a hospital, and then immediately re-arrest the same individual upon discharge from the hospital, unless the hospital determines this action will enable it to bill and collect from a third-party payment source (Penal Code § 4011.10).
- (c) The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.
- (d) There are one or more outstanding arrest warrants for the person (see Misdemeanor Warrants elsewhere in this policy).
- (e) The person could not provide satisfactory evidence of personal identification.

Roseville Police Department

POLICY MANUAL

Cite and Release Policy

1. If a person released on citation does not have satisfactory identification in their possession, a right thumbprint or fingerprint should be obtained on the citation form.
- (f) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.
- (g) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.
- (h) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.
- (i) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. Reasons may include:
 1. Previous failure to appear is on record
 2. The person lacks ties to the area, such as a residence, job, or family
 3. Unusual circumstances lead the officer responsible for the release of prisoners to conclude that the suspect should be held for further investigation

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Watch Commander for approval and included with the case file in the Records Unit.

410.5 REQUESTING CASE NUMBERS

Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. Most Penal Code sections will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if the officer feels the situation should be documented more thoroughly in a case report.

Arrest or Detention of Foreign Nationals

411.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Roseville Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

411.2 POLICY

The Roseville Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

411.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
- (d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.
- (e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

Immigration Violations

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Roseville Police Department for investigating and enforcing immigration laws.

414.2 POLICY

It is the policy of the Roseville Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

414.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or California constitutions.

414.4 DETENTIONS AND ARRESTS

An officer shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Government Code § 7284.6).

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of 8 USC § 1326(a) (unlawful reentry) that may be subject to an enhancement due to a previous conviction of an aggravated felony under 8 USC § 1326(b) (2), may detain the person for a reasonable period of time to contact federal immigration officials to verify whether the United States Attorney General has granted the individual permission for reentry and whether the violation is subject to enhancement (Government Code § 7284.6). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense (Government Code § 7284.6).

An officer shall not detain any individual, for any length of time, for any other criminal immigration violation of federal immigration laws (Government Code § 7284.6).

Roseville Police Department

POLICY MANUAL

With regard to immigration enforcement, no member of this department shall (8 USC § 1373; Government Code § 7284.6):

- (a) Send personal information to federal immigration officials for immigration enforcement purposes, unless that information is available to the public. "Personal Information" includes, but is not limited to, the individual's home address or work address.
- (b) Provide information regarding a person's release date, unless that information is available to the public.
- (c) Respond to requests for notification by federal immigration authorities by providing release dates or other information, unless that information is available to the public.

Nothing in this policy shall prohibit, or in any way restrict, any member of this department from:

- (a) Maintaining citizenship or immigration status information in department records for internal use.

414.6.1 TRANSFERS TO IMMIGRATION AUTHORITIES

Members shall not transfer an individual to immigration authorities unless one of the following circumstances exist:

- (a) Transfer is authorized by a judicial warrant or judicial probable cause determination.
- (b) The individual has been convicted of an offense as identified in Government Code § 7282.5(a), including, but not limited to:

414.7 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigations Lieutenant who will forward to the Placer County District Attorney's Office along with any police reports. The decision to complete a U visa or T visa certification will be made by the Placer County District Attorney's Office. The Investigations Lieutenant should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Provide a copy of the request for certification and any police report or documentation to the Placer County District Attorney's Office. The Placer County District Attorney has requested certification requests be sent to them.
- (c) Ensure that the forwarding to the District Attorney of the certification or declaration form is documented in the case file. Include a copy of any completed form in the case file.
- (d) Inform the victim liaison of any requests and their status.

414.7.1 TIME FRAMES FOR COMPLETION

Officers and their supervisors who are assigned to investigate a case of human trafficking as defined by Penal Code § 236.1 shall complete the above process and the documents needed for indicating the individual is a victim for the T visa application within 15 business days of the first encounter with the victim, regardless of whether it is requested by the victim (Penal Code § 236.5).

Officers and their supervisors shall complete the above process and the documents needed certifying victim cooperation for a U visa or T visa application pursuant to Penal Code § 679.10 and Penal Code § 679.11 within 30 days of a request from the victim, victim's family, or authorized representative (as defined in Penal Code § 679.10 and Penal Code § 679.11) related to one of their assigned cases. If the victim is in removal proceedings, the certification shall be processed within seven days of the first business day following the day the request was received.

414.7.2 POLICE REPORTS

Upon request, an officer or supervisor should provide a victim or authorized representative with a copy of the report filed by the victim within seven days of the request (Penal Code § 679.10).

Aircraft Accidents

415.1 PURPOSE AND SCOPE

This policy describes situations involving aircraft accidents including responsibilities of personnel, making proper notification, and documentation.

415.2 RESPONSIBILITIES

In the event of an aircraft crash the employee responsibilities are as follows:

415.2.1 OFFICER RESPONSIBILITY

Officers should treat an aircraft crash site as a crime scene until it is determined that such is not the case. If a military aircraft is involved, additional dangers, such as live ordnance or hazardous materials, may be present. The scene may require additional security due to the potential presence of confidential equipment or information.

The duties of the field officer at the scene of an aircraft accident include the following:

- (a) Determine the nature and extent of the accident.
- (b) Request additional personnel and other resources to respond as needed.
- (c) Provide assistance for the injured parties until the arrival of Fire Department personnel and/or other emergency personnel.
- (d) Cordon off and contain the area to exclude unauthorized individuals as soon as practicable.
- (e) Provide crowd control and other assistance until directed otherwise by a supervisor.
- (f) Ensure the Coroner's office is notified if a death occurs.

Entering an aircraft or tampering with parts or debris is only permissible for the purpose of removing injured or trapped occupants, protecting the wreckage from further damage or protecting the public from danger. If possible, the investigating authority should first be consulted before entering or moving any aircraft or any crash debris. Photographs or sketches of the original positions should be made whenever feasible.

The Fire Department will be responsible for control of the accident scene until the injured parties are cared for and the accident scene has been rendered safe for containment. Thereafter, police personnel will be responsible for preserving the scene until relieved by the investigating authority.

Once the scene is relinquished to the investigating authority, personnel from this agency may assist in containment of the scene until the investigation is completed or assistance is no longer needed.

An airport service worker or the airport manager may respond to the scene to assist the on-scene commander with technical expertise, should it be needed during the operation.

Roseville Police Department

POLICY MANUAL

Aircraft Accidents

415.2.2 NATIONAL TRANSPORTATION SAFETY BOARD

The National Transportation Safety Board (NTSB) has the primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft incident, the appropriate branch of the military will be involved in the investigation. The NTSB is concerned with several aspects of a crash as described in this section.

Every effort should be made to preserve the scene to the extent possible in the condition in which it was found until such time as NTSB or other authorized personnel arrive to take charge of the scene.

Military personnel will respond to take charge of any military aircraft involved, whether or not injuries or deaths have occurred.

If the accident did not result in a death or injury and the NTSB elects not to respond, the pilot or owner may assume control of the aircraft.

Removal of the wreckage shall be done under the guidance of the NTSB or military authorities or, if the NTSB is not responding for an on-site investigation, at the discretion of the pilot or the owner.

415.2.3 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Dispatchers are responsible to make notifications as directed once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. Generally, the dispatcher will need to notify the following agencies or individuals when an aircraft accident has occurred.

- (a) Fire Department
- (b) The affected airport tower
- (c) Closest military base if a military aircraft is involved
- (d) Ambulances or other assistance as required

When an aircraft accident is reported to the Police Department by the airport tower personnel the dispatcher receiving such information should verify that the tower personnel will contact the Federal Aviation Administration (FAA) Flight Standards District Office and the National Transportation Safety Board (NTSB). In the event that airport personnel are not involved, the dispatcher should notify the FAA and the NTSB.

415.2.4 RECORDS SUPERVISOR RESPONSIBILITIES

The Records Manager is responsible for the following:

- (a) Forward and maintain an approved copy of the accident report to the California Department of Aeronautics
- (b) Forward a copy of the report to the Operations Division Commander and the manager of the affected airport

Roseville Police Department

POLICY MANUAL

Aircraft Accidents

415.2.5 PRESS INFORMATION OFFICER RESPONSIBILITIES

The Department Public Information Officer is responsible for the following:

- (a) Obtain information for a press release from the on-scene commander or his or her designee
- (b) When practical, the Department Public Information Officer should coordinate with the FAA Press Information Officer to prepare a press release for distribution to the Media

Information released to the press regarding any aircraft accident should be handled by the Department Public Information Officer or in accordance with existing policy.

Obtaining Air Support

417.1 PURPOSE AND SCOPE

The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

417.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

417.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for a helicopter, the Watch Commander, or his/her designee, will call the closest agency having helicopter support available. The Watch Commander on duty will apprise that agency of the specific details of the incident prompting the request.

417.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Police helicopters may be requested under any of the following conditions:

- (a) When the helicopter is activated under existing mutual aid agreements
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard
- (c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
- (d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
- (e) Vehicle pursuits

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.

Contacts and Temporary Detentions

418.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

418.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

418.2 POLICY

The Roseville Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete a field interview (FI), pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

Contacts and Temporary Detentions

418.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Roseville Police Department to strengthen community involvement, community awareness, and problem identification.

418.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act
- (b) Actions suggesting that he/she is engaged in a criminal activity
- (c) Presence in an area at an inappropriate hour of the day or night
- (d) Presence in a particular area is suspicious
- (e) Carrying of suspicious objects or items
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon
- (g) Location in proximate time and place to an alleged crime
- (h) Physical description or clothing worn that matches a suspect in a recent crime
- (i) Prior criminal record or involvement in criminal activity as known by the officer

418.4 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or neighborhood where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.

Roseville Police Department

POLICY MANUAL

Contacts and Temporary Detentions

- (f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

418.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

418.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent.

418.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

418.5.3 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

418.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or

Roseville Police Department

POLICY MANUAL

Contacts and Temporary Detentions

probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by Roseville Police Department members.
 - 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Organizations

419.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Roseville Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

419.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

419.2 POLICY

The Roseville Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

419.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

419.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the originating unit. supporting documentation for an entry shall be retained by the originating unit in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the originating unit are appropriately marked as intelligence information. The documents may not be purged without the approval of the designated supervisor of the originating unit.

419.3.2 GANG DATABASES

The Chief of Police may approve participation by the Crime Suppression Unit in a shared criminal gang intelligence database, such as CALGANG®. Members must obtain the requisite training before accessing any such database (11 CCR 751.6).

It is the Crime Suppression Unit supervisor's responsibility to determine whether any report or FI contains information that would qualify for entry into the database. Prior to designating any person as a suspected gang member, associate, or affiliate in a shared gang database; or submitting a document to the Attorney General's office for the purpose of designating a person in a shared gang database; or otherwise identifying the person in a shared gang database, the Crime Suppression Unit supervisor shall provide written notice to the person and, if the person is under the age of 18, to his/her parent or guardian of the designation and the basis for the designation, unless providing that notification would compromise an active criminal investigation or compromise the health or safety of a minor. Notice shall also describe the process to contest the designation (Penal Code § 186.34).

The person, an attorney working on his/her behalf, or his/her parent or guardian (if the person is under 18 years of age) may request, in writing, information as to whether the person is designated as a suspected gang member, associate, or affiliate in a shared gang database accessible by the Department, the basis for that designation, and the name of the agency that made the designation. The Department shall respond to a valid request in writing within 30 days, and shall provide the information requested unless doing so would compromise an active investigation or compromise the health and safety of the person if he/she is under 18 years of age (Penal Code § 186.34).

The person, or his/her parent or guardian if the person is under 18 years of age, may contest the designation by submitting written documentation, which shall be reviewed by the Crime Suppression Unit supervisor. If it is determined that the person is not a suspected gang member, associate, or affiliate, the person shall be removed from the database. The person and the parent or guardian shall be provided written verification of the department's decision within 30 days of receipt of the written documentation contesting the designation and shall include the reason for a denial when applicable (Penal Code § 186.34).

The Crime Suppression Unit supervisor should forward reports or FIs to the Records Unit after appropriate database entries are made. The supervisor should clearly mark the report/FI as gang intelligence information.

Criminal Organizations

It is the responsibility of the Records Unit supervisor to retain reports and FIs in compliance with the database rules and any applicable end user agreement.

Records contained in a shared gang database shall not be disclosed for employment or military screening purposes, and shall not be disclosed for the purpose of enforcing federal immigration law unless required by state or federal statute or regulation (Penal Code § 186.36).

419.4 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Manager to train members to identify information that may be particularly relevant for inclusion.

419.5 CRIMINAL STREET GANGS

The Crime Suppression Unit shall be authorized to collect information on individuals who are suspected of participating in a criminal street gang and groups that are suspected of being criminal street gangs.

- (a) A group shall be designated as a criminal street gang when:
 - 1. The group contains three or more members.
 - 2. They have a common name, common identifying symbol, or common identifying sign.
 - 3. There is evidence, substantiated by crime and information reports, that a primary activity of the group is the commission of one or more of the criminal acts enumerated Penal Code 186.22(e).
 - 4. One or more of the members individually or collectively have engaged in a pattern of criminal gang activity as defined by Penal Code 186.22(e).
- (b) An individual shall be designated as a participant in a criminal street gang and included in the gang validation file when two or more of the following elements have been verified by the Crime Suppression Unit and a reasonable basis for believing such an affiliation has been established:
 - 1. The subject admits membership in a criminal street gang.

Roseville Police Department

POLICY MANUAL

Criminal Organizations

2. The subject has been arrested alone or with known gang members for offenses consistent with gang activity.
 3. The subject has been identified as a gang member by a reliable informant or source.
 4. The subject has been identified as a gang member by an untested informant and that identification has been corroborated by independent information.
 5. The subject has been observed affiliating with documented gang members.
 6. The subject has been observed displaying gang symbols and/or hand signs.
 7. The subject has been seen frequenting gang areas.
 8. The subject has been seen wearing gang related clothing.
 9. The subject has gang related tattoos.
 10. The subject has been previously classified by a County Jail, the California Youth Authority, or State Corrections as gang member or prison gang member. (This classification does not require a second classification criteria and may be used individually to classify a subject as a gang member).
- (c) An individual may be designated as a gang affiliate only when the individual is known to affiliate with active criminal street gang members and an officer has established that there is a reasonable suspicion that the individual is involved in criminal activity. An officer's belief must be based on reasoning and logic coupled with sound judgment based upon law enforcement experience, rather than a mere hunch or whim.
- (d) The Crime Suppression Unit supervisor should ensure that there are an appropriate number of department members who can:
1. Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with:
 - (a) Any organization, associate or group of three or more persons that meets the definition of a criminal street gang under Penal Code § 186.22(f).
 - (b) Identification of a person as a criminal street gang member and criminal street gang-related crimes.
 - (c) The California Street Terrorism Enforcement and Prevention Act (Penal Code § 186.21 et seq.), associated crimes and what defines a criminal street gang (Penal Code § 186.22).
 2. Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.
 3. Train other members to identify gang indicia and investigate criminal street gang-related crimes.

Criminal Organizations

419.6 FIELD CONTACTS AND REPORTING

Officers who contact individuals who are, or may be participants in criminal street gang activity should complete an FI and document the reason(s) for the contact and the exact circumstances leading the suspicion that the individual is a criminal street gang participant.

Photographing known or suspected criminal street gang participants shall be done in accordance with the provisions of the Detentions and Photographing of Detainees policy.

Incidents that appear to be criminal street gang related should be documented on a police report or field investigation report and shall at a minimum include the following:

- (a) A description of any document, statements, actions, dress or other information that would tend to support the officer's belief that the incident may be related to the activities of a criminal street gang.
- (b) Whether any photographs were taken and a brief description of what they depict.
- (c) What physical evidence, if any, was observed, collected, or booked.
- (d) A specific request that a copy of the report be routed to the Crime Suppression Unit.
- (e) Any photographs taken or evidence collected shall be booked in accordance with current evidence booking procedures.

419.7 CRIMINAL STREET GANG MEMBER REGISTRATION

The intent of this policy is to establish a procedure for registering criminal street gang members who are required to register pursuant to penal code section 186.30. The registration requirements are defined in Penal Code sections 186.30 to 186.33. Registration of criminal street gang members will be done in the following manner:

- (a) The subject will make an appointment with the Crime Suppression Unit for the registration interview.
- (b) The interview will be conducted at the Roseville Police Department.
- (c) The assigned Crime Suppression Unit Detective will meet with the subject and will do the following:
 - 1. Complete the RPD Gang Member Registration form.
 - 2. Take photographs of the subject.
 - 3. Take photographs of the subject's tattoos.
 - 4. Conduct an interview regarding gang activity as noted in the registration form.
 - 5. Have the subject initial each category outlined in the Notification section of the registration form.
 - 6. Obtain the subject's signature and right thumb print on the registration form.

Criminal Organizations

- (d) The assigned CSU Detective will provide a copy of page three of the registration form the subject which includes notification under the California Street Terrorism and Prevention Act that informs the subject that they belong to a gang whose members engage in or engaged in a pattern of criminal gang activity as described in Penal Code section 186.22((e).
- (e) Maintenance of Registration Forms:
 - 1. Registration forms will be maintained by the Crime Suppression Unit.
 - 2. Information contained in the registration forms may be provided to other law enforcement officers on an as needed basis.
 - 3. Registration forms will be reviewed each year by the Crime Suppression Unit Supervisor to determine if any files need to be purged.

Watch Commanders

420.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Lieutenant heads each watch.

420.2 DESIGNATION AS ACTING WATCH COMMANDER

When a Lieutenant is unavailable for duty as Watch Commander, in most instances the senior qualified sergeant shall be designated as acting Watch Commander. This policy does not preclude designating a less senior sergeant as an acting Watch Commander when operational needs require or training permits. Absent a Sergeant, an Officer may be appointed as an acting Watch Commander.

Mobile Data Computer Use

421.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between Department Members and the Communications Center.

421.2 POLICY

Roseville Police Department Members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

421.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance). Members shall also refer to Administrative Regulation 1.04 Computer and Network Acceptable Use Policy.

Hyperlink to Administrative Regulation 1.04:

<https://hub.roseville.ca.us/cms/One.aspx?portalId=11088793&pageId=12539379>

421.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another Member to their supervisors or Watch Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a Member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline up to and including dismissal.

Roseville Police Department

POLICY MANUAL

Mobile Data Computer Use

It is a violation of this policy to transmit a message or access a law enforcement database under another Member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

421.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

421.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Watch Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

421.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other Members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

421.5.2 SELF-DISPATCHING CALLS VIA THE MDC

At no time shall department members self-dispatch themselves via the MDC to pending calls for service. If a department member wishes to be assigned to a specific pending call for service, requests will be made directly through the Police Communications Center. Nothing in this policy shall preclude any department member from adding themselves to already dispatched calls via the MDC.

POLICY MANUAL

Mobile Data Computer Use

421.5.3 EMERGENCY ACTIVATION

If there is an emergency activation and the Member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the Member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Watch Commander are notified of the incident without delay.

Members not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

421.6 EQUIPMENT CONSIDERATIONS

421.6.1 MALFUNCTIONING MDC

Whenever possible, Members will not use vehicles with malfunctioning MDCs. Whenever Members must drive a vehicle in which the MDC is not working, they shall notify the Communications Center. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

421.6.2 BOMB CALLS

When investigating reports of possible bombs, Members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

421.7 ADMINISTRATIVE REGULATION 1.04.2

Members shall also refer to Administrative Regulation 1.04.2 Email Use, Retention Policy and Remote Email Access.

Portable Audio/Video Recorders

422.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Roseville Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

422.2 POLICY

The Roseville Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

422.3 MEMBER PRIVACY EXPECTATION

All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity for this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

422.4 MEMBER RESPONSIBILITIES

Any Department member may carry an approved portable recorder at any time the member believes that such a device may be useful. Uniformed members should wear the recorder in a conspicuous manner.

When using a recorder, the assigned member shall record his/her name, employee number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user's unique identification and the date and time of each recording.

422.4.1 SUPERVISOR RESPONSIBILITIES

Supervisors should take custody of a portable audio/video recording device as soon as practicable when the device may have captured an incident involving the use of force, an officer-involved shooting or death or other serious incident, and ensure the data is downloaded (Penal Code § 832.18).

422.5 ACTIVATION OF THE AUDIO RECORDER

Members may activate the recorder during all enforcement stops and field interrogation situations and any other time the member reasonably believes that a recording of an on-duty contact may

Roseville Police Department

POLICY MANUAL

Portable Audio/Video Recorders

be useful. Once started, recordings should continue without interruption until the contact ends, if feasible.

At no time is a member expected to jeopardize his/her safety in order to activate a recorder or change the recording media. However, the recorder should be activated in required situations as soon as practicable.

422.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Members of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation (Penal Code § 633).

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

422.5.2 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

Members shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person's attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

422.6 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Watch Commander. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

POLICY MANUAL

Portable Audio/Video Recorders

422.6.1 PROHIBITED USE OF BIOMETRIC SURVEILLANCE SYSTEM

The installation, activation, or use of biometric surveillance systems, including facial recognition, in connection with portable recorders is prohibited (Penal Code § 832.19).

422.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

422.8 RELEASE OF RECORDINGS

Recordings made using portable recording devices pursuant to this policy are department records and may only be released as provided in the Release of Records and Information Policy or for other authorized legitimate department business purposes. Members shall also refer to Administrative Regulation 4.04 Release of Public Records.

Hyperlink to Administrative Regulation 4.04:

<https://hub.roseville.ca.us/cms/One.aspx?portalId=11088793&pageId=12539379>

422.9 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

Roseville Police Department

POLICY MANUAL

Portable Audio/Video Recorders

- (a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Chief of Police or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

422.10 RETENTION OF RECORDINGS

Recordings of the following should be retained for a minimum of two years (Penal Code § 832.18):

- (a) Incidents involving use of force by an officer
- (b) Officer-involved shootings
- (c) Incidents that lead to the detention or arrest of an individual
- (d) Recordings relevant to a formal or informal complaint against an officer or the Roseville Police Department

Recordings containing evidence that may be relevant to a criminal prosecution should be retained for any additional period required by law for other evidence relevant to a criminal prosecution (Penal Code § 832.18).

All other recordings should be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 180 days.

Records or logs of access and deletion of recordings should be retained permanently (Penal Code § 832.18).

422.10.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

Medical Marijuana

423.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California's medical marijuana laws. This Policy does not preclude the enforcement or investigation of Roseville Municipal Code Chapter 19.62 and Chapter 19.63.

qcode.us/codes/roseville/

423.1.1 DEFINITIONS

Definitions related to this policy include:

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient's housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory amount - No more than 8 ounces of dried, mature, processed female marijuana flowers ("bud") or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12

Roseville Police Department

POLICY MANUAL

Medical Marijuana

immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).

423.2 POLICY

It is the policy of the Roseville Police Department to prioritize resources to forgo making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

California's medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Roseville Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

423.3 INVESTIGATION

Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when a medicinal claim is made by a cardholder.
- (c) Investigations when a medicinal claim is made by a non-cardholder.

423.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

423.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER

A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount and the amounts stated in RMC 19.63.040(A)(1)(b), unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

- (a) The information contained in the card is false or falsified.
- (b) The card has been obtained or used by means of fraud.
- (c) The person is otherwise in violation of the provisions of the MMP.
- (d) The person possesses marijuana but not for personal medical purposes.

Medical Marijuana

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient's medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

423.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient's current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Officers are not obligated to accept a person's claim of having a physician's recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person's medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician's name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient's needs (Health and Safety Code § 11362.77).

423.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

- (a) Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 1. The suspect has been identified and can be easily located at a later time.
 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.

Roseville Police Department

POLICY MANUAL

Medical Marijuana

4. Other relevant factors, such as available department resources and time constraints prohibit making an immediate arrest.
- (b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient's needs:
1. The amount of marijuana recommended by a medical professional to be ingested.
 2. The quality of the marijuana.
 3. The method of ingestion (e.g., smoking, eating, nebulizer).
 4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
 5. Whether the marijuana is being cultivated indoors or outdoors.
- (c) Before proceeding with enforcement related to collective gardens or dispensaries, officers should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).
- (d) Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

423.3.5 EXCEPTIONS

This policy does not apply to, and officers should consider taking enforcement action for the following:

- (a) Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).
- (b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).
- (c) Smoking marijuana (Health and Safety Code § 11362.79):
 1. In any place where smoking is prohibited by law.
 2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
 3. On a school bus.
 4. While in a motor vehicle that is being operated.

No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Officers should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 26032).

423.4 FEDERAL LAW ENFORCEMENT

Bicycle Patrol Unit

424.1 PURPOSE AND SCOPE

The Roseville Police Department has established the Bicycle Patrol Unit (BPU) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

424.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Unit supervisor or the Watch Commander.

ACO's and volunteers may also utilize bike patrol with basic requirements as determined by the Bike Patrol Unit supervisor.

424.3 SELECTION OF PERSONNEL

Interested sworn personnel, who are off probation, shall submit a change of assignment request to their appropriate Division Commander. A copy will be forwarded to the BPU supervisor. Qualified applicants will then be invited to an oral interview. The oral board will consist of the BPU supervisor and second person to be selected by the BPU supervisor. Interested personnel shall be evaluated by the following criteria:

- (a) Recognized competence and ability as evidenced by performance.
- (b) Special skills or training as it pertains to the assignment.
- (c) Good physical condition.
- (d) Willingness to perform duties using the bicycle as a mode of transportation.

424.3.1 BICYCLE PATROL UNIT SUPERVISOR

The Bicycle Patrol Unit supervisor will be selected from the rank of sergeant by the Operations Division Commander or his/her designee.

The Bicycle Patrol Unit supervisor shall have responsibility for the following:

Thereafter bicycle patrol officers should receive twice yearly in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies.
- Bicycle safety and accident prevention.
- Operational tactics using bicycles.

Bicycle patrol officers will be required to qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.

424.5 UNIFORMS AND EQUIPMENT

Officers shall wear the department-approved uniform and safety equipment while operating the department bicycle. Safety equipment includes department-approved helmet, protective eyewear and approved footwear.

The bicycle patrol unit uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt with department badge and patches, and department-approved bicycle patrol pants or shorts.

Optional equipment includes a radio head set and microphone, and jackets in colder weather. Turtleneck shirts or sweaters are permitted when worn under the uniform shirt.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

424.6 CARE AND USE OF PATROL BICYCLES

Officers will be assigned a specially marked and equipped patrol bicycle with an attached gear bag.

Bicycles utilized for uniformed bicycle patrol shall be primarily gray, black, or white in with a "POLICE" decal affixed to each side of the crossbar or the bike's saddlebag. Every such bicycle shall be equipped with front and rear reflectors front lights and a siren/horn satisfying the requirements of Vehicle Code §2800.1(b) if being used for enforcement related stops.

Roseville Police Department

POLICY MANUAL

Bicycle Patrol Unit

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing, vehicle storage and citations.

Each bicycle may be equipped with a steady or flashing blue warning light that is visible from the front, sides, or rear of the bicycle. (Vehicle Code § 21201.3)

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance twice yearly to be performed by a department approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Electric patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty. During prolonged periods of non-use, each officer assigned an electric bicycle shall periodically rotate the batteries on the respective charges to increase battery life.

Officers shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the bicycle supervisor, or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer's immediate presence.

424.7 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with the vehicle code under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Officers are exempt from the rules of the road under the following conditions (Vehicle Code § 21200(b)(1)):

- (a) In response to an emergency call.

Foot Pursuits

426.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

426.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

426.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that the safety of the public weighs heavily in the balance while considering the immediate apprehension of a suspect.

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

426.4 GENERAL GUIDELINES

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available. Officers should include but are not limited to the following possible alternative apprehension tactics:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support.

Roseville Police Department

POLICY MANUAL

Foot Pursuits

- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

Officers should consider discontinuing the foot pursuit under the following conditions:

- (a) The officer is acting alone.
- (b) Two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (c) The officer is unsure of his/her location and direction of travel.
- (d) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (e) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
- (f) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (g) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (h) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
- (i) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness or other environmental conditions.

Officers shall discontinue the foot pursuit under the following conditions:

- (a) When directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
- (b) The officer is unable to establish communications with dispatch or with assisting or backup officers.
- (c) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (d) The officer loses possession of his/her firearm or other essential equipment.
- (e) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (f) The suspect's location is no longer definitely known.

Foot Pursuits

426.5 RESPONSIBILITIES IN FOOT PURSUITS

426.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

426.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

426.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not need to be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

Roseville Police Department

POLICY MANUAL

Foot Pursuits

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor should promptly proceed to the termination point to direct the post-foot pursuit activity.

426.5.4 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating backup/cover unit response.
- (c) Coordinating pursuit communications of the involved officers.
- (d) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (e) Ensuring that a field supervisor is notified of the foot pursuit.
- (f) Notifying and coordinating with other involved or affected agencies as practicable.
- (g) Notifying the Watch Commander as soon as practicable.
- (h) Assigning an incident number and logging all pursuit activities.

426.6 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
 - 2. Arrestee information, if applicable.
- (f) Any property or equipment damage.
- (g) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

Roseville Police Department

POLICY MANUAL

Foot Pursuits

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Civil Disputes

427.1 PURPOSE AND SCOPE

This policy provides members of the Roseville Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by California law.

427.2 POLICY

The Roseville Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

427.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

Civil Disputes

427.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

427.4.1 STANDBY REQUESTS

Officer responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

427.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

427.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Civil Disputes

Crisis Intervention Incidents

428.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

428.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

428.2 POLICY

The Roseville Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

428.3 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police has designated the Social Services Administrator to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

428.4 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with SAFE reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An Officer responding to a call involving a person in crisis should:

- a. Attempt to determine if weapons are present or available.

Roseville Police Department

POLICY MANUAL

Crisis Intervention Incidents

1. Prior to making contact, and whenever possible and reasonable, conduct a search of the Department of Justice Automated Firearms System via the California Law Enforcement Telecommunications System (CLETS) to determine whether the person is the registered owner of a firearm (Penal Code 11106.4).

428.5 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis. Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.

428.6 PROFESSIONAL STAFF INTERACTION WITH PEOPLE IN CRISIS

Professional Staff members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

(a) Members should treat all individuals equally and with dignity and respect.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

428.7 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, welfare checks and crisis intervention (Penal Code § 11106.4; Penal Code § 13515.25; Penal Code § 13515.27; Penal Code § 13515.30).

Public Recording of Law Enforcement Activity

429.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

429.2 POLICY

The Roseville Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

429.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

429.4 OFFICER RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For

Public Recording of Law Enforcement Activity

example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

429.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

429.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Roseville Police Department

POLICY MANUAL

Public Recording of Law Enforcement Activity

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

First Amendment Assemblies

430.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

430.2 POLICY

The Roseville Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

430.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

Roseville Police Department

POLICY MANUAL

First Amendment Assemblies

430.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious, or social views of associations, or the activities of any individual, group, association, organization, corporation, business, or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

430.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to the Communications Center, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

430.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

430.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Roseville Police Department

POLICY MANUAL

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

430.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with City government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control. See [Hyperlink to RMC 10.46.010 Demonstration Equipment Prohibition](#)
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.

Roseville Police Department

POLICY MANUAL

First Amendment Assemblies

- (s) Protocol for handling complaints during the event.
- (t) Parameters for the use of body-worn cameras and other portable recording devices.

430.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

430.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

430.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and TASER® devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Roseville Police Department

POLICY MANUAL

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

430.8 ARRESTS

The Roseville Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

430.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences, and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

430.9.1 MEDIA ACCESS

If officers close the immediate area surrounding any emergency field command post or any other command post, or establish a police line, or rolling closure at a demonstration, march, protest, or rally where individuals are engaged in a protected activity pursuant to the First Amendment, officers shall comply with the requirements of Penal Code § 409.7 relating to media access (i.e., access to closed areas, obtaining information) (Penal Code § 409.7).

First Amendment Assemblies

430.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

430.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, the Communications Center records/tapes
- (g) Media accounts (print and broadcast media)

430.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

430.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The Department should, when practicable, train with its external and mutual aid partners.

Officers should also receive periodic training on the standards for the use of kinetic energy projectiles and chemical agents for crowd control purposes as identified in Penal Code § 13652.

First Amendment Assemblies

430.13 USE OF KINETIC ENERGY PROJECTILES AND CHEMICAL AGENTS FOR CROWD CONTROL

Kinetic energy projectiles and chemical agents for crowd control purposes shall only be deployed by officers who have received POST training for crowd control if the use is objectively reasonable to defend against a threat to life or serious bodily injury to any individual, including an officer, or to bring an objectively dangerous and unlawful situation safely and effectively under control and in accordance with the following requirements of Penal Code § 13652.

- (a) De-escalation techniques or other alternatives to force have been attempted, when objectively reasonable, and have failed.
- (b) Repeated, audible announcements are made announcing the intent to use kinetic energy projectiles and chemical agents and the type to be used, when objectively reasonable to do so. The announcements shall be made from various locations, if necessary, and delivered in multiple languages, if appropriate.
- (c) Individuals are given an objectively reasonable opportunity to disperse and leave the scene.
- (d) An objectively reasonable effort has been made to identify individuals engaged in violent acts and those who are not, and kinetic energy projectiles or chemical agents are targeted toward those individuals engaged in violent acts. Projectiles shall not be aimed indiscriminately into a crowd or group of individuals.
- (e) Kinetic energy projectiles and chemical agents are used only with the frequency, intensity, and in a manner that is proportional to the threat and objectively reasonable.
- (f) Officers shall minimize the possible incidental impact of their use of kinetic energy projectiles and chemical agents on bystanders, medical personnel, journalists, or other unintended targets.
- (g) An objectively reasonable effort has been made to extract individuals in distress.
- (h) Medical assistance is promptly provided, if properly trained personnel are present, or procured, for injured persons, when it is reasonable and safe to do so.
- (i) Kinetic energy projectiles shall not be aimed at the head, neck, or any other vital organs.
- (j) Kinetic energy projectiles or chemical agents shall not be used solely due to any of the following:
 - 1. A violation of an imposed curfew.
 - 2. A verbal threat.
 - 3. Noncompliance with a law enforcement directive.
- (k) If the chemical agent to be deployed is tear gas, only an Incident Commander at the scene of the assembly, protest, or demonstration may authorize its use.

430.13.1 USE SUMMARY

The Operations Division Commander or the authorized designee should ensure that a summary of each deployment of kinetic energy projectiles or chemical agents for crowd control purposes

Roseville Police Department

POLICY MANUAL

First Amendment Assemblies

is prepared and published on the department website within 60 days of each incident. The time frame may be extended for another 30 days where just cause is demonstrated, but no longer than 90 days from the time of the incident. The summary shall be limited to the information known to the Department at the time of the report and include the information required in Penal Code § 13652.1.

Suspicious Activity Reporting

431.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

431.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

431.2 POLICY

The Roseville Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

431.3 RESPONSIBILITIES

The Threat Assessment Unit Lieutenant and authorized designees will manage SAR activities. The responsibilities of the Threat Assessment Unit Lieutenant include, but are not limited to:

- (a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.
- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.

Roseville Police Department

POLICY MANUAL

Suspicious Activity Reporting

- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

431.4 REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any professional staff member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

Once SAR's are reported to CCIC / SACRTAC, there shall not be any investigative steps taken unless directed by FBI representatives that receive the information. Investigative steps may be taken if the investigation is on-going (such as an Officer stumbles upon a weapons violation that turns out to be terrorism related) or this activity is occurring while the Officer is investigating a non-terrorism related crime.

431.5 HANDLING INFORMATION

The Records Unit will forward copies of SARs, in a timely manner, to the following:

- Investigations Unit supervisor
- Crime Analysis Unit
- Threat Assessment Unit Lieutenant and Sergeant
- Other authorized designees

Medical Aid and Response

432.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

432.2 POLICY

It is the policy of the Roseville Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

432.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Communications Center and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide the Communications Center with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 1. Signs and symptoms as observed by the member.
 2. Changes in apparent condition.
 3. Number of patients, sex, and age, if known.
 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Medical Aid and Response

432.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

432.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

432.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

432.7 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member may use an AED only after receiving appropriate training from an approved public safety first aid and CPR course (22 CCR 100014; 22 CCR 100017; 22 CCR 100018).

Roseville Police Department

POLICY MANUAL

Medical Aid and Response

432.7.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in department vehicles should check the AED periodically to make sure it is charged and functioning. Any AED that is not functioning properly will be taken out of service and repaired.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact the Communications Center as soon as possible and request response by EMS.

432.7.2 AED TRAINING AND MAINTENANCE

The Training Manager or his/her designee should ensure appropriate training and refresher training is provided to members authorized to use an AED. A list of authorized members and training records shall be made available for inspection by the local EMS agency (LEMSA) or EMS authority upon request (22 CCR 100021; 22 CCR 100022; 22 CCR 100029).

During each administration of Naloxone, the report should be forwarded to the Social Services Administrator to assess community resources that may be available to the patient.

MOBILE IDENTIFICATION DEVICE USE

434.1 PURPOSE AND SCOPE

The purpose of the Mobile ID Device is to enable users to perform “real-time” fingerprint acquisition in the field, which is then searched and compared against several fingerprint repository databases, and provide a rapid response to the officer in the field. The Mobile ID Device is intended to assist field personnel in positively identifying subjects who have no form of identification or the identification is questionable or otherwise unavailable. The responses will be limited to the subjects maintained in the searched databases and do not preclude a record from existing in other biometric or name-based repositories.

434.2 POLICY

The purpose of this policy is to provide Roseville Police Officers a uniform guideline for using the handheld Mobile Identification Device (Mobile ID) to fingerprint an individual in the field and send the digitized fingerprint to be searched against several available databases. Officers assigned the use of these devices shall adhere to the operational orders and policies outlined herein so as to maximize the effectiveness and utility of the Mobile ID Device. This policy shall apply to use of the Mobile ID Device on both adults and juveniles.

434.3 OVERVIEW

The Mobile ID Device may be used in the field by sworn police officers, and the information can be viewed by those authorized by the Roseville Police Department. Staff from the Information Technologies Unit will assist users with hardware and software support for the Mobile ID Devices.

The Mobile ID Device has the capability to capture fingerprints which will be searched against the following databases:

1. Placer County CBIS fingerprint system (CBIS = County Biometric Identification System)
2. Sacramento Regional GRAB’EM PID system (GRAB’EM = Gold Region Aggregated Biometric Enforcement Matrix and PID = Personal Identification)
3. California DOJ AFIS / FBI RISC system DOJ (Department of Justice, AFIS = Automated Fingerprint Information System, FBI RISC = Federal Bureau of Investigation – Repository of Individual of Special Concern)

Responses received on the device will include mugshot photos if available, basic demographic information, local special flags/cautions (i.e. 290 registrant) and active local warrants. Responses may be used with reasonable expectation of accuracy to identify subjects in the field. Responses may also include a “NO HIT” return, from any of the searched databases.

The Mobile ID Device also has the ability to capture photos to assist officers in the identification of subjects. Fingerprints and photos captured on the Mobile ID Device, along with the responses received on the device, are retained by Placer County Sheriff IT on the Mobile ID server.

Roseville Police Department

POLICY MANUAL

MOBILE IDENTIFICATION DEVICE USE

434.4 RESPONSIBILITIES OF THE USER

A. The purpose of field identification is to obtain positive identification of suspects and provide Officers the necessary information to further their investigation. The use of the Mobile ID Device is intended to augment, and not replace, other methods of properly identifying persons whose identity is unknown to the officer.

B. The Mobile ID Device shall be used for official police business only. The Mobile Identification Device shall only be used when appropriate and during the course of normal duties and only by authorized personnel assigned to a device.

C. Use of the Mobile ID Device constitutes a “search”, so as with any search, Officers must have consent, a court order, or a legal reason for detaining an individual and searching their prints. An officer must be able to articulate the appropriate use of the Mobile ID Device based on experience and assessment of the circumstances.

D. Any information obtained through the Mobile ID Device shall be treated as confidential. Warrants discovered via mobile ID will be immediately reported to Dispatch for verification.

G. The Mobile ID Device will be treated in similar fashion to portable radios when responding to bomb threats or when in areas with sensitive electronic equipment.

434.4.1 CONSENSUAL USE OF THE DEVICE

Prior to an arrest, the Mobile ID Device may be used in situations where the subject to be fingerprinted gives a knowing and willing voluntary consent to the use of the Mobile ID Device. The subject may limit or withdraw consent at any time. If consent is withdrawn, use of the Mobile ID Device is not authorized, its use must stop immediately, and the officer may not force or coerce the subject to submit to the use of the Mobile ID Device.

434.4.2 NON-CONSENSUAL USE OF DEVICE

The Mobile ID Device may be used without the consent of the subject:

Roseville Police Department

POLICY MANUAL

MOBILE IDENTIFICATION DEVICE USE

- (c) If specifically required by statute.
- (d) If the subject is medically incapacitated or deceased and unable to give consent and no other method of identification is readily available.

It is not the intent of this policy to advocate or authorize the use of unnecessary force to obtain fingerprint identification via the Mobile ID device.

434.4.3 AUTHORIZED USE OF THE DEVICE

Prior to an arrest or during a lawful detention, the Mobile ID Device may be used with the consent of the subject:

- D. If the Officer has probable cause to believe the subject is a witness to a criminal offense and the officer has reasonable suspicion the subject intentionally gave a false or fictitious name, residence address, or date of birth to the officer.

434.4.4 NON-STANDARD USE OF THE DEVICE

Any nonstandard use of the Mobile ID Device shall require notification and authorization by the Officer's Supervisor. Examples of non-standard use include but are not limited to:

- A. Request from an outside law enforcement agency to fingerprint a subject in custody. The requesting agency must comply with the procedures of this policy and any other applicable department policies and procedures.
- B. Traffic fatality investigation in which there is no other reasonable means of identifying a victim. This identification is not meant to act as a positive ID for notifying next of kin.

434.4.5 UNAUTHORIZED USE OF THE DEVICE

The Mobile ID Device shall not be used for random or general investigative or intelligence gathering. Officers shall adhere to all other relevant department policies when using the Mobile

UAS OPERATION

436.1 PURPOSE

The following procedures are intended to promote the safe, efficient, and lawful operation by the Roseville Police small unmanned aircraft system (UAS) Unit. Safety, above all else, is the primary concern in each and every operation, regardless of the nature of the mission. Providing an aerial perspective to support our personnel will increase safety for the citizens of Roseville and public safety personnel all while increasing efficiency during special operations.

Generally, the UAS Unit shall be activated when the situation requires a police response beyond the normal capabilities of patrol or investigations personnel. Additionally, the unit may be activated if the situation falls within the guidelines of authorized missions which is outlined below. Request for the deployment of the UAS unit will be made through the Roseville Police Department on-duty watch commander. In the event of a call-out request by a Roseville PD watch commander the request should be directed to the UAS Unit Lieutenant to approve the deployment of the UAS unit. The UAS Unit members will determine if the UAS can be deployed safely and practically. If the request comes from an outside Public Safety agency the request will be directed to dispatch at (916) 774-5000.

1. When the UAS is being flown, operators will take steps to ensure the camera is focused on the areas necessary to the mission and to minimize the inadvertent collection of data about uninvolved persons or places.

The Police Department as needed, appropriate, and when able, will notify the private security contractor dispatch center of priority/emergency calls for service in the service area so the contracted security officer does not inadvertently interfere or run into a call for service outside of their responsibilities or outside of their response capability.

437.8 COMMUNICATIONS PROCEDURES

The Communications Center will continue to be the primary point of contact for anyone calling for Police Department assistance. However, through business outreach the security contractor will provide information to businesses and city staff within the service area of what they can call directly to the security contractor for assistance. Roseville Police Department

POLICY MANUAL

PRIVATE SECURITY CONTRACTS

- Once the call has been accepted by the security contractor dispatch center, the Police Department Communications center will close the call for service utilizing the disposition code of “DTS” (Downtown Security).

Officers will not defer a call to the private security contractor if they are dispatched to a call by the Police Department Communications Center. If the call is being dispatched to the officer, it will be understood that any protocols for deciding whether to dispatch to an officer versus the security contractor have already been evaluated and the determination has been made to dispatch the officer to the call for service.

437.9 REPORTING

The private security contractor will maintain a means for reporting incidents and response to the Police Department. The assigned Operations Lieutenant will frequently review the reporting system of the security contractor for performance evaluation and operational needs.

The private security contractor will maintain their own database of records. All reports, video recording, and audio recording are the property of the security provider. The Police Department will not be responsible for any records generated by the private security contractor. Should a report from the private security contractor be necessary for a police report, the security contractor's report shall be booked into Property as Evidence versus attaching as a supplement to the Police report.

437.10 USE OF FORCE REPORTING

In the event of a use of force involving a contracted security officer, the Watch Commander will follow the same investigative procedures outlined in Policy 300 with the exception that no Blue Team entry will be completed. Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Roseville Police Department. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are requests from the public, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

Roseville Police Department

POLICY MANUAL

Traffic Function and Responsibility

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge.
- (b) Court appearance procedure.

500.3.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

- (a) Vehicular manslaughter
- (b) Felony and misdemeanor driving under the influence of alcohol/drugs
- (c) Felony or misdemeanor hit-and-run
- (d) Refusal to sign notice to appear
- (e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The officer will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Roseville Police Department

POLICY MANUAL

Traffic Function and Responsibility

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the re-sealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Training Manager should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

Traffic Collision Reporting

501.1 PURPOSE AND SCOPE

The Roseville Police Department prepares traffic collision reports in compliance with the California Highway Patrol Collision Investigation Manual (CIM) and as a public service makes traffic collision reports available to the community with some exceptions.

501.2 RESPONSIBILITY

The Traffic Unit Lieutenant will be responsible for distribution of the Collision Investigation Manual. The Traffic Unit Lieutenant will receive all changes in the state manual and ensure conformity with this policy.

501.3 TRAFFIC COLLISION REPORTING

All traffic collision reports taken by members of this department shall be forwarded to the Traffic Unit Lieutenant for approval.

501.4 REPORTING SITUATIONS

501.4.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES

Traffic collision investigation reports shall be taken when a City-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage or injury results. A City of Roseville Vehicle/Equipment Accident Report may be taken in lieu of a traffic collision report (CHP 555 form) when the collision occurs on private property or does not involve another vehicle. Whenever there is damage to a City vehicle, a Supervisor's Report of Accident shall be completed and forwarded to the appropriate Division Commander. Photographs of the collision scene and vehicle damage shall be taken at the discretion of the traffic investigator or any supervisor.

501.4.2 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES

When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the Roseville Police Department resulting in a serious injury or fatality, the Traffic Unit Lieutenant or the Watch Commander, may notify the California Highway Patrol for assistance.

The term serious injury is defined as any injury that may result in a fatality.

Members involved in an accident (as defined below) while operating a departmental vehicle shall adhere to the following:

- (a) For purposes of this order a vehicle accident is any event that results in unintended injury or property damage attributed directly or indirectly to the motion of a motor vehicle or its load.
- (b) Upon becoming involved in an automobile accident, the member shall notify the watch commander by the most expedient means available.

Roseville Police Department

POLICY MANUAL

Traffic Collision Reporting

- (c) Risk Management must be contacted and asked to respond.
- (d) If the traffic accident occurred within the city limits of Roseville, the supervisor should respond to the scene. The supervisor is responsible for ensuring a complete and thorough accident investigation is conducted. Based on the nature of the accident, the supervisor may elect to request the California Highway Patrol conduct a courtesy investigation. Under no circumstances shall the involved officer conduct the investigation.
- (e) If the traffic accident occurred outside the jurisdictional limits of the City of Roseville, the involved member shall ensure the appropriate law enforcement agency is notified and requested to take a report.
- (f) All members involved in a traffic accident must complete and submit a City of Roseville Vehicle/Equipment Accident Report to their supervisor as soon as possible.
- (g) Photographs are required when any city vehicle is involved in an accident, damaged, or causes damage to any other property.
- (h) A Police Department Accident Review Board will be convened for all accidents involving its members. The specific responsibilities of the Accident Review Board are outlined in § 1021.

501.4.3 TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS

The Traffic Lieutenant or on-duty Watch Commander may request assistance from the California Highway Patrol for the investigation of any traffic collision involving any City official or employee where a serious injury or fatality has occurred.

501.4.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

In compliance with the Collision Investigation Manual, traffic collision reports shall not be taken for traffic collisions occurring on private property, unless there is a death or injury to any person involved, a hit and run violation, or Vehicle Code violation.

501.4.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

- (a) Traffic collision reports **shall** be taken when:
 - 1. An injury, including a complaint of pain, is involved.
 - 2. A DUI is involved.
 - 3. One or more involved parties request a collision report.
 - 4. A Hit and Run collision.
 - 5. It occurred on a public roadway and one or more vehicles are towed from the scene as a result of the collision.
 - 6. It is the appropriate action to uphold our commitment to service.

Roseville Police Department

POLICY MANUAL

Traffic Collision Reporting

7. All arrest information, including the probable cause statements and circumstances covering the arrest, involving collision reports shall be completed on a supplement report under the heading Arrest Documentation.
- (b) Traffic collision reports are not required when:
1. The parties exchange driver information and/or the damage is minor (under \$750), and both parties agree they do not desire a traffic collision report.
 2. A non-injury accident occurs on private property and it is not a hit and run or a DUI type of collision.
 3. Late reports with no injuries.

501.5 NOTIFICATION OF TRAFFIC UNIT SUPERVISION

In the event of a serious injury or death related traffic collision, the Watch Commander shall notify the Traffic Unit Lieutenant to relate the circumstances of the traffic collision and seek assistance from the Traffic Unit. In the absence of a Traffic Unit Lieutenant, the Watch Commander or any supervisor may assign an MAIT Investigator or motor officer to investigate the traffic collision.

501.6 LATE TRAFFIC COLLISION REPORTING / COUNTER REPORTS / HIT AND RUN COLLISIONS WITH NO INJURIES AND NO SUSPECT

It is the policy of the Roseville Police Department to document all collisions that occur within the city limits that come to our attention. Documentation can either be done by investigation and report preparation by police department staff or by having the reporting party fill out a "Counter Report" or given the option to file a report using the on-line service. Counter reports can include property damage only, complaint of pain collisions, and hit and run collisions where there are no injuries and no suspect information. On-Line reports include hit and run collisions where there are no injuries and no suspect information. The purpose of this procedure is to establish guidelines for police department staff to effectively document collisions that are reported late and to provide the best customer service possible. A late-reported collision is any collision where the involved parties are no longer at the scene and documentation is requested at a location away from the collision scene.

501.6.1 PROCEDURE

When a person contacts the police department and wants to report a late accident, staff will provide them with a "Counter Report Packet" or give them the option of the on-line service. A "late accident" is defined as an accident which is not in-progress or one that had just occurred. The "Counter Report Packet" includes the C.H.P. form 555 pages 1, 2, and 3 and form 556 as well as an instruction sheet on how to fill out the forms. This report will cover property damage only, complaint of pain, as well as hit and run collisions with no injuries or suspect information.

In the event the reporting party wants the late collision investigated by an officer, police staff will contact an on duty sworn supervisor to determine if a counter report or an officer investigation is warranted.

Vehicle Towing and Release

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Roseville Police Department. Nothing in this policy shall require the Department to tow a vehicle.

502.2 STORAGE AND IMPOUNDS

When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

502.2.1 VEHICLE STORAGE REPORT

Department members requesting towing, storage or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should to be given to the tow truck operator and the original shall be submitted to the Records Unit as soon as practicable after the vehicle is stored.

502.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES

When a vehicle has been involved in a collision and must be removed from the scene, if the driver prefers a specific tow, the driver must directly contact their tow company of preference.

If for any reason the driver is unable to initiate their preferred tow, the officer shall request the dispatcher to call a city approved towing company from the rotation tow list (i.e. driver incapacitated). Officer will then store the vehicle using CHP 180.

502.2.3 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee's vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high-crime area).

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest.

Roseville Police Department

POLICY MANUAL

Vehicle Towing and Release

- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases, the owner shall be informed that the Department will not be responsible for theft or damages.

502.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS

Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver's license, the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the officer shall list on his/her copy of the notice to appear the name and driver's license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent upon presentation of a valid driver's license and current vehicle registration.

502.2.5 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

502.2.6 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for tow, the dispatcher shall note in the log which tow company was selected and promptly telephone the specified authorized tow company off the rotation tow list. The officer shall be advised when the request has been made and which tow company is selected.

Dispatch personnel shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System and forward through records via normal processes (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).

502.2.7 RECORDS UNIT RESPONSIBILITY

Approved storage forms (CHP Form 180) shall be promptly placed into the auto-file so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Unit to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all

Roseville Police Department

POLICY MANUAL

Vehicle Towing and Release

such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a); Vehicle Code § 14602.6(a)(2)). The notice shall include the following (Vehicle Code § 22852(b)):

- (a) The name, address, and telephone number of this Department.
- (b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
- (c) The authority and purpose for the removal of the vehicle.
- (d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, writing, or by telephone within 10 days of the date appearing on the notice.

502.3 DISPOSAL OF VEHICLES VALUED AT \$500 OR LESS

The RATTF Detective has the authority to evaluate a vehicle, camper or trailer for disposal under CVC 22851.2 or CVC 22851.3. If the RATTF Detective determines the subject vehicle is valued at \$500 or less, the Detective will fill out DMV Form REG 462-Public Agency Authorization To Dispose Of A Vehicle Valued At \$500 Or Less To A Scrap Iron Processor or Dismantler. The Detective shall complete the following steps:

1. Fill out and sign the DMV Form REG 462.
2. Attach the yellow copy of the form to their supplemental report.
3. Pictures of the property shall be included with their supplemental report.
4. Scan a copy of the REG 462 and send it via email to the police department's city attorney representative.

Under no circumstance will the RATTF Detective make a determination of a vehicle's value that is in possession of a family member or a family member's business. In this situation, an uninvolved officer shall be called to make the determination.

502.4 TOWING SERVICES

The City of Roseville periodically selects a firm to act as the official tow service and awards a contract to that firm. This firm will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal of vehicles obstructing traffic in violation of state or local regulations.

Roseville Police Department

POLICY MANUAL

Vehicle Towing and Release

502.4.1 ROTATION TOW SERVICES

The department may approve qualified towing services to be called when a citizen needs towing but has no preference as to which service to call or when an employee determines a vehicle needs to be stored. This firm will be used in the following situations:

- When it is necessary for the police department to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- When it is necessary for the police department to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of State or local regulations.

Any complaint alleging a violation of the agreement or other misconduct by a rotation tow operator shall be referred to the Traffic Unit Lieutenant for investigation. The department may periodically review the performance of each authorized rotation tow operator. The police department will assist citizens by calling any towing company desired. If the citizen has no preference and requests that an officer call a towing company, one of the authorized firms shall be called in rotation. All officers are specifically prohibited from directly or indirectly soliciting for or recommending any garage or tow service.

502.5 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

502.6 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

Roseville Police Department

POLICY MANUAL

Vehicle Towing and Release

502.7 RELEASE OF VEHICLE

The Department will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

- (a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (b) Vehicles removed that require payment of parking fines or proof of valid driver's license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit, and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver's license, and applicable fees paid prior to the end of the 30-day impoundment period under any of the following circumstances:
 - 1. The vehicle was stolen.
 - 2. If the driver reinstates his/her driver's license or acquires a license and provides proof of proper insurance.
 - 3. Any other circumstance as set forth in Vehicle Code § 14602.6.
 - 4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.
- (d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.

Vehicle Impound Hearings

503.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

503.2 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any member of the Roseville Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code § 22650(a); Vehicle Code § 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

503.2.1 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). The Traffic Lieutenant will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code § 14602.6(b); Vehicle Code § 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code § 14602.6(b) or 14602.8(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations

Roseville Police Department

POLICY MANUAL

Vehicle Impound Hearings

where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

The legislative intent and this department's policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

- (a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.
 - 1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.
- (b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department's expense (Vehicle Code § 22852(e)).
- (c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Division Commander. The hearing officer will recommend to the appropriate Division Commander that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.

503.3 IMPOUNDING AND STORING VEHICLES

To establish a policy when a vehicle is to be "impounded" or "stored" by members of the Roseville Police Department.

503.3.1 IMPOUNDED VEHICLES

When a member of the Roseville Police Department tows a vehicle, that employee must determine if the vehicle should be "impounded" or "stored." When towing a vehicle it should be stored unless one of the following tow authorities applies, then it may be impounded:

- (a) 14602.6 CVC: Driving without a license (never issued a license), or with a suspended/revoked DL unless;
 - 1. A licensed and insured driver is present and is able to legally remove the vehicle from its public location; or
 - 2. The vehicle is in such a location that it does not impede traffic, threaten public safety and convenience, or is not a target for vandalism or theft.
- (b) 22651(P) CVC: Unlicensed driver, or with a suspended/revoked DL without knowledge of suspension unless;

- (k) 22655 CVC: Vehicle involved in hit and run. (Impound for evidence collection only.) (This section may not be used to get the R/O to come to the PD, etc.).
- (l) 22655.3 CVC: Vehicle used to flee or evade a police officer.
- (m) 22655.5 CVC: Vehicle used to commit public offense or is evidence or contains evidence.

503.3.2 STORED VEHICLES

Members of the Roseville Police Department shall "store" vehicles under the "Community Care Doctrine" when authorized by law and one of the following conditions exist. The vehicle:

- (a) Jeopardizes public safety and/or the efficient flow of traffic.
- (b) Creates a hazard to other drivers.
- (c) May be a target for vandalism or theft.

Roseville Police Department

POLICY MANUAL

Vehicle Impound Hearings

1. Officers shall only allow vehicles to be released to another party if the registered/legal owner is present and authorizes the release of the vehicle to another licensed and insured party and the transfer can be done in a reasonable amount of time.
2. Officers will not release a vehicle to another party with any measurable amount of alcohol in their system or who show signs of intoxication/impairment.
3. Officers shall not store vehicles from private property if the property is owned, leased, or rented by the driver or person in control of the vehicle. This includes parking spaces at community parking facilities, single-family dwellings, apartment complexes, etc., where the driver or persons in control of the vehicle reside.

Impaired Driving

504.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

504.2 POLICY

The purpose of this order is to provide guidance and direction to appropriate personnel responsible for "Driving Under the Influence" (DUI) incident response cost recovery process.

504.3.2 POLICY

It is the policy of this Department that all personnel shall use the process described in Government Code 53150 through 53159 for all DUI cost recovery efforts. Additionally, the Department will not attempt to recover DUI response costs when assisting an allied agency during an incident covered by the law. Although permitted to do so by Penal Code provisions, the Department will not attempt to recover DUI incident response costs through the probation process.

504.3.5 OTHER RELATED DUI INCIDENTS

There are other DUI related incidents that qualify under the DUI cost recovery program. Any event that causes an emergency response by the Roseville Police Department is an incident that qualifies under the DUI cost recovery program. Examples include but are not limited to, a vehicle left abandoned in the roadway by a DUI driver creating a traffic hazard and a vehicle left abandoned on the railroad tracks. A traffic stop resulting in a DUI arrest does not qualify under the DUI cost recovery program.

The Roseville Police Department DUI Accident Cost Recovery Report will be forwarded to the City Finance Department.

504.4 FIELD TESTS

The Traffic Lieutenant should identify the primary field sobriety tests (FSTs) and any approved alternate tests for officers to use when investigating violations of DUI laws.

504.5 CHEMICAL TESTS

A person is deemed to have consented to a chemical test or tests under any of the following (Vehicle Code § 23612):

- (a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.
- (b) The person is under 21 years of age and is arrested by an officer having reasonable cause to believe that the person's blood alcohol content is 0.05 or more (Vehicle Code § 23140).
- (c) The person is under 21 years of age and detained by an officer having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).
- (d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).
- (e) The person is dead, unconscious or otherwise in a condition that renders him/her incapable of refusal (Vehicle Code § 23612(a)(5)).

504.5.1 CHOICE OF TESTS

Officers shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).

A person arrested for DUI has the choice of whether the test is of his/her blood or breath, and the officer shall advise the person that he/she has that choice. If the person arrested either is incapable, or states that he/she is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the officer may also request that the person submit to a blood test. If the person is incapable of

Roseville Police Department

POLICY MANUAL

Impaired Driving

completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

504.5.2 BREATH SAMPLES

The Traffic Lieutenant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Traffic Lieutenant.

When the arrested person chooses a breath test, the handling officer shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

The officer should also require the person to submit to a blood test if the officer has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug. Evidence of the officer's belief shall be included in the officer's report (Vehicle Code § 23612(a)(2)(C)).

504.5.3 BLOOD TESTS

Only persons authorized by law to withdraw blood shall collect blood samples (Vehicle Code § 23158). The withdrawal of the blood sample should be witnessed by the assigned officer. No officer, even if properly certified, should conduct the blood withdrawal.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be drawn for alternate testing. Unless medical personnel object, two samples should be drawn and retained as evidence, so long as only one puncture is required.

If an arrestee cannot submit to a blood test because he/she is a hemophiliac or is using an anticoagulant, he/she shall not be required to take a blood test. Such inability to take a blood test should not be treated as a refusal. However, the person may be required to complete another available and viable test.

504.5.4 URINE TESTS

If a urine test will be performed, the person should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff of the same sex as the person giving the sample. The person tested should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the specimen (Vehicle Code § 23158(i)).

Roseville Police Department

POLICY MANUAL

Impaired Driving

The collection kit shall be marked with the person's name, offense, Roseville Police Department case number and the name of the witnessing officer. The collection kit should be refrigerated pending transportation for testing.

504.6 REFUSALS

When a person refuses to provide a viable chemical sample, officers should:

- (a) Advise the person of the requirement to provide a sample (Vehicle Code § 23612).
- (b) Audio-record the admonishment and the response if practicable.
- (c) Document the refusal in the appropriate report.

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of order of suspension upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

504.6.1 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (Penal Code § 1524); or
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol in the person's blood stream. Exigency can be established by the existence of special facts such as a lengthy delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

504.6.2 FORCED BLOOD SAMPLE

If a person indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the person to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video if practicable.
- (d) Ensure that the withdrawal is taken in a medically approved manner.
- (e) Ensure the forced withdrawal is recorded on audio and/or video when practicable.

Impaired Driving

- (f) Monitor and ensure that the type and level of force applied is reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.
- (g) Ensure the use of force and methods used to accomplish the blood sample draw are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

504.7 ARREST AND INVESTIGATION

504.7.1 WARRANTLESS ARREST

In addition to the arrest authority granted to officers pursuant to Penal Code § 836, an officer may make a warrantless arrest of a person that the officer has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

- (a) The person is involved in a traffic accident.
- (b) The person is observed in or about a vehicle that is obstructing the roadway.
- (c) The person will not be apprehended unless immediately arrested.
- (d) The person may cause injury to him/herself or damage property unless immediately arrested.
- (e) The person may destroy or conceal evidence of a crime unless immediately arrested.

504.7.2 STATUTORY WARNING

An officer requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

504.7.3 PRELIMINARY ALCOHOL SCREENING

Officers may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The officer shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, he/she shall be advised that the PAS test is voluntary. The officer shall also advise the person that submitting to a PAS test does not satisfy his/her obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

Roseville Police Department

POLICY MANUAL

Impaired Driving

504.7.4 PRELIMINARY ALCOHOL SCREENING FOR MINORS

If an officer lawfully detains a person under 21 years of age who is driving a motor vehicle and the officer has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the officer shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the officer may request the person to submit to chemical testing of his/her blood, breath or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the officer shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

504.7.5 OFFICER RESPONSIBILITIES

The officer serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete a dismissal form. The citation dismissal shall then be forwarded to the Services Division Commander for review.

Disabled Vehicles

506.1 PURPOSE AND SCOPE

Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

506.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

506.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

506.3.1 MECHANICAL REPAIRS

Department members may provide basic roadside assistance. Personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

506.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

506.3.3 RELOCATION OF DISABLED MOTORIST

The relocation of a disabled motorist should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

506.4 PUBLIC ACCESS TO THIS POLICY

This written policy is available upon request.

72-Hour Parking Violations/Abandoned Vehicles

507.1 PURPOSE AND SCOPE

This policy provides guidelines for the marking, recording, and storage of vehicles parked in violation of the Roseville City Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code § 22669 and RMC 11.20.310

507.2 CITIZEN REPORTING

When a citizen calls to report an abandoned vehicle, dispatch should refer them to the online entry on the police department website using the following path:

City website > Government > Departments/Divisions > Police Department > Online Reporting > “Submit an Abandoned Vehicle Report”.

In the instance where the caller is unable to access or navigate the website, dispatch should enter a call for service after confirmation that the vehicle is in the city limits of Roseville.

For Procedures related to call taking for 72-Hour Parking Violations/Abandoned Vehicles, see the [Roseville Police Department Procedural Manual: CALL TAKING](#)

507.3 MARKING VEHICLES

Officers, CSOs, cadets, and volunteers (when applicable) shall be responsible for maintaining the Abandoned Vehicle database and marking abandoned vehicles as appropriate. This process can be initiated by direct observation or in response to a citizen complaint.

If a citizen complaint is the reason for marking a vehicle, prior to towing the vehicle, an attempt should be made by the officer to contact the registered owner. This can be done by determining the registered owner via CLETS and either making face-to-face contact with the registered owner or speaking to them on the telephone. If a reasonable attempt has been made to contact the registered owner and contact cannot be made, the vehicle should be towed.

This ordinance is designed to remove abandoned, wrecked, and inoperable vehicles from the public right-of-way. It is not designed to further neighborhood disputes. In some cases, a citation without towing the vehicle might be the best course of action.

For procedures related to marking 72-hour parking violations and abandoned vehicles, see the [Roseville Police Department Procedural Manual: Marking Vehicles for 72-Hour Violations](#)

For procedures related to towing 72-hour parking violations and abandoned vehicles, see the [Roseville Police Department Procedural Manual: Towing Vehicles for 72-Hour Violations](#)

For procedures related to vehicles presumed to have been moved, see the [Roseville Police Department Procedural Manual: Vehicles Presumed to have Moved](#)

For procedures related to vehicle abatement and unimproved surface, see the [Roseville Police Department Procedural Manual: 228.3.4 Vehicle Abatement/Unimproved Surface](#)

507.3.1 PENDING 72-HOUR TOW CALLS

The CSO unit shall be responsible for maintaining the 72-hour tows pending in CAD and entered into the website. The CSO unit, including any CSO, cadet, or volunteer (when applicable), is responsible for the follow up and updating of the CAD and Collector application as to the current status of the 72 hour/abandoned vehicle.

507.3.2 VEHICLE STORAGE

Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report (CHP form 180) shall be completed by the officer authorizing the storage of the vehicle.

The CHP 180 shall be submitted to the Communications Unit immediately following the storage of the vehicle. It shall be the responsibility of the Communications Unit to immediately notify the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento (Vehicle Code § 22851.3(b)). Notice to all such individuals shall be sent by the Records Division first-class or certified mail pursuant to Vehicle Code § 22851.3(d).

TOWING A RECREATIONAL VEHICLE OR MOTORHOME

508.1 PURPOSE AND SCOPE

To establish consistent practices for towing Class B or Class C recreational vehicles or motorhomes.

508.2 POLICY

The RV TOW LIST shall be used only for tow requests involving Class B or Class C Recreational Vehicles (RV) and Motorhomes (MH). If the RV is blocking a roadway, involved in an accident, or needs to be towed for some other emergency reason, the tow companies on the RV TOW LIST rotation will respond immediately. Otherwise, tow companies will make arrangements for the RV to be towed during normal business hours, Monday-Friday from 0800-1700. The RV should be towed within one week.

- (a) Once an officer or CSO has determined an RV or MH needs to be towed, they should make the request for the Communications Center to call for an RV tow.
- (b) The Communications Center shall choose the TOW LIST RV from the Tow drop-down list when processing the tow request in CAD. The TOW LIST RV rotation is comprised of the tow companies currently under contract with the city.
- (c) When an approved CHP180 for the rv/motorhome is delivered to the Communications Center, the original call shall be re-opened for the data entry portion of the call. To ensure the data entry gets logged into the appropriate CAD call, select the Associated Call from the drop down list at the bottom of the Vehicle Entry mask selected.
- (d) Communication Center personnel shall print their data entry, stamp the paperwork, ensure the required verification and signatures are completed, and then clear the original Call for Service (CFS). All required data entry and registration paperwork shall be forwarded to the records department for final processing.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

600.2 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility or other official setting. The recording shall include the entire interview and a Miranda advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (b) The individual refuses to have the interrogation recorded, including refusal anytime during interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation took place in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed a murder.
- (e) The interrogation would disclose the identity of a confidential informant or jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement was not feasible.
- (g) Questions are part of a routine processing or booking, and not an interrogation.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction of the individual or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institution Code § 626.8).

Sexual Assault Investigations

601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

601.2 INVESTIGATION CONSIDERATIONS

601.2.1 OFFICER RESPONSIBILITY FOR VICTIM SART EXAMINATION PROTOCOL

Officers performing a sexual assault investigation shall contact their Sergeant/Watch Commander to inquire about a decision to have a SART Examination performed on the victim. In the case of a juvenile victim the Officer shall additionally contact Placer County Family and Children Services at 916-872-6549. If a Suspect and Victim SART are projected to occur at the same location and time, the Officer handling the suspect will ensure the victim is no longer present. If victim is present the investigating officer will ensure adequate separation within the facility occurs to prevent further trauma to the victim.

PLACER COUNTY FORENSIC EXAMINER VICTIM SART

601.3 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to the Communications Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Roseville Police Department

POLICY MANUAL

Sexual Assault Investigations

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

601.3.1 VICTIM RIGHTS

Whenever there is an alleged sexual assault, the assigned officer shall accomplish the following:

- (a) Advise the victim in writing of the right to have a victim advocate and a support person of the victim's choosing present at any interview or contact by law enforcement, any other rights of a sexual assault victim pursuant to Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).
- (b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the officer shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).
 1. The officer shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).
 2. A support person may be excluded from the examination by the officer or the medical provider if his/her presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

601.3.2 VICTIM CONFIDENTIALITY

Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim's parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting officer shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim's parent or guardian (Penal Code § 293).

Except as authorized by law, members of this department shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

Sexual Assault Investigations

601.4 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

601.4.1 STANDARDIZED SEXUAL ASSAULT FORENSIC MEDICAL EVIDENCE KIT

The Property and Evidence Section supervisor should make California standardized sexual assault forensic medical evidence (SAFE) kits available to members who may investigate sexual assault cases. Members investigating a sexual assault should use these SAFE kits when appropriate and follow related usage guidelines issued by the California Clinical Forensic Medical Training Center (Penal Code § 13823.14).

601.4.2 COLLECTION AND TESTING REQUIREMENTS

Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). SAFE kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned officer shall ensure that an information profile for the SAFE kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned officer determines that a SAFE kit submitted to a private laboratory for analysis has not been tested within 120 days after submission, the officer shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned officer shall continue to update the status every 120 days thereafter until the evidence has been analyzed or the statute of limitations has run (Penal Code § 680.3).

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned officer

Roseville Police Department

POLICY MANUAL

Sexual Assault Investigations

shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

601.4.3 DNA TEST RESULTS

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

- (a) Upon receipt of a written request from a sexual assault victim or the victim's authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim's case (Penal Code § 680).
 - 1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
 - 2. Absent a written request, no member of this department is required to, but may, communicate with the victim or the victim's authorized designee regarding the status of any DNA testing.
- (b) Subject to the commitment of sufficient resources to respond to requests for information, sexual assault victims shall further have the following rights (Penal Code § 680):
 - 1. To be informed if a DNA profile of the assailant was obtained from the testing of the SAFE kit or other crime scene evidence from their case.
 - 2. To be informed if there is a match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.
 - 3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank of case evidence.
- (c) Provided that the sexual assault victim or the victim's authorized designee has kept the assigned officer informed with regard to current address, telephone number, and email address (if available), any victim or the victim's authorized designee shall, upon request, be advised of any known significant changes regarding the victim's case (Penal Code § 680).
 - 1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

Roseville Police Department

POLICY MANUAL

Sexual Assault Investigations

2. No officer shall be required or expected to release any information which might impede or compromise any ongoing investigation.

601.4.4 DESTRUCTION OF EVIDENCE

Any destruction of evidence related to a sexual assault shall occur only after victim notification is made as required pursuant to Penal Code § 680 and only in compliance with the Property and Evidence Policy.

601.5 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigations Unit supervisor.

Classification of a sexual assault case as unfounded requires the Investigations Unit supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Roseville Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

602.3 ASSET SEIZURE

 - 1. The property subject to forfeiture is legally seized incident to an arrest.
 - 2. There is probable cause to believe that the property was used or is intended to be used in a violation of the Uniform Controlled Substances Act and the seizing officer can articulate a nexus between the property and the controlled substance offense that would lead to the item being property subject for forfeiture.

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Commander, Crime Suppression Unit supervisor or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as police officers, employees or agents of the Roseville Police Department, and that they shall not represent themselves as such.
- (d) The relationship between department members and informants shall always be ethical and professional.
 - 1. Members shall not become intimately involved with an informant.
 - 2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Crime Suppression Unit supervisor.
 - 3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Crime Suppression Unit supervisor.
 - 1. Officers may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
- (g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

603.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be

POLICY MANUAL

Informants

unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of an officer.
- (c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

603.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Crime Suppression Unit. The Crime Suppression Unit supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Commander, Crime Suppression Unit supervisor or their authorized designees.

The Investigation Division Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Crime Suppression Unit supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

- (k) Signed informant agreement
- (l) Update on active or inactive status of informant
- (m) Check of Western States Information Network (WSIN)

603.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Crime Suppression Unit supervisor will discuss the above factors with the Operations Division Commander and recommend the type and level of payment subject to approval by the Chief of Police.

 3. The cash transfer form will be kept in the informant's file.

603.6.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

603.6.3 AUDIT OF PAYMENTS

The Crime Suppression Unit supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. Eyewitness Identification

604.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Penal Code § 859.7).

604.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process -Any field identification, live lineup or photographic identification.

Field identification -A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect to include six pack lineups.

604.2 POLICY

The Roseville Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Investigations Unit supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (Penal Code § 859.7):

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Roseville Police Department

POLICY MANUAL

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.
- (k) Any other direction to meet the requirements of Penal Code § 859.7, including direction regarding blind or blinded administrations and filler selection.

The process and related forms should be reviewed at least annually and modified when necessary.

604.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members shall avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses shall view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure shall be audio and video recorded and the recording should be retained according to current evidence procedures (Penal Code § 859.7). When it is not feasible to make a recording with both audio and visual representations, audio recording may be used. When audio only is used, the investigator shall state in writing the reason that video recording was not feasible (Penal Code § 859.7).

Eyewitness Identification

604.6 DOCUMENTATION

A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

604.6.1 DOCUMENTATION RELATED TO RECORDINGS

The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

604.6.2 DOCUMENTATION RELATED TO BLIND ADMINISTRATION

If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

604.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness (Penal Code § 859.7). Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (Penal Code § 859.7).

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

604.7.1 OTHER SAFEGUARDS

Witnesses should be asked for suspect descriptions as close in time to the incident as possible and before conducting an eyewitness identification. No information concerning a suspect should be given prior to obtaining a statement from the witness describing how certain he/she is of the identification or non-identification. Members should not say anything to a witness that may validate or invalidate an eyewitness' identification. In photographic lineups, writings or information concerning any previous arrest of a suspect shall not be visible to the witness (Penal Code § 859.7).

Eyewitness Identification

604.8 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

Brady Material Disclosure

605.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

605.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** - Information known or possessed by the Roseville Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

605.2 POLICY

The Roseville Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Roseville Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., confidential informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

Roseville Police Department

POLICY MANUAL

Brady Material Disclosure

605.4 DISCLOSURE OF PERSONNEL INFORMATION

Whenever it is determined that *Brady* information is located in the personnel file of a member of this department who is a material witness in a criminal case, the Department will follow the procedures outlined in the Placer County Brady Protocol.

Warrant Service

607.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants to include the service of warrants where forced entry is a potential.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

607.2 POLICY

It is the policy of the Roseville Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

607.3 OPERATIONS DIRECTOR

The Unit Supervisor/Lieutenant shall review all risk assessment forms to determine the risk level of the warrant service.

The Unit Supervisor and Tactical Commander will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

The Watch Commander will be briefed prior to the Warrant Service and notified when the Operation concludes.

607.4 SEARCH WARRANTS

When a Search Warrant has been obtained, the Investigating Officer will complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor for review and classification of risk (see the Operations Planning and Deconfliction Policy). An Operations Plan will also be completed.

607.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor (see the Operations Planning and Deconfliction Policy).

Roseville Police Department

POLICY MANUAL

Warrant Service

If the warrant is classified as high risk, the Tactical Commander shall review. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

607.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime warrant execution.
- (b) A clear explanation of the affiant's training, experience and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

607.6.1 LOCATION VERIFICATION

Two persons on a warrant detail shall be designated to independently verify and confirm the correct location prior to briefing and warrant execution. The site verification will be documented in the Operations Plan Verification Section.

607.7 HIGH-RISK WARRANT SERVICE

The Tactical Commander or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable Department members should take pre-search photographs. Photographic documentation is made of the condition of the location prior to searching

Roseville Police Department

POLICY MANUAL

Warrant Service

- the residence or vehicle. The images should include the surrounding area and persons present.
- (b) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
 - (c) Reasonable efforts are made during the search to maintain or restore the condition of the location.
 - (d) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
 - (e) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
 - (f) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
 - (g) A copy of the search warrant is left at the location.
 - (h) When practicable Department members should take post-search photographs. Photographic documentation is made of the condition of the location after searching the residence or vehicle. The images should include the surrounding area and persons present.
 - (i) Department members shall photograph any damage caused by Department members involved in the service of the Warrant. Department members shall document the damage in an applicable report.
 - (j) Department members shall notify their Supervisor of any damage caused by Department members involved in the service of the Warrant.

607.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

Roseville Police Department

POLICY MANUAL

Warrant Service

607.9 ACTIONS AFTER WARRANT SERVICE

The supervisor and/or Investigating Officer shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

607.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The Watch Commander and/or Unit Supervisor will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the Watch Commander. The Watch Commander should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The Watch Commander should ensure that members of the Roseville Police Department are utilized appropriately. Any concerns regarding the requested use of Roseville Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If officers intend to serve a warrant outside Roseville Police Department jurisdiction, the Supervisor should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy. The Watch Commander will also be notified.

Officers will remain subject to the policies of the Roseville Police Department when assisting outside agencies or serving a warrant outside Roseville Police Department jurisdiction.

607.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the News Media Relations Policy.

607.12 TRAINING

The Training Manager should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

Chapter 7 - Equipment

Department Owned and Personal Property

700.1 PURPOSE AND SCOPE

Department employees are expected to properly care for department property assigned or entrusted to them. Employees may also suffer occasional loss or damage to personal or department property while performing their assigned duty. Certain procedures are required depending on the loss and ownership of the item.

700.2 CARE OF DEPARTMENTAL PROPERTY

Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property assigned or entrusted to them. An employee's intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to the cost of repair or replacement. Employees who have been assigned or are responsible for Departmental equipment that requires regular or periodic calibration shall ensure all equipment is maintained in a functional capacity (i.e. PAS Devices and Lidar).

- (a) Employees shall promptly report through their chain of command, any loss, damage to, or unserviceable condition of any department issued property or equipment assigned for their use.
- (b) The use of damaged or unserviceable department property should be discontinued as soon as practical and replaced with comparable Department property as soon as available and following notice to a supervisor.
- (c) Except when otherwise directed by competent authority or required by exigent circumstances, department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.
- (d) Department property shall not be thrown away, sold, traded, donated, destroyed, or otherwise disposed of without proper authority.

Claims for reimbursement for damage or loss of personal property must be made on the proper form. This form is submitted to the employee's immediate supervisor. The supervisor may require a separate written report of the loss or damage.

The supervisor shall direct a memo to the appropriate Division Commander or their designee, which shall include the results of his/her investigation and whether the employee followed proper procedures. The supervisor's report shall address whether reasonable care was taken to prevent the loss or damage.

Roseville Police Department

POLICY MANUAL

Department Owned and Personal Property

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police or their designee who will then forward the claim to the Finance Department.

Crime Analysis

800.1 PURPOSE AND SCOPE

Crime analysis should provide currently useful information to aid operational personnel in meeting their tactical crime control and prevention objectives by identifying and analyzing methods of operation of individual criminals, providing crime pattern recognition, and providing analysis of data from field interrogations and arrests. Crime analysis can be useful to the Department's long range planning efforts by providing estimates of future crime trends and assisting in the identification of enforcement priorities.

800.2 DATA SOURCES

Crime analysis data is extracted from many sources including, but not limited to:

- Crime reports
- Field Interviews
- Parole and Probation records
- Computer Aided Dispatch data
- Statewide Integrated Traffic Reporting System (SWITRS)

- Temporal factors
- Victim and target descriptors
- Suspect descriptors
- Suspect vehicle descriptors

801.2 POLICY

It is the policy of the Roseville Police Department to provide 24-hour telephone service to the public for information and for routine or emergency assistance. The Department provides two-way radio capability providing continuous communication between the Communications Center and department members in the field.

801.3 INCIDENT PRIORITY

Priority Call System- A priority call system is used by communications personnel to screen and establish the priority of incoming calls for police service. Emergency radio traffic takes priority over all other tasks in the Communications Center. Ringing 911 lines are the highest priority for the Dispatch center and should be answered over routine phone calls and non-urgent fire radio traffic. The Law radio dispatcher's primary responsibility is radio communications with officers in the field and not processing of telephone calls.

801.3.1 URGENT CALLS

A call for service qualifies as urgent and dictates that a police officer respond in a timely manner if the incident is not in progress and there is little chance the suspect might still be in the area, but the seriousness of the incident or the necessity of preserving physical evidence requires a prompt officer response.

801.3.2 ROUTINE CALLS / LOW PRIORITY INCIDENTS

A call for service is categorized as low priority when it meets the following criteria:

- (a) The crime or incident occurred some time in the past and there is no longer any risk to people or property.
- (b) A report is requested for informational or insurance purposes.
- (c) The request is for a routine service such as a petty theft or burglary report.

801.3.3 ALERT TONES

Shall be used as one tone or a series of tones to draw attention to a significant situation or incident to alert all field staff. Using the Alert tone does not indicate a need for emergency-only radio traffic. Alert tones may be used prior to an "all units" information broadcast or when advising of a bolo or attempt to locate broadcast.

Roseville Police Department

POLICY MANUAL

THE COMMUNICATIONS CENTER

801.3.4 EMERGENCY MARKER

The Emergency Marker is activated to notify field personnel that a high risk situation is occurring. When the Emergency Marker is activated, Dispatch should broadcast that "The air is clear" and state for which officer or event the alert tone is intended and repeat the location. When the Emergency Marker is activated, radio traffic shall be limited to those dedicated to the high priority incident or who are involved in another emergency event.

Officers wanting the Emergency Marker should request Dispatch to "Clear the air".

If the Emergency Marker jeopardizes officer safety, an officer may make a request to Dispatch that the Emergency Marker be turned off.

801.7.1 EMERGENCY CALLS / HIGH PRIORITY

A call is considered an emergency when there is an immediate or potential threat to life or serious property damage, and the timely arrival of public safety assistance is of the utmost importance. The same care should be observed when dealing with the magazine and/or ammunition. Indicate on the property card the make, model, gauge, caliber, serial number, and owner's information. Also, note on the card if no serial number is located or if the number is obliterated. If the firearm cannot be unloaded it shall be clearly labeled as a "Loaded Firearm". Where further laboratory processing is needed, like DNA, ballistics, or fingerprints, a photograph of the gun and its serial number should be taken for the Property Technician to later enter it in the firearms database. A request for forensics assistance is recommended if the field personnel cannot clearly photograph the serialized information. Employees needing forensics assistance may submit a forensics request for laboratory processing to comply with this policy.

If the drugs were located loose in a container, other than plastic baggies (i.e. film containers, jars, etc), the drugs shall remain in the container and not be transferred to another baggie for the purpose of obtaining a weight. If the drugs are inside of a plastic baggie inside a larger container, then they can be removed from the larger container if the baggie contains all of the drugs and is free of damage, holes, etc. where the drug may spill out. Property not held for any other purpose and not claimed within 90 days after notification (or receipt, if notification is not feasible) may be auctioned to the highest bidder at a properly published public auction or diverted for official department use and recorded as "diverted property" in a memorandum signed by a Department supervisor. If such property is not sold at auction, diverted, or otherwise lawfully claimed, it may thereafter be destroyed (Civil Code § 2080.6). The final disposition of all such property shall be fully documented in related reports.

Restoration of Firearm Serial Numbers

804.1 PURPOSE AND SCOPE

The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

804.2 PROCEDURE

Any firearm coming into the possession of the Roseville Police Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

804.2.1 PRELIMINARY FIREARM EXAMINATION

- (a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.
- (b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
- (d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

804.2.2 PROPERTY BOOKING PROCEDURE

Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.

Roseville Police Department

POLICY MANUAL

Restoration of Firearm Serial Numbers

804.2.3 OFFICER RESPONSIBILITY

The Evidence Technician receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.

804.2.4 DOCUMENTATION

Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

804.2.5 FIREARM TRACE

After the serial number has been restored (or partially restored) by the criminalistics laboratory, the Evidence Technician will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or enter the data into the ATF eTrace system.

804.3 BULLET AND CASING IDENTIFICATION

Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.

805.4 PROCESSING REQUESTS FOR PUBLIC RECORDS

Any department member who receives a request for any record shall route the request to the Custodian of Records or the authorized designee.

805.4.1 REQUESTS FOR RECORDS

Any member of the public, including the media and elected officials, may access unrestricted records of this department, during regular business hours by submitting a written and signed request that reasonably describes each record sought and paying any associated fees (Government Code § 6253).

The processing of requests for any record is subject to the following (Government Code § 6253):

- (a) The Department is not required to create records that do not exist.
- (b) Victims of an incident or their authorized representative shall not be required to show proof of legal presence in the United States to obtain department records or information. If identification is required, a current driver's license or identification card issued by any state in the United States, a current passport issued by the United States or a foreign government with which the United States has a diplomatic relationship or current Matricula Consular card is acceptable (Government Code § 6254.30).
- (c) Either the requested record or the reason for non-disclosure will be provided promptly, but no later than 10 days from the date of request, unless unusual circumstances preclude doing so. If more time is needed, an extension of up to 14 additional days may be authorized by the Custodian of Records or the authorized designee. If an extension is authorized, the Department shall provide the requester written notice that includes the reason for the extension and the anticipated date of the response.
 - 1. When the request does not reasonably describe the records sought, the Custodian of Records shall assist the requester in making the request focused and effective in a way to identify the records or information that would be responsive to the request including providing assistance for overcoming any practical basis for denying access to the records or information. The Custodian of Records shall also assist in describing the information technology and physical location in which the record exists (Government Code § 6253.1).
 - 2. If the record requested is available on the department website, the requester may be directed to the location on the website where the record is posted. If the requester is unable to access or reproduce the record, a copy of the record shall be promptly provided.
- (d) Upon request, a record shall be provided in an electronic format utilized by the Department. Records shall not be provided only in electronic format unless specifically requested (Government Code § 6253.9).
- (e) When a record contains material with release restrictions and material that is not subject to release restrictions, the restricted material shall be redacted and the unrestricted material released.

Roseville Police Department

POLICY MANUAL

Records Maintenance and Release

1. A copy of the redacted release should be maintained in the case file for proof of what was actually released and as a place to document the reasons for the redactions.
- (f) If a record request is denied in whole or part, the requester shall be provided a written response that includes the statutory exemption for withholding the record or facts that the public interest served by nondisclosure outweighs the interest served by disclosure (Government Code § 6255). The written response shall also include the names, titles or positions of each person responsible for the denial.

805.5 RELEASE RESTRICTIONS

Examples of release restrictions include:

- (a) Personal identifying information, including an individual's photograph; Social Security and driver identification numbers; name, address, and telephone number; and medical or disability information that is contained in any driver license record, motor vehicle record, or any department record, including traffic collision reports, are restricted except as authorized by the Department, and only when such use or disclosure is permitted or required by law to carry out a legitimate law enforcement purpose (18 USC § 2721; 18 USC § 2722).

805.6 SUBPOENAS AND DISCOVERY REQUESTS

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, City Attorney or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

Each record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the department name and to whom the record was released.

805.8 SEALED RECORD ORDERS

Sealed record orders received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 1000.4, or Penal Code § 1001.9, the Records Manager shall ensure that the required notations on local summary criminal history information and police investigative reports are made. Sealed records may be disclosed or used as authorized by Penal Code § 851.92.

805.8.1 SEALED JUVENILE ARREST RECORDS

Upon receiving notice from a probation department to seal juvenile arrest records pursuant to Welfare and Institutions Code § 786.5, the Records Manager should ensure that the records are

805.9 SECURITY BREACHES

The Records Manager shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any Department information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the Department determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

For the purposes of this requirement, personal identifying information includes an individual's first name or first initial and last name in combination with any one or more of the following:

- Social Security number

- (b) The notice may also include information about what the Roseville Police Department has done to protect individuals whose information has been breached and may include information on steps that the person whose information has been breached may take to protect him/herself (Civil Code § 1798.29).
- (c) When a breach involves an online account, and only a username or email address in combination with either a password or security question and answer that would permit access to an online account, and no other personal information has been breached (Civil Code § 1798.29):
1. Notification may be provided electronically or in another form directing the person to promptly change either his/her password or security question and answer, as applicable, or to take other appropriate steps to protect the online account with the Department in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.
 2. When the breach involves an email address that was furnished by the Roseville Police Department, notification of the breach should not be sent to that email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

805.9.2 MANNER OF NOTICE

- (a) Notice may be provided by one of the following methods (Civil Code § 1798.29):
1. Written notice.
 2. Electronic notice if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 USC § 7001.

 - (a) Email notice when the Department has an email address for the subject person.
 - (b) Conspicuous posting of the notice on the department's webpage for a minimum of 30 days.
 4. Notification to major statewide media and the California Information Security Office within the California Department of Technology.

Roseville Police Department

POLICY MANUAL

- (b) If a single breach requires the Department to notify more than 500 California residents, the Department shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.

805.10 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO CRITICAL INCIDENTS

Video and audio recordings related to critical incidents shall be released upon a proper public record request and subject to delayed release, redaction, and other release restrictions as provided by law (Government Code § 6254(f)(4)).

For purposes of this section, a video or audio recording relates to a critical incident if it depicts an incident involving the discharge of a firearm at a person by an officer, or depicts an incident in which the use of force by an officer against a person resulted in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) (Government Code § 6254(f)(4)).

The Custodian of Records should work as appropriate with the Chief of Police or the Professional Standards Unit supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

805.10.1 DELAY OF RELEASE

Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

- (a) Disclosure may be delayed up to 45 days from the date the Department knew or reasonably should have known about the incident.
- (b) Delay of disclosure may continue after the initial 45 days and up to one year if the Department demonstrates that disclosure would substantially interfere with the investigation.
- (c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 6254(f)(4)).

805.10.2 NOTICE OF DELAY OF RELEASE

When there is justification to delay disclosure of a recording, the Custodian of Records shall provide written notice to the requester as follows (Government Code § 6254(f)(4)):

- (a) During the initial 45 days, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.
- (b) When delay is continued after the initial 45 days, the Custodian of Records shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the

Roseville Police Department

POLICY MANUAL

Records Maintenance and Release

disclosure. The Custodian of Records should work with the Chief of Police in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

805.10.3 REDACTION

If the Custodian of Records, in consultation with the Chief of Police or authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the Department should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer's ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 6254(f)(4)).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 6254(f)(4)).

805.10.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE

If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the Department may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 6254(f)(4)):

- (a) The person in the recording whose privacy is to be protected, or his/her authorized representative.
- (b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.
- (c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the Department determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 6254(f)(4)).

The Department may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 6254(f)(4)(A)).

Computers and Digital Evidence

807.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

807.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the device is off, do not turn it on.
- (d) If the device is on, do not shut it down normally and do not click on anything or examine any files.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).
- (e) Handle and transport the device and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (f) Lodge all computer items in the Property Room. Do not store electronic devices where normal room temperature and humidity is not maintained.
- (g) At minimum, officers should document the following in related reports:
 1. Where the device was located and whether or not it was in operation.
 2. Who was using it at the time.
 3. Who claimed ownership.

Computers and Digital Evidence

4. If it can be determined, any user name or passcode and record that on the property booking form.

807.2.1 BUSINESS OR NETWORKED COMPUTERS

If an electronic device belongs to a business or is part of a network, it may require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

807.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of a computer, personal communication device, or digital recording device and its related hard drive, external storage devices, compact discs, or any other storage media is required, forward the report to Investigations and notate the reason a forensic examination is requested. Include a copy of the search warrant authorizing the search of the electronic device if a search warrant has been previously obtained. If the search is pursuant to consent authorization, insure the consent is properly documented in the report and forensic examination request. If the search is pursuant to a probation or parole condition, insure the conditions of probation/parole are properly documented in the report and forensic examination request.

807.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (c) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (d) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

807.4 SEIZING PCDS

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

Roseville Police Department

POLICY MANUAL

Computers and Digital Evidence

- a. If possible, place a powered-on device in airplane mode to preserve evidence.
- b. A device in the powered-off state should be booked as-is.
- c. Officers should evaluate whether or not to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- d. Officers should evaluate whether or not to turn off a device that is found in the on state. Turning the device off or allowing the battery to die may effectively destroy all data. If there is a belief that critical evidence may be located on the device, the device should be plugged in and the Investigations supervisor should be contacted for guidance.

807.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

807.5.1 COLLECTION OF DIGITAL EVIDENCE

Animal Control

808.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for Animal Control Officers and Roseville Police Department personnel in dealing with animal control related calls for service and to set forth procedures regarding Animal Control Services, the handling of sick and/or injured animals, possible rabid animals, and the abatement of animal nuisances.

808.2 ANIMAL CONTROL OFFICER RESPONSIBILITY

The Animal Control Officer (ACO) shall be responsible for enforcing local, state and federal laws relating to animals, and for appropriately resolving or referring animal problems as outlined in this policy. The ACO shall be under the operational control of the Services Division. The Animal Control Officer's assigned working hours will be scheduled by the Services Lieutenant or designee.

During hours when the ACO is on duty, requests for animal control services shall be assigned by the Communications Center, Animal Control Supervisor, or the Watch Commander.

Requests for assistance by the ACO shall be acknowledged and responded to promptly.

808.3 OFFICER RESPONSIBILITY

During hours when the Animal Control Officer is off-duty, or if the ACO is otherwise unavailable, the following animal related calls for service will be handled by the appropriate on-duty officer.

Officers may be dispatched to animal related calls and should take appropriate actions to control the situation until the arrival of an ACO. Due to the hazards of handling animals without proper equipment, responding officers generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of the ACO. The following are examples of when an officer may consider acting before the arrival of the ACO:

- (a) When there is a threat to the public safety.
- (b) When an animal has bitten someone, officers should take measures to confine the animal and prevent further injury.
- (c) When an animal is creating a traffic hazard.
- (d) When the owner/handler has been arrested and there is no other alternative placement for the animal.
- (e) When the animal is gravely injured.

808.3.1 ANIMAL CRUELTY COMPLAINTS

Officers shall conduct a preliminary investigation on all reports of animal cruelty and forward the information to the ACO for follow-up. Officers should not hesitate to take any immediate actions when necessary. The assistance of an Animal Control Officer may be requested to assist with the investigation when appropriate for the handling of any animal(s) associated with the case.

808.3.2 STRAY DOGS

If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued if appropriate. If a dog is taken into custody, it shall be transported to the animal shelter located at Placer County SPCA and housed in one of the interior holding pens, ensuring the animal has water.

The animal intake form must be completely filled out and placed on the dog's kennel and email the ACO group in Outlook to notify them the dog was placed at Placer SPCA. Releases will be handled by the ACO and a Placer County SPCA representative.

808.3.3 ANIMAL BITE REPORTS

Officers shall obtain as much information as possible for forwarding to the ACO for reporting and follow-up including the breed of the animal, color(s), name of animal, photo(s), etc.. Officers shall instruct the owner of a biting animal, if contacted, to keep the animal confined on the property until contacted by the ACO. If the animal is a stray, then every effort shall be made to capture and impound the animal at the Placer County SPCA.

808.3.4 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Officers shall obtain and forward to the ACO as much information as possible regarding the nature of the complaint, complaining person, owner information (if possible), location of problem, breed of the animal, color(s), name of the animal, photo(s), etc. Officers will also document any actions taken, citation(s) issued, related report numbers, etc.

In the event responding officers cannot fulfill urgent requests for service because the animal is difficult or dangerous to handle, the ACO may be called to duty to handle. If the ACO is unavailable, the patrol supervisor may request the assistance of an Animal Control Officer from an allied agency.

All requests to call in the ACO must be approved by a field supervisor or the Watch Commander.

808.4 DECEASED ANIMALS

Deceased animals on public property will be removed and properly disposed of by the ACO. Officers may remove deceased animals when the Animal Control Officer is not on duty if the animal is creating a traffic hazard in a roadway. The deceased animal may be placed in the deceased animal bin of the Animal Control Officer's truck.

- (a) For health and sanitary reasons, deceased animals should be placed in a sealed plastic bag prior to placing in the ACO truck. Large animals should be double bagged and left next to the ACO truck and out of public view.
- (b) Neither the ACO nor any officer will be required to climb onto or under any privately owned structure for the purpose of removing a deceased animal.

808.7 POST-ARREST PROCEDURES

The arresting officer should make a reasonable effort to ensure that animals or pets under a person's care will be provided with adequate care when that person is arrested. This is only required when there is no person to provide care and the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animals.

Relatives or neighbors may be contacted, with the owner's consent, to care for the animals. If no persons can be found or the owner does not consent, an ACO can pick up the animal and transport it to SPCA for a protective custody hold. If no ACO is on-duty, an Officer can transport the animal to Placer County SPCA and complete the intake form. A protective custody receipt must be given to the owner of the animal. The hard copy of the receipt should be forwarded to the ACO for follow-up.

Chapter 9 - Custody

Custodial Searches

900.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Roseville Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

900.1.1 DEFINITIONS

Definitions related to this policy include:

Custody search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

900.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

900.3 FIELD AND TRANSPORTATION SEARCHES

An officer should conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any department vehicle.

Whenever practicable, a custody search should be conducted by an officer of the same sex as the person being searched. If an officer of the same sex is not reasonably available, a witnessing officer should be present during the search.

900.4 SEARCHES AT POLICE FACILITIES

Custody searches shall be conducted on all individuals in custody, upon entry to the Roseville Police Department facilities. Except in exigent circumstances, the search should be conducted by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

900.4.1 PROPERTY

Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

Some property may not be accepted by a facility or agency that is taking custody of an individual from this department, such as weapons or large items. These items should be retained for safekeeping in accordance with the Property and Evidence Policy.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another department member. The inventory should include the case number, date, time, member's Roseville Police Department identification number and information regarding how and when the property may be released.

900.4.2 VERIFICATION OF MONEY

All money shall be counted in front of the individual from whom it was received. When possible, the individual shall initial the dollar amount on the inventory. Additionally, all money should be placed in a separate envelope and sealed. Negotiable checks or other instruments and foreign currency should also be sealed in an envelope with the amount indicated but not added to the cash total. All envelopes should clearly indicate the contents on the front. The department member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope.

Whenever a money counter machine is used, the money must also be manually counted and verified. Money counter machines are to be used as a supplemental counting method only.

900.5 STRIP SEARCHES

No individual in temporary custody at any Roseville Police Department facility shall be subjected to a strip search unless there is reasonable suspicion based upon specific and articulable facts to believe the individual has a health condition requiring immediate medical attention or is concealing

- (e) Criminal history (i.e., level of experience in a custody setting).

Assignment Rotation Policy

1001.1 PURPOSE AND SCOPE

To provide for career development; to ensure the Department has experienced, skilled employees in special assignments at all times; to ensure that employees retain proficiency in their primary duties.

1001.2 POLICY

Employees are assigned to the specialized positions described in this order on a rotational basis. The selection criteria are listed in this order. Any employee may be released from a special assignment, at any time, for failure to meet minimum job standards at the sole discretion of the Chief of Police. Indefinite means that an individual serves in an assignment at the sole discretion of the Chief of Police. Persons occupying indefinite positions may be reassigned at any time when the Chief of Police determines that it is in the best interests of the Department to do so.

Consideration may be given to such factors as job performance, needs of the Department, needs of the employee, and the needs of the other employees.

The Department shall ensure that employees retain proficiency in all their duties and attempt to avoid situations where personnel move from one special assignment to another.

To accomplish this, personnel shall generally not be allowed to transfer from one special assignment to another.

In situations where officers are due to rotate from the same special assignment at the same time, adjustments may be made so that the unit is not void of experienced personnel.

The Chief of Police reserves the right to change assignments to meet the changing needs of the Department.

The Chief of Police may, at his/her discretion, establish testing criteria for each special assignment. These testing requirements may include, but are not limited to: interviews, written examinations, physical fitness, psychological screening and drug testing. Specific testing requirements will vary depending on the special assignment.

- (b) Newly hired employees are eligible to apply once they have successfully completed their probation period.

- (e) A list of qualified applicants will be returned to the Chief's Office with a recommendation for appointment.
- (f) The Chief may select any person on the eligible list.
- (g) Upon completion of the process, a Personnel Order shall be published listing all approved changes and the effective dates of each change.
- (h) This selection procedure will also apply to indefinite special assignments such as Indefinite Investigations Detective and Indefinite Traffic Officer.
- (i) The policy and procedures for all positions may be waived for temporary assignments, emergency situations or for training. The Chief of police also reserves the right to waive this policy and procedures to meet the needs of the organization.

1001.5.1 SELECTION PROCEDURE

Police Department employees often have the opportunity to move from their primary assignment to a specialized assignment or to take on specialized ancillary duties. These positions require more specific expertise or knowledge. When an assignment is available and more than one employee requests that assignment, a fair and consistent testing and evaluation process should be undertaken to identify a suitable candidate. The following selection process should be administered during those times when employees vie for a special assignment.

- (a) 3 Person Panel Interview. The panel should include the supervisor or manager of the unit conducting the interview. Panel members should have knowledge and experience in the position sought and have an understanding of the knowledge, skills and abilities needed to succeed in the

Roseville Police Department

POLICY MANUAL

Assignment Rotation Policy

position. The interview process should not be the only deciding factor. It is important to interview a candidate and have more than one point of view assessing their responses. It is also important that the process is consistent for each candidate.

(b) Standardized Questions. Prior to an interview, a standardized set of questions should be established. Each question should be relevant to the position sought and help panel members assess each candidate's level of preparation, knowledge and/or suitability for the position sought. Candidates may also be asked to bring with them a resume or example of their work product. Each panel member should rate the candidate's responses or work product as, "Outstanding, Very Good, Competent, Reservations or Unacceptable." At the conclusion of the interview, each panel member would provide an overall rating for each candidate based on ratings obtained during the interview.

(c) Evaluation Review. The supervisor or manager of the unit should minimally conduct a review of the candidate's two previous yearly evaluations. Information that would support a candidate's suitability for the position sought, as well as recent discipline or unsatisfactory ratings should be considered.

(d) Meet and Confer with Supervisors. The supervisor or manager of the unit should meet and confer with the candidate's primary supervisor, as well as supervisors of other ancillary duties the candidate might have or have had. If a supervisor has only supervised a candidate for a short period of time, nothing would preclude a previous supervisor's input.

(e) Specialized Duties Related to Assignment. Specialized testing for specific skills is appropriate. There are many special assignments that have specific requirements, such as Air Ops needing people who don't get motion sick, K9 officers who aren't frightened of dogs, or SWAT members needing physical agility or psychological assessment. Specialized testing should be appropriate to the duties of that position.

(f) Meet and Confer with Division Commander. After completing all the steps of the process, the supervisor or manager should meet and confer with the Division Commander who has oversight of that special assignment. The purpose of this is to ensure that no personnel issues are pending that might not have been uncovered during the testing process. This meeting is intended to ensure good communication, but is not designed to give the administrator undue influence on the testing or selection process.

(g) Lieutenant / Administrator Recommendation. After the process is complete the supervisor of the unit should bring forward the results of the entire testing process to the unit's Lieutenant (sworn) or Administrator (professional staff). The Lieutenant / Administrator and the unit supervisor should identify the candidate(s) who is best suited for the position, based on the information gathered during the process. A candidate's preparation, knowledge, experience, work history and overall suitability for the position should be taken into account. The final recommendation for special assignments should be made by the unit's Lieutenant (sworn) or Administrator (professional staff).

Roseville Police Department

POLICY MANUAL

Assignment Rotation Policy

(h) Feedback. After a selection process is complete, those who participated in the selection process should be prepared to provide feedback and constructive criticism to the candidates for future growth and development.

1001.5.2 RATING STANDARDS

The following rating standards evaluation shall be used during the oral panel testing:

Anti-Retaliation

1002.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

1002.2 POLICY

The City of Roseville and the Roseville Police Department have a zero tolerance for retaliation and are committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated. Additionally, all Department members shall review and comply with Administrative Regulation 2.03 Harassment, Discrimination and Retaliation Policy.

The following is a link to Administrative Regulation 2.03:[Here](#)

1002.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.

Roseville Police Department

POLICY MANUAL

Anti-Retaliation

- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

1002.3.1 RETALIATION PROHIBITED FOR REPORTING VIOLATIONS

An officer shall not be retaliated against for reporting a suspected violation of a law or regulation of another officer to a supervisor or other person in the Department who has the authority to investigate the violation (Government Code § 7286(b)).

1002.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City City Manager/Human Resources Director.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1002.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.

Roseville Police Department

POLICY MANUAL

Anti-Retaliation

- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

1002.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

- (b) Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.
- (c) Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.
- (d) File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority, or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.
- (e) Are family members of a person who has engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Roseville Police Department

POLICY MANUAL

Anti-Retaliation

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Professional Standards Unit for investigation pursuant to the Personnel Complaints Policy.

1002.7.1 DISPLAY OF WHISTLE-BLOWER LAWS

The Department shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).

1002.8 RECORDS RETENTION AND RELEASE

The Records Manager shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

Reporting of Employee Convictions

1003.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

1003.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS

California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1003.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty, or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member's ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.

1003.4 REPORTING PROCEDURE

All members of this Department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired

Roseville Police Department

POLICY MANUAL

Reporting of Employee Convictions

officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1003.5 PROCEDURE FOR RELIEF

Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Employees shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm or ammunition as a part of the individual's employment. Relief from any domestic violence or other restriction shall also be pursued through the employee's own resources and on the employee's own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee's duties, the employee may be placed on administrative leave, reassigned, or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee, or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.

1003.5.1 NOTIFICATION REQUIREMENTS

The Professional Standards Unit Sergeant or designee shall submit within 30 days of final disposition a notice to the Commission on Peace Officer Standards and Training (POST) of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

The Professional Standards Unit Sergeant or designee shall submit within 30 days a notice to POST of any appointment, termination, reinstatement, name change, or status change regarding any peace officer, reserve peace officer, public safety dispatcher, and records supervisor employed by this department (11 CCR 1003).

Drug- and Alcohol-Free Workplace

1004.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

1004.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all employees ("employee" and "member" use interchangeable, herein). See Administrative Regulations 2.08 and 2.08.1 for additional applicable policy information.

1004.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on City time can endanger the health and safety of department members and the public. Such use shall not be tolerated (see generally, including but not limited to, 41 USC § 8103 and City Administrative Regulations).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or drug, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1004.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair the employee's abilities, without a written release from the member's physician.

1004.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on City premises or on City time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is generally excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Roseville Police Department

POLICY MANUAL

Drug- and Alcohol-Free Workplace

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction (41 USC § 8103).

1004.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1004.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1004.7 REQUESTING SCREENING TESTS

A supervisor may request an employee to submit to a screening test under any of the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing the employee's ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm in the performance of the employee's duties (excluding training or authorized euthanizing of an animal).
- (c) The employee drives a motor vehicle in the performance of the employee's duties and becomes involved in an incident that results in bodily injury, death, or substantial damage to property.

1004.7.1 SUPERVISOR RESPONSIBILITY

The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.

Roseville Police Department

POLICY MANUAL

Drug- and Alcohol-Free Workplace

- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1004.7.2 SCREENING TEST REFUSAL

An employee may be subject to disciplinary action if the employee:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that the employee took the controlled substance as directed, pursuant to a current and lawful prescription issued in the employee's name.
- (c) Violates, including, but not limited to, any provisions of this or other related policies, rules, or terms.

1004.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1004.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the member's confidential medical file in accordance with the Personnel Records Policy.

Sick Leave

1005.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.), the California Family Rights Act, leave for victims of crime or abuse, or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

1005.2 EMPLOYEE RESPONSIBILITIES

Sick leave may be used for absences caused by illness, injury, diagnosis, care or treatment for existing health conditions, temporary disability (including pregnancy/maternity), or for medical, dental or vision exams or medical treatment of the employee or the employee's immediate family when it is not possible to schedule such appointments during non-working hours.

Sick leave is not considered vacation, and abuse of sick leave may result in discipline and/or denial of sick-leave benefits. Employees on sick leave shall not engage in other employment or self-employment, or participate in any sport, hobby, recreational or other activity which may impede recovery from the injury or illness.

Upon return to work, employees shall complete and submit a leave request describing the type of leave used and the specific amount of time taken.

1005.2.1 NOTIFICATION

Employees are encouraged to notify an appropriate supervisor as soon as they are aware that they will not be able to report to work. At a minimum, employees shall make such notification no less than one hour before the start of their scheduled shift. If an employee is unable to contact the supervisor in the case of an emergency, every effort should be made to have a representative contact the supervisor (Labor Code § 246).

When the necessity for leave is foreseeable, such as an expected birth or planned medical treatment, the employee shall, whenever possible, provide the Department with no less than 30-days notice of the intent to take leave (Labor Code § 246).

1005.3 SUPERVISOR RESPONSIBILITY

Supervisors should monitor sick leave usage and regularly review the attendance of employees under their command to ensure that the use of sick leave is consistent with this policy. Supervisors should address sick-leave use in the employee's performance evaluation when it has negatively affected the employee's performance or ability to complete assigned duties, and when unusual amounts of sick leave by the employee has had a negative impact on department operations.

Roseville Police Department

POLICY MANUAL

Sick Leave

When appropriate, supervisors should counsel employees regarding the excessive use of sick leave and should consider referring the employee to the Employee Assistance Program.

1005.3.1 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specific intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days after the first three days of paid sick leave are used in a 12-month period.

1005.4 REQUIRED NOTICES

The City Manager/Human Resources Director shall ensure:

- (a) Written notice of the amount of paid sick leave available is provided to employees as provided in Labor Code § 246.

1007.4.3 WORK PRACTICES

Whenever contact with blood, body fluid, or OPIM is reasonably anticipated, all members should use the appropriate barrier precautions to prevent exposure to non-intact skin or mucous membranes. Members should bandage open wounds, cuts, or rashes on hands and arms to avoid direct contact with blood or OPIM. Bandages should be changed if they become wet or soiled.

Disposable gloves should be worn on all medical emergency responses and as soon as conditions permit when a suspect or arrestee displays combative or threatening behavior and/or when blood or OPIM is present. Disposable gloves should also be worn when cleaning or handling items or surfaces soiled with blood or other bodily fluid. 1007.5.5 SOURCE SUBJECT TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. Source subject testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.

- (d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).
- (e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1007.6 CONFIDENTIALITY OF REPORTS

Internal Affairs Investigations

Employees shall have no expectation of privacy when using telephones, computers, radios, or other communications provided by the Department.

Assigned lockers and storage spaces may only be administratively searched in the employee's presence, with the employee's consent, with a valid search warrant or where the employee has been given reasonable notice that the search will take place (Government Code 3309).

All other departmentally assigned areas (e.g. desks, office space, assigned vehicles) may be administratively searched by a supervisor, in the presence of an uninvolved witness, for non-investigative purposes (e.g. obtaining a needed report or radio). An investigative search of such areas shall only be conducted upon a reasonable suspicion that official misconduct is involved.

Seat Belts

1010.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Vehicle Code § 27315.5).

1010.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1010.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1010.3 TRANSPORTING PRISONERS

Whenever possible, prisoners should be secured in the passenger restraint system in the rear seat of the patrol vehicle. The prisoner should be in seating position for which seat belts have been provided by the vehicle manufacturer. The passenger restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

1010.4 INOPERABLE SEAT BELTS

No person shall operate a department vehicle in which the seat belt in the driver's position is inoperable. No person shall be transported in a seating position in which the seat belt is inoperable.

No person shall modify, remove, deactivate or otherwise tamper with the vehicle safety belts, except for vehicle maintenance and repair staff who shall do so only with the express authorization of the Chief of Police.

Employees who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1010.5 POLICY

It is the policy of the Roseville Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

Roseville Police Department

POLICY MANUAL

Seat Belts

1010.6 TRANSPORTING CHILDREN

Children under the age of 8 shall be transported in compliance with California's child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

1010.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1010.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Review Boards

1011.1 PURPOSE AND SCOPE

It is the policy of the Department to notify any employee who is the subject of a formal Department review.

The Department will review all vehicle collisions involving on-duty personnel, excluding training. Use of force and vehicle pursuits will be reviewed as required by policy, or as deemed appropriate by the Department. This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation.

1011.2 NOTIFICATION

Whenever an incident involving Department personnel requires a formal review, the employee will receive prior notification in writing by the Lieutenant responsible for conducting the review. Each review process is outlined in the following sections of this policy.

Should an employee be required to appear before any of the review boards or voluntarily request to appear for questioning, the provisions of the Public Safety Procedural Bill of Rights, Government Code § 3300 et seq. and/or applicable Memorandum of Understanding (MOU) shall apply. Employees will be notified in writing of the findings of the review board upon completion of the process.

1011.3 ACCIDENT REVIEW BOARD

It shall be the policy of the Roseville Police Department to review all vehicle accidents involving on-duty Roseville Police Department personnel, excluding training.

1011.3.1 ACCIDENT REVIEW BOARD PROCEEDINGS

Whenever any member of the Roseville Police Department is involved in an accident resulting in property damage or injury while operating a departmental vehicle, or any other vehicle during the course of their employment, a Police Department Accident Review Board will be convened, and an accident review board file opened.

1011.3.2 BOARD MEMBERS

When a sworn member of the department is involved in an accident, the Police Department Accident Review Board will consist of a Lieutenant, who will chair the board, a Police Sergeant, and a Police Officer selected by the Lieutenant.

When a professional staff member of the department is involved in an accident, the Police Department Accident Review Board will consist of a Lieutenant, who will chair the board, a Police Sergeant and a Professional Staff Supervisor selected by the Lieutenant.

When a collision has occurred, the chairman will notify the board members of the date and time of the collision review. Appropriate reports and memos, including the supervisor's recommendations, will be given to the members for their review prior to the meeting.

Roseville Police Department

POLICY MANUAL

Review Boards

For collisions occurring on Police Department property involving a single vehicle and a fixed object (i.e. pole or a parked Department owned vehicle), at the discretion of the assigned Lieutenant, the review may be conducted solely by either the Lieutenant or their designee without the need for convening a full review board. However, if the involved employee requests that a full review board be convened for this type of collision, the request shall be granted.

1011.3.3 FINDINGS

The Accident Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident. The chair of the board shall notify the involved employee(s) within a reasonable amount of time prior to the convening of the board in writing pursuant to this policy. Any Accident Review Board will be conducted as an administrative review, in which actions and discussions regarding the incident shall adhere to confidentiality. Confidentiality shall apply to the involved board members, additional witnesses or subject matter experts and the involved employee(s).

All appropriate and relevant reports, related policies, memos, recordings, documents, and available resources will be made available to the board by the chairperson for examination. The board shall make one of the following recommended findings:

1. The accident was **preventable**; meaning the accident could have been prevented if policy, law, and/or training was followed.
2. The accident was **non-preventable**; meaning the accident could not be avoided.

If the board finds that there is cause for a PREVENTABLE finding, the involved employee will be notified of the preliminary finding of PREVENTABLE. The employee may request to appear before the board to make a statement and answer questions concerning the accident, before a final determination is made. The employee may bring witnesses, present evidence, and have a representative accompany them. All rights outlined in the Public Safety Procedural Bill of Rights, Government Code § 3300 et seq., are applicable to appearances before an accident review board.

1011.3.4 INVOLVED EMPLOYEE RESPONSE

Employees shall be given at least five days' notice prior to appearing before the board. The board may call other witnesses to present testimony and answer questions concerning the collision. If the board finds the collision was NON-PREVENTABLE, it may not be necessary to require the involved officer or other witnesses to appear.

1011.3.5 FINAL FINDINGS

The Accident Review Board findings are reported in memorandum format to the Division Captain. If the finding is acceptable to the Division Captain, a copy of the memorandum shall be forwarded to Risk Management. Both before and after board meetings, the Lieutenant will use IAPro to examine the driving records of each employee on the agenda. This is to ascertain if there were any PREVENTABLE accidents within one year of the accident under review. This is to ensure

Roseville Police Department

POLICY MANUAL

Review Boards

that all employees are properly forewarned of jeopardy, as well as ensuring that all documentation necessary for discipline has been completed.

The board chairperson will submit the written recommendation to the employees Division Captain.

The Division Captain shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, internal investigations or reviews are appropriate. The Division Captain's final findings will be forwarded to the involved employee. If the Division Captain concludes that discipline should be considered, a disciplinary process will be initiated. The filing and retention of records related to the Accident Review Board will be kept in accordance with department policy and the Professional Standards Unit records retention practices.

1011.4 USE OF FORCE REVIEW BOARD

This policy establishes a process for the Roseville Police Department to review the use of force by its employees. [Roseville Police Dept Policy Manual: 300.10 USE OF FORCE REVIEW](#)

The Roseville Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately, and is consistent with training and policy.

1011.4.1 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee may be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

1011.4.2 USE OF FORCE PROCEEDINGS

A use of force Review Board will be convened under the following circumstances:

1. Any actions, use of equipment, or use of force by an employee that results in serious bodily injury as defined by Government Code 12525.2(d) or death
2. Any discharge of a firearm on or off duty, during enforcement activities whether accidental or intentional (excluding training, recreation, or animal control)
3. Any other use of force by a department employee that would require a review as determined by the Chief of Police, the Division Captain or their designee

The documentation and notification of any firearms discharge shall be in accordance with Firearms Policy. The Use of Force Review policy seeks to address the review of firearms discharges during enforcement activities (intentional or accidental excluding training, recreation, or animal control functions) using the Use of Force Review process.

"Serious Bodily Injury" is defined by 12525.2(d) G.C. as "a bodily injury that involves a substantial risk of death, unconsciousness, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member or organ." "Serious bodily injury" is more severe than mere physical injury. Per California Criminal Law Jury Instruction 925, physical injuries that are

Roseville Police Department

POLICY MANUAL

considered serious may include, but are not limited to, loss of consciousness, wounds requiring extensive suturing, bone fractures or concussions. In the majority of cases, such an injury will require a visit to a hospital or advanced medical care facility, either as an outpatient or by being admitted into the facility (routine medical clearances would NOT be included).

The Division Captain will order the convening of a Use of Force Review Board as necessary. The Watch Commander or supervisor of the involved employee shall notify the Division Captain of any incidents for consideration that may require a use of force administrative review.

1011.4.3 BOARD MEMBERS

OFFICER INVOLVED SHOOTING OR OTHER LETHAL FORCE REVIEW BOARD:

Any incident that, as a result of actions by an employee, the use of department equipment, the discharge of a firearm (that causes death, serious bodily injury, or attempted death or serious bodily injury) or any other use of force that results in death will require a Lethal Use of Force Review Board. Under these circumstances, the board will consist of the Lieutenant of the involved employee acting as the chair of the board, and the remainder of the Department Management staff with the exception of the Chief of Police

STANDARD USE OF FORCE REVIEW BOARD

Any use of force that results in Serious Bodily Injury (aside from lethal force), or any other use of force that would require a review as determined by the Chief of Police, Division Commander, or their designee shall be comprised of the Defensive Tactics Lieutenant who will serve as the Chair of the Board. The review board will also include the PSU sergeant and a sergeant who has been an instructor in the type of force used that is under review.

Persons selected for the Review Board or selected to serve as subject matter experts shall not be individuals involved in the incident under review. In the event that any of the above members of the Review Board are unable to participate in the review, additional Review Board members may be selected by the Chief of Police, Division Captains, or their designee. In the event that any of the above members of the Review Board are unable to participate in the review, additional Review Board members may be selected by the Chief of Police, Division Captains, or their designee.

1011.4.4 FINDINGS

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident. The chair of the board shall notify the involved employee(s) within a reasonable amount of time prior to the convening of the board in writing pursuant to this policy. Any Use of Force Review Board will be conducted as an administrative review, in which actions and discussions regarding the incident shall adhere to confidentiality. Confidentiality shall apply to the involved board members, additional witnesses or subject matter experts and the involved employee(s). All appropriate and relevant reports, related policies, memos, recordings, documents, and available resources will be made available to the board by the chairperson for examination.

POLICY MANUAL

Review Boards

The board may or may not require the involved employee(s) to appear before the board. If the board requires the presence of the employee(s) at the review board, the Board Chair shall issue the order for the employee to appear in writing with reasonable notice. The written notice to the involved employee(s), the conduct of the board regarding questioning the employee, and the process of the interview shall comply with the provisions within Public Safety Procedural Bill of Rights, Government Code § 3300 et seq.

If the board decides that the presence and questioning of the involved employee(s) is not needed, it does not preclude the involved employee(s) from requesting to appear in front of the review board before the final determination is made. The involved employee may make a statement and answer any questions from the board prior to the determination being made. The employee may also bring witnesses, present evidence, and have a representative accompany them through all phases of the process. No more than one employee shall appear before the review board at a given time. All rights outlined in the Public Safety Procedural Bill of Rights, Government Code § 3300 et seq., are applicable to appearances before a Use of Force Review Board.

The Use of Force Review Board Chair may require subject matter experts from the cadre of Department instructors to provide additional testimony or information pertinent to the review. Subject matter experts will be used to provide their expert opinion, but are not involved in the decision making process of the review.

Use of force incidents are often complex events involving a number of different actions conducted by the involved parties. Several uses of force may have occurred within a single incident. Upon the discretion of the board, separate uses of force may be identified, analyzed individually and appropriate conclusions made. Each use of force should be analyzed according to the guidelines set forth in prevailing use of force case law, state law, department training and department policy. The review shall be based upon those facts which were reasonably believed or known by the officer(s) at the time of the incident based on the totality of the circumstances under the "objective reasonableness" standard. Analysis of the use of force using the benefit of 20/20 hindsight is not permitted.

The board will determine the "objective reasonableness" of the force used by examining:

1. What was the severity of the crime at issue
2. Whether the suspect posed an immediate threat to the safety of officers or others
3. Whether the subject was actively resisting arrest or attempting to evade arrest by flight

The board shall make one of the following findings, based on the preponderance of the evidence for each use of force by the involved employee(s):

1. The employee's actions were within policy and procedure
2. The employee's actions were in violation of department policy and procedure

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, training reviews to consider - whether training should be

Review Boards

developed or revised, and policy reviews as may be appropriate. The chairman of the board will submit the written recommendation to the Chief of Police via the Division Captain.

1011.4.5 FINAL FINDINGS

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure, and will determine whether any additional actions, internal investigations for the purposes of disciplinary proceedings or reviews are appropriate. The Chief of Police's final findings will be forwarded to the involved employee's Division Captain for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated. The filing and retention of records related to the Use of Force Review Board will be kept in accordance with department policy and the Professional Standards Unit records retention practices.

If the board finds the vehicle pursuit was within policy and procedure, it may not be necessary to require the involved officer or other witnesses to appear.

1011.5.5 FINAL FINDINGS

Both before and after board meetings, the Lieutenant will examine the involved officers file to determine if prior Vehicle Pursuit Review Boards have occurred for that employee. This is to ascertain if there were any out of policy vehicle pursuits within one year of the vehicle pursuit under review. This is to ensure that all employees are properly forewarned of jeopardy, as well as ensuring that all documentation necessary for discipline has been completed.

The board chairperson will submit the written recommendation to the employees Division Captain.

The Division Captain shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure, and will determine whether any additional actions, internal investigations or reviews are appropriate. 1015.3.1 CONFIDENTIALITY

The most important responsibility of a Peer Support member is the promotion of trust, anonymity, and confidentiality for employees who seek assistance from the program.

Communication between a team member and an employee is considered "confidential" by the department and the team member must maintain the confidentiality entrusted to him/her and not discuss any information developed in a Peer Support session except under the following circumstances:

- (a) Where the information received by a Peer Support member must be revealed by law.
- (b) Where the Peer Support member is involved as a participant or witness.
- (c) Where there is reason to believe that the employee intends to injure himself/herself or another person. In the case of a threatened serious injury, a reasonable attempt shall be made to warn the intended victim(s).
- (d) When, due to substance abuse, the employee is a danger to themselves, citizens, or fellow employees.

Roseville Police Department

POLICY MANUAL

Peer Support Program

- (e) When a Peer Support member has determined that a situation requires specialized assistance, he/she shall obtain the employee's approval to discuss the situation with the program coordinator or a professional referral. Again, it cannot be overemphasized that confidentiality shall and must be maintained by the support member.

1015.3.2 INTERNAL AFFAIRS

It may occur that a Peer Support member is supporting an individual who becomes the subject of an internal affairs investigation. A Peer Support member will be guided by the confidentiality policy of the Peer Support Program. A Peer Support member may not hamper or impede the actual investigation nor may they attempt to shelter the individual from the department.

The Peer Support member's role in disciplinary situations will be one of support in dealing with the understanding and expression of emotions faced by the person in the disciplinary process. If at any time the Peer Support member finds it necessary to invoke the confidentiality provisions of the program, he/she should consult the Peer Support Program Coordinator for guidance and assistance.

Supervisors and representatives responsible for the investigation into an internal affairs issue will not ask the employee under investigation to divulge any conversations they may have had with a Peer Support member. In turn, Peer Support members will not be mandated to confirm an employee's participation in the program or divulge the nature or content of a session.

1015.4 PARTICIPATION IN PEER SUPPORT

When there is to be an opening within a unit, the Chief of Police will issue a memorandum giving the title of the position to be filled and the anticipated vacancy date. The memorandum will be posted in a manner that gives reasonable notice to all eligible personnel.

The closing date will not be less than ten (10) calendar days from date of the announcement.

Interested personnel will send written requests for the assignment to the Chief of Police on or before the closing date.

1015.4.1 SELECTION CRITERIA

Peer Support member selection will be made by a selection panel with approval of the Chief.

Member selection will be based, in part, on the current and projected needs of the program, group dynamics, and the following:

- (a) Willingness to donate time without compensation when approached or requested on off-duty time.
- (b) Willingness to attend regular scheduled meetings and training sessions.

Management and supervisory personnel are encouraged to view the Peer Support Program as a support mechanism for their personnel. Peer Support members will be involved in helping their fellow employees on and off duty. The Peer Support member and the employee seeking assistance will need the support and understanding of management and supervisory personnel during this process. Should any conflict arise, the program coordinator shall be contacted.

Peer Support Program

1015.8 COMPENSATION

- (b) Compensation, as provided in the MOU, shall be granted when a Peer Support member is off duty and is called in by the Peer Support coordinator or a supervisor for the sole purpose of rendering support to an employee or their immediate family member(s).

The employee can flex their hours in accordance with time spent in the meeting. For instance, one (1) hour of meeting time would be the equivalent to one (1) hour of time off. All use of flex time must be approved by the member's immediate supervisor.

1015.9 PEER SUPPORT DEBRIEFING GUIDELINES

The Department recognizes that there are varying circumstances that could lead to the need for Peer Support resources to assist employees. Following is a general guideline for when Peer Support resources may be utilized to assist employees:

(a) Peer Support contact

There may be situations where the type of incident itself indicates that it may cause stress for the employee. In this type of situation, a Peer Support member may be contacted by a supervisor, the employee, or other Department member indicating that the employee may have been involved in a high stress incident. A Peer Support team member would make contact with the employee to provide assistance as necessary. The involved employee is not required to discuss the event with the Peer Support team member, rather it is an offer of assistance.

Some examples of events that may lead to informal Peer Support contact would include fatal collisions, severe injury/neglect incidents involving children, employee performs CPR in the field, employee witness to graphic crime scene, death of employee family member, employee in the hospital, or any incident a supervisor or fellow employee feels that the involved employee is having a difficult time processing.

(b) Critical Incident Stress Debriefing

There are situations where a Critical Incident Stress Debriefing is necessary to provide resources and assistance to employees. These debriefings may be initiated by the involved employee, supervisors, or Department management based on the incident. The purpose of this debriefing is to support the employee and provide additional resources as may be requested. Attendance is mandatory for a Department initiated critical incident stress debriefing.

Roseville Police Department

POLICY MANUAL

Peer Support Program

Some examples of events that would lead to a Critical Incident Stress Debriefing would be officer involved shootings, Department member death, Department member major injury, Department member witnesses a suicide, or child fatality.

Lactation Break Policy

1016.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child (Labor Code § 1034).

1016.2 POLICY

It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing infant child (29 USC § 207; Labor Code § 1030).

1016.3 LACTATION BREAK TIME

A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207; Labor Code § 1030). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Employees desiring to take a lactation break shall notify the Communications Center or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1016.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207; Labor Code § 1031). The private room at the Roseville Police Department is located within the Communication Center. This is a multi-purpose room and is also utilized as the Communication Center's "sleep" room. Proper signage will be affixed to the door indicating when the room is in use and there is a need for privacy.

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Roseville Police Department

POLICY MANUAL

Lactation Break Policy

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.

1016.5 STORAGE OF EXPRESSED MILK

Any employee storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the employee ends her shift.

1016.5.1 STATE REQUIREMENTS

Employees have the right to request lactation accommodations. If a break time or location accommodation cannot be provided, the supervisor shall provide the member with a written response regarding the reasons for the determination (Labor Code § 1034).

Lactation rooms or other locations should comply with the prescribed feature and access requirements of Labor Code § 1031.

Employees who believe that their rights have been violated under this policy or have been the subject of discrimination or retaliation for exercising or attempting to exercise their rights under this policy, are encouraged to follow the chain of command in reporting a violation, but may also file a complaint directly with the Labor Commissioner (Labor Code § 1033).

Overtime Compensation Requests

1017.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Memorandum of Understanding (MOU), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a Request for Overtime Payment as soon as practical after overtime is worked.

1017.1.1 DEPARTMENT POLICY

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

The individual employee may not exceed Compensation Time Off Leave Balance limits as described in the applicable RPA/RPOA MOU.

1017.3.2 TRAINING OVERTIME

Employees assigned to training details on overtime will be compensated for those activities directly related to training. Primary examples are SWAT, K-9, RCT and CINT, but applicable to all training venues. Job related duties as report writing, checking emails, or other non training activities shall have supervisor approval prior to starting those activities on overtime. This policy does not prohibit an employee checking emails or returning phone calls on a scheduled break during all day training courses.

1017.3.3 ALLOCATION OF OVERTIME

Management reserves the right to distribute overtime assignments to meet departmental needs. Short notice overtime notification may be sent via e-mail to eligible department staff. Preplanned or long term overtime assignments will be posted as determined by Division Captains or their designee. For preplanned or long term overtime assignments, if possible, a selection process will be implemented to distribute the assignments amongst eligible employees with the goal of fairness and equal opportunity for employees to sign up for the assignment.

1017.4 OVERTIME WORKED IN A 24-HOUR PERIOD

The maximum number of hours an officer is permitted to work in any 24 hour period shall be 15 hours. Officers shall not work more than 15 total hours of combined regular shift, backfill overtime, special assignments, special events or general overtime including court. This order shall not apply in the event of an emergency. Except in very limited circumstances members should have a minimum of 8 hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve to off-duty status any member who has exceeded the guidelines in this policy. The member's schedule may be adjusted to meet the 8 hour requirement if needed. It is the member's responsibility to notify the supervisor if their schedule

Temporary Modified-Duty Assignments

1027.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules, current memorandums of understanding or collective bargaining agreements. For example, nothing in this policy affects the obligation of the City to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1027.2 POLICY

Subject to operational considerations, the City may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1027.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the California Fair Employment and Housing Act (Government Code § 12940 et seq.) shall be treated equally, without regard to any preference for a work-related injury.

No regular position in the City shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the City. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed 270 calendar days per injury/illness.

1027.4 PROCEDURE

Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.

The Division Commander will make a recommendation through the chain of command to the Chief of Police regarding temporary modified-duty assignments that may be available based on the needs of the Department and the limitations of the employee. The Chief of Police or the authorized designee shall confer with the Human Resources Department or the City Attorney as appropriate.

Employee Speech, Expression and Social Networking

1028.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Roseville Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1028.6 CONSIDERATIONS

Line-of-Duty Deaths

1031.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Roseville Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1031.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a professional staff member during the course of performing their assigned duties.

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1031.2 POLICY

It is the policy of the Roseville Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1031.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Watch Commander and the Communications Center.
 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
- (b) The Watch Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Watch Commander or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.

Roseville Police Department

POLICY MANUAL

Line-of-Duty Deaths

- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).
- (e) The City of Roseville Human Resources Department and City of Roseville Risk Management shall be notified and responsible for Cal OSHA reporting.

1031.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Watch Commander or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.

Roseville Police Department

POLICY MANUAL

Line-of-Duty Deaths

- (h) Assist the survivors with meeting childcare or other immediate needs.
- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.

- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Roseville Police Department members may be apprised that survivor notifications are complete.

1031.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1031.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

Line-of-Duty Deaths

1031.6 LIAISONS AND COORDINATORS

The Chief of Police shall ensure that line-of-duty deaths are investigated thoroughly and may choose to use the investigation process outlined in the Officer-Involved Shootings and Deaths Policy.

Investigators from other agencies may be assigned to work on any criminal investigation related to line-of-duty deaths. Partners, close friends or personnel who worked closely with the deceased member should not have any investigative responsibilities because such relationships may impair the objectivity required for an impartial investigation of the incident.

Involved department members should be kept informed of the progress of the investigations and provide investigators with any information that may be pertinent to the investigations.

Personnel Early Warning System

1032.1 PURPOSE AND SCOPE

The purpose of this order is to establish policy and procedure for an informal performance review and intervention program, the "Early Warning System" (EWS). The program monitors employee performance that may be inconsistent with professional police conduct and cooperatively engages employees to resolve areas of concern. The goal of EWS is early identification of employee performance issues and correction of these issues through constructive counseling sessions, intervention, and/or training rather than the formal disciplinary process.

1032.2 POLICY

It is the policy of the Roseville Police Department to maintain an Early Warning System to provide early intervention to possible problematic behaviors so that changes can be made prior to discipline being the only corrective option. The EWS is one method by which employees may be identified as possibly needing assistance with performance and/or stress related problems. The EWS is intended as an approach to highlight tendencies that may otherwise be overlooked. All employees shall participate in the EWS program and comply with the guidelines set forth in this policy. Participation in the EWS program shall not be deemed punitive, nor a formal disciplinary process. Notwithstanding the initiation of the EWS process, the Department retains its right and responsibility with regard to investigation of policy violation and enforcement of employee discipline.

1032.3 PROCEDURE

EWS is a non-disciplinary tool that does not relieve supervisors and managers of their responsibility to directly monitor the performance of their subordinates and take appropriate action in response to performance or behavioral issues. Employee behavior or performance that is subject to EWS review includes, but is not limited to:

- (a) External complaints
- (b) Internal complaints
- (c) Use of force incidents
- (d) Vehicle accidents
- (e) Firearm discharge(s)
- (f) Forced entry (exigent circumstances)
- (g) Lost or damaged property
- (h) Vehicle pursuit(s)
- (i) Overall alert combinations

Roseville Police Department

POLICY MANUAL

Personnel Early Warning System

Personnel assigned to the Professional Standards Unit shall maintain records of the above incidents. When a designated threshold level is met for a single category or for the sum of all categories, the Professional Standards Unit will notify the involved employee's supervisor and/or manager that a threshold level has been met. The involved employee's supervisor or manager will review each alert for potential initiation of the EWS program. The review will be conducted within the employee's chain of command.

Supervisors and managers shall monitor the activity of their subordinate employees to identify actual or perceived unprofessional behavior and/or substandard performance that is subject to EWS review. They shall communicate such information to the Chief of Police via the Chain of Command. The EWS may be initiated based on cause, even when none of the listed threshold levels have been met. The Chief of Police shall be responsible for aggregation and administrative management of information and records associated with the EWS program. Information and records associated with the EWS program are used for personnel purposes. Accordingly, they are confidential personnel files and not public records. Documents, data, and records shall be maintained by the Office of the Chief for a period of time consistent with the Records Retention Schedule. Access to EWS records shall be restricted to the Chief of Police and his/her designee(s). An individual employee shall be granted access to EWS records that pertain to that employee. The employee will give the Office of the Chief a reasonable amount of notice before having access to the file.

1032.4 DEPARTMENT MEMBER EWS ALERTS

Roseville PD Department members receive an EWS alert under the following criteria:

- 3 External complaints in 12 months
- 2 Internal complaints in 12 months
- 5 Use of force incidents in 12 months
- 2 Vehicle accidents in 12 months
- 2 Firearm discharge(s) in 12 months
- 3 Forced entries (exigent circumstances) in 12 months
- 2 Incidents of lost or damaged property in 12 months
- 3 Vehicle pursuit(s) in 12 months
- 11 Overall alerts combined in 12 months

1032.5 DEPARTMENT SUPERVISOR EWS ALERTS

Supervisors have a separate threshold for EWS alerts that occur for events by their employees assigned to their shift. Supervisors will receive a "supervisory" EWS alert under the following criteria when occurring with employees in their chain of command:

- 6 External complaints in 12 months

Roseville Police Department

POLICY MANUAL

Personnel Early Warning System

20 Use of force incidents in 12 months

6 Vehicle accidents in 12 months

4 Firearm discharge(s) in 12 months

6 Forced entries (exigent circumstances) in 12 months

4 Incidents of lost or damaged property in 12 months

1032.6 INITIATION OF THE EWS PROGRAM

Following a review of the alert by the employee's supervisor and manager, the supervisor and manager will make a recommendation to the Division Captain as follows:

- (a) No further action necessary
- (b) Additional training
- (c) Potential for Employee Assistance Program or Peer Support referral
- (d) Referral to Professional Standards Unit for further investigation

Upon direction of the Division Captain, an informal counseling meeting may be held that may include:

- (a) The subject employee.
- (b) The Division Captain
- (c) The employee's direct supervisor and manager.
- (d) The subject employee may have one fellow employee accompany him/her to the counseling meeting. The accompanying employee's presence is allowed to offer general peer support to the subject employee, not to be an active participant in the counseling meeting.

The informal counseling meeting shall not be held if the review of the alert is forwarded to the Professional Standards Unit for further investigation.

The counseling meeting shall be held during the employee's regularly scheduled working hours. The meeting shall not be deemed a punitive or disciplinary proceeding against the employee.

The meeting may cover the following:

- (a) Advise the employee of the behavioral or performance concern
- (b) Allow the employee to offer an explanation
- (c) Identify any training needs
- (d) Identify any Peer Support or Employee Assistance Program Needs
- (e) Identify any coaching or mentoring needs for the employee

BODY-WORN CAMERAS (BWC)

1034.1 PURPOSE

This policy is intended to provide officers with guidelines on when and how to use body-worn cameras (BWCs) so that they may reliably record their investigations and enforcement activity in accordance with the law and in order to provide accountability and transparency to the public.

1034.2 POLICY

It shall be the policy of the Roseville Police Department (RPD) to utilize body-worn cameras in a manner that will assist in criminal investigations and prosecutions as well as civil litigation, by providing a recording of the incident that may supplement an employee's report and help document police conduct, investigations, and enforcement activity.

1034.3 DEFINITIONS

Body-Worn Camera (BWC) – A camera worn on an individual officer's person that records and stores audio and video.

Activation - Triggering the body-worn camera by touch or any other method, which initiates the audio and video recording functions.

De-Activation -Discontinuing audio and video recording and returning the camera to a standby mode in the on position.

1034.4 GENERAL PROCEDURE

Body-worn camera recordings help provide context and capture beneficial information during police investigations and enforcement contacts with members of the public. Because body-worn camera recordings provide only a limited perspective of the encounter, all other available evidence, such as witness statements, employee interviews, forensic analysis, and documentary evidence should be considered before any conclusions are reached.

All uniformed officers issued a body-worn camera are required to wear and use them while on-duty. The term "uniformed" would include, but is not limited to, any apparel (e.g., tactical/raid vests, visible badge and firearm) that identifies the wearer as a police officer.

(a) Exceptions:

1. Uniformed officers attending a formal event or funeral.
2. Officers working in an undercover capacity or while conducting plain clothes surveillance where the intent is not to be identified as a police officer and no enforcement action is planned.
3. Officers working in an administrative assignment. However, they shall always have them readily available to use in accordance with this policy.

Roseville Police Department

POLICY MANUAL

BODY-WORN CAMERAS (BWC)

4. Officers with express managerial approval under special circumstances.

1034.5 PRIVACY EXPECTATION

All recordings made using body-worn cameras are the property of the Roseville Police Department and will not be released or disseminated to the public without the express written consent of the Chief of Police (COP) or authorized designee or unless otherwise expressly required by federal or state law. Officers shall have no expectation of privacy or ownership interest in the content of these recordings.

1034.6 OFFICER RESPONSIBILITIES

- (a) Only trained personnel shall operate the body-worn camera system.
- (b) Prior to going into service, each uniformed officer will be responsible for making sure that if he/ she is equipped with a body-worn camera issued by the Department, that it is in good working order and the battery is fully charged. If the body-worn camera is not in working order or the officer becomes aware of a malfunction at any time, the officer shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable.
- (c) Any officer assigned to a non-uniformed position may carry an approved portable recorder at any time the officer believes that such a device may be useful.
- (d) Officers shall secure their body-worn camera on their person for immediate deployment except when entering restrooms, locker rooms, and the Department.
- (e) Officers shall position the camera on the front of their uniform to facilitate optimum recording field of view.
- (f) Officers may turn off their body-worn camera when entering the Department. Officers shall "power on" their body-worn camera when leaving the Department and should remain powered on while on patrol.
- (g) Officers will use only the body-worn camera system issued and approved by the Department. The wearing of any other personal video recording device is not authorized.
- (h) Officers shall not remove, dismantle, or tamper with any hardware and/or software component of the body-worn camera system.
- (i) If a police report, field interrogation card, or citation is used to document an incident, the use of the body-worn camera system should be noted in the report or CAD history.
- (j) In the event of an equipment malfunction in the field resulting in no video files being captured, officers will notify a supervisor. If a police report is written documenting the incident, officers should note in the report the fact that a malfunction occurred. If no police report is written documenting the incident, officers should note in the CAD incident history the fact that a malfunction occurred.

1034.6.1 UPLOADING RECORDINGS

Once video is captured, officers should identify body-worn camera system files as follows:

Roseville Police Department

POLICY MANUAL

BODY-WORN CAMERAS (BWC)

- (a) By the end of each shift, officers will initiate the upload process. Officers assigned to a specialized unit shall upload videos as soon as practical. Officers will review new video, classify their files appropriately with the assigned case number, citation number, or incident history number. The review and tagging will be completed prior to the end of shift unless otherwise approved by a Watch Commander.
- (b) Enter a title which includes information to identify the file, such as criminal code, suspect name, location, event, etc.
- (c) Select the appropriate category.

1034.6.2 SPECIALIZED UNITS / NON-UNIFORMED PERSONNEL

It is recognized that officers assigned to a specialized unit or a task force could face several practical and operational challenges that may on occasion prevent the use of body-worn cameras while performing their duties. Officers issued a body-worn camera system, and who are assigned to specialized units (non-uniformed positions), should have their body-worn camera available to be used if needed. Such non-uniformed officers are responsible for ensuring the recording devices are in good working order prior to going on duty and shall use the device in accordance with this policy whenever they are involved in pre-planned events or pre-planned enforcement as outlined in this policy.

Supervisors or managers of specialized units may temporarily suspend an officer's requirement to carry or use a body-worn camera device when the circumstances dictate that carrying the device would jeopardize officer safety or the investigation. These circumstances include but are not limited to contact with confidential informants, special investigations, intelligence gathering missions and certain undercover operations. Supervisors should be able to explain the circumstances of the police operation or conditions that would be jeopardized or inhibited by the officer carrying or activating the recorder. If an officer is presented with a situation that would prohibit activation of the body-worn camera system, the officer shall notify their supervisor as soon as practical of the circumstances preventing the use of the equipment.

Any officer assigned to specialized units or task force shall record interviews with either their body-worn camera, digital audio recorder, interview room recording system, or other like manner of recording.

1034.7 SUPERVISOR RESPONSIBILITIES

Supervisors should take custody of a body-worn camera as soon as practicable when the device may have captured an incident involving the use of force, an officer-involved shooting or death or other serious incident, and ensure the data is downloaded (Penal Code § 832.18).

Supervisors shall ensure officers utilize the body-worn camera system according to these policy guidelines. Supervisors may verify compliance by conducting periodic and random audits of the body-worn activity of personnel whom they supervise.

BODY-WORN CAMERAS (BWC)

1034.8 ACTIVATION OF THE BODY WORN CAMERA

This policy is not intended to describe every possible situation in which the body-worn camera should be activated, but rather is designed to provide general guidance. Not all situations will start out as necessitating the activation of the body-worn camera, nor will all events have a clear ending when the body-worn camera is no longer necessary.

Officers should activate the recorder any time the officer believes it would be appropriate or valuable to record an incident.

Officers should consider using the body-worn camera in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview (FI) situations.
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops.
- (c) Code 3 responses.
- (d) Vehicle pursuits.
- (e) Transports involving prisoners, suspects, victims, witnesses or any person involved in the investigation.
- (f) Self-initiated activity in which a member would normally notify the Communications Center.
- (g) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording.

Officers should remain sensitive to the dignity of all individuals being recorded and exercise discretion when reasonable. Discontinuing recording may be reasonable in cases of sexual assault or domestic abuse, when privacy concerns outweigh any legitimate law enforcement interest in video recording.

Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is an officer expected to jeopardize his/her safety in order to activate a body-worn camera or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

1034.8.1 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

Roseville Police Department

POLICY MANUAL

BODY-WORN CAMERAS (BWC)

1034.8.2 FAILURE TO ACTIVATE THE BODY WORN CAMERA

Failure to activate the body-worn camera, in and of itself, will not be a cause for discipline. However, the failure to activate and reason shall be documented in the associated CAD notes or a case report.

1034.9 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Officers may surreptitiously record any conversation during the course of a criminal investigation in which the officers reasonably believes that such a recording will be lawful and beneficial to the investigation (Penal Code § 633).

Officers are not required to notify the public that they are recording, but if asked, the Officer shall advise the citizen of the recording.

Officers shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

1034.10 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident. Cessation of recording should be consistent with the following:

- (a) During an officer involved shooting or other serious incident, personnel shall continue recording until directed by a supervisor to stop recording.
- (b) In other incidents, the recording should continue until the officer reasonably believes the encounter has concluded or the situation has stabilized. The officer may halt the recording in accordance with this policy, in between interviews, or when directed by a supervisor.
- (c) Officers may cease recording when encountering or interviewing a victim who is in a vulnerable position or who asks not to be video-recorded.
- (d) Officers may cease recording when interviewing a subject who does not want to be video-recorded and the officer feels obtaining the information or statement exceeds the importance of video evidence.
- (e) In all cases above, the officer or supervisor should verbally express the intent to stop recording prior to turning off the equipment, and should verbally express it has resumed if later reactivated. The officers should consider activating another type of recording device, such as an audio recorder, if appropriate for memorializing the interaction.
- (f) Officers shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person's attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

Roseville Police Department

POLICY MANUAL

BODY-WORN CAMERAS (BWC)

1034.11 RESTRICTED USE OF THE BODY-WORN CAMERA AND/OR STORED MEDIA

Except those instances involving a criminal investigation of department personnel, a conversation among Department employees shall not be intentionally recorded without all parties to the conversation being aware that it is being recorded.

No body-worn camera will be intentionally activated to record Department personnel during briefings, meetings, or while in private spaces such as locker rooms, restrooms, or any other place where a reasonable expectation of privacy exists.

The body-worn camera shall not intentionally be activated to record confidential informants or undercover employees.

Prior to conducting a strip search, the officer shall record a 360-degree video of where the strip search will be conducted. During the strip search, the body-worn camera will be activated to capture only audio of the event by positioning the camera away from the individual to be searched.

Officers should not normally record patients during medical or psychological evaluation by a clinician or similar professional or during treatment, unless necessitated by investigatory or safety concerns settings. When recording in hospitals and other medical facilities, officers should be careful to avoid recording persons other than those who are the focus of the investigations.

Officers shall not play back body-worn footage for citizens or the media without prior approval from the Chief of Police or authorized designee unless for investigative purposes.

Officers who have made an inadvertent recording may request to have that video deleted. Requests shall be submitted to their Division Captain.

The qualification will be conducted at a later time/date, and as soon as practical.
8. A voluntary statement by the involved employee(s) will be requested as outlined in this letter of agreement, the Roseville Police Department Policy Manual and the Placer County Fatal Incident Protocol. Depending on the circumstances surrounding the incident, voluntary statements can be obtained when practical, usually within 24 to 72 hours of the incident. The employee will not be compelled to provide a written statement. In the event an employee declines to provide a voluntary statement, the Department may obtain a compelled administrative statement.
9. The involved employee(s) will be allowed access to audio or video recordings of the incident, as is reasonably available and appropriate for the investigation, prior to making a voluntary or compelled statement.
10. Officers who have fired their weapon during an officer involved shooting will successfully pass a requalification prior to returning to full duty.

The Gold Medal of Valor Award is awarded for bravery, usually given for individual acts of extraordinary bravery or heroism performed in the line of duty at extreme, life-threatening personal risk. It recognizes officers whose actions could be considered having gone above and beyond the call of duty, or to recognize an officer who has performed an act of bravery displaying an extreme amount of courage while knowingly facing imminent danger.

The Silver Medal of Valor Award is awarded for outstanding service and conspicuous gallantry or valor in the line of duty. This award would be considered where the Department member manifests outstanding bravery under circumstances that do not fall within the provisions required for a Gold Medal of Valor.

The Bronze Medal of Valor Award is awarded for outstanding performance and/or bravery in the line of duty. It would be awarded under circumstances that do not fall within the provisions required for the Gold or Silver Medals of Valor; however the act or accomplishment was of such magnitude that the recipient is worthy of the Bronze Medal of Valor.

The Purple Heart Award is awarded to a member of the Department who is wounded or receives a serious injury in the line of duty. Award is dependent on the circumstances of the incident to include the following: 1.)The degree of injury to include serious impairment of physical condition requiring professional medical treatment to include, but not limited to loss of consciousness, concussion, bone fracture, protracted loss of body functioning, extensive suturing, and/or serious disfigurement. 2.)Injury sustained as a direct or indirect result of action the Department member believed necessary to prevent the loss of life or serious injury to the civilians, the Department member, or other Department members. 3.)Injury sustained as a direct result of actions taken by a suspect. The Awards Committee should avoid granting this award based on questionable situations that might dilute the Award's importance.

The Lifesaving Award is awarded for extraordinary efforts of actions to protect and/or preserve human life that otherwise would have been lost without their direct involvement, regardless of the eventual consequences to or outcome of the victim(s) state of health.

**ACCESS COMMUNICATION TODAY!
DEFINITION OF TYPES OF COMMUNICATION SERVICES**

ASL/Spoken English Interpreting

A hearing interpreter who uses ASL and spoken English to communicate for both Deaf and hearing consumers.

Oral Interpreting

Oral interpreters are utilized by Deaf or hard of hearing individuals who use speech reading and speech for communication and do not use sign language. Oral interpreters transliterate the spoken words by mouthing the speaker's words. Oral interpreters may also use facial expression, body movement and natural gestures, or substitute words for those that are difficult to speech-read. Generally the oral interpreter does not use sign language during interpreting.

Team Interpreting

Interpreting demands constant mental and physical stamina to interpret from spoken English to a manual language and vice versa, therefore some assignments, particularly those that are lengthy or complex will require a team of two (2) interpreters rotating at twenty to thirty minute intervals. Generally, assignments exceeding 1 hour will require a team of two (2) interpreters.

Tactile Interpreting

Tactile interpreters are utilized by individuals who are Deaf and blind. Tactile interpreters communicate with Deaf-blind individuals by signing in close proximity to the client, signing or finger-spelling in the person's hands.

Video Remote Interpreting

Video Remote Interpreting utilizes video conferencing technology that enables you and your Deaf client/consumer to access sign language interpreting through the internet on your computer, laptop or television monitor and webcam.

Legal Interpreting

From Registry of Interpreters for the Deaf (RID) – Standard Practice paper on Legal Interpreting:

Legal interpreting encompasses a range of settings in which the Deaf person interacts with various parts of the justice system. Legal interpreting naturally includes court interpreting; however, a legal interpreter's work is not restricted to the courtroom. Rather, legal interpreting occurs during attorney-client conferences, investigations by law enforcement, depositions, witness interviews, real estate settlements, court-ordered treatment and education programs and administrative or legislative hearings. Legal interpreting requires highly skilled and trained specialists because of the significant consequences to the people involved in the event of a failed communication. Deaf people have a legal right to a qualified interpreter, and in legal settings, a qualified legal interpreter will have a specific skill set to ensure that the Deaf person's right to be present and participate is not compromised. (Please see www.rid.org)

Deaf Interpreter

A Certified Deaf Interpreter (CDI) or Qualified Deaf Interpreter (QDI) is used when the communication mode of a Deaf consumer is so unique that it cannot be adequately accessed by interpreters who are hearing, such as when the Deaf individual uses idiosyncratic non-standard signs or gestures. A CDI/QDI works in a team with an ASL/spoken English (hearing) interpreter. In such situations, a Deaf/hearing interpreter team communicates more effectively than a hearing interpreter alone.

EMERGENCY Interpreting Services

Access Communication Today! maintains a registry of sign language interpreters who are on-call 24-hours a day/7-days a week for emergencies. Requests from medical, mental health and law enforcement agencies, requiring an immediate response are given top priority.

Real-time captioning (RTC) / Computer-Aided Real-time Translation (CART) services

RTC/CART services are provided by a professional captioner or court reporter who simultaneously "translate" the spoken words into English text on a computer screen or digital projector screen to be read by the deaf or hard of hearing individual. Such service may be provided remotely.

Performance Interpreting

A team of interpreters work together to provide a cohesive interpretation to achieve a dynamically equivalent experience of the theatre or musical artist performance.

Billing is based on 1-hour minimum. Be accurate when indicating **START** and **END** times. Services are provided on request, subject to the availability of staff and independent contractors. This form must be filled out **LEGIBLY** and **COMPLETELY**. Illegible and incomplete forms will be returned by email or fax. CANCELLATIONS MUST BE IN WRITING.

**Admin Reg Walk Through Metal
Detector Use Updated 11-3-19.pdf**

CITY OF ROSEVILLE CALIFORNIA

ADMINISTRATIVE REGULATION

APPROVED:

Dominick Casey, City Manager

Number: AR. 3.04

Date Effective: October 2, 2019

Date Revised:

SUBJECT: Walk Through Metal Detector Use

PURPOSE

The following procedure will be followed when walk through metal detector (WTMD) equipment is used for City of Roseville meetings or events.

An on duty Roseville Police Officer ("Police Officer") and/or privately contracted security guard ("Security Guard") will operate metal detection equipment and oversee all attendees being scanned.

Walk through metal detector and wand based metal detector usage will apply to all attendees including:

- Staff, permanent and temporary
- Officials (including Council members and Commissioners)
- Contractors
- Media
- General Public

Exempted:

- On duty police officers with valid identification

POLICY

1. The City Manager or their designee shall have the authority to require searches following a metal detector detection. Such searches shall not be conducted in the absence of such requirement.
2. All attendees shall be subject to metal detection screening.
3. On duty Police Officer and/or Security Guard will control the flow of attendees through machines that allow attendees to enter the facility.
4. The City Manager or their designee monitoring the search may choose to limit the WTMD and/or search by any lawful random formula. For example, if the lines become too long, the WTMD and/or search may be limited to every second or third person. Once a random formula is utilized, it shall be applied without deviation until it is ended by order of the City Manager or their designee. A random formula shall not be ended in order to search a particular citizen or person.

5. All attendees will be asked to remove metal objects from their pockets and/or bags and belongings before going through the metal detectors. These objects will be placed in a tray and returned to the attendee after they pass through the metal detector. Any bag failing the metal detector will be subject to search.
6. If no warning sounds, and no other prohibited items are identified, attendee is permitted to enter.
7. If an attendee activates the metal detector they will be asked again to remove all metal objects from their pockets and go through the machine a second time. If the attendee again activates the metal detector they will be moved to the side where they will be scanned with a hand held wand by an on duty Police Officer and/or Security Guard.
8. The scanning will begin at the toes and continue to the head in all directions without touching the attendee body. If the attendee's bag or belongings activate the metal detector, the attendee will be asked to open the bag for inspection.
9. If an attendee's shoes indicate the presence of metal, the attendee will be asked to remove the shoes for examination.
10. If an attendee refuses to go through the WTMD or refuses to remove metal objects from their pockets and/or bag and/or belongings, Police Officers may be called to assist or a wand based metal detector may be utilized.
11. If the wand based metal detector is activated, the attendee will again be asked to remove all metal objects. If they refuse a second time, they will be refused entry and escorted out.
12. Under no circumstances will city staff, Police Officers, or Security Guard be permitted to conduct a strip search of any attendee based on the use of the metal detector.
13. Weapons, including firearms, of any kind are not permitted, except by on duty police officers or Security Guards with valid identification. Any illegal weapons, or devices which could be used as weapons, discovered as a result of the use of metal detection and/or by visual observation of staff, Police Officers or Security Guard will be confiscated. Individuals with a valid concealed carry firearm permit (CCW) carrying a firearm will be informed they cannot enter with the firearm and will need to lawfully secure the firearm elsewhere before entry is allowed.
14. If anyone refuses to cooperate with the screening process, or continues to fail the metal detector, the Police Officer and/or Security Guard is to notify the person of refusal of entry.
15. Nothing in the procedures set forth above shall limit the authority of the Police Officer to remove other contraband from a citizen and to otherwise legally search a person.

ADMINISTRATIVE PROCEDURES

The Facilities Services Division will act as the Administrator for the metal detector for the City of Roseville and will:

1. Make a copy of the Metal Detector Search Procedures available to each attendee, the Police Officer, and/or Security Guard who will in any way be involved with the conducting and/or monitoring of searches.
2. Identify billable services and potential customers that may have a need for a metal detector.
3. Determine the total cost of providing each service. Costs shall include both direct and indirect costs.
4. Facilities Services will recover expenses for the use of the metal detector and its staffing requirements through Facilities Internal Service Funds ("ISF") billing and/or Police Indirect Cost allocations.
5. Full annual cost of the metal detector program shall be recovered, including operating costs, using time and material and indirect charges as appropriate.
6. Allocation to Departments / Divisions - Operating costs shall be allocated to departments / divisions based upon a reasonable allocation methodology. Operating costs may be allocated differently based upon the nature of those costs. The ISF Administrator for facilities will determine the appropriate allocation method. The City Manager may authorize use of other funds for operational expenses.

ar2-17 Modified-Alternate Duty Program.pdf

CITY OF ROSEVILLE
ADMINISTRATIVE REGULATION

APPROVED:

Ray Kerridge, City Manager

Number:

A.R. 2.17

Date Effective:

Sept. 26, 1994

Date Revised:

November 15, 2010

SUBJECT: MODIFIED/ALTERNATE DUTY PROGRAM

PURPOSE

To enable employees who have an injury, illness, or accident, as outlined by a health care provider/treating physician ("health care provider"), that renders them temporarily unable to perform one or more of the essential functions/job duties listed in their Job Specification to work in a Modified/Alternate Duty Assignment.

This program is not available to those who have received permanent restrictions from a health care provider and should not be construed as recognition that an employee has a disability as defined by the Americans with Disabilities Act (ADA) of 1990 or the ADA Amendments Act (ADAAA) of 2009.

POLICY

It is the policy of the City of Roseville to work with an employee who has been injured on or off the job and/or who may have an illness or condition that temporarily limits them from performing one or more of the essential functions/job duties listed in their Job Specification.

PROCEDURE

When an employee has an injury, illness or accident that renders them temporarily unable to perform one or more the essential functions/job duties associated with their regular job, they are eligible to participate in a Modified/Alternate Duty Assignment.

- If the injury/illness is non-work related, the employee may return to a Modified/Alternate Duty Assignment should one be available that meets the restrictions imposed by the employee's health care provider.
- If the injury/illness is work related, the employee is required to return to a Modified/Alternate Duty Assignment should one be available that meets the restrictions imposed by the employee's health care provider.

When an employee's health care provider imposes restrictions, the Human Resources Department will determine if the restrictions preclude the employee from performing one or more of the essential functions/job duties listed in their Job Specification and if it is necessary to place the employee in a Modified/Alternate Duty Assignment. The Human Resources representative will work with the health care provider and the department to clarify restrictions if necessary.

Supervisory Notification

The employee's work restrictions will be identified in a Work Status Report or on the City of Roseville Certificate for Return to Work or Further Treatment (Attachment A) provided by the health care provider.

- If the employee's department is able to accommodate the restrictions, the employee's supervisor will notify Human Resources and a Modified/Alternate Duty Form (Attachment B) will be completed by Human Resources. The form shall include a description of the assignment being offered and the restrictions of the employee. The form must be signed by both the supervisor and employee and returned to Human Resources for final approval before the employee is returned to work. If the employee has already returned to work, and if the employee does not sign the agreement he/she will be removed from work.
- If the employee's department is unable to accommodate a Modified/Alternate Duty Assignment, the department will notify Human Resources immediately. Human Resources will contact other departments for possible Modified/Alternate Duty Assignments based upon the employee's restrictions. If an assignment is found within another department, Human Resources will coordinate the placement of the employee.

When a Modified/Alternate Duty Assignment is unavailable in any department, the employee will be placed on temporary disability/sick leave/unpaid leave depending on the nature of injury/illness and availability of leaves.

Employees who are off work are required to contact their supervisor and Human Resources **by the start of the next business day** following a change in their work restrictions or medical condition as determined by his/her health care provider. Additionally, each time the employee attends a follow-up visit, a new work status report shall be obtained by the employee and a copy **must** be provided to the Human Resources Department even if restrictions have not changed. Failure to provide Human Resources and/or their supervisor with current work status reports may result in the employee being taken off work and required to utilize available personal leaves, if available.

It is the responsibility of the employee and the employee's supervisor to ensure the employee is complying with, and working within, the work restrictions imposed by the health care provider.

Workers' Compensation Injuries Only:

If an employee completes a Modified/Alternate Duty Assignment, and no additional Modified/Alternate duty work is available, the employee will be placed off work while receiving all benefits afforded them through the Workers' Compensation system.

An employee on Workers' Compensation may choose to refuse the Modified/Alternate Duty Assignment if the assignment is expected to last one week or less. However an employee who refuses a Modified/Alternate Duty Assignment is subject to having their workers' compensation temporary disability benefits terminated and will be required to use personal leave, excluding sick leave, for lost time.

Duration

Modified/Alternate Duty Assignments will typically not exceed two hundred and seventy (270) calendar days per injury/illness. Upon completion of the assignment, the employee shall be removed from work until released to full duty or deemed to have permanent restrictions. The employee may use any benefits available to them at that time. In no case will a Modified/Alternate Duty Assignment continue once an employee has received permanent restrictions from a treating physician.

Timekeeping

When an employee is assigned a Modified/Alternate Duty Assignment, the employee shall be compensated for hours worked at their regular rate of base salary and benefits (24-hour shift employees exception noted below) regardless of whether or not the employee performs work within the regular classified position or is assigned to the employee's regularly assigned department. If an employee is assigned to a Modified/Alternate Duty Assignment of less than full time, compensation for hours worked may be supplemented by either temporary disability, accrued sick leave, or other available leave depending on the nature of the injury/illness. Modified/Alternate Duty Assignments will be noted as such within the payroll timekeeping system to ensure accurate reporting of time worked.

24-Hour Shift Conversion

For changes in the middle of a pay period from one schedule to another schedule (e.g. 24-hour shift personnel to an 8-hour/5-day shift), actual hours worked will be referenced in the notes section of the payroll timekeeping system. When a Modified/Alternate Duty Assignment continues to subsequent pay periods, the employee's schedule will be changed in the payroll timekeeping system to reflect the actual schedule worked. In this case, the employee's holiday bank will be maintained but sick and vacation leave will be converted to reflect the assigned schedule accruals. The conversion rate for vacation and sick leave banks will be 1.5 unless noted in the following table.

24 Hour Fire Department Vacation Conversion Rates:

New to 4 years	1.499
5 – 9 years	1.598
10 – 14 years	1.588
15 – 19 years	1.591
20+ years	1.571

The employee's banks will be converted back utilizing the same conversion factors when the employee is released to full duty.

RESPONSIBILITY

It is the employee's responsibility to ensure his/her supervisor and Human Resources have the most recent physician statement on file and to notify their supervisor if they feel the work they are doing exceeds the restrictions set forth by their health care provider.

Should an employee be placed in another area, division, or department, it is the employee's and Human Resources' responsibility to convey the restrictions to the supervisor in charge of the Modified/Alternate Duty Assignment.

It is the current supervisor's responsibility to ensure employee restrictions are adhered to during the Modified/Alternate Duty placement. Coordination between the Modified/Alternate Duty supervisor and the employee's regular supervisor is encouraged.

It is the department's responsibility to ensure Modified/Alternate Duty Assignments are flexible enough to allow placement while adhering to the restrictions placed by the health care provider.

Any medical information received should be limited to a listing of work restrictions/functional limitations and duration of such. This information should **only** be shared with those that need to know as a means of protecting privacy. Should you have questions, please do not hesitate to contact Human Resources for clarification.

Human Resources is responsible for ensuring the employee in a Modified/Alternate Duty Assignment is aware of the importance of communicating any changes placed upon them by their health care provider to their supervisor and the Human Resources Department as soon as possible. Human Resources will monitor the various assignments to ensure compliance with City policy.

It is imperative that departments advise the Human Resources Department of any Modified/Alternate Duty Assignments, regardless of duration and/or whether they are work-related or non-industrial.

Message from the Chief- Hate Crimes.pdf

ROSEVILLE POLICE DEPARTMENT

1051 Junction Blvd.

Roseville, CA 95678

Troy Bergstrom, Chief of Police

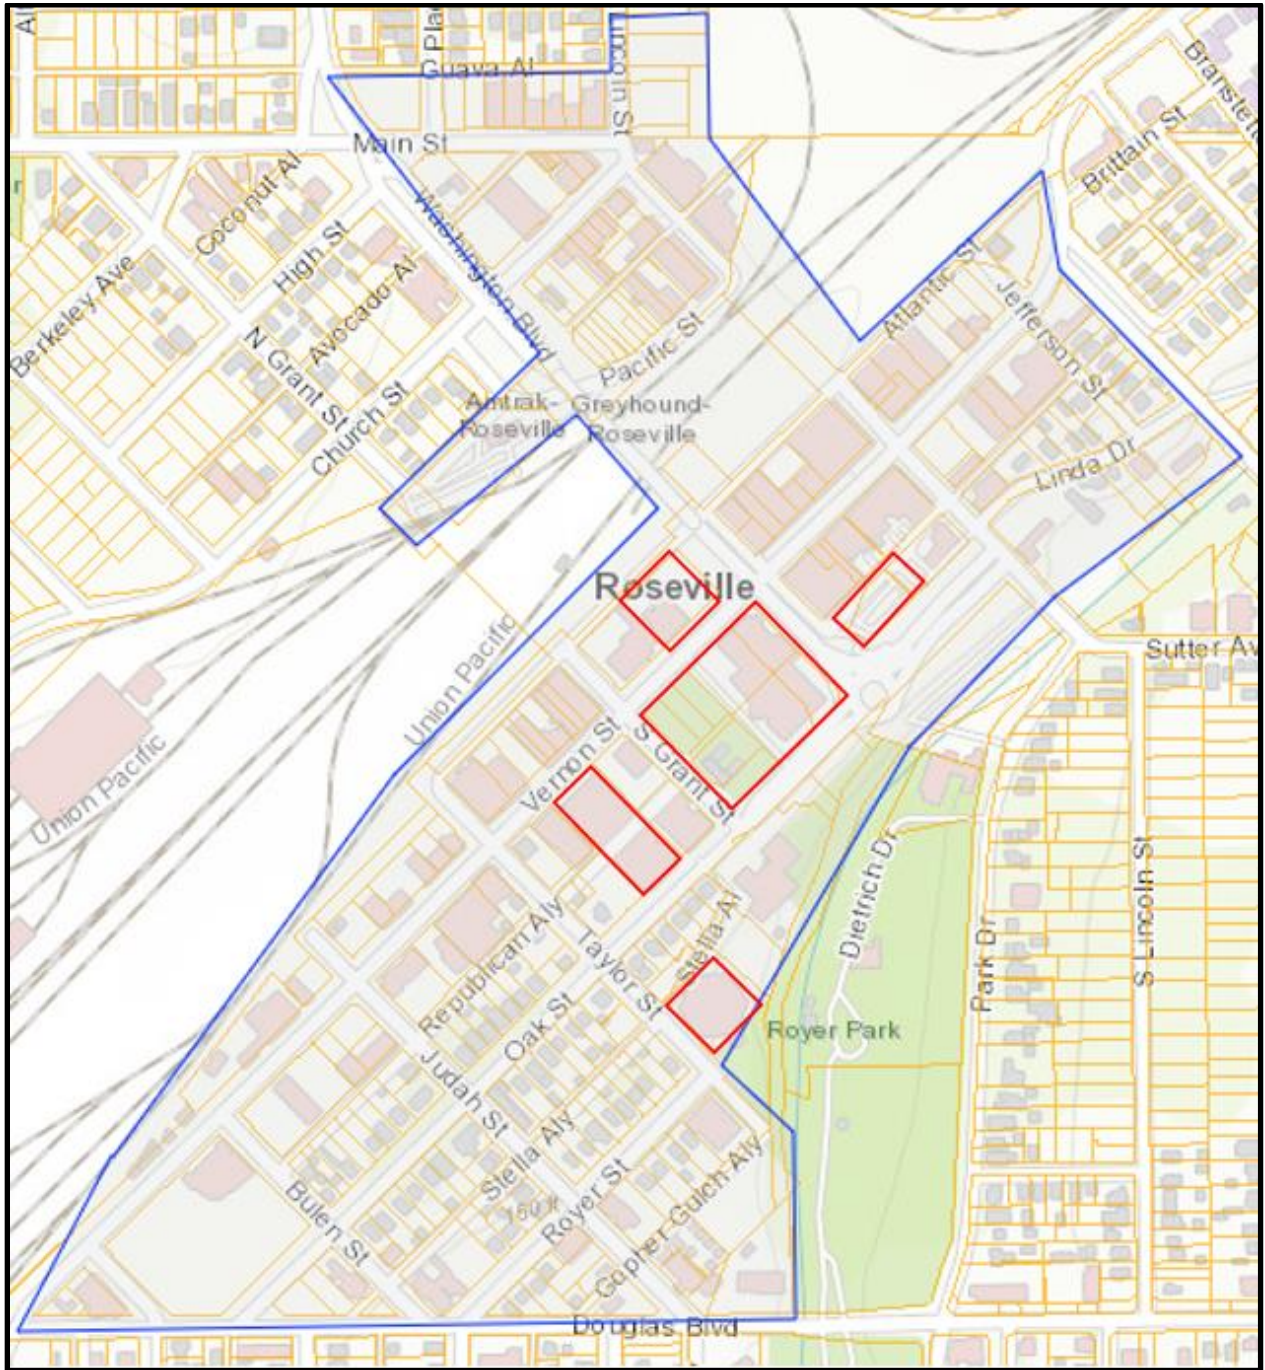

Hate Crime Policy Statement

13519.6 PC mandates that the Chief of Police issues a policy statement regarding our agency commitment to the proper documentation and investigation of hate crimes. Hate crime and crimes motivated by bias convey a message of terror and exclusion, not just to the immediate victims, but to entire communities. They often target victims who are least able to defend themselves. They cause trauma that is more extreme and longer lasting than similar crimes committed for other motivations. They can spark retaliatory crimes, escalating the cycle of crime and violence. If not addressed professionally and thoroughly they may undermine public confidence in law enforcement. Crimes motivated by hate are not simply assaults, property damage, or violations of civil rights. They are crimes that specifically target individuals with particular characteristics. As such, they provide fuel to the prejudices and fears that underlie these crimes, thus continuing the cycle of hate, prejudice, and bias. The broad impact of hate crimes makes them a major concern for all law enforcement agencies. It is essential that our agency address hate crimes in a manner that most effectively accomplishes prevention and rapid apprehension of perpetrators.

That is the sample language suggested for Chiefs to use in their statement regarding hate crimes. And as sample language goes, it underscores the message of the importance of hate crime investigation and reporting. But let's bring this closer to home. Imagine if it was your family targeted by a hate crime because of their race, background, religion, or who they love. Imagine the fear they would experience, the long lasting effect of the hate they have to feel because of who they are. If you were investigating that case, how far would you take it? How would you want your family member treated as a victim? These crimes are personal, they hurt people to their core even if the accompanying crime may seem minor. There can be no room for this kind of hate in our community. As a Police Department, we are here to protect everyone equally. When people are most vulnerable as victims, we stand as their support so they can feel safe again. That is the core of why we are here. The last sentence of the Law Enforcement Code of Ethics says "I recognize the badge of my office as a symbol of public faith". The public – our neighbors, our friends, our families, the people we pass in the store, or in the park that we don't even know - they are that public – and they look to us to protect them against violence, oppression, and intimidation. Nowhere is that more needed than when protecting them from the hate of others. That might not be the "sample language" suggested, but when asked what my message is to our Department about hate crimes, I want everyone to know our strength in keeping our community safe and free from hate.

ROSEVILLE POLICE DEPARTMENT ASSET SEIZURE MANUAL

INTRODUCTION

11469(d) Health and Safety Code mandates this manual and requires all officers conducting asset seizure to know its contents and follow its guideline when seizing the assets or proceeds of illegal narcotics sales. This manual is in compliance with that law.

The seizure of proceeds from illegal narcotic activity, criminal profiteering, and human trafficking, following state and federal regulations, helps fund out Department's efforts to combat criminal activity.

Detectives should report, through the chain of command, any discrepancies they discover between the contents of this manual and current law so this manual remains contemporary, viable, and as useful as possible.

MISSION

Deterring criminal activity is the principal objective of the Roseville Police Department's forfeiture program. Potential revenue will not be allowed to jeopardize the effective investigation, prosecution of criminal offenses, officer safety, the integrity of ongoing investigations, or the due process rights of citizens.

In order to ensure accountability and integrity of the program, no Roseville Police Officer's employment, or salary, shall be made to depend upon the level of seizures or forfeitures he or she achieves.

Roseville Police Department shall also avoid any appearance of impropriety in the sale or acquisition of forfeited property. To accomplish this, Roseville Police Department shall not put any seized or forfeited property into service.

Additionally, Roseville Police Department shall ensure that seized property is protected and its value preserved.

Roseville Police shall also implement special training for officers assigned to forfeiture programs, of which, that training will be ongoing.

TRAINING

Pursuant to Health and Safety Code 11369(e), Roseville Police Department shall provide initial training for Detectives assigned to the seizure program. Due to the complex nature of asset seizure, Detectives assigned to the seizure program shall also be provided annual training.

The following class(s) will be the minimum standard an investigator must attend prior to handling asset seizure cases:

***Basic Asset Forfeiture Course** hosted by the California District Attorney Association (CDA).

This comprehensive course is designed to introduce law enforcement personnel, prosecutors and paralegals to the essential elements of California state asset forfeiture law. Emphasis will be placed on California state narcotic forfeitures under Health & Safety Code 11470 et.seq.

Due to the scarcity of this course, a Roseville Police Department Detective is permitted to investigate asset seizure cases prior to attending this course if they are working under the direct supervision of someone who has met the minimum standards set forth by this manual.

Any class that is conducted by an organization that specializes in law enforcement asset seizure training, or any organization that specializes in asset seizure investigations and offers training specific to asset seizure will meet the standards for what is considered the ongoing, yearly training.

***Annual Training** – hosts

California District Attorney Association (CDA)

California Narcotics Officers Association (CNOA)

ASSET SEIZURE LOG

The Roseville Police Department shall maintain an asset seizure log in accordance with law. That log will be updated and maintained by members of the Crime Suppression Unit (CSU).

(1) The number of forfeiture actions initiated, the number of cases adopted by the federal government, and the number of cases initiated by a joint federal-state action that were prosecuted under federal law.

(2) The number of cases and the administrative number or court docket number of each case for which forfeiture was ordered or declared. This will be satisfied by documentation of the "FO" number issued by Placer County District Attorney's Office

(3) The number of suspects charged with a controlled substance violation.

(4) The number of alleged criminal offenses that were under federal or state law.

(5) The disposition of cases, including no charge, dropped charges, acquittal, plea agreement, jury conviction, or other.

(6) The value of the assets forfeited.

(7) The recipients of the forfeited assets, the amounts received, and the date of the disbursement.

SEIZURE AUTHORITY

Pursuant to 11471 H&S, Roseville Police may seize property when that property is seized by a peace officer acting upon any process issued by any court having jurisdiction over the property. Additionally, seizure without process may only be made if any of the following situations exist:

- (1) The seizure is incident to an arrest or a search under a search warrant.
- (2) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this division.
- (3) There is probable cause to believe that the property is directly or indirectly dangerous to health or safety.
- (4) There is probable cause to believe that the property was used or is intended to be used in violation of the asset forfeiture rules established under 11470 H&S.
- (5) Real property subject to forfeiture may not be seized, absent exigent circumstances, without notice to the interested parties and a hearing to determine that seizure is necessary to preserve the property pending the outcome of the proceedings. At the hearing, the prosecution shall bear the burden of establishing that probable cause exists for the forfeiture of the property and that seizure is necessary to preserve the property pending the outcome of the forfeiture proceedings. The court may issue seizure orders pursuant to this section if it finds that seizure is warranted or pendent lite orders pursuant to Section 11492 if it finds that the status quo or value of the property can be preserved without seizure.
- (6) Where business records are seized in conjunction with the seizure of property subject to forfeiture, the seizing agency shall, upon request, provide copies of the records to the person, persons, or business entity from whom such records were seized

WHERE TO FILE A CASE

It will be the responsibility of the investigating officer to determine where to file an asset seizure case. That decision will be based on where the criminal case is filed. Pursuant to H&S 11488.4(i)(3) & (5) , the asset seizure case will be filed in the same county, state, or federal system that is prosecuting the criminal case.

13. Upon adjudication of the case, the Placer County District Attorney’s Office will disperse the money in accordance with California State Law.
14. The Roseville Police Department share will be provided by the Placer County District Attorney’s Office.

NOTICE

Pursuant to 11488.4 H&S and CUEVAS v. SUPERIOR COURT [58 Cal. App. 3d 407], when an investigator has begun a forfeiture investigation, they will notify the Placer County District Attorney's Office. The District Attorney's Office shall file a petition of forfeiture with the superior court of the county in which the defendant has been charged with the underlying criminal offense, or in which the property subject to forfeiture has been seized or, if no seizure has occurred, in the county in which the property subject to forfeiture is located. If the petition alleges that real property is forfeitable, the prosecuting attorney shall cause a lis pendens to be recorded in the office of the county recorder of each county in which the real property is located.

The District Attorney shall also make service of process regarding this petition in a receipt issued for the property seized. In addition, the District Attorney shall cause a notice of the seizure, if any, and of the intended forfeiture proceeding, as well as, a notice stating that any interested party may file a verified claim with the superior court of the county in which the property was seized or if the property was not seized, a notice of the initiation of forfeiture proceedings with respect to any interest in the property seized or subject to forfeiture, to be served by personal delivery or by registered mail upon any person who has an interest in the seized property or property subject to forfeiture other than persons designated in a receipt issued for the property seized. Whenever a notice is delivered, it shall be accompanied by a claim form as described in Section 11488.5 and directions for the filing and service of a claim.

The investigating officer shall attempt to determine any claimant to a vehicle, boat, or airplane whose right, title, interest, or lien is of record in the Department of Motor Vehicles or appropriate federal agency. If that officer finds that any person, other than the registered owner, is the legal owner thereof, and that ownership did not arise subsequent to the date and time of arrest or notification of the forfeiture proceedings or seizure of the vehicle, boat, or airplane, they will send a notice to the legal owner at his or her address appearing on the records of the Department of Motor Vehicles or appropriate federal agency. The officer will document this in a police report.

ROSEVILLE POLICE DEPARTMENT ASSET SEIZURE MANUAL

When a forfeiture action is filed, the notices shall be published once a week for three successive weeks in a newspaper of general circulation in the county where the seizure was made or where the property subject to forfeiture is located. This will be conducted and tracked by the Placer County District Attorney's Office.

If the investigating officer learns of any person that can show standing, other than a defendant, claiming an interest in property, they will immediately notify the Placer County District Attorney's Office. If appropriate, the Placer County District Attorney's Office will provide notice to those individuals.

RECEIPTS

Pursuant to 11488 H&S, Roseville Police Department will ensure receipts for any property seized are issued, and make sure they are delivered to the defendants. Additionally, copies of all receipts noting the seizure of cash will be forwarded to the DA's Office. In most cases, this requirement will be satisfied by the issuance of the Initiation of Forfeiture Form issued by the Placer County District Attorney's Office. The Detective will also ensure compliance of PC 1412 based on the current past practice of the organization.

RETURN OF PROPERTY

H&S 11488.2 states that the seizing agency is entitled to hold the property seized on the basis it is subject to forfeiture for a maximum of 20 days while the agency decides (and make preparations) to seek from the prosecutor the filing of a forfeiture petition, or initiation of non-judicial forfeiture proceedings. It will be the responsibility of the investigating Detective to ensure that the notification to the District Attorney has been made within 20 days of the forfeiture. If that has not occurred, the investigating officer will ensure the release of the property back to the owner at the conclusion of that 20 day period.

It is the responsibility of the investigating Detective to be aware of the circumstances regarding the return of property to defendants. The variables that the investigating Detective must weigh are based on the type of forfeiture- drug, suspended license, human trafficking, or criminal profiteering. If the property is eligible for forfeiture but required to be returned to the defendant, that return will be conducted within 30 days of the seizure, or within 30 days as to the identification of the exemption to seizure.

It is of the utmost importance that the investigating Detective make a good faith attempt to identify owner(s) of any property seized and return the property belonging to innocent owners in a timely manner. If during the investigation, an innocent owner is discovered, a timely manner to return their property is defined as within 30 days of the seizure as defined by 11488.2 H&S.

FEDERAL ADOPTION

Pursuant to 11471.2 H&S, at **NO** point will Roseville Police refer, or otherwise transfer, property seized under the state laws authorizing the seizure of property to a federal agency seeking the adoption of the seized property by the federal agency for proceeding with federal forfeiture under the federal Controlled Substances Act unless the following exists:

When Roseville Police Department members are:

- 1) Participating in a joint law enforcement operation with federal agencies, including but not limited to joint task force operations, and

ROSEVILLE POLICE DEPARTMENT ASSET SEIZURE MANUAL

NOTIFICATION OF FRANCHISE TAX BOARD

Pursuant to 11471.5 H&S, Roseville Police Asset Seizure will ensure that the Franchise Tax Board has been notified when the value of the seized property exceeds \$5000.

Currently, that notification is conducted by the Placer County District Attorney's Office. Working in collaboration with the Placer County District Attorney's Office, the investigating officer will ensure that the notification has occurred.

ROSEVILLE ASSET SEIZURE FUNDS

Pursuant to 11495 H&S and upon adjudication of the case, all state asset seizure funds belonging to the Roseville Police Department will be distributed into the City of Roseville Asset Seizure Fund, also referred to as “Forfeited Property” fund. This fund shall not be used to supplant any local funds that would, in the absence of asset seizure, be made available to support the law enforcement purpose. In order to adhere to this, the City of Roseville Asset Seizure Fund will be overseen by City Treasurer and maintained by Admin Analyst Bracco. This fund will be separate than any other city fund, and at no point, will the asset seizure fund be used to supplant the General Fund, or any other city fund.

In the case of Federal cases, the money will be set aside in a separate asset seizure account. That account will be distributed into the City of Roseville Federal Asset Seizure Fund, also referred to as the “Federal Asset Seizure Account.” At no point, will asset seizure money be transferred between these two funds. The Federal Asset Seizure Account will be overseen by the City Treasurer and maintained by Police Department’s Administrative Analyst. Once a year, Administrative Analyst will conduct an audit and report to Equitable Sharable Program of USDOJ. That report will consist of revenue received, expenditures, and interest made on the money.

CRIME SUPPRESSION UNIT: ASSET SEIZURE PROCEDURE

PROCEDURE FOR SELLING AN ASSET SEIZED CAR

#1) DECLARATION OF FORFEITURE

Make sure case is finalized with DA and we get the authorization to sell the car. The authorization is the "Declaration of Forfeiture" provided to us by the DA's office, or the court order. (Note- if you get a verbal "go ahead" to sell the car from the DA, that will suffice but just remember we will need the Declaration of Forfeiture, or court order, when we actually sell the car)

#2) A PUBLIC AUCTION.

We are required to sell the car through a public auction. In order to get the most money for the item, E-Bay was selected as our vender. Ebay also meets the public auction requirement. Our member name is rosevillepolice09 and our password is "Ros3ville?".

When you log onto EBAY, there are several payment options available in order to utilize Ebay's services. The option we use is the flat rate option to sell the car. This means you will need to use a department credit card to post the advertisement. If you do not have a department credit card, you can use a credit card from the Lt, Captain, or Shelly Bracco. Remember, this fee will come off the top of the seizure, meaning it is reimbursed first before any of the money is dispensed.

#3) SELLING THE CAR.

When you make the ad for the car, make sure you detail everything that is wrong with it. This will help avoid e-mails from potential buyers asking irrelevant questions. If the car is a piece of junk, feel free to detail that in the ad and adjust the selling price accordingly.

In terms of setting the price utilization of an on-line source, such as Kelley Blue Book, will suffice to see what the car low blue book value is. Figure out a minimum bid price based on

ROSEVILLE POLICE DEPARTMENT ASSET SEIZURE MANUAL

that number and set that. This number minimally should be the cost incurred to sell the vehicle.

When you make the ad, there are a few things you need to let the buyers know. Number one, we only take cash, or a cashier's check, and the car needs to be picked up in person. The reason for this is the person will be expected to take the paperwork you provide them to DMV before we let them drive away with the car. They are required to show you the registration in their name before you turn over the keys. This also gives you time to go to the bank and make sure the cashier's check is valid before completing the deal. Make sure you also write that the buyer will be required to pay sales tax when they register the vehicle with DMV. This way people don't get blindsided when they try to register it.

Print a copy of the ad and place it in the asset seizure file for the vehicle.

#4) DEALING WITH THE DMV.

There are several steps and forms you are going to have to fill out for DMV purposes. One of the most important is the removal of the VLT stop. Placer DA's Office handles this but you will not be able to sell the car if this has not been removed. I usually wait until I have a buyer lined up and then ask the DA to remove it. Some of the other required forms are the DMV 227 form, 256 form, and 262 form. There should be some of these forms in the asset seizure cabinet in CSU and they are pretty self-explanatory. Along with those three forms, you will also have to provide a bill of sale and a copy of the declaration of forfeiture/court order of forfeiture for the vehicle. The declaration of forfeiture/court order acts as the pink slip. Once all of those are filled out, provide them to the purchaser and request they go to the DMV to register the car in their name. Again, do not release the car to them at that point.

It would be my recommendation to accompany them to the DMV to speed things up. When you arrive, go directly to window 19 and ask for Vikki or Barbara and tell them you have an asset seizure vehicle to register. They will walk you through the process.

You will also need to write up an additional bill of sale and I have a canned language one saved in the VNET folder on the B-drive titled bill of sale.

#5) RELEASING THE CAR.

ROSEVILLE POLICE DEPARTMENT ASSET SEIZURE MANUAL

Once the purchaser presents you the necessary paperwork from DMV, you may release the vehicle to them. There is no established protocol on this; however, the easiest thing to do is actually do the exchange of keys for the cash at this point. If they are paying for with a cashier's check, you should have done a minimal effort to determine the check was valid.

#6) HOUSECLEANING RESPONSIBILITIES.

Once you have sold the car, there are several things you need to do before you close the case. Number one, you need to remove the vehicle from SVS. Number two, you need to deposit the funds into the Placer County Asset Seizure Account like you would any other seizure. Number 3, you need to update the asset seizure log. Number 4, you need to put a copy of all the forms you made and filled out into the asset seizure file

However, a landlord, employer, or other person on whose property the vehicle may be found does not have possessory control sufficient to legally protest repossession. If the debtor consents to the repossession, s/he has the right to remove any personal items from the vehicle, which are not attached thereto.

- a. Every effort should be made to limit damage to the person's property.

The California Peace Officers Legal Sourcebook lists Emergency Search conditions as well. "A true emergency situation or 'exigency' will allow one to search a person, just as it will allow one to search a house."

LOBBY SECURITY

221.1 PURPOSE

To ensure the security of the Police Department's front lobby after normal business hours. It also outlines procedures for the responding to and handling of public inquiries and/or calls for service at the front doors during the hours the lobby is secured.

221.2 PROCEDURES

A. Records:

- a. On normal work days, at 0700, Records staff will ensure the front doors are in the unlocked position and the newspaper is retrieved from outside the front doors. They will also turn on the lobby television.
- b. At 1700, Records staff will check both the lobby restrooms, ensuring no one remains inside. Also ensure the Mark White Room door(s) are secured, if the room is not in use. Check both lobby doors to ensure the automatic locks have engaged and the doors are secure.
- c. If someone is waiting in the lobby when security checks are being conducted, verify their need/reason for being there. If they are waiting for an officer, verify with Dispatch they are aware of the individual's presence. Additionally, advise the individual(s) if they leave the lobby after 1700, they will not be able to get back in without the assistance of Dispatch.
- d. If there are mechanical problems with the locking mechanisms, please contact building maintenance to initiate a work order. If the mechanical issues are preventing the securing of the doors at the end of the day, notify Dispatch to advise the on-duty Watch Commander.

B. Dispatchers

- a. After hours use of the Mark White Room: Those who reserve the room will be given a temporary card key that works for that time period. There is no expectation or need for dispatch staff to go open the door or assist with that room. If assistance is needed, page the building for an officer or other staff in the building to help out.
- b. During the hours the lobby is secured, the public may show up for a variety of services. There is signage directing them to use the intercom located adjacent to the front lobby doors or their cellphones to contact Dispatch for assistance.
- c. Please evaluate, on a case by case basis, when it is appropriate to allow an RP into the lobby to wait for an officer rather than making the RP wait outside or in a vehicle. As a general rule, victims of major crimes – DV, 261, 273.5, etc., can be let in to wait in a safe and secure area.
- d. In general, RP's should wait for an officer outside the building or in their vehicles, especially if the RPs conversation or actions during conversations via the door phone or

Roseville Police Department

PROCEDURES MANUAL

LOBBY SECURITY

viewed on the security cameras raise concerns about the security of the building or safety of department staff.

e. Please obtain a callback number and a description (vehicle and/or person) of those waiting out front to aid officers in finding the RP.

C. Patrol

a. The front lobby doors lock once Records closes for the day at 1700 and they will stay locked until 0700 when they automatically unlock. The doors are on a timer so they should lock/unlock automatically.

b. People coming to the Police Department after hours have an intercom adjacent to the lobby doors that allow them to contact Dispatch for assistance. Additionally, signage also provides them the telephone number to call from their cellphone(s) if they choose.

c. Department personnel's card keys provide access if they need to bring someone into the Department for an interview or take a report. The lobby or the interview rooms can be used as needed; it is the Department employee's responsibility to walk the person out and ensure the doors are secured.

d. After hours use of the Mark White Room: Those who reserve the room will be given a temporary card key that works for that time period. There is no expectation or need for Dispatch staff to go open the door or assist with that room. If assistance is needed, page the building for an officer or other staff in the building to help out.

e. If the Mark White Room is in use, the on-duty Sergeant will ensure the lobby is properly secured once the group utilizing the room has departed.

MAJOR CASE NOTIFICATION PROCEDURE

222.1 PURPOSE

To establish a procedure for a secondary-level review of significant cases handled by employees of the Roseville Police Department.

222.2 PROCEDURE

There are times when the on-duty patrol sergeant or watch commander reviews a report that is significant in nature and raises concerns outside the normal level of most case reports. When this occurs, the on-duty patrol sergeant or watch commander will notify the Investigations lieutenant or sergeant of the need for a second-level report review. The goal of the second-level review is to ensure the investigation is complete prior to submitting the case to the District Attorney's Office.

Examples of cases that meet this criteria are:

1. Cases involving an off-duty law enforcement officer who is a suspect or is arrested.
2. Felony crimes against persons involving multiple suspects, arrestees or victims.
3. Hate crimes.
4. High level sex crimes involving a school or teacher.
5. Significant uses of force resulting in serious injury to the suspect or officers.
6. Suspicious missing person cases.
7. Cases likely to garner media attention (e.g., public official or celebrity).

These examples are meant as a guideline and do not capture every possible scenario.

Once contacted, the Investigations lieutenant or sergeant will review the report in the most expedient means possible. If the case occurs on the weekend and depending on the nature of the call, the case may not be reviewed until the first day of the workweek.

The Investigations lieutenant possesses a laptop and if contacted, will review the case as soon as possible. If the Investigations lieutenant is away on vacation or at training, the laptop will be left with the on-call Investigations sergeant.

HOSPITALIZED ARRESTEE ARRAIGNMENT

224.1 PURPOSE AND PROCEDURE

Arrestees shall be arraigned within 48 hours of arrest unless we have extenuating circumstances (such as the arrestee is unconscious or incoherent). An arresting Officer with an arrestee that requires prolonged medical clearance for incarceration will need to contact the on-duty watch commander. The on-duty watch commander will approve whether or not to provide prolonged arrestee security pending booking at the Placer County Jail. The watch commander can opt to 849(b) PC the arrestee and cite or forward charges to the District Attorney's Office for the arrestee. If the watch commander decides to provide prolonged arrestee security staffing they will continue with the hospitalized arrestee arraignment procedure.

224.2 WATCH COMMANDER RESPONSIBILITIES

The watch commander will need to create a security staffing schedule for the hospitalized arrestee based on the amount of time of the prolonged medical clearance or arraignment in the hospital.

After the watch commander has created the arrestee security staffing schedule they will brief the new on-duty watch commander of the status of the medical clearance and the arrestee security staffing schedule. The watch commander will ensure the arresting Officer completes all necessary booking paperwork and bail computation sheet. The watch commander at a minimum shall contact the on-duty jail Sergeant (Auburn Jail 530-745-8561/South Placer Jail 916-409-8145) and the Placer County Court Liaison Officer at 916-409-8148. The watch commander will provide the jail Sergeant and the Court Liaison Officer with the name of the hospital where the arrestee is located, hospital room number and phone number for them to contact Roseville PD (i.e. on-duty Sergeant/watch commander cell number). The on-duty watch commander will provide the completed booking paperwork and bail computation sheet to the Placer County Sheriff Jail Sergeant and/or the Court Liaison Officer.

224.3 PLACER COUNTY COURT LIAISON

After the Court Liaison is contacted they will place the defendant on the arraignment calendar within a reasonable time, 48 hours. The Court Liaison will notify the appropriate court that the defendant is in the hospital and provide the court with the hospital information and details about the defendant. If the defendant is unconscious or incoherent, the court will wait to arraign until the defendant is able to understand.

224.4 TRANSFER OF CUSTODY TO PLACER COUNTY SHERIFF'S DEPARTMENT

Once a defendant has been arraigned, the judge will decide whether to either remand or release the defendant. If the judge decides to remand the defendant, the Placer County Sheriff's Department will take over custody of the defendant and provide security to the defendant until they are transported to the Placer County Jail.

EMERGENCY CELL PHONE PING ORDER

226.1 PURPOSE

To establish a procedure for obtaining an emergency cell phone ping order.

226.2 PROCEDURE

Sergeant approval is required before obtaining an emergency cell phone ping request. The Officer must justify to the Sergeant that there is an emergency involving danger of death or serious physical injury to a person that requires access to the electronic information without delay and is in compliance with 1546.1 (h) PC. The Officer must also have reasonable cause to believe that the cell phone is in the possession of the involved party. An example of this would be as simple as a husband receives a text message from his wife implying she will commit suicide, and wife and phone are not able to be located, so the Officer would request an emergency ping from their Sergeant.

226.3 OFFICER RESPONSIBILITIES

- A. Contact a Sergeant to obtain approval for the ping order (note in the report who approved/denied the request).
- B. If approved, contact dispatch and request the emergency cell phone ping. Provide dispatch the cell phone number and cell phone provider (if known).

226.4 DISPATCH RESPONSIBILITIES

- A. Once an approved request is received from an officer, dispatch shall contact the cell phone provider to request an emergency ping and the updates of the location of the cell phone.
- B. As updates become available, dispatch will add the updates to the associated CAD call.

226.5 SUPERVISOR RESPONSIBILITIES

The Sergeant or designee handling the incident should direct the appropriate resources and law enforcement agencies to locate the involved party.

The supervisor must ensure appropriate documenting and court reporting is completed, to include:

- A. Within three court days the Sergeant or designee needs to complete an emergency cell phone ping order with the court.
 - (a) Here is a link to the emergency cell phone court order fillable pdf [See attachment: Emergency ping order.pdf](#) or it can be found on the B Drive at B: \POLICE\PD-DEPT-SHARE\Report Forms\emergency ping order.pdf.
- B. Attach the emergency ping order to an email and send it to eMagistrate@placer.courts.ca.gov. In the subject line of the email say, "Order for

Roseville Police Department

PROCEDURES MANUAL

EMERGENCY CELL PHONE PING ORDER

review” and include your name, work cell phone number and work hours in case they need to contact you.

- C. The Sergeant or designee that completed the emergency ping order shall write in a supplemental report the date and time they completed the emergency ping order as well as the response from the court including, approved, denied or no response.
- D. The Sergeant or designee should not attach the order to the original case or book the order into evidence. Emergency cell phone ping order records will be maintained with the county clerk’s office.

226.6 NON-COMPLIANCE OF PING ORDER

In cases where there is no criminal filing as a result of the emergency ping and we get a response saying the ping did not comply with 1546.1(h) PC, the Sergeant or designee shall contact the Records Manager for proper destruction of records procedures related to the investigation. In cases where there is a criminal filing as a result of the emergency ping and we get a response saying the ping did not comply with 1546.1(h) PC, the Sergeant or designee shall consult with the District Attorney’s Office prior to any destruction of records.

226.7 NOTIFICATION TO THE DEVICE OWNER

For all emergency cell phone pings we need to alert the device owner contemporaneously that we obtained their electronic information and location by an emergency ping. The alert to the device owner can be completed by any of the following means: the device owner can be told verbally if they are located, by texting the device, emailing the device, calling the device, leaving a voicemail on the device, social media post, department letter, or any other method pursuant to 1546.1PC. The Officer shall note in the report how the device owner was alerted that we obtained their electronic information and location.

If an Officer or Sergeant has questions about an emergency ping order they shall contact Investigations or the on-call Investigations Supervisor.

72-Hour Parking Violations/Abandoned Vehicles

228.1 PURPOSE

The purpose is to provide a procedure for personnel to follow when handling calls regarding vehicles parked in violation of the Roseville City Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code § 22669 and RMC 11.20.310.

228.2 CALL TAKING

- (a) Enter the address in a call for service (CFS) using the call type 72. This CFS will pend on a new tab (titled 72HR) for CSO's to enter into the abandoned vehicle database.
- (b) In the cases where the CFS needs to be entered into CAD, the call taker should obtain the vehicle location/description, and if possible a license plate number. Run the vehicle for wants through C.L.E.T.S. If the vehicle has been reported stolen change the call type to LOCATEV and have the radio dispatcher process the call accordingly. Make sure to ask the reporting party when the vehicle arrived and if they saw anyone near the vehicle or if they know where it belongs.
- (c) If the vehicle is parked on private property then the property owner or manager is responsible for the removal of the vehicle and the call will not need to be documented in CAD unless it is something more than information only.
- (d) In cases where the vehicle is on private property and is in violation of either the unimproved surface or abatement ordinances and the property owner is not removing the vehicle, the caller can be directed to go on-line to report it/initiate the process via the PD website.

228.3 COLLECTOR APPLICATION USE AND ACCESSIBILITY

The Collector application is used to manage the 72-hour tow program. CSO's and cadets working in the field can report abandoned vehicles using the Collector application submission form. Officers may also use the Collector application to view all open abandoned vehicle submissions throughout the City so that duplicate work is not being done (i.e. you report an abandoned vehicle that another employee has already reported). The Collector application may be accessed as follows:

- (a) In the Collector application, under the Police group (located at the bottom under Groups), check the "Abandoned Vehicles – VIEW ONLY" map to see if a vehicle has been reported and is currently an active request.
- (b) If you have marked a vehicle or you want to request a vehicle to be marked, complete the Online Reporting Form located on the Police Department website under Online Reporting. In the notes section of the form include the following:
 1. Whether or not the vehicle has already been marked.
 2. If marked, what date and time the vehicle was marked.
 3. Officer name or badge number.
 4. Associated incident number if available.

232.8 GENERAL EXCEPTIONS TO AB 953 REPORTING REQUIREMENTS

Peace officers are not required to complete an AB 953 report in the following circumstances:

- A. Any stop or search that occurs in a custodial setting or on custodial grounds. However, peace officers who work in a custodial setting must report detentions or searches, which occur in non-custodial settings (an example would be a deputy who is assigned to the jail, but detains a citizen while working an off-duty job at a football game).
- B. Detentions that occur during public safety mass evacuations, including bomb threats, gas leaks, flooding, earthquakes, and other similar critical incidents
 - 1. For the purposes of this section, the incident commander (or designee) shall make the determination if an incident meets the criteria for a critical incident.
- C. Detentions that occur during an active shooter incident, meaning an individual is actively engaged in killing or attempting to kill people in a populated area.
- D. Detentions that occur during, or as a result of, routine security screenings required of all persons to enter a building or special event, including metal detector screenings, including any secondary searches that result from that screening.
- E. Any type of crowd control in which persons are directed to remain at a location or routed to a different location for public safety purposes.
- F. Interactions during which persons are detained at a residence so that officers may check for proof of age, solely for the purpose of investigating possible underage drinking.
 - 1. Example : An officer is dispatched to a residence to investigate a noise complaint. Upon arrival, the officer suspects that some of the persons at the

Roseville Police Department

PROCEDURES MANUAL

Racial Identity and Profiling Act (RIPA)

house party are engaged in underage drinking, and he or she detains the persons to request identification to verify proof of age. Because the only action the officer takes is to detain the persons for the sole purpose of verifying proof of age, these interactions do not require an AB 953 report.

2. Example : At that same party, the officer, in addition to detaining a person to question him/her, also asks to search the person. Regardless of whether the person consents to the search or is actually searched, that interaction will require an AB 953 report.
- G. Checkpoints or roadblocks in which an officer detains a person as the result of a blanket regulatory activity that is not based on an individualized suspicion or personal characteristic.
1. Example: A checkpoint or roadblock, including a DUI sobriety checkpoint, that stops all vehicles or stops randomly selected vehicles using a neutral formula, not based on individualized suspicion or personal characteristics, does not require an AB 953 report.
- H. Diversion of traffic or individuals as a result of any routine traffic control not based upon individualized suspicion personal characteristics.
- I. Interactions with passenger(s) of traffic stops who are not the subject of an investigation or enforcement action
1. Example: Any individual(s) being asked to exit the vehicle simply because it is being towed.
- J. Interactions with the targeted subject(s) of a warrant, search condition, home detention, or house arrest while inside of their residence. However, an AB 953 report is required for any interactions with persons in the home who are not the subject of the warrant or search condition if the officer takes any of the actions listed in section 233.4 of this order.
- K. Consensual encounters that do not result in a search.

232.9 ENTERING STOP DATA

Peace officers shall determine prior to clearing the call if an AB 953 report is required for an individual contacted during the call. If an AB 953 report is required, only officers who will be completing an AB 953 report should open the Brazos software and complete the appropriate stop data. The officer will use the stop data function to add all appropriate data making sure to sync their Brazos application prior to the end of watch. This will allow the data to move from the application to the server. Brazos will be available on all department cellular telephones.

- A. Only one AB953 report shall be submitted per stop (search and/or detention).
 1. Multiple subjects on the same stop should be inputted on the same AB953 report.
- B. When inputting stop data officers shall not use the exact address of the stop location. Officers should use the nearest intersection as the stop location

Roseville Police Department

PROCEDURES MANUAL

Racial Identity and Profiling Act (RIPA)

1. Example: Officers contact a subject and search them at 134 Main St. Instead of reporting the contact was at 134 Main Street they shall notate the stop was at Main St and Washington Blvd.
 2. The one exception to this rule is when the contact occurred on school grounds. Officers shall use the exact address and school name.
- C. If criminal code is not located select "other code not found in table".

232.10 APPROVER RESPONSIBILITIES

Approvers shall log in to the AB 953 report system (Brazos) to review and approve or reject officer's AB 953 reports. The primary purpose of the review is to ensure no primary identification information has been included in the report. Chapter 3 - COMMUNICATIONS UNIT OPERATIONS MANUAL

TEXT TO 911

301.1 PURPOSE AND SCOPE

This procedure establishes guidelines for accepting and processing calls for service that come into the dispatch center via text messaging.

301.2 BACKGROUND

Text to 911 provides equal access to emergency service for the Deaf and Hard of Hearing Community as well as an alternate method of reporting emergencies when traditional avenues are unavailable. The Short Message Service (SMS), also known as text messaging, provides support for wireless subscribers to send 911 SMS text messages to Public Safety Answering Points (PSAPs) and will be processed with the same standards as a 911 call coming in by traditional means.

301.3 PROCEDURE

Calls received via text message will come into the Center on the 911 telephone console on the main screen. It will ring like a traditional 911, but the line showing active will be the TEXT box on the main screen. There are 4 text lines and the text message could come in on any of those lines.

The dispatcher can either use the drop down preset messages or manually type the questions to the caller. Dispatchers will not use jargon, abbreviations, acronyms, or emoji's but shall spell out the questions in plain English to avoid any misunderstandings.

After the dispatcher makes a connection with the texter, he/she should do the following:

- (a) Ask if it is safe to receive a voice call from 911. If so, the dispatcher should call the texter and end the session when a voice conversation is established (note this info in the CFS).
 1. If that is not a possibility, then the dispatcher will attempt to get as much information as possible to complete the CFS.
- (b) Process like a traditional 911 call by asking the standard questions of "where, what, who, when, weapons, how, etc" following established policies and procedures.
- (c) On high priority calls, leave the text session open and update the CFS accordingly until assistance arrives on scene.
- (d) End each text to 9-1-1 CFS with the comment of "text session ended" so the radio dispatchers are aware if you have an open conversation or not.

301.4 TEXT MESSAGES IN A FOREIGN LANGUAGE

Currently there is no transfer available to a language line translation service. If it is determined that a language interpretation service is needed, a voice call will need to be placed and connected with the translation service using established policy and procedure.

SUTTER ROSEVILLE MEDICAL CENTER SECURITY

1121.1 PURPOSE

The Roseville Police Department and the Sutter Roseville Medical Center (SRMC) have entered into a Memorandum of Understanding (MOU) for the awarding of a neighborhood policing grant within a defined area surrounding the SRMC campus. The purpose of the program is to provide police officer presence and response to calls for service within the service area. This procedure is intended to outline specific procedures in conjunction with the MOU.

1121.2 PROCEDURES

1121.2.1 ASSIGNMENT

- (a) Officers assigned to the program are expected to respond to calls for service and conduct normal police functions within the service areas.
- (b) An emphasis is to be placed on visibility and presence on the exterior of the campus.
 - 1. Officers assigned to the contract can and should enter the hospital in response to a call for service from both dispatch and SRMC staff.
 - 2. This does not prevent officers from entering the RPD office inside the hospital but they should try to find a direct route and avoid patient care areas.
 - 3. This does not prevent the officers from entering the Department of Protective Services security office to exchange information with on duty security staff.
 - 4. Officers should avoid routine rounding in the patient care areas and nursing units inside the hospital.
 - 5. Officers entering the hospital are expected to comply with established masking and sanitizing protocols put in place by SRMC.
- (c) Officers assigned under the program work for RPD and remain under the policies, procedures, and expectations of the Department. SRMC has no authority to direct the law enforcement activities of officers assigned to the service area. SRMC may request officers to focus on certain areas of the service area specific to SRMC needs.
- (d) Officers may assist SRMC security personnel, but are not a replacement or stand-in for security functions.
- (e) Use of restraints in the hospital environment shall comply with RPD Policy 302: Handcuffing and Restraints.
- (f) Officers are not intended nor shall they be utilized as a "sitter service" or to otherwise provide relief to other agencies who have a prisoner/patient at SRMC for medical care, absent an extreme emergency necessitating the RPD Officer to assist. Calls for service pending for the other agency does not constitute an extreme emergency.

Roseville Police Department

PROCEDURES MANUAL

SUTTER ROSEVILLE MEDICAL CENTER SECURITY

- (g) Officers may assist other RPD officers bringing a prisoner/patient to SRMC on a short term basis. However, the intent of the SRMC Officer is not to take on the responsibility of standing by with RPD prisoner/patients either as that would take away from their primary functions under the MOU.
- (h) Officers are expected to remain in the service area with the following exceptions:
 - 1. Emergency calls for service in the immediate area of the facility.
 - 2. Response to critical incidents where officer assigned to SRMC is subject to call out for specialized response such as SWAT, EOD, UAS, CNT, or RCT.
 - 3. While performing responsibilities related to an incident within the service area that requires the officer to leave, such as transporting a subject arrested within the service area to County Jail or booking evidence.

1121.2.2 CALLS FOR SERVICE

- (a) The SRMC service area is considered to be its own “beat” inside of Beat One during the hours officers are assigned to the service area.
- (b) Officers assigned to the detail are responsible for any calls for service generated in the service area.
- (c) Officers will use the call sign “Henry” followed by their standard personal radio identifier (example: “Henry 117”).
- (d) Due to the nature of being required to remain in the service area, the SRMC detail officers may not conduct follow-up which takes them out of the service area. If such follow-up cannot be conducted via telephone, another officer will need to assist.
- (e) If the SRMC detail officer is tied up on another call for service and a priority call occurs in the service area, other officers may be assigned the call for service following the same dispatching protocols for other “out of beat” calls for service.

1121.2.3 OFFICER ASSIGNMENT TO PROGRAM

- (a) Officers will be assigned to the program for a period consistent with the Patrol shift rotation.
- (b) Officers will sign up for the SRMC “beat” during shift sign-ups in the same manner as signing up for any other beat with the exception that the SRMC positions shall be filled during the shift selection process.
- (c) Officers assigned to SRMC work on the shift for which they bid and are not separate from the Patrol team. Although on the same patrol team, their assignment to the detail and procedures noted below are different.

1121.2.4 WORK HOURS

- (a) Officers working the SRMC detail are assigned to Patrol A and B teams working Relief Shift under the following parameters:
 - 1. Relief Shift
 - (a) 1100 to 1230 to 0700: Report to PD, workout, briefing.

Roseville Police Department

PROCEDURES MANUAL

SUTTER ROSEVILLE MEDICAL CENTER SECURITY

- (b) 1230 to 1245: Travel time to SRMC.
 - (c) 1245 to 2145: On-site in the service area.
 - (d) 2145 to 2200: Return to PD for off duty.
- (b) Overtime related to the contract must be requested by SRMC personnel and then approved by the on-duty Watch Commander. All other Department overtime rules/regulations apply to this position including the maximum hours per shift.
- (c) Time-Off Requests
1. Time-off requests for the SRMC detail are separate from the Patrol shift as the SRMC detail does not count in relation to Patrol shift minimum staffing.
 - 2.
 3. SRMC detail officers must still comply with time off request rules including:
 - (a) Minimum days notice ahead of requested shifts.
 - (b) Seniority shift bid process following shift bid. For seniority shift bid, the SRMC detail officers will bid only against the other SRMC officers on their team in relation to 1121.2.3(b) above.

1121.2.5 LUNCH PERIOD

- (a) Officers are allowed the same lunch break window as provided a Patrol officer (40 minute break with 10 minute travel time).
- (b) Officers are expected to take their lunch break on site or in the immediate area. If Officers leave the service area, they must notify the Protective Services Lead Officer that they will be off-site for a break and maintain communications.

1121.2.6 SHIFT COVERAGE

- (a) If the assigned officer is not available for their shift (i.e. vacation, sick leave, training), RPD will attempt to fill the vacancy via overtime assignment of another officer.
- (b) First overtime priority will be given to the other SRMC detail officers since they are familiar with the facility and assignment. If not filled, then it may be filled by any officer.
- (c) If a full shift backfill is not available, SRMC detail officer already working may extend their shift to assist, but may not extend beyond the 15 hour shift limit. This shift extension will be voluntary on the part of the SRMC detail officer and not mandated.
- (d) If the shift is not voluntarily filled, RPD will not force fill the shift on overtime or re-assign another Patrol position to cover.
- (e) If the shift cannot be filled, the shift supervisor will notify SRMC of the staffing issue and notify the SRMC Lieutenant of the unfilled shift for correct billing tracking.
- (f) SRMC detail officers will attend AO on their respective Patrol team days so as not to affect their availability for the detail.

1121.2.7 ARRIVING AND LEAVING THE SERVICE AREA

- (b) If the assigned officer leaves the service area, except for under emergency circumstances, they shall notify the SRMC Protective Services Site Lead Officer and maintain radio and/or cell phone contact with Protective Services.

1121.2.8 SUPERVISOR RESPONSIBILITIES

- (a) Officers assigned to the program work under the direction of the Patrol Sergeant for the shift under which they are assigned the same as any other officer on the shift.

Chapter 12 - INVESTIGATION PROCEDURES

National Integrated Ballistic Information Network (NIBIN)

1200.1 PURPOSE

The purpose of this procedure is to clearly establish guidelines for the Department's use of NIBIN testing. NIBIN allows for agencies to compare their ballistic evidence with evidence collected by other local, regional and national level agencies allowing for investigative links to be identified.

Any firearm coming into the possession of the Roseville Police Department as a firearm used in the commission of a crime, evidence or found, will be processed following the guidelines set forth in this procedure. Firearms booked as safekeeping will be excluded from processing. Firearms booked for destruction will be evaluated on a case by case basis.

1200.2 DEFINITIONS

NIBIN - National Integrated Ballistic Information Network.

IBIS - Integrated Ballistic Information System.

NIBIN Lead - an unconfirmed, potential association between two or more pieces of firearms ballistic evidence based on a correlation review of the digital images in the NIBIN database.

NIBIN Hit - the result of two or more firearms ballistic evidence acquisitions that have been confirmed as a match by a firearms examiner.

E-Trace - the ATF's paperless firearms tracing system that allows systematic tracking of a firearm from its first sale by the manufacturer/importer through the distribution chain to the first retail purchaser.

1200.3 PRELIMINARY FIREARM EXAMINATION

When inspecting a firearm for NIBIN testing, department personnel should do the following:

- (a) Always keep the muzzle pointed in a safe direction and keep any fingers or other objects away and out of the trigger guard/area.
- (b) Check for the weapon safety (if the weapon has one) and ensure that it has been placed on "Safe".
- (c) Be sure the firearm is in an unloaded condition by both visually and physically inspecting the weapon. Ensure the ammunition source has been removed (i.e. magazine, chamber contents, etc.). Open the action and both visually and physically inspect that the ammunition source and chamber are clear of ammunition or other obstructions.
- (d) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (e) Accurately record/document the condition of the gun when received.

Roseville Police Department

PROCEDURES MANUAL

National Integrated Ballistic Information Network (NIBIN)

1. Consider photographing the firearm prior to rendering it safe, and document/ photograph each step of the rendering safe procedure.
 2. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc.
 3. Accurately record/document cylinder chamber and magazine contents.
- (f) Package ammunition separately.

1200.4 PROPERTY BOOKING

Any employee taking possession of a firearm shall book the firearm into Property and Evidence following standard procedures.

1200.5 OFFICER RESPONSIBILITY

In an attempt to protect forensic evidence, employees should wear a pair of clean exam gloves (Nitrile, latex, etc.) when collecting or touching any firearm and/or casings. If an employee is unable to put on a pair of gloves prior to touching the firearm, as may occur in certain circumstances, the employee should clearly document this in the report so that CSI Personnel are aware when processing the firearm. Once the firearm has been rendered safe, the firearm will be placed in a clean, never used bag or box. Nothing should be placed through the chamber/barrel, to include a zip-tie. In order to secure the firearm, a zip-tie can be placed through the ejection port toward the bottom of the magazine well/grip. The same care should be observed when dealing with the magazine and/or ammunition.

1200.6 DOCUMENTATION

Case reports should document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

The report(s) shall include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

Reports for firearms accepted for destruction should include a detailed description as to why the firearm is being turned in, ownership history, if known, and any known or potential problems with the firearm. The background or history of subject turning in the firearm may also be helpful. This information will be used to help determine if firearms booked for destruction should be processed through NIBIN.

1200.7 FIREARM TRACE (E-TRACE)

Any firearm coming into the possession of the Roseville Police Department (firearm used in the commission of a crime, evidence or found) will be entered into CLETS (a firearm trace completed), by Property and Evidence personnel who shall ensure a firearms trace is triggered.

Roseville Police Department

PROCEDURES MANUAL

National Integrated Ballistic Information Network (NIBIN)

1200.8 FORENSIC PROCESSING

In order to preserve evidence that may be destroyed during the test firing process, CSI personnel will process the firearm for DNA as well as latent prints. The DNA swabs and any Automated Fingerprint Identification System (AFIS) quality prints will be booked into Property and Evidence for possible future testing.

1200.9 FUNCTION TESTING AND TEST FIRE

After forensic processing, CSI personnel will coordinate with a Range Officer to conduct test firing of the firearm. The Range Officer will conduct a function test of the firearm and then shoot three (3) test fires with new factory ammunition. The three (3) fired cartridge casings will be collected and booked by the CSI personnel accompanying the Range Officer.

Prior to test firing the weapon, the Range Officer will note all details of the firearm, to include:

- (a) Nomenclature.
- (b) Brand, make, manufacturer, serial number, etc.
- (c) Factory status, after market, or custom accessories noted.
- (d) Magazine capacity and total round capacity when the firearm is fully loaded.

The Range Officer will conduct a function test of the firearm, noting that the specific accessories of the firearm are or are not in proper working order (i.e. trigger, sight system, safety, etc.). Consultation with the CA DOJ criminologist that specializes in firearms ballistics may be required for more complex cases prior to test firing. If ballistic analysis of fired bullets is required in the course of an investigation, consultation with the assigned Roseville PD detective or CSI personnel and CA DOJ shall be conducted prior to the test firing procedure.

1200.10 NIBIN ENTRY

A member of CSI personnel that has successfully completed the Department of Justice Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) Training and Competency Testing Requirements for Integrated Ballistics Identification System (IBIS) Data Acquisition, will transport the casings to an IBIS Brass Trax site and enter them into NIBIN.

1200.11 LEAD NOTIFICATION

Any NIBIN Leads that are received will be forwarded to Investigations for expedited follow-up. The original case officer, assigned detective, CSI, crime analysts, District Attorney's office and any other designated Command Staff will also receive notification of the NIBIN Lead.

The detective assigned to a given case will be responsible for conducting follow-up on information contained in the NIBIN Lead to determine its relevancy.

Roseville Police Department

PROCEDURES MANUAL

National Integrated Ballistic Information Network (NIBIN)

1200.11.1 HIT CONFIRMATION

If confirmation of the NIBIN Lead is desired, the detective will send a CSI Processing Request to have the ballistic evidence transferred to the DOJ and/or the ATF in order to have the NIBIN Lead confirmed as a NIBIN Hit.

Workers Comp Form (DWC 1).pdf

Workers' Compensation Claim Form (DWC 1) & Notice of Potential Eligibility Formulario de Reclamo de Compensación de Trabajadores (DWC 1) y Notificación de Posible Elegibilidad

If you are injured or become ill, either physically or mentally, because of your job, including injuries resulting from a workplace crime, you may be entitled to workers' compensation benefits. Use the attached form to file a workers' compensation claim with your employer. **You should read all of the information below.** Keep this sheet and all other papers for your records. You may be eligible for some or all of the benefits listed depending on the nature of your claim. If you file a claim, the claims administrator, who is responsible for handling your claim, must notify you within 14 days whether your claim is accepted or whether additional investigation is needed.

To file a claim, complete the "Employee" section of the form, keep one copy and give the rest to your employer. Do this right away to avoid problems with your claim. In some cases, benefits will not start until you inform your employer about your injury by filing a claim form. Describe your injury completely. Include every part of your body affected by the injury. If you mail the form to your employer, use first-class or certified mail. If you buy a return receipt, you will be able to prove that the claim form was mailed and when it was delivered. Within one working day after you file the claim form, your employer must complete the "Employer" section, give you a dated copy, keep one copy, and send one to the claims administrator.

Medical Care: Your claims administrator will pay for all reasonable and necessary medical care for your work injury or illness. Medical benefits are subject to approval and may include treatment by a doctor, hospital services, physical therapy, lab tests, x-rays, medicines, equipment and travel costs. Your claims administrator will pay the costs of approved medical services directly so you should never see a bill. There are limits on chiropractic, physical therapy, and other occupational therapy visits.

The Primary Treating Physician (PTP) is the doctor with the overall responsibility for treatment of your injury or illness.

- If you previously designated your personal physician or a medical group, you may see your personal physician or the medical group after you are injured.
- If your employer is using a medical provider network (MPN) or Health Care Organization (HCO), in most cases, you will be treated in the MPN or HCO unless you predesignated your personal physician or a medical group. An MPN is a group of health care providers who provide treatment to workers injured on the job. You should receive information from your employer if you are covered by an HCO or a MPN. Contact your employer for more information.
- If your employer is not using an MPN or HCO, in most cases, the claims administrator can choose the doctor who first treats you unless you predesignated your personal physician or a medical group.
- If your employer has not put up a poster describing your rights to workers' compensation, you may be able to be treated by your personal physician right after you are injured.

Within one working day after you file a claim form, your employer or the claims administrator must authorize up to \$10,000 in treatment for your injury, consistent with the applicable treating guidelines until the claim is accepted or rejected. If the employer or claims administrator does not authorize treatment right away, talk to your supervisor, someone else in management, or the claims administrator. Ask for treatment to be authorized right now, while waiting for a decision on your claim. If the employer or claims administrator will not authorize treatment, use your own health insurance to get medical care. Your health insurer will seek reimbursement from the claims administrator. If you do not have health insurance, there are doctors, clinics or hospitals that will treat you without immediate payment. They will seek reimbursement from the claims administrator.

Switching to a Different Doctor as Your PTP:

- If you are being treated in a Medical Provider Network (MPN), you may switch to other doctors within the MPN after the first visit.
- If you are being treated in a Health Care Organization (HCO), you may switch at least one time to another doctor within the HCO. You may switch to a doctor outside the HCO 90 or 180 days after your injury is reported to your employer (depending on whether you are covered by employer-provided health insurance).
- If you are not being treated in an MPN or HCO and did not predesignate, you may switch to a new doctor one time during the first 30 days after your injury is reported to your employer. Contact the claims administrator to switch doctors. After 30 days, you may switch to a doctor of your choice if

El Médico Primario que le Atiende (Primary Treating Physician- PTP) es el médico con la responsabilidad total para tratar su lesión o enfermedad.

- Si usted designó previamente a su médico personal o a un grupo médico, usted podrá ver a su médico personal o grupo médico después de lesionarse.
- Si su empleador está utilizando una red de proveedores médicos (*Medical Provider Network- MPN*) o una Organización de Cuidado Médico (*Health Care Organization- HCO*), en la mayoría de los casos, usted será tratado en la *MPN* o *HCO* a menos que usted hizo una designación previa de su médico personal o grupo médico. Una *MPN* es un grupo de proveedores de asistencia médica quien da tratamiento a los trabajadores lesionados en el trabajo. Usted debe recibir información de su empleador si su tratamiento es cubierto por una *HCO* o una *MPN*. Hable con su empleador para más información.
- Si su empleador no está utilizando una *MPN* o *HCO*, en la mayoría de los casos, el administrador de reclamos puede elegir el médico que lo atiende primero a menos de que usted hizo una designación previa de su médico personal o grupo médico.
- Si su empleador no ha colocado un cartel describiendo sus derechos para la compensación de trabajadores, Ud. puede ser tratado por su médico personal inmediatamente después de lesionarse.

Dentro de un día laboral después de que Ud. Presente un formulario de reclamo, su empleador o el administrador de reclamos debe autorizar hasta \$10000 en tratamiento para su lesión, de acuerdo con las pautas de tratamiento aplicables, hasta que el reclamo sea aceptado o rechazado. Si el empleador o administrador de reclamos no autoriza el tratamiento de inmediato, hable con su supervisor, alguien más en la gerencia, o con el administrador de reclamos. Pida que el tratamiento sea autorizado ya mismo, mientras espera una decisión sobre su reclamo. Si el empleador o administrador de reclamos no autoriza el tratamiento, utilice su propio seguro médico para recibir atención médica. Su compañía de seguro médico buscará reembolso del administrador de reclamos. Si usted no tiene seguro médico, hay médicos, clínicas u hospitales que lo tratarán sin pago inmediato. Ellos buscarán reembolso del administrador de reclamos.

Cambiando a otro Médico Primario o PTP:

- Si usted está recibiendo tratamiento en una Red de Proveedores Médicos

your employer or the claims administrator has not created or selected an MPN.

Disclosure of Medical Records: After you make a claim for workers' compensation benefits, your medical records will not have the same level of privacy that you usually expect. If you don't agree to voluntarily release medical records, a workers' compensation judge may decide what records will be released. If you request privacy, the judge may "seal" (keep private) certain medical records.

Problems with Medical Care and Medical Reports: At some point during your claim, you might disagree with your PTP about what treatment is necessary. If this happens, you can switch to other doctors as described above. If you cannot reach agreement with another doctor, the steps to take depend on whether you are receiving care in an MPN, HCO, or neither. For more information, see "Learn More About Workers' Compensation," below.

If the claims administrator denies treatment recommended by your PTP, you may request independent medical review (IMR) using the request form included with the claims administrator's written decision to deny treatment. The IMR process is similar to the group health IMR process, and takes approximately 40 (or fewer) days to arrive at a determination so that appropriate treatment can be given. Your attorney or your physician may assist you in the IMR process. IMR is not available to resolve disputes over matters other than the medical necessity of a particular treatment requested by your physician.

If you disagree with your PTP on matters other than treatment, such as the cause of your injury or how severe the injury is, you can switch to other doctors as described above. If you cannot reach agreement with another doctor, notify the claims administrator in writing as soon as possible. In some cases, you risk losing the right to challenge your PTP's opinion unless you do this promptly. If you do not have an attorney, the claims administrator must send you instructions on how to be seen by a doctor called a qualified medical evaluator (QME) to help resolve the dispute. If you have an attorney, the claims administrator may try to reach agreement with your attorney on a doctor called an agreed medical evaluator (AME). If the claims administrator disagrees with your PTP on matters other than treatment, the claims administrator can require you to be seen by a QME or AME.

Payment for Temporary Disability (Lost Wages): If you can't work while you are recovering from a job injury or illness, you may receive temporary disability payments for a limited period. These payments may change or stop when your doctor says you are able to return to work. These benefits are tax-free. Temporary disability payments are two-thirds of your average weekly pay, within minimums and maximums set by state law. Payments are not made for the first three days you are off the job unless you are hospitalized overnight or cannot work for more than 14 days.

Stay at Work or Return to Work: Being injured does not mean you must stop working. If you can continue working, you should. If not, it is important to go back to work with your current employer as soon as you are medically able. Studies show that the longer you are off work, the harder it is to get back to your original job and wages. While you are recovering, your PTP, your employer (supervisors or others in management), the claims administrator, and your attorney (if you have one) will work with you to decide how you will stay at work or return to work and what work you will do. Actively communicate with your PTP, your employer, and the claims administrator about the work you did before you were injured, your medical condition and the kinds of work you can do now, and the kinds of work that your employer could make available to you.

Payment for Permanent Disability: If a doctor says you have not recovered completely from your injury and you will always be limited in the work you can do, you may receive additional payments. The amount will depend on the type of injury, extent of impairment, your age, occupation, date of injury, and your wages before you were injured.

Supplemental Job Displacement Benefit (SJDB): If you were injured on or after 1/1/04, and your injury results in a permanent disability and your employer does not offer regular, modified, or alternative work, you may qualify for a nontransferable voucher payable for retraining and/or skill enhancement. If you qualify, the claims administrator will pay the costs up to the maximum set by state law.

Death Benefits: If the injury or illness causes death, payments may be made to a

(Medical Provider Network- MPN), usted puede cambiar a otros médicos dentro de la MPN después de la primera visita.

- Si usted está recibiendo tratamiento en un Organización de Cuidado Médico (Healthcare Organization- HCO), es posible cambiar al menos una vez a otro médico dentro de la HCO. Usted puede cambiar a un médico fuera de la HCO 90 o 180 días después de que su lesión es reportada a su empleador (dependiendo de si usted está cubierto por un seguro médico proporcionado por su empleador).
- Si usted no está recibiendo tratamiento en una MPN o HCO y no hizo una designación previa, usted puede cambiar a un nuevo médico una vez durante los primeros 30 días después de que su lesión es reportada a su empleador. Póngase en contacto con el administrador de reclamos para cambiar de médico. Después de 30 días, puede cambiar a un médico de su elección si su empleador o el administrador de reclamos no ha creado o seleccionado una MPN.

Divulgación de Expedientes Médicos: Después de que Ud. presente un reclamo para beneficios de compensación de trabajadores, sus expedientes médicos no tendrán el mismo nivel de privacidad que usted normalmente espera. Si Ud. no está de acuerdo en divulgar voluntariamente los expedientes médicos, un juez de compensación de trabajadores posiblemente decida qué expedientes serán revelados. Si usted solicita privacidad, es posible que el juez "selle" (mantenga privados) ciertos expedientes médicos.

Problemas con la Atención Médica y los Informes Médicos: En algún momento durante su reclamo, podría estar en desacuerdo con su PTP sobre qué tratamiento es necesario. Si esto sucede, usted puede cambiar a otros médicos como se describe anteriormente. Si no puede llegar a un acuerdo con otro médico, los pasos a seguir dependen de si usted está recibiendo atención en una MPN, HCO o ninguna de las dos. Para más información, consulte la sección "Aprenda Más Sobre la Compensación de Trabajadores," a continuación.

Si el administrador de reclamos niega el tratamiento recomendado por su PTP, puede solicitar una revisión médica independiente (*Independent Medical Review-IMR*), utilizando el formulario de solicitud que se incluye con la decisión por escrito del administrador de reclamos negando el tratamiento. El proceso de la IMR es parecido al proceso de la IMR de un seguro médico colectivo, y tarda aproximadamente 40 (o menos) días para llegar a una determinación de manera que se pueda dar un tratamiento apropiado. Su abogado o su médico le pueden ayudar en el proceso de la IMR. La IMR no está disponible para resolver disputas sobre cuestiones aparte de la necesidad médica de un tratamiento particular solicitado por su médico.

Si no está de acuerdo con su PTP en cuestiones aparte del tratamiento, como la causa de su lesión o la gravedad de la lesión, usted puede cambiar a otros médicos como se describe anteriormente. Si no puede llegar a un acuerdo con otro médico, notifique al administrador de reclamos por escrito tan pronto como sea posible. En algunos casos, usted arriesga perder el derecho a objetar a la opinión de su PTP a menos que hace esto de inmediato. Si usted no tiene un abogado, el administrador de reclamos debe enviarle instrucciones para ser evaluado por un médico llamado un evaluador médico calificado (*Qualified Medical Evaluator-QME*) para ayudar a resolver la disputa. Si usted tiene un abogado, el administrador de reclamos puede tratar de llegar a un acuerdo con su abogado sobre un médico llamado un evaluador médico acordado (*Agreed Medical Evaluator- AME*). Si el administrador de reclamos no está de acuerdo con su PTP sobre asuntos aparte del tratamiento, el administrador de reclamos puede exigirle que sea atendido por un QME o AME.

Pago por Incapacidad Temporal (Sueldos Perdidos): Si Ud. no puede trabajar, mientras se está recuperando de una lesión o enfermedad relacionada con el trabajo, Ud. puede recibir pagos por incapacidad temporal por un periodo limitado. Estos pagos pueden cambiar o parar cuando su médico diga que Ud. está en condiciones de regresar a trabajar. Estos beneficios son libres de impuestos. Los pagos por incapacidad temporal son dos tercios de su pago semanal promedio, con cantidades mínimas y máximas establecidas por las leyes estatales. Los pagos no se hacen durante los primeros tres días en que Ud. no trabaje, a menos que Ud. sea hospitalizado una noche o no puede trabajar durante más de 14 días.

Permanezca en el Trabajo o Regreso al Trabajo: Estar lesionado no significa que usted debe dejar de trabajar. Si usted puede seguir trabajando, usted debe hacerlo. Si no es así, es importante regresar a trabajar con su empleador actual tan

spouse and other relatives or household members who were financially dependent on the deceased worker.

It is illegal for your employer to punish or fire you for having a job injury or illness, for filing a claim, or testifying in another person's workers' compensation case (Labor Code 132a). If proven, you may receive lost wages, job reinstatement, increased benefits, and costs and expenses up to limits set by the state.

Resolving Problems or Disputes: You have the right to disagree with decisions affecting your claim. If you have a disagreement, contact your employer or claims administrator first to see if you can resolve it. If you are not receiving benefits, you may be able to get State Disability Insurance (SDI) or unemployment insurance (UI) benefits. Call the state Employment Development Department at (800) 480-3287 or (866) 333-4606, or go to their website at www.edd.ca.gov.

You Can Contact an Information & Assistance (I&A) Officer: State I&A officers answer questions, help injured workers, provide forms, and help resolve problems. Some I&A officers hold workshops for injured workers. To obtain important information about the workers' compensation claims process and your rights and obligations, go to www.dwc.ca.gov or contact an I&A officer of the state Division of Workers' Compensation. You can also hear recorded information and a list of local I&A offices by calling (800) 736-7401.

You can consult with an attorney. Most attorneys offer one free consultation. If you decide to hire an attorney, his or her fee will be taken out of some of your benefits. pronto como usted pueda medicamente hacerlo. Los estudios demuestran que entre más tiempo esté fuera del trabajo, más difícil es regresar a su trabajo original y a sus salarios. Mientras se está recuperando, su *PTP*, su empleador (supervisores u otras personas en la gerencia), el administrador de reclamos, y su abogado (si tiene uno) trabajarán con usted para decidir cómo va a permanecer en el trabajo o regresar al trabajo y qué trabajo hará. Comuníquese de manera activa con su *PTP*, su empleador y el administrador de reclamos sobre el trabajo que hizo antes de lesionarse, su condición médica y los tipos de trabajo que usted puede hacer ahora y los tipos de trabajo que su empleador podría poner a su disposición.

Pago por Incapacidad Permanente: Si un médico dice que no se ha recuperado completamente de su lesión y siempre será limitado en el trabajo que puede hacer, es posible que Ud. reciba pagos adicionales. La cantidad dependerá de la clase de lesión, grado de deterioro, su edad, ocupación, fecha de la lesión y sus salarios antes de lesionarse.

Beneficio Suplementario por Desplazamiento de Trabajo (Supplemental Job Displacement Benefit- SJDDB): Si Ud. se lesionó en o después del 1/1/04, y su lesión resulta en una incapacidad permanente y su empleador no ofrece un trabajo regular, modificado, o alternativo, usted podría cumplir los requisitos para recibir un vale no-transferible pagadero a una escuela para recibir un nuevo curso de reentrenamiento y/o mejorar su habilidad. Si Ud. cumple los requisitos, el administrador de reclamos pagará los gastos hasta un máximo establecido por las leyes estatales.

Beneficios por Muerte: Si la lesión o enfermedad causa la muerte, es posible que los pagos se hagan a un cónyuge y otros parientes o a las personas que viven en el hogar que dependían económicamente del trabajador difunto.

Es ilegal que su empleador le castigue o despida por sufrir una lesión o enfermedad laboral, por presentar un reclamo o por testificar en el caso de compensación de trabajadores de otra persona. (Código Laboral, sección 132a.) De ser probado, usted puede recibir pagos por pérdida de sueldos, reposición del trabajo, aumento de beneficios y gastos hasta los límites establecidos por el estado.

Resolviendo problemas o disputas: Ud. tiene derecho a no estar de acuerdo con las decisiones que afecten su reclamo. Si Ud. tiene un desacuerdo, primero comuníquese con su empleador o administrador de reclamos para ver si usted puede resolverlo. Si usted no está recibiendo beneficios, es posible que Ud. pueda obtener beneficios del Seguro Estatal de Incapacidad (*State Disability Insurance-SDI*) o beneficios del desempleo (*Unemployment Insurance- UI*). Llame al Departamento del Desarrollo del Empleo estatal al (800) 480-3287 o (866) 333-4606, o visite su página Web en www.edd.ca.gov.

Puede Contactar a un Oficial de Información y Asistencia (Information & Assistance- I&A): Los Oficiales de Información y Asistencia (*I&A*) estatal contestan preguntas, ayudan a los trabajadores lesionados, proporcionan formularios y ayudan a resolver problemas. Algunos oficiales de *I&A* tienen talleres para trabajadores lesionados. Re: Jurisdiction Lines for Call Response

The attached maps clarify accident and call for service response jurisdictions in areas where the Roseville Police Department and California Highway Patrol share response areas. The goal for any response to incidents in these areas is to provide assistance to the person in need, regardless of jurisdiction, and then determination of jurisdiction for reporting can be determined once that aid has been rendered. These maps are specific to the following areas:

- Sierra College Blvd. from Roseville/Rocklin city limits to Placer/Sacramento county line
- Baseline Rd. at Fiddymnt Rd./Walerga Rd. intersection
- Baseline Rd. at Watt Ave. intersection

We have based these maps on the Placer County Assessor web map located at:

<http://placer.ca.gov/map-search>

Any previous maps or memorandums are no longer in effect and response to incidents will be based on these updated maps. Any future changes to either agency's response in the areas where jurisdictions overlap will be agreed upon prior to any changes becoming effective by the Operations Captain of the Roseville Police Department and the Captain of the CHP-Auburn Office.

Questions regarding this memorandum should be referred to your agency's representative Captain.

RE: Employee Temperature Checks and Health Screenings- Prior to Start of Shift

BACKGROUND:

On March 11, 2020, the World Health Organization (WHO) declared the current COVID-19 health crisis a pandemic. Based on guidance of the Center for Disease Control (CDC) and state/local public health authorities, the COVID-19 pandemic creates a significant risk that substantial harm would be posed by having someone with COVID-19, or symptoms of it, present in the workplace. The CDC and public health authorities have acknowledged that community transmission of COVID-19 is occurring, and have issued attendant precautions to try to limit the spread of the disease.

On March 21, 2020, the U.S. Equal Employment Opportunities Commission (EEOC) issued an update to its guidance that now expressly acknowledges that employers may implement temperature screening measures in response to the current COVID-19 pandemic. Additionally, the guidance allows employers to ask employees who report feeling ill at work, or who call in sick, questions about their symptoms such as: fever, chills, cough, shortness of breath, sore throat, body aches, headache, and fatigue. EEOC explains that examinations are appropriate when an employee would pose a direct threat to others by transmitting COVID-19. The EEOC clarified that employers can ask questions about symptoms of COVID-19 to ensure that sick employees stay home. Likewise, when employees call in sick without giving details, employers can ask about symptoms of COVID-19 in order to protect the rest of the workforce. The increased measures are intended to limit the spread of COVID-19, both within the workplace and the community.

The City of Roseville has also released guidance that if you feel sick, you should notify your supervisor and stay home when:

You have symptoms of acute respiratory illness (e.g., cough, fever, difficulty breathing, and/or fatigue) until you are free of fever (100.4^o F or greater) for at least 72 hours, or 7 days after symptoms began, whichever is longer. This includes at least 24 hours without fever reducing or other symptom-altering medicines.

¹ 4-1-20 Public health guidance changed to screen for temperatures 100.0° F or greater

PROCESS:

All City of Roseville employees, and our partner organizations whose employees work out of the Roseville Police Department facility, will be required to complete a temperature check and COVID-19 symptom screening prior to the start of each shift. Supervisors and other designated trained personnel will be responsible for conducting the COVID-19 temperature check and a brief symptom interview to determine whether an employee is experiencing other COVID-19 symptoms.

Employees who have a fever of 100.0° F or higher, or report symptoms consistent with COVID-19, will not be permitted to work and will be advised to seek medical consultation. A confidential daily report will be emailed to Planning Section Chief Marc Glynn advising of any employees who do not clear the temperature check and/or symptom screening for purposes of follow-up with employees to check on their well-being and/or to protect against the threat of potential exposure to COVID-19. This policy and procedure will discontinue when CDC advises that COVID-19 is no longer a pandemic threat.

PROCEDURE:

- A. All City of Roseville employees, and our partner organizations whose employees work out of the Roseville Police Department facility, will be required upon entering the building to complete a COVID-19 symptom screening, to include:
 - a. A temperature check using an external device for temperatures of 100.0° F or greater, such as an Exergen temporal thermometer, involving appropriate disinfecting protocols, as required and supplied by the Roseville Police Department, and
 - b. Verbal inquiry as to whether employee is experiencing:
 - i. Fever
 - ii. Fatigue
 - iii. Dry cough
 - iv. Loss of appetite
 - v. Muscle aches
 - vi. Shortness of breath
 - vii. Cough
 - viii. Headache
 - ix. Cold symptoms
 - x. Nausea
 - xi. Diarrhea
 - xii. Loss of smell/taste
 - c. If an employee answers yes to any of the above health screening questions, they will not be permitted to work.
- B. Supervisors will be primarily responsible for conducting symptom screenings. Supervisors can conduct their own screenings if witnessed by another employee as notated on the log.
- C. Besides supervisors, select designated and trained personnel may also complete the symptom screenings. These employees need to:
 - a. Complete PPE refresher training prior to conducting screenings
 - b. Follow strict protocols for conducting screening:
 - i. Wear appropriate PPE (N95 mask)
 - ii. Use hand sanitizer between employees
 - iii. Clean the cap of thermometer with an alcohol wipe before next use
 - iv. After cleaning the thermometer with alcohol, the screener should wait 30 seconds before conducting another temperature reading.
- D. Symptom screening stations will be set up at the following locations:
 - a. Entrance from the employee parking lot (glass door near dispatch).

- b. Entrance from the underground parking garage.
- c. Do not allow employees to put personal items on a shared space.
- E. All employees must enter through one of these two doors at the start of their shift and shall maintain social distancing with at least 6 feet between employees while waiting to be screened.
- F. Temperature Check:
 - a. If the reading is below 100.0°F, one reading is sufficient and employees are allowed to enter the building.
 - b. If the reading is 100.0°F or above, use a different thermometer to take a second reading.
 - c. To avoid a false positive reading, staff arriving at work after physical exercise or a change in ambient temperature should rest for a few minutes before the second temperature is taken.
 - d. If the reading is still above 100°F, the employee will not be allowed to work and will be advised to seek medical consultation.
- G. If an employee does not pass either the temperature check, or the health screening questionnaire, the screener administering the test should notify the on duty Watch Commander, a Roseville Police Department Manager, or the COVID-19 Safety Officer. All reports of an employee not passing the health screening process will be forwarded to Planning Section Chief Marc Glynn. Employee leave will be charged pursuant to City policy direction regarding COVID-19.
- H. Employees will not be permitted to proceed beyond either of these two checkpoint locations until their symptom screening has been completed.
- I. An employee who has cleared the COVID-19 symptom screening may use all available entrances/exits throughout the police department, during the course of their assigned shift.
- J. Employees who are: not assigned to a team; assigned to a unit with staggered shift times; entering the police department outside of their regular shift hours/assigned days; or temporarily assigned to a teleworking assignment, will need to do the one of the following before entering the Police Department:
 - a. Coordinate the symptom screening with their respective supervisor, or
 - b. Contact the designated on-call symptom screener.
- K. The names of employees not cleared to work will be kept confidential and only shared on a strict need to know basis.
- L. The graveyard supervisor or watch commander will be responsible for ensuring the daily reports are emailed to the Planning Section Chief Marc Glynn. Hard copies will be maintained in a confidential file and stored in the Sergeant's office for the duration of the COVID-19 pandemic.

**California Highway Patrol and
Roseville Police Department
MEMORANDUM OF UNDERSTANDING**

This Memorandum of Understanding ("MOU") is among and between the Auburn Area California Highway Patrol ("CHP") and the Roseville Police Department. Hereafter, referred to as "the parties".

The purpose of this MOU is to define the jurisdictional responsibilities and response policies of each party within Placer County and the City of Roseville. In accordance with section 14615(b) of the California Government Code, The Department of the California Highway Patrol has jurisdiction over those matters related to the security of state officers, property, and occupants of state property. Furthermore, Section 2400(h) of the California Vehicle Code authorizes CHP to provide for the physical security of any current or former constitutional officers of the state, and any current or former legislator of the state.

The CHP and the Roseville Police Department are partners in combating crime in Placer County; we are a team. When jurisdictional disagreements occur, often a crime is not properly investigated or documented and public perception can be subjected to a negative view of our departments. When a disagreement occurs, the first responding officers should decide responsibility and, failing that, the supervisors should be consulted for a decision. In no case will the victim/public be subjected to a negative experience with our agencies.

There are four State of California venues (hereafter referred to as "Service Areas") within the Roseville city limits. The CHP's Service Areas exclude state entities that employ their own law enforcement personnel with police services responsibilities (e.g., State Correctional Facilities, Youth Authority, and applicable State Universities). The following is a complete list of Service Areas within the City of Roseville:

1. Department of Motor Vehicles, located at 7200 Galilee Road
2. Department of Rehabilitation, located at 151 North Sunrise Avenue, Ste. 601
3. Air Resources Board, located at 151 North Sunrise Avenue, Ste. 510
4. Caltrans Maintenance Yard, located at 1000 Atlantic Street

It is the mutual desire of the CHP and the Roseville Police Department to provide the highest level of service possible to the public, as well as provide for the continuity of crime reporting, analysis, and prevention. To achieve those goals, party duties and the operational guidelines of this MOU are as follows:

1. The CHP is responsible for providing traffic patrol, Vehicle Code enforcement, accident investigation, and motorist services on all highways designated as freeways within Placer County and the city of Roseville.
2. The CHP shall respond to and investigate all non-vehicle code crimes occurring on state property, in the CHP's jurisdiction, and Service Areas within the Roseville city limits. Exceptions to this protocol may include incidents involving serious crimes (e.g., homicide, sexual assault, assault with a deadly weapon). Upon request by the CHP, the Roseville Police Department will assume primary responsibility for investigating specific incidents. Under the specified conditions, the Roseville Police Department will become the primary investigative agency.

3. The Roseville Police Department, at the request of the CHP, will respond and investigate CHP officer-involved shooting within the CHP and the Roseville Police Department's jurisdictions in the city of Roseville. The CHP will conduct concurrent investigations for internal purposes only.
4. When request for police or emergency services within the CHP's Service Areas are received, all requests will be dispatched in accordance with current protocol. If the initial request is received by the Roseville Police Department, they shall notify the Auburn Area, or the CHP Sacramento Communications Center as soon as it is practicable. In the event that the Roseville Police Department arrives first at the scene of an incident where CHP has primary investigative responsibilities, the Roseville Police Department will take reasonable steps to secure the scene until the CHP arrives.
5. The CHP and Roseville Police Department mutually agree that in the event of an inability or delayed response on the part of either party, each may, upon the request of the party having primary jurisdiction, provide for the investigation, reporting, or other services as required.
6. The CHP and Roseville Police Department mutually agree that the Roseville Police Department may enforce all local, state, and federal laws on all state property adjacent to and below Interstate 80 and State Route 65. As part of enforcing "quality of life" laws, the Roseville Police Department may enforce applicable laws upon notification to the CHP and request that Caltrans remove rubbish and seize property slated for destruction from state property.
7. Indemnification. In the event of a claim or lawsuit, accident, injury, or loss of property, arising under this MOU, each party is to bear its own cost.
8. Termination. Either party may terminate its responsibilities and duties under this MOU after sixty days of written notice to the other party.
9. This MOU shall remain in effect for three years from date of signing and may be extended on a year by year basis upon review and approval of the CHP Division commander.

PROPERTY DIVISION **PROCEDURES MANUAL**

Updated: December, 2020

PROCEDURE 801 INTRODUCTION

801.1 PURPOSE

By law, a police department is responsible for maintaining property it seizes, found property, and surrendered property. Our goal is to return the property to the owner, whenever possible, as soon as possible, in the same condition as it was received. When return of property is not possible, our goal is to dispose of the property as soon as legally permissible.

Safety is our first concern. There are always potential hazards in handling property. Following the guidelines in this manual will help protect you or others from injury.

A well-structured property management system must develop and maintain strict guidelines with respect to the handling, security, and disposition of property so the public can rely with confidence on the integrity and efficiency of the Roseville Police Department.

The consequences of the mismanagement of the property function can result in the unsuccessful prosecution of criminal cases, embarrassment to the police department and loss of public confidence. These consequences may be avoided when all employees become aware of the problems and issues confronting the property function and through adherence to statutory requirements.

This manual is a guide for members of the department to improve and maintain the efficiency and integrity of our property system. There are several categories of property that are not addressed in this document, such as impounded vehicles, animals and property involved in civil litigation

The initial booking of property becomes the responsibility of the member taking possession of the same, except when the responsibility for doing so is assumed by or assigned to another employee. In as much as the initial booking is the first step in establishing the chain of evidence, it is extremely important that the member complete the barcode system.

- b. Knives with fixed blades should have the blade covered in a sheath or other protective shield i.e. folded cardboard.
- c. If, in order to maintain evidence, the blade cannot be covered, the knife should be submitted in a small box.

(c)Syringes

(1) Syringes that require retention as evidence for case prosecution will be accepted into the property section in the designated sharps containers, pending case disposition. Use caution, due to danger of accidental exposure to contagious diseases.

Syringes, not retained for prosecution, may be photocopied or photographed and deposited in the sharps container. (Ref. RMC 2.48.060)

Metal cans and bottles with lids are in the garage-level evidence room. Contact Roseville Fire Hazmat to dispose of excess flammable substance or liquid.

(g)Wet or bloody items:

(1)Wet or bloody items must be dried before packaging. Officers can lay the evidence item on paper or hang the item to dry in a secured storage area, i.e. drying chamber in evidence prep room. (i) Narcotics:

Package narcotics in appropriate plastic bags and heat sealed.

(1) Officers are not to presumptively test items booked in for drug possession. All drugs are to be documented in the officer's report based on their training and/or experience.

(2) Officers shall weigh all drugs. If items consist of residue amounts, residue will be noted. Officers are to record the weight in the barcode system as well as their report. Officers only need to weigh narcotics that have been processed, dried and ready for consumption. If the processed marijuana is wet it will need to be weighed, dried, and re-weighed after the drying process.

For large controlled substance seizures, officers will follow the guidelines set forth in Health and Safety code section 11479 outlined below:

Notwithstanding Sections 11473HS and 11473.5HS, at any time after seizure by a law enforcement agency of a suspected controlled substance, that amount in excess of 10 pounds in gross weight may be destroyed without a court order by the chief of the law enforcement agency or a designated subordinate. Destruction shall not take place pursuant to this section until all of the following requirements are satisfied:

These samples shall be in addition to the 10 pounds required above. When the suspected controlled substance consists of growing or harvested marijuana plants, at least one 10 pound sample (which may include stalks, branches, or leaves) and five representative samples consisting of leaves or buds shall be retained for evidentiary purposes from the total amount of suspected controlled substances to be destroyed.
- (b) Photographs have been taken which reasonably demonstrate the total amount of the suspected controlled substance to be destroyed.
- (c) The gross weight of the suspected controlled substance has been determined, either by actually weighing the suspected controlled substance or by estimating that weight after dimensional measurement of the total suspected controlled substance.
- (d) The chief of the law enforcement agency has determined that it is not reasonably possible to preserve the suspected controlled substance in place, or to remove the suspected controlled substance to another location. In making this determination, the difficulty of transporting and storing the suspected controlled substance to another site and the storage facilities may be taken into consideration.

Subsequent to any destruction of a suspected controlled substance pursuant to this section, an affidavit shall be filed within 30 days in the court which has jurisdiction over any pending criminal proceedings pertaining to that suspected controlled substance, reciting the applicable information required by subdivisions (a), (b), (c), and (d) together with information establishing the location of the suspected controlled substance, and specifying the date and time of the destruction. In the event that there are no criminal proceedings pending which pertain to that suspected controlled substance, the affidavit may be filed in any court within the county which would have jurisdiction over a person against whom those criminal charges might be filed.

(e) Officers will document all aspects of 11479 sections in their police report.

The Property Officer has the responsibility for the proper storage and safekeeping of all evidence and property received by the Department. All property will be handled in a manner that will not damage or contaminate the evidentiary value. Processing procedures and guidelines are outlined below.

(a)**CURRENCY:** All money collected must be packaged separately from any other evidence in a currency envelope and sealed with red tamper proof tape. All cash shall be counted separately by two RPD employees prior to sealing and both individuals shall initial and date the front of the envelope verifying the total cash amount. The booking officer shall also sign the red tape on the seal of the envelope. The front of the currency envelope shall be completely filled out. Whenever a money counter machine is used, the money must also be manually counted and verified. Money counter machines are to be used as a supplemental counting method only.

All monies will be temporarily stored in the safe located in the Property Room vault. No more than \$1,000 will be maintained in the vault. Once that limit has been reached, the monies will be transferred to City funds.

(1) Any money (coin or paper) with distinct evidentiary value must be noted in the barcode system to ensure it will not be transferred to City funds.

(2) Monies will be taken to the Professional Standards Unit for deposit with the City of Roseville. The PSU Sergeant and a property clerk will open the sealed envelopes and count the money. The money will be released to the PSU Sergeant to be deposited into the City of Roseville finance system. An electronic receipt for the money will be provided to the Property Technician. The receipt will be attached to the original report.

(3) Once a case is adjudicated and the court determines that monies are to be returned to owner, a Purchase Order shall be requested through police administration. The PO will state the owner's name, address, case number, and amount of the money to be returned.

(4) Once the PO is approved, it will be forwarded to City Finance, where it will be Processed and a check sent via mail to the rightful owner.

(5) Money taken in as found or safekeeping will only be transferred to City Finance Once the holding period has lapsed, unless the amount is over \$1000.

(6) Counterfeit money, since it is not real currency, will not be placed in a currency envelope, nor is it necessary to store in the vault.

(c)**EXPLOSIVES:** Explosives, destructive devices, live grenades, unstable chemicals or compounds or any item of this nature, (excluding fire crackers, M-80's, fireworks, etc.) will be turned over to the proper agency for storage and/or destruction. No explosives shall be stored at the Roseville Police Department unless the item has been rendered safe by and EOD officer. Items of a volatile ingredient shall be placed in the EOD shed.

(d) **NARCOTICS:** Officers will not conduct a presumptive test but will weigh narcotics prior to booking them in. Officers will weigh the drugs in the smallest amount of outside packaging as possible without removing the drugs and note in the barcode system that the listed weight includes packaging along with a brief description of that packaging for reference to the overall weight. Officers shall not remove the drugs from all packaging for the purposes of obtaining weight as to avoid contamination. When a chemical analysis of a suspected narcotic is required, the property officer shall package the evidence into a DOJ form/envelope for shipment to the laboratory. The chain of custody will be accomplished by the property officer and the envelope will be placed in the evidence locker established for DOJ services. All other narcotics shall be stored in the narcotics vault.

(h) **SEXUAL ASSAULT EVIDENCE KITS:** Care must be utilized to properly preserve evidence items located inside sexual assault kits. Blood vials must be refrigerated not frozen; other biological samples should be frozen or refrigerated. The most harm to DNA is caused by wide temperature swings from cold to warm to cold again. The sexual assault kits may be dismantled for storage due to the limited freezer storage space available. The investigating detective/officer is responsible for the expeditious delivery to the appropriate criminalistic laboratory to facilitate examination prior to contamination. Rhohypnol (GHB) samples need to be kept refrigerated until delivered to a testing lab.

When Property and Evidence clerks book in a Victim SART kit they shall email the Property and Evidence Supervisor with the case number of the SART kit being booked into Property. The Property and Evidence Supervisor will verify the kit has been entered into the SAFE-T database per California Penal Code 680.3.

PROCEDURE 813 Property Booking Procedures without Barcoding

813.1 PURPOSE

The purpose of this procedure is to give guidance to employees booking property in the event of a Barcoding system failure causing employees to revert to the manual property forms and booking process.

813.2 PROPERTY HANDLING

Any employee who first comes into possession of any property, shall retain such property in his/her possession until it is properly tagged and placed in the designated property locker or storage room along with the property form. Care shall be taken to maintain the chain of custody for all evidence.

Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. The property form must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the item(s). Found property shall not be held longer than 90 days.

813.2.1 PROPERTY BOOKING PROCEDURE

All property must be booked prior to the employee going off duty unless otherwise approved by a supervisor. Employees booking property shall observe the following guidelines:

- (a) Complete the Roseville Property Form # RPD 30 describing each item of property separately, listing all serial numbers, owner's name, finder's name, and other identifying information or markings and who is to receive the item once it is no longer being held by the Department.
- (b) Complete an evidence/property tag and attach it to each package or envelope in which the property is stored.
- (c) Place the case number in the upper right hand corner of the bag.
- (d) The original property form shall be submitted with the case report. The hard (3rd) copy shall be placed with the property in the temporary property locker or placed in the counter tray of the Property Section if property is stored somewhere other than a property locker.
- (e) When the property is too large to be placed in a locker, the item may be retained in the garage level evidence room, or in a reasonably secure area taking into consideration the item's value. Submit the completed property record into a numbered locker indicating the location of the property.

813.2.2 Narcotics and Dangerous Drugs

All narcotics and dangerous drugs shall be booked separately using a separate property record. Paraphernalia as defined by Health & Safety Code § 11364 shall also be booked separately.

The officer seizing the narcotics and dangerous drugs shall place them in the designated locker accompanied by two copies of the form for the Records Unit and Detectives. The remaining copy will be detached and submitted with the case report.

813.2.3 Exceptional Handling

Certain property items require a separate process. The following items shall be processed in the described manner:

- (a) Bodily fluids such as blood or semen stains shall be air dried prior to booking.

- (b) License plates found not to be stolen or connected with a known crime, should be booked into the barcode system with the owners information so Property can contact the owner.

- (c) All bicycles and bicycle frames require a property record. Property tags will be securely attached to each bicycle or bicycle frame. The property may be released directly to the property technician, or placed in the bicycle storage area until a property technician can log the property.

- (d) All cash shall be counted in the presence of another officer. The envelope shall be initialed by the two officers (print names and badge numbers). The amount is to be noted on the envelope and property card and the money submitted in a "currency envelope". The Watch Commander shall be contacted for cash in excess of \$1,000 for special handling procedures.

Whenever a money counter machine is used, the money must also be manually counted and verified. Money counter machines are to be used as a supplemental counting method only.

813.2.4 Evidence and Storage of Vehicles

When a vehicle is "impounded" as evidence by members of the Roseville Police Department and stored at the city evidence impound yard, officers will adhere to the following:

- (a) When a member of the Roseville Police Department tows a vehicle as evidence pursuant to 22655.5 CVC it shall be "impounded."

- (c) A Roseville Police Department Property Record (RPD Form 30) shall also be completed and attached to the report.

- (d) On the Property Record under "locker number" the impounding officer shall write the location of the vehicle.

- (e) The hard copy of the Property Record shall be placed in the tray outside of the Property Room window.

813.2.5 Packaging Narcotics

The officer seizing narcotics and dangerous drugs shall retain such property in their possession until it is packaged, tagged, and placed in an evidence locker, accompanied

by the property record. Officers will no longer field test any suspected controlled substance prior to booking. Officers will collect the suspected controlled substance and book it into evidence. Put a piece of the red biohazard tape (only if the Officer suspects the drug contains fentanyl) on the plastic bag so property technicians know to pay extra attention. This is in line with what other agencies are doing due to the risks associated with Fentanyl exposure. Because Fentanyl can be mixed in with other substances like Heroin and looks like powdered Meth or Cocaine, we don't want to risk employees being exposed to Fentanyl. Narrate in your report your opinion as to what the substance is based on your professional opinion. If you aren't sure, check with any of the many drug team experienced officers we have and they can help. The DA will use that to determine proper charging and we'll only send stuff out for testing if they end up needing it for court, but they won't require the presumptive test for the filing of the initial case. Additionally, officers shall weigh (gross weight) all drugs prior to placing them into a property locker. If the drugs were located in a container, other than plastic baggies (i.e. film containers, jars, etc), the drugs should be removed from the container if safe to do so, and put in a plastic baggie to obtain the gross weight.

Narcotics and dangerous drugs shall be packaged in a 10 x 12 plastic bag (available in the cabinets in the Evidence Prep room) and heat sealed twice. Should you suspect the drug contains fentanyl it should be double bagged and each bag should be heat sealed twice. The booking officer shall use a sharpie to draw a line across both seals and add your initials and date. The barcode can be placed below the signature. Narcotics and dangerous drugs shall not be packaged with other property.

813.3 Recording of Property

The property technician receiving custody of evidence or property shall record his/her signature, the date and time the property was received and where the property will be stored on the property control card.

A property number shall be obtained for each item or group of items. This number shall be recorded on property tag and the property control card.

Any changes in the location of property held by the Roseville Police Department shall be noted on the property control card.

813.4 Property Control

Each time the property technician receives property or releases property to another person, he/she shall enter this information on the property control card. Officers desiring property for court shall contact the property technician at least one day prior to the court day.

813.4.1 Responsibility of Other Personnel

Every time property is released or received, an appropriate entry on the Property Record shall be completed to maintain the chain of possession. The property officer shall be advised if the court item(s) were retained by the court. Request for analysis, for items other than narcotics or drugs, shall be completed on the Property Record. This request may be filled out after the booking of property or evidence on an ID Request card.

813.4.2 Transfer of Evidence To Crime Laboratory

The transporting employee will check the evidence out of property, indicating the date and time on the property control card and the request for laboratory analysis.

The property technician releasing the evidence must complete the required information on the property control card. The lab forms will be transported with the property to the examining laboratory. Upon delivering the item involved, the transporting employee will record the delivery time on both copies, and indicate the locker in which the item was placed or the employee to whom it was delivered. The original copy of the lab form will remain with the evidence and the copy will be returned to the Property Section for filing with the Property Record and possibly the DR.

813.4.3 Status of Property

Each person receiving property will make the appropriate entry to document the chain of evidence. Temporary release of property to officers for investigative purposes, or for court, shall be noted on the property control card, stating the date, time and to whom released.

The property technician shall obtain the signature of the person to whom property is released, and the reason for release. Any employee receiving property shall be responsible for such property until it is properly returned to property or properly released to another authorized person or entity.

The return of the property should be recorded on the property control card, indicating date, time, and the person who returned the property.

813.4.4 Release of Property

All reasonable attempts shall be made to identify the rightful owner of found property or evidence not needed for an investigation.

Release of property shall be made upon receipt of an authorized release form, listing the name and address of the person to whom the property is to be released. The release authorization shall be signed by the authorizing supervisor or detective and must conform to the items listed on the property form or must specify the specific item(s) to be released. Release of all property shall be documented on the property form.

With the exception of firearms and other property specifically regulated by statute, found property and property held for safekeeping shall be held for a minimum of 90 days. During such period, property personnel shall attempt to contact the rightful owner by telephone and/or mail when sufficient identifying information is available. Property not held for any other purpose and not claimed within 90 days after notification (or receipt, if notification is not feasible) may be auctioned to the highest bidder at a properly published public auction. If such property is not sold at auction or otherwise lawfully claimed, it may thereafter be destroyed (Civil Code § 2080.6). The final disposition of all such property shall be fully documented in related reports.

A property technician shall release the property upon proper identification being presented

Updated CSEC Referral & After Hours Process

For Law Enforcement:

1. Law Enforcement will be given a number **(916) 577-0456** that can be reached, via the CSEC AH advocate at all hours. It will be manned by an afterhours CSEC social worker or advocate. They will be called to initiate the process of responding.
2. The advocate will prepare to respond, and will call Intake to report the SCAR and request a social worker, if appropriate.
3. The advocate will respond immediately, usually with a social worker. After hours, it will not be necessary to have a social worker respond, unless LE is with the child and detention is imminent or there is concern that the child may AWOL and the opportunity to connect with the child may be limited.
4. The advocate and/or social worker will respond immediately if LE has called and requested it.
5. The advocate will be responsible for referring to services and supports and will guide the youth through all necessary processes, including court.

For Probation:

1. Probation will have access to the same number **(916) 577-0456** and will reach out to KidsFirst as well.
2. The KidsFirst advocate associated with probation will be the first option to respond during work hours, with back up by the KidsFirst Child Welfare advocate.
3. Probation Officers will make their own SCAR reports.
4. All other steps are the same as above.

For Any CSEC calls that come to Intake:

1. The referral process will begin as is standard practice.
2. During business hours, intake or the SDMing SW will call the FACS or intake supervisor to determine the response for CSEC referrals.
3. Afterhours, intake or the on-call social worker will make the response determination and will contact the on call CSEC advocate if it is determined that an immediate response is necessary.
4. If immediate response is necessary, the social worker will call **(916) 577-0456** and will respond jointly with the on call CSEC advocate.
5. If it is determined that an immediate response from CPS is not necessary, but that the child would benefit from advocate intervention, intake staff will call the AH CSEC advocate at **(916) 577-0456** and inform the on call worker of the need for their response.
6. If it is determined that an immediate CPS response is not necessary, the referral will follow the regular RED Team and assignment process the following business day.

At Risk of CSEC Screening/Reporting Criteria for CPS

Feel free to over screen-in CSEC referrals.

MEMORANDUM OF UNDERSTANDING FOR THE HIGH TECHNOLOGY THEFT APPREHENSION AND PROSECUTION PROGRAM SACRAMENTO VALLEY HI-TECH CRIMES TASK FORCE

I. PARTIES

The Sacramento Valley Hi-Tech Crimes Task Force is partially funded through the High Technology Theft Apprehension and Prosecution Program.

This Memorandum of Understanding is entered into by and between the Roseville Police Department and the Sacramento County Sheriff's Office.

Nothing in this Memorandum of Understanding should be construed as limiting or impeding the basic spirit of cooperation that exists between the participating parties.

II. PURPOSE

The purpose of this Memorandum of Understanding (MOU) is to outline the mission and procedures of the Sacramento Valley Hi-Tech Crimes Task Force (hereinafter referred to as "Task Force"), and to formalize relationships between the participating parties.

III. MISSION

The High Technology Crime Program is designed to remove high technology, intellectual property, and identity theft criminals from our community. The program is created on the premise that the ability of law enforcement to properly investigate and prosecute high technology-related and identity theft crimes will have far reaching effects on a wide variety of criminal activities, including computer component theft, gray marketing of technology, narcotic trafficking, gambling, Internet-related crimes, telecommunication fraud, intellectual property theft, and identity theft. The mission of the Task Force will be to arrest and successfully prosecute individuals engaged in these criminal pursuits to create a safer community for the overall Sacramento region. To that end, the participating agencies agree on this MOU and execute this document concerning the formation of the Task Force. The participating agencies jointly and separately agree to abide by the terms and provisions of this MOU throughout the duration of the joint operation.

IV. GOALS

The High Technology Crime Program will:

- 1) identify, investigate, arrest, and assist in the prosecution of individuals who commit various forms of high technology, intellectual property, and identity theft crimes;
- 2) similarly target those individuals who are suspected of being currently engaged in high technology, intellectual property, and identity theft criminal activity or who demonstrate (i.e., gang or organized crime association) a propensity to do so;
- 3) surveil those suspected of having committed a high technology, intellectual property, or identity theft crime or series of crimes to establish probable cause to arrest them;
- 4) maintain communications with the participating agencies and other divisions of the Sacramento County Sheriff's Office to realize maximum effective use of the Task

VIII. CONFIDENTIAL INFORMATION

It is understood that any confidential information relating to investigations or proprietary business systems, processes, or information will only be shared with participating Task Force members or other law enforcement agencies having a "need to know."

IX. LOCATION

The Task Force will operate from physical space leased by the Sacramento County Sheriff's Office. The Sacramento County Sheriff's Office agrees to provide office space, equipment, and supplies necessary to carry out the administrative operation of the Task Force.

X. PROGRAM COORDINATOR

Program coordination will be administered by a division commander or a bureau lieutenant assigned to the Hi-Tech Crimes Bureau of the Sacramento County Sheriff's Office.

XI. SUPERVISION

Supervision of the sworn personnel assigned to the Task Force will be the responsibility of a sergeant assigned to the Hi-Tech Crimes Bureau of the Sacramento County Sheriff's Office. The sergeant will determine the assignment of activities, will review all reports, and will reserve the authority to approve or deny requests for overtime.

XII. RESOURCES

A. Support

Each participating agency agrees to make available its resources in support of this program.

B. Vehicles

Each agency will supply vehicles for its participating personnel. The Sacramento Sheriff's Office will provide parking space.

C. Communication Equipment

The Sacramento Police Department and Sacramento County Sheriff's Office agree to provide the Task Force with radios with both SSO and SPD frequencies. Each participating agency will supply their personnel with their agency's radios, pagers and cellular phones, if available.

D. Safety Equipment

Each participating agency will ensure that any representative assigned to the Task Force has all necessary safety equipment including, but not limited to, a ballistic protective vest, a handgun, handcuffs, etc.

E. Additional Equipment

The Task Force may provide for equipment to be used in the course of high technology crime related investigations. High technology crimes are those crimes in which technology is used as an instrument in committing, or assisting in the commission of, a crime, or which is the target of a criminal act. Equipment purchased by the Task Force remains property

of the Task Force and must be returned to the Sacramento Sheriff's Office upon withdrawal of the participating agency.

F. Training

The Task Force may provide training that would be useful in the investigation of high technology related crimes to participating agencies.

XIII. EVIDENCE/SEIZURE FORFEITURE

All seized evidence will be handled in a manner consistent with the Sacramento Sheriff's Office policy. Any evidence seized by the Sacramento Valley Hi-Tech Crimes Task Force which is not returned to an identified victim will be directed back to the High Technology Theft Apprehension and Prosecution Program Task Force. Once the evidence has cleared all judicial and administrative forfeiture proceedings, it is considered "Project Revenue" and must be used in support of the goals and objectives of the grant.

XIV. PERSONNEL AND ADMINISTRATIVE MATTERS

A. Shooting Investigations

In the event of a shooting incident, it is agreed that the agency in whose jurisdiction the shooting occurred will conduct the primary shooting investigation. The affected agencies may also conduct their own parallel investigations regarding the shooting according to their own policies and guidelines.

B. Statistical Reporting

All agencies operating under this MOU agree to submit statistical information on cases investigated, forensic examinations completed, technical assistance provided, training attended, training provided, and case convictions to the Task Force on a monthly basis. All statistical reports for the month will be due to the Task Force no later than five days after the following month. For example, statistical reports for the month of January will be due to the Task Force no later than February 5th.

C. Records and Reports

All Task Force investigative records will be maintained at the Sacramento County Sheriff's Office. Agency representatives are expected to forward copies of their reports to their agencies. All investigative information will be available to each of the participating law enforcement agencies.

D. Prosecution

When necessary, case-by-case analysis will be performed on each potential prosecution (with conferral with the U.S. Attorney's office and the applicable District Attorney's office) to determine whether the case will be prosecuted at the state or federal level. The criteria for the decision will be based upon which court system would be of greatest benefit to the overall objective of the Task Force and upon the guidelines and policies of the prosecutorial agencies.

Memorandum of Understanding

E. Media Relations

In cases of significant public interest, joint press releases may be made. An annual report summarizing Task Force activities will be provided to each participating agency. All participating federal agencies will coordinate all press releases with the U.S. Attorney's office.

XV. LIABILITY

Each agency shall assume the responsibility and liability for the acts and omissions of its own officers, agents, employees, or volunteers in connection with the performance of their official duties under this MOU. The agencies shall cooperate in the defense of such actions brought by others with respect to the matters covered in this MOU. Nothing set forth in this memorandum of understanding shall establish a standard of care for, or create any legal rights in, any person not a party to this MOU.

Each party, at its sole cost and expense, shall carry insurance or self-insure its activities in connection with this MOU, and obtain and keep in force insurance or equivalent programs of self-insurance, for general liability, professional liability, workers' compensation, and business automobile liability adequate to cover its potential liabilities hereunder.

The responsibilities in this section shall survive the termination or expiration of the MOU.

This MOU shall become effective upon execution by all parties and shall expire on June 30, 2022.

The DOJ grants to Grantee **\$54,050**, (the “Grant Amount”), for expenditure in accordance with this MOU, including the Scope of Work included in the approved Grant Application.

IV COST REIMBURSEMENT/INVOICING

DOJ shall reimburse Grantee, in arrears, for Grantee's actual expenditures incurred while performing the required workload. Grantee shall submit to DOJ **two (2)** Grantee Invoices for each month (one original and one copy) for all expenditures incurred during such month, including completed travel. It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this MOU does not appropriate sufficient funds for the purposes contemplated by this MOU, this MOU shall be of no further force and effect. In such event, the DOJ shall have no liability to pay any funds whatsoever to Grantee or to furnish any other consideration under this MOU, and Grantee shall not be obligated to perform any provisions of this MOU for which it would have been reimbursed.

If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this MOU, the DOJ shall have the option either to cancel this MOU with no liability occurring to the DOJ, or offer an amendment to the Grantee to reflect the reduced amount.

VI ADMINISTRATION AND AUDIT

The DOJ is not liable for the Grantee's use of funds or any subsequent audit findings.

Grantee agrees that the DOJ and the California State Auditor, or their designated representatives shall have the right to review and copy any records and supporting documentation pertaining to the funds expended by Grantee and the Grantee's performance under this MOU. Grantee agrees to maintain all such records and reports for possible audit for a minimum of three (3) years after payment by DOJ of the final Grantee Invoice submitted by Grantee. Grantee agrees to allow access to such records during normal business hours and to allow interviews with officers and employees who might reasonably have information related to such records. Grantee agrees to include a similar right for DOJ and the California State Auditor to audit records and interview staff in any subcontract related to performance of the MOU.

Should Grantee fail to comply with this MOU, including by submitting for reimbursement expenditures for purposes not permitted under the MOU, DOJ may take one or more actions. Actions include but are not limited to requiring Grantee to return all or any portion of grant funds, and any other remedies available under law. In addition, the Grantee may be disqualified from applying for or receiving future grant funds.

701 PROGRAM OVERVIEW

The City's GIS Department created a public portal that allows visitors to input specific information related to the owner of surveillance cameras, including:

- Name, Business Name, Address, Phone Numbers, Email Addresses

The portal and the Keep Watch Program's public message is intended to be housed and accessible from both the City's home website and the Police Department's website.

This information is stored in a database that is only accessible by specified Police Department users (e.g. Police Sworn, Dispatchers, CSO's & Cadets). The information can be searched and exported by the inputted information and geographical identifiers. Each inputted location is also plotted on a map for easy viewing.

When a crime or significant event occurs, Officers, CSO's / Cadets or the Crime Analysis Unit can reach out to those who have registered cameras in the area. This can occur by email, phone or in person, depending on the timeliness of the investigation. If a citizen discovers any video evidence, they would contact the requestor and make arrangements for the retrieval of the video. If Crime Analysis makes requests, they can either accept that information themselves, then provide it to the investigating officer, or provide the investigator's contact information at the time of the request.

The Police Department will not have direct access to the registered camera's live signal or recorded material.

Participants in the program will receive a free "Keep Watch" window sticker.

702 PROGRAM MAINTENANCE

The Keep Watch Program will be a function of the Roseville Police Crime Analysis Unit (CAU). CAU will be responsible for maintaining the program, performing periodic audits to ensure information is current and removing outdated information. Audits of the program should occur bi-annually. CAU will be the liaison between the Police Department and GIS / IT.

703 OFFICIAL DEPARTMENT USE

Information associated with the Keep Watch Program is for the official use of the Roseville Police Department and should not be released or used for any other purpose without the consent of the Chief of Police or his designee or as prescribed by law. Access to the subscriber information is limited to Police Department employees only. Access to the system is granted by the Services Division Commander.

The subscriber information and locations of surveillance cameras is intended to help investigate crimes and significant events, such as 5150's, missing persons etc.

When a subscriber informs the Police Department that they have captured potential evidence, the investigating officer should make arrangements to view the potential evidence as soon as practical. No potential evidence should be booked before it has been reviewed and determined to have evidentiary value. Once it has been determined the video has potential evidentiary value, the officer shall ensure proper chain of custody and booking of the video.

704 POLICE DEPARTMENT USER'S GUIDE

- A. Members of the Police Department who have been given access to the system will access it via this link:

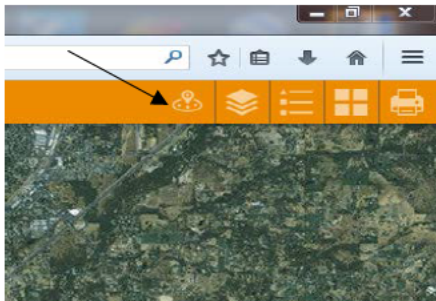

<https://roseville.maps.arcgis.com/apps/webappviewer/index.html?id=1f65bb0f014346a6ae311d293dec328>

- B. To search for cameras, users can search in two ways:

Option #1 – Enter a specific Roseville Address in the upper left hand corner of the map

Option #2 – Touch the icon, “Cameras Near Me,” located at the top of the map. The search radius is adjustable, from one to ten miles.

- C. The locations of cameras will be represented by boxes or dots on the map. They will be color coded by type of structure and the map will have a legend to guide the user.
- D. The user can left-click on any camera location to reveal the details of the location and owner.

705 PUBLIC USE

The Keep Watch Program encourages citizens and business owners to register the locations of their video surveillance systems with the Roseville Police Department. When a crime occurs, the Police Department will be able to identify the locations of video surveillance systems and enlist the assistance of the owners to help us collect video evidence. Using geographic locations of the registered cameras, the Police Department will be able to directly contact citizens in the area in which the crime occurred. A common message might ask the citizen to check their surveillance system for footage capturing a specific suspect

or vehicle, on a specific date and timeframe. If the citizen discovers any video evidence they can contact the Roseville Police Department’s Crime Analysis Unit to make arrangements for video retrieval.

706 PUBLIC USER’S GUIDE

BRADY PROTOCOL

PLACER LAW ENFORCEMENT AGENCIES

Auburn Police Department

Lincoln Police Department

Placer County District Attorney's Office

Placer County Sheriff's Office

Placer County Probation

Rocklin Police Department

Roseville Police Department

I. GENERAL POLICY STATEMENT

The District Attorney has a constitutional obligation under *Brady v. Maryland* (1963) 373 U.S. 83, to provide criminal defendants with exculpatory evidence, including substantial evidence bearing on the credibility of prosecution witnesses. The prosecution's duty of disclosure extends to evidence in possession of the "prosecution team," which includes the investigating law enforcement agency and other agencies which are assisting the prosecution. (*People v. Superior Court (Barrett)* (2000) 80 Cal.App.4th 1305.) One significant aspect of the "prosecution team" concept is that the prosecutor is presumed to know of any material evidence in a case that is favorable to a defendant which is in fact known to or in the possession of any other prosecution team member. This protocol addresses the obligations of prosecution team members with respect to the disclosure of *Brady* information pertaining to its employees, and the District Attorney procedures regarding the handling of *Brady* information pertaining to prosecution team members.

Law enforcement personnel records are protected from disclosure by the statutory procedure for *Pitchess* motions. (*Pitchess v. Superior Court* (1974) 11 Cal.3d 531; Evid. Code §§ 1043-1047; Pen. Code § 832.7.) Additionally, important protections regarding personnel records are contained in the Public Safety Officers Procedural Bill of Rights Act (Gov. Code § 3300 et seq.) and in the right to privacy under the California Constitution (Art. I, § 1). However, the prosecution has an affirmative obligation to disclose *Brady* information to the defense even absent a request or motion, and the scope of the prosecution's obligations under *Brady* may exceed the information available to the defense under *Pitchess*. (*City of Los Angeles v. Superior Court (Brandon)* (2002) 29 Cal.4th 1, 12, 14.)

Effective enforcement and prosecution of crime are jeopardized by the failure to comply with *Brady* obligations. Violations of our *Brady* discovery obligations may result in the reversal of convictions, sometimes years after the trial is concluded. Even an unintentional non-compliance with *Brady* obligations may threaten public safety and erode the confidence in local law enforcement and the criminal justice system. Therefore, the following protocol was drafted to meet our statutory and constitutional obligations.

II. **DEFINITIONS**

The *Brady* Obligation

The District Attorney is obligated to provide the defense in criminal cases with exculpatory evidence that is material to either guilt or punishment. (*Brady v. Maryland, supra*, 373 U.S. 83, 87.) Reviewing courts define “material” as follows: “The evidence is material only if there is a reasonable probability that, had the evidence been disclosed to the defense, the result of the proceeding would have been different.” (*People v. Roberts* (1992) 2 Cal.4th 271, 330.) “Exculpatory” means favorable to the accused. This obligation includes impeachment evidence that consists of “substantial material evidence bearing on the credibility of a key prosecution witness.” (*People v. Ballard* (1991) 1 Cal.App.4th 752, 758.) The government has no *Brady* obligation to “communicate preliminary, challenged, or speculative information.” (*United States v. Agurs* (1976) 427 U.S. 97, 109 fn. 16.) However, “the prudent prosecutor will resolve doubtful questions in favor of disclosure.” (*Id.* at 108.)

Pursuant to *People v. Ruiz* (2002) 536 U.S. 622, the *Brady* obligation is a trial right and the prosecutor does not have a *Brady* obligation to disclose impeachment evidence before entry of a negotiated plea. Accordingly, the obligation as to the prosecution team, including law enforcement agencies, generally begins upon the receipt of a subpoena, which is the point in time when the District Attorney designates that person as a material witness in the case. However, if the prosecution team has or knows of evidence which if true would show that the defendant is innocent, the prosecution must discover that evidence to the defendant before a plea is entered. Accordingly, if the *Brady*-type information consists of evidence of *actual innocence*, the obligation for disclosure is pre-plea and immediate during the pendency of the prosecution.

Officers and Employees

The prosecutor's *Brady* obligation applies to both sworn and non-sworn employees who are called as witnesses or who may be called as witnesses. For purposes of this protocol, a "law enforcement officer" includes sworn peace officers and custodial officers.

Impeachment Evidence

Impeachment evidence is defined in Evidence Code section 780 and in CALCRIM 105. Examples of impeachment evidence that may come within *Brady* are as follows:

1. The character of the witness for honesty or veracity or their opposites. (Evid. Code § 780 (e).)
2. A bias, interest, or other motive. (Evid. Code § 780 (f).)
3. A statement by the witness that is inconsistent with the witness's testimony. (Evid. Code § 780 (h).)
4. The existence or nonexistence of any fact testified to by the witness. (Evid. Code § 780 (i).)
5. An admission of untruthfulness. (Evid. Code § 780 (k).)
6. Felony convictions involving moral turpitude. (Evid. Code § 788; *People v. Castro* (1985) 38 Cal.3d 301, 314.) Discovery of all felony convictions is required regarding any material witness whose credibility is likely to be critical to the outcome of the trial. (Penal Code § 1054.1 (d); *People v. Santos* (1994) 30 Cal.App.4th 169, 177.)
7. Facts establishing criminal conduct involving moral turpitude, including misdemeanor convictions. (*People v. Wheeler* (1992) 4 Cal.4th 284, 292-297.)
8. False reports by a prosecution witness. (*People v. Hayes* (1992) 3 Cal.App.4th 1238, 1244.)
9. Pending criminal charges against a prosecution witness. (*People v. Coyer* (1983) 142 Cal.App.3d 839, 842.)
10. Parole or probation status of a witness. (*Davis v. Alaska* (1974) 415 U.S. 308, 319; *People v. Price* (1991) 1 Cal.4th 324, 486.)

11. Evidence undermining an expert witness's expertise. (*People v. Garcia* (1993) 17 Cal.App.4th 1169, 1179.)
12. Evidence that a witness has a racial, religious or personal bias against the defendant individually or as a member of a group. (*In re Anthony P.* (1985) 167 Cal.App.3d 502, 507-510.)

Brady Material in Personnel Files

For purposes of this policy, "Brady material in personnel files" of law enforcement agency employees is defined to include:

- a) Any sustained finding of misconduct that reflects upon the truthfulness, bias or moral turpitude of a witness. A complaint is considered sustained for purposes of this policy when it has been approved by the agency head after a hearing pursuant to *Skelly v. State Personnel Board* (1975) 15 Cal.3d 194, if applicable, or when the discipline has been imposed, whichever occurs first. If, at the time the law enforcement agency reviews the personnel records of a law enforcement officer or employee, a sustained complaint has already been overturned by a reviewing body or court based on lack of evidence of misconduct, the incident will not be considered *Brady* material and need not be reported to the District Attorney's office. If only the degree of discipline imposed has been reduced but the complaint still has been sustained, it shall be reported to the District Attorney's Office. If a law enforcement agency has notified the District Attorney's Office of *Brady* information and the sustained complaint is later overturned by a reviewing body or court, the affected officer or agency may provide the District Attorney's Office with a copy of the decision on appeal so that the District Attorney's Office may reevaluate the matter.

- b) As to law enforcement officers, any impeachment evidence contained in the DOJ criminal history database.

Brady Committee

The *Brady* Committee shall consist of three designated Senior or Supervising prosecutors within the Placer County District Attorney's office. The District Attorney Chief Investigator or Supervising Investigator shall also be a member for purposes of consultation and investigation. The Committee shall be responsible for receiving *Brady* material from law enforcement agencies pertaining to its officers and employees, maintaining a database of law enforcement personnel for which *Brady* information exists, and providing advice on *Brady* disclosure. The *Brady* Committee will be responsible for implementing this protocol, but will not make determinations regarding disclosure in any particular case. Any *Brady* issue regarding a particular case in a pending prosecution should be directed first to the handling DDA and / or the supervisor of that unit.

Brady Database

The *Brady* Database is a secure database of names and, in cases where the source of the information is other than from personnel files, background information, of law enforcement officers and employees for which *Brady* information exists or may exist. The sole purpose of this database is to support the District Attorney's Office in meeting its *Brady* obligations. The database shall be maintained by the *Brady* Committee and kept secure. Access to the database will be strictly limited only to those who need to see it in order to perform their official duties. Inclusion of a name or any information into this database will be done only in accordance with this protocol.

III.

LAW ENFORCEMENT RESPONSIBILITIES

As to *Brady* Material in Personnel Records

1. Upon the receipt of a subpoena for an officer or employee in a case prosecuted by the District Attorney's Office, each law enforcement agency must search the personnel records of that officer or employee for any material related to the prosecution's constitutional Brady obligation.
2. The law enforcement agency will designate a records custodian or other representative(s) of the agency, who will review the personnel records of the subpoenaed employees for sustained allegations of misconduct that reflects upon the truthfulness, bias or moral turpitude of a witness, or convictions or pending criminal charges for felony or moral turpitude offenses. This review shall include the criminal history background check from DOJ as to law enforcement officer witnesses.¹ The agency's duty to review will be ongoing during the pendency of the case.
3. If potential *Brady* materials exist, the agency representative within 7 days will contact a member of the *Brady* Committee of the District Attorney's Office and inform that member of the existence of the materials. The notification to the District Attorney will state only that there may be *Brady* material regarding the employee and the date the information was entered in the record. No actual materials from the file will be provided to the District Attorney's Office at that time.

¹ The District Attorney's Office will be responsible for running criminal history background checks from DOJ on any civilian law enforcement witness.

4. The law enforcement agency shall provide the same written notification of its findings to the involved officer or employee and the employee's legal representative.

As to Impeachment Evidence from Other Sources

1. If the law enforcement agency has impeachment evidence pertaining to an officer or employee that is known outside of the personnel file, that agency should inform the *Brady* Committee of the employee's name and information, upon receipt of a subpoena for that officer or employee to testify.
2. The law enforcement agency shall provide the same written notification of its findings to the involved employee or his or her legal representative, unless such notification will compromise an ongoing criminal investigation.

IV. District Attorney Procedures

As to *Brady* Material in Personnel Records²

1. When law enforcement agencies have given notification that possible *Brady* material may exist in the personnel files of an officer or non-sworn employee, the *Brady* Committee shall place that name in the secure *Brady* Database. DDAs handling any case in which that person is a witness will be notified of this information.

2. When the District Attorney's office subpoenas or intends to call a law enforcement officer for whom notification of possible *Brady* material has been given, the District Attorney shall apply to the court for in-camera review of the records by means of a *Pitchess* Motion (see Evidence Code sections 1043, 1045; *Alford v. Superior Court* (2003) 29 Cal.4th 1033, 1046) and/or *Brady* (*United States v. Agurs, supra*, 427 U.S. at p. 106; *U.S. v. Dupuy* (9th Cir. 1985) 760 F.2d 1492, 1502; *Brandon, supra*, at p. 14). At the time of application, the defense, the involved employee and the employing law enforcement agency will be notified of the request for in-camera review. As to non-sworn employees, the District Attorney shall issue a subpoena duces tecum for the records. The agency and employee shall be noticed and the Court will make the determination as to release.

² The District Attorney's Office may continue to use its authority under Penal Code Section 832.7(a) to inspect personnel records when the peace officer is a suspect in a criminal investigation, and not merely a witness in a criminal case.

3. If, following the in-camera review, the court orders disclosure under *Pitchess* and/or *Brady*, disclosure shall only be made to the defendant's attorney of record (or to defendant if not represented by counsel) pursuant to *Brady* and Penal Code 1054, et. seq. Upon request, disclosure may also be made to the involved officer or employee, his or her legal representative, and the employing law enforcement agency. Disclosure may also be made to those members of the District Attorney's Office as needed for handling of the case, including the Brady Committee, and to the court pursuant to law. The prosecuting attorney shall request that the court issue a protective order against disclosure of the material in other cases pursuant to Evidence Code section 1045, subdivisions (d) and (e). (See *Alford v. Superior Court, supra.*)
4. In order to ensure that officers' privacy rights in their personnel files are protected, the District Attorney's office shall not maintain a depository of information obtained from personnel files pursuant to an in-camera hearing. *Brady* information from an officer's personnel record disclosed in a particular case shall not be disclosed in subsequent cases without a court order under the *Pitchess* process. Instead, the name will be retained in the *Brady* Database, along with the number of the case in which *Brady* information was disclosed. A *Brady/Pitchess* motions shall be made in each future case in which the officer is a material witness.

As to Impeachment Evidence Derived from Other Sources

1. The District Attorney's Office may learn of potential law enforcement employee misconduct outside of the procedure described, above, or outside of an in-camera review procedure. For example, evidence of untruthfulness may come to light during a criminal trial, or from credible reports of other law enforcement employees based on sources other than personnel records.

2. The legal standard the *Brady* Committee will use in making the determination to include material in a *Brady* Database is that there is a preponderance of evidence the purported *Brady* information constitutes evidence favorable to a defendant which is either exculpatory or impeaching and material to either guilt or punishment. The standard for materiality is that there exists a reasonable probability that, if the evidence were disclosed to the defense, the result of the proceeding would be different. (Strickler v. Greene (1999) 527 U.S. 263, 289; In re Sassuonian (1995) 9 Cal. 4th 535, 543-544, fn. 5.) Allegations that cannot be substantiated, are not credible or are deemed unfounded will be not be deemed *Brady* material.
3. If a determination has been made that impeachment evidence exists for a law enforcement officer or other employee, that person's name and the supporting documentation will be placed into the *Brady* Database.

Process for Placement on *Brady* List When Information Not From Personnel Files

Before a decision is made to place an officer or law enforcement employee in the District Attorney's *Brady* Database based upon information that is not from personnel files, the following process will be used:

1. The witness and agency will receive written notification of a potential *Brady* disclosure by the *Brady* Committee, unless such notification would interfere with an ongoing criminal investigation.

2. Upon the conclusion of the *Brady* Committee's evidence collection process, a copy of the evidentiary materials will be made available to the witness unless otherwise legally protected.
3. The witness shall have a sufficient opportunity, upon receipt of materials, to provide a written response either individually or through a representative, and to meet with the *Brady* Committee.
4. All written materials, documents and evidence the witness submits will be deemed relevant in the *Brady* Committee's decision-making process.
5. The witness shall be advised that any submitted items, including statements made, may be deemed discoverable pursuant to *Brady* and 1054 et. seq. However, no communication from the witness's attorney will be deemed discoverable, except that evidence submitted to the *Brady* Committee by an attorney may be discoverable as indicated above. Additionally, the District Attorney may investigate any information obtained from an attorney communication, and fruits of that investigation may also be discoverable.
6. Upon a determination by the *Brady* Committee that the officer or employee should be included in the *Brady* Database, that person shall have the right to appeal the decision to the District Attorney or Assistant District Attorney for review.

7. The inclusion of a witness' name within the District Attorney's Database does not necessarily mean the records and material leading to inclusion will be disclosed in a given case. Rather, the question of disclosure will be reviewed on a case by case basis by the handling DDA and the Supervising DDA, with advice from the *Brady* Committee.
8. These notification procedures will not be necessary in the event that criminal charges are filed against the officer or other employee in Placer County, or if the notification procedures may compromise an ongoing criminal investigation in any jurisdiction.

Removal From *Brady* List

Inclusion in the Database does not mean that information will remain there permanently. The *Brady* Committee will conduct at least an annual review of those in the Database. An officer or employee whose name is in the Database, or the officer or employee's law enforcement agency, may also submit further information to the *Brady* Committee for its review.³ Additionally, if the *Brady* Committee decides to retain an officer or employee in the Database, the officer or employee may appeal the decision to the District Attorney or Assistant District Attorney. Finally, if further evidence has been developed undermining the basis for the *Brady* determination, the officer or employee may submit that information to the *Brady* Committee for immediate review and determination. Evidence of the lawful destruction by an agency of its records pertaining to the officer or employee may be the basis for a request for removal from the *Brady* Database.

³ An officer or employee may have a legal representative act on their behalf to request removal, and their communications will be governed by the same constraints as outlined in Paragraph 5 of the previous subsection.

V.

Training and Compliance

1. The affected agencies are strongly encouraged to provide training to their employees regarding this protocol and to develop additional guidelines to ensure *Brady* compliance. Because of this procedure's delegation of part of the prosecutor's affirmative duty to seek out evidence of impeachment material subject to the *Brady* rule, it is essential that the responsibility be carried out by a qualified representative of the law enforcement agency.
2. The Placer County District Attorney's Office will conduct internal training in *Brady* obligations and the procedures adopted in this protocol. Additionally, upon request, the Placer County District Attorney's Office will conduct training to law enforcement agencies in Placer County pertaining to *Brady* obligations and the procedures adopted in this protocol.
3. It is anticipated that changes in this procedure will be necessary as developments occur in the case law interpreting *Brady*. Also, our experiences with the procedure may lead to the need to make modifications. Prosecutors, law enforcement agencies and peace officer associations will be kept apprised of any changes that are made.
4. Each law enforcement agency shall designate a point of contact for *Brady* issues and for correspondence with the District Attorney's *Brady* Committee.

Purpose

The purpose of the City's workers' compensation program is to compensate employees or their dependents for injury, disability, or death arising out of or in the course of employment with the City in accordance with the laws of the State of California.

The purpose of this guide is to outline the basic policies and procedures used to administer and provide benefits through the City's workers' compensation program and to communicate and increase knowledge and understanding of workers' compensation to all managers, supervisors and employees.

While this guide is intended to answer the most frequently raised questions about workers' compensation benefits, it may not necessarily contain a solution to a particular situation or problem. Interested parties should contact Risk Management, the Claims Examiner, or the State of California Information and Assistance Officer for complete information on specific problems. A complete listing of key personnel names, addresses and telephone numbers is attached (Attachment 1).

Policy

It is the policy of the City of Roseville to provide timely, effective and efficient delivery of all workers' compensation benefit entitlements to the injured worker and to proactively support early-return-to-work through supervisory involvement, and special duty work assignments.

Benefits

All employees of the City of Roseville are entitled to workers' compensation benefits when they suffer a work-related injury or illness. California workers' compensation laws provide benefits to injured workers which include medical care, temporary and permanent disability income, and Supplemental Job Displacement Benefit services (see Section VII), necessary medical supplies and death benefits to dependents. These benefits are available at the moment the employee begins work; there is no waiting period or other conditions involved.

Workers' compensation is a no-fault system. That is, benefits are not affected by whether or not the employee or employer was responsible for the injury or illness. To qualify for benefits, the injury or illness only needs to have been incurred in the course of employment or arising out of employment.

Eligibility

The City's workers' compensation program covers all employees employed by the City of Roseville. Persons who provide the City with services on a volunteer basis or through a temporary employment agency or under contract are not covered for workers' compensation through the City.

Financing

The City's workers' compensation program is self-insured, that is, self-funded for primary coverage up to the first \$350,000 per claim. Excess coverage is provided through the City's participation in the Local Agency Workers' Compensation Excess Joint Powers Authority (LAWCX). This means the City pays the first \$350,000 of any claim and participates in a pooled insurance program.

The costs of this program (indemnity, medical, rehabilitation, expenses, excess insurance premiums) are financed directly from the City's Workers' Compensation Fund. Premiums to fund this program are charged against each department's payroll based on prior period claims loss experience.

Administration

The Human Resources Department (Risk Management Division) has primary responsibility for managing the overall City workers' compensation program.

The City contracts for workers' compensation claims administration with a third party administrator (TPA) who has responsibility for processing, examining, adjusting claims and providing benefits in accordance with the State Labor Code and administrative procedures and guidelines.

Quality Control

The City is committed toward ensuring that every employee receives not only prompt and professional medical care, but also courteous and responsive claim servicing. Workers' compensation law and entitlements is complex and can be confusing. It is important to take the time to gain a full understanding of the process.

An injured employee, under workers' compensation, should always receive the same level of professional quality medical care that he/she expects to receive from their personal health care provider.

If an employee is dissatisfied with the quality of medical or claim services provided, they should notify the Human Resources Director or the City's Claims Examiner for immediate resolution. The Risk Management Division of the Human Resources Department is your direct liaison to your workers' compensation program.

Reporting Injuries

In order for an injured employee to receive workers' compensation benefits in an efficient manner and for the City to avoid penalties for non-compliance, it is imperative that supervisors follow proper injury reporting procedures. The following guidelines are designed to assist supervisors in handling workers' compensation injury claims.

Supervisor's Note: *All employees should be regularly reminded that it is their responsibility to report all on- the- job injuries and illnesses immediately to their supervisor. Additionally, employees are to be warned that failure to report the injury or illness within thirty (30) days could affect their right to receive benefits.*

I. Reporting Workers' Compensation Injuries

Note: For step-by-step instructions on completing forms see Attachment 2.

When an employee is injured on the job, a supervisor's first concern should be to see that the employee receives proper first aid and/or medical treatment.

If the employee requires **emergency medical services**, call 9-1-1 for paramedics and transport to the Sutter Roseville Medical Center emergency room OR Kaiser Roseville Medical Center emergency Room.

Many job-related injuries are minor and only require first aid. However, even seemingly minor injuries may become serious if not treated promptly. Therefore, supervisors and employees should complete appropriate injury/accident forms immediately after a work-related injury occurs; even for injuries where no medical treatment is needed. Such incident reporting is important to identify potential safety hazards, training needs, supervisory emphasis, and procedural and/or equipment needs to avoid more serious injuries/accidents. It is also important to document that injured workers' have been given information on their rights to pursue benefits under workers' compensation and have been given the appropriate paperwork to access those benefits.

An employee cannot simply take "the rest of the day off" and go home following a work-related injury. **An employee who suffers a work-related injury and requests to leave work should be directed to seek medical attention and must obtain a physician's written authorization before they may be released from their duties.**

Supervisor's Note: All injured workers requiring medical care must go to the City's authorized occupational care provider unless the employee has, prior to the injury/illness, pre-designated in writing, their personal primary care physician who maintains their medical records as their designated physician. See Section II, "Selection of a Physician" below. Prior to initial treatment, the supervisor should determine if the injured worker has made such a pre-designation. This form must be on file with Human Resources.

If an employee suffers a work-related injury, which, in the supervisor's judgment and/or at the injured employee's request, requires professional medical attention beyond simple first aid, the employee's supervisor should take the following steps:

A. Initial Treatment Authorization:

The supervisor normally gives verbal authorization for the injured employee to be treated by the City's occupational medical provider and calls the medical provider to inform them of the employee's need for treatment. The supervisor identifies him/herself as a City of Roseville supervisor requesting industrial injury care for an injured City employee. The supervisor will describe the injury and the employee's condition. If necessary, the employee will be driven to the medical provider by a supervisor, leadworker or other responsible individual. For serious injury, call 9-1-1 and leave transport to the professionals.

Supervisor's Note: For injuries incurred after normal business hours, on weekends or on holidays, employees will be taken to Sutter Roseville Medical Center Or Kaiser Roseville Medical Center emergency room.

If you are unsure where to send an injured employee, or if you have questions concerning whether or not an employee requires medical attention, you should contact the Risk Management Division.

B. Initial Injury Notification:

Initially, report the injury by telephone to the Risk Management Division. Notification should be made as soon as possible after the injury, preferably before an employee

receives medical treatment. This initial notification is necessary to immediately assess the injury for any special OSHA reporting requirements.

Contact the Risk Management Division immediately!

Supervisor's Note: *Urgent OSHA reporting requirements apply to any serious injury, illness or death. Every employer shall report immediately by telephone or telegraph to the nearest District Office of the Division of Occupational Safety and Health any serious injury or illness, or death, of an employee occurring in a place of employment or in connection with any employment.*

Immediately means as soon as practically possible but not longer than eight (8) hours after the employer knows or with diligent inquiry would have known of the death or serious injury or illness. If the employer can demonstrate that exigent circumstances exist, the time frame for the report may be made no longer than twenty-four (24) hours after the incident. [Title 8, CCR Section 342(a)]

An injury or illness is defined as "serious" if:

- The injury or illness results in the death of the employee;
- The employee is hospitalized for more than 24 hours for reasons other than medical observation; and
- An employee loses any part of the body or suffers permanent disfigurement.

OSHA Contact Information:

It is Risk Management's responsibility to contact OSHA, but in the event Risk Management is unavailable, the responsibility would fall on the supervisor. Please call (916) 263-2800 and leave as much of following information as possible.

- Time and date of accident
- Employer's name, address and telephone number
- Name and job title of person reporting the accident
- Address of site of accident or event
- Name of person to contact at site of accident (if applicable)
- Name and address of injured employee(s)
- Nature of injury
- Location where injured employee(s) was (were) moved to
- List and identity of other law enforcement agencies present at the site of accident
- Description of accident and whether the accident scene or instrumentality has been altered

Please make sure you document time/date of the call.

C. Supervisor's Reporting Requirements:

The Supervisor is required to complete and deliver to the Risk Management Division, the following reports for each injury/illness within twenty-four (24) hours of the notification of the injury or illness:

- (1) Employee Injury Report;
- (2) Workers' Compensation Claim Form (DWC-1), if applicable;
- (3) The treating physician's Work Status Form (if the employee was seen by a physician).

Instructions for each of these forms follows below (refer to Attachment 2 for specific instructions):

1. Employee Injury Report: Complete all requested information on this form. This information will be necessary should a formal claim be filed by the injured employee; this

gives all of the facts relating to the injury and work status of the employee on the date of injury. Forward the report to Risk Management within twenty-four (24) hours of the injury. To help facilitate timely reporting of claims, all forms may be faxed or emailed to Risk Management with originals to follow.

2. Workers' Compensation Claim Form DWC-1: It is mandatory that this form be given to an employee when the City has knowledge of a job related injury. The employee has the option of completing the DWC-1 if they wish to file a claim. The "Employer" section (items 9 to 18) should be completed by the employee's supervisor (or person acting for the supervisor) before giving the form to the employee. The supervisor should then explain to the injured worker that they will need to complete the "Employee" section (items 1 to 8) and submit the claim form if they wish to pursue a claim for benefits. It is important that the injured worker fill out the top box and sign the form in order to ensure the information provided is correct.

Should the injured worker wish to pursue a claim, be sure the DWC-1 form is complete; provide the injured worker with a copy and submit the original to the Risk Management Division **within twenty-four (24) hours of the injury or receipt of the claim form**. To expedite the process, please fax or email the completed form to Risk Management and forward the original via inter-office mail.

Should an injured employee decline to complete or sign the form, explain to the employee that failure to complete and sign this form *may* affect their benefit entitlements. If the employee does not wish to pursue benefits, this form does not need to be completed or filed. An injured worker has up to one (1) year from the date of injury to file a claim for benefits.

Supervisor's Note: *By law, it is the employer's duty to provide to the injured worker the "Workers' Compensation Claim Form" within one (1) working day of notification or knowledge of the notification or knowledge of the injury. If it is not possible to physically hand the form to the injured worker for him/her to complete, you should: complete the employer's section and either, 1) hand deliver the claim form to the injured employee, or, 2) mail (certified mail) the original, to the employee's home address within one (1) working day from the date of injury. Deliver a copy to the Risk Management Division within twenty-four (24) hours.*

WARNING: Do not, under any circumstance deny a claim form or deny workers' compensation coverage to any employee. The only person authorized to deny an employee's claim for workers' compensation benefits is the City's Claims Examiner.

3. Physician's Work Status Form: Each time the injured employee returns from a medical appointment, he/she must present their supervisor or Risk Management with the treating physician's "Work Status Form."

This form provides the City with important information concerning the employee's injury status, ability to perform his/her job, work restrictions, dates for follow-up medical treatment, etc. **This form must be submitted to the supervisor by the injured employee immediately following treatment and before returning to work or before going home if the treating physician so orders.** The supervisor should deliver a copy of this form to Risk Management as soon as possible.

WARNING: Never allow an injured worker to return to work without the treating physician's written approval. Follow all work restrictions without exception. Supervisors should coordinate all return to work situations involving work restrictions with Risk Management to determine eligibility and availability of modified duty (see Administrative Regulation 2.17). Disciplinary action is appropriate for any employee who fails to follow the treating physician's work restrictions and/or any supervisor who fails to enforce them.

D. Disability Leave and Employee Time Records:

The City's third party administrator (TPA) evaluates all claims for workers' compensation benefits. Until the TPA has made a determination as to whether a claim will be accepted or denied, the employee's lost time should be recorded as Sick Leave (or having exhausted sick leave, other leave balances may be used). The TPA has up to ninety (90) days to make this decision. Once a decision has been made that the injury is compensable, Risk Management will notify Payroll to credit back any accrued leave time charged and convert the time to workers' compensation.

See Section VI. "Temporary Total Disability Benefits" for an in-depth discussion of salary replacement benefits.

Supervisor's Note: *While employees may have medical appointments during work hours, they should be encouraged to schedule them after hours. **No overtime pay will be granted for after hour's medical treatment.***

Each workers' compensation claim is based on its specific "date of injury" (DOI). An employee may have several claims pending over several years. It is critical, for reporting purposes that you always properly identify on injury reports, etc., the specific claim by its date of injury.

E. Hazardous Workplace Conditions:

Should the workplace present a health or safety hazard to employees, the supervisor must take immediate action to remedy the condition. Employees should be reassigned to other safe locations or released on administrative leave with pay (after securing authority from the City Manager) in order to prevent risk of injury or illness. Report any such conditions promptly to the Risk Management Division.

II. **Selection of a Physician**

Employees with non-emergency work-related injuries will be sent to the City's Occupational Health Care Provider for evaluation and treatment. However, an employee may wish to be treated by his or her own personal physician for such injuries. To do so, the employee must complete the Designation of Physician form and submit it to the Risk Management Division **prior** to an injury/illness occurring. The employee may select a physician or surgeon (licensed medical doctor) who has previously directed the medical treatment of the employee, and be the physician who retains the employee's medical records, including his or her medical history. For this election to be valid the physician must be a part of the City's Group Health coverage providers and must agree, in writing, to treat work related injuries or illnesses and comply with all workers' compensation laws and regulations.

After the first thirty (30) days of treatment, the injured employee has the right to request a change in the treating physician. This request should be made to the City's Claims Examiner, who will then have five (5) working days to accommodate the request.

III. **Transporting the Injured Employee**

An employee injured in a work-related incident may be transported by another authorized employee to the City's Occupational Health care provider when a non-life threatening injury has occurred. In the event of a serious or life threatening injury, 9-1-1 should be called and transportation will be provided by ambulance.

IV. **Work Restrictions and Modified Duty Assignments**

A physician may return an injured employee to duty with work restrictions prior to releasing the employee to his/her regular full work duties. It is important that the treating physician understand the physical job demands of the injured worker in order to prescribe the proper work restrictions. The supervisor should coordinate with Risk Management so that information relating to the employee's essential job functions can be communicated to the treating physician.

It is the City's policy to temporarily provide modified duty assignments, if possible, to all injured employees until they can return to full work status. A Modified Duty Agreement must be signed by both the supervisor and the employee prior to starting the assignment. Supervisors must ensure that all work restrictions specified by the treating physician are rigidly adhered to and enforced during the period of a modified duty assignment.

Supervisor's Note: Every effort must be made to provide a modified duty assignment to the injured worker. If no such duty is available in your division, notify the Risk Management Division and they will attempt to locate an appropriate alternative position elsewhere in the City.

While on a modified duty assignment, an employee will continue to receive their regular rate of pay through their regular assigned department/division.

For further information on modified duty assignments, see Administrative Regulation 2.17.

V. Workers' Compensation Benefits

A. General Benefits:

The City's workers' compensation program pays for all medical bills associated with an employee's work-related injury, including: doctor bills, hospital costs, physical rehabilitation costs, prescriptions, lab fees, x-rays, etc.

An employee should never receive a bill or pay cash for expenses incurred as a result of a work-related injury or illness. However, if an employee should inadvertently receive such a bill or make a cash/personal check payment, the employee or his/her supervisor should promptly forward the bill and/or receipt to the Risk Management Division or the TPA for handling and/or reimbursement.

B. Mileage Reimbursements:

The injured worker will be reimbursed for mileage to and from doctors appointments and other travel related to an employee's work-related injury at the established rate. The City's Claims Examiner provides these forms upon request.

C. Prescriptions:

Injured workers who need to have their doctor's prescriptions filled should first call their pharmacy to determine if the pharmacy will bill against workers' compensation claims. Once the employee has confirmed the pharmacy will bill workers' compensation claims, they should inform the pharmacy of the City's workers' compensation claims administrator (See Attachment 1).

D. Self-Procured Medical Care:

Injured employees should not obtain medical services on their own without the authorization of the City's Claims Examiner. Such unauthorized medical care could result in non-payment to the medical care provider.

VI. Temporary Total Disability

A. Sworn Safety Officers (Police and Fire):

Sworn safety officers who are temporarily unable to return to work due to a work-related injury may receive full-pay income benefits for a period up to one (1) year (Labor Code 4850).

B. Correctional Officers – Police:

Corrections Officers who become temporarily disabled by injury or illness arising out of and in the course of performing assigned job duties shall become entitled to a leave of absence regardless of length of service while so disabled without loss of salary, less workers' compensation disability payments, for up to one hundred (100) calendar days, commencing upon the first calendar day after the injured employee leaves work as a result of the injury.

Following the initial one hundred (100) days of temporary disability an eligible employee may supplement their temporary disability payments with available leave balances (i.e., vacation, sick leave) until such balances are exhausted (up to twelve (12) months).

C. Management/Confidential and Local 39:

Employees in these groups who become temporarily disabled by injury or illness arising out of and in the course of performing assigned job duties shall become entitled to a leave of absence regardless of length of service while so disabled without loss of salary, less workers' compensation disability payments, for up to seventy-five (75) calendar days, commencing upon the first calendar day after the injured employee leaves work as a result of the injury.

Following the initial seventy-five (75) days of temporary disability an eligible employee may supplement their temporary disability payments with available leave balances (i.e., vacation, sick leave) until such balances are exhausted (up to twelve (12) months).

D. I.B.E.W. Employees:

Employees in this group who become temporarily disabled by injury or illness arising out of and in the course of performing assigned job duties, shall become entitled, regardless of length of service, to a leave of absence while so disabled without loss of salary, less workers' compensation benefits, for up to seventy-five (75) calendar days, commencing upon the third (3rd) calendar day after the injured employee leaves work as a result of the injury. However, if the disability necessitates hospitalization or the disability continues more than three (3) days, the aforesaid seventy-five (75) day leave of absence shall commence from the first day the injured employee leaves work or is hospitalized as a result of the injury. Employees injured on the job who are absent from work due to such disability for less than three (3) days may utilize accrued sick leave during such absence.

Following the initial seventy-five (75) day period of temporary disability, an eligible employee may elect to receive either workers' compensation disability payments, or full salary by supplementing their workers' compensation disability payment by use of accrued vacation, compensatory time off (CTO), or sick leave on a one-half (1/2) hour sick leave for one (1) hour pay basis.

During the time of work-related disability, an eligible employee will continue to accrue the normal leave, i.e., vacation, sick leave, until such time as their leave balances have been exhausted (up to twelve (12) months).

Supervisor's Note: *Maintain personal contact with your injured employee while they are out on temporary disability. Keep them informed on workplace happenings.*

- E. Upon utilization of all accrued leave credits, the employee injured in the performance of assigned duties and who is entitled to compensation under the Workers' Compensation Insurance Act shall be continued on the rolls of the City without pay until workers' compensation is discontinued, or, until the employee reaches a maximum medical improvement (MMI; formerly referred to as permanent and stationary (P&S)) status, provided that the disability was not the result of the employee's willful violation of safety rules or negligent behavior.

VII. Permanent Disability Benefits

An employee may be entitled to receive permanent disability benefits if their work-related injury causes a permanent disability, even though they have returned to their regular work duties. Permanent disability benefits are determined by the employee's doctor's evaluation of any permanent effects of the injury, which may impact the employee's future in the labor market. Benefits are determined by application of standard ratings specified in the Labor Code.

Permanent disability ratings are determined after the injured worker has reached a "maximum medical improvement" condition. This means, the treating physician has determined that the injured worker is as recovered as he/she will be.

Eligible employees receive payments of permanent disability awards bi-weekly and the amount is dependent on date of injury. The payments continue until the amount of the award is paid in full.

Former employees (separated or retired) may receive permanent disability lump sum settlements as part of a negotiated compromise and release.

VII. Supplemental Job Displacement Benefit

Supplemental Job Displacement Benefit is a workers' compensation benefit for injured workers, who have a permanent partial disability that prevents them from doing their current job and whose employers do not offer other work. It is in the form of a voucher that promises to help pay for educational retraining or skill enhancement, or both, at state-approved or state-accredited schools.

As an alternative, a Qualified Injured Worker (QIW) may be offered another available position within the City for which they are qualified.

IX. Injuries Not Covered by Workers' Compensation

Under certain circumstances, some work-related injuries are not covered under the City's workers' compensation program. These exceptions include the following:

1. Injuries that are intentionally self-inflicted.
2. Injuries that result from an employee being intoxicated or under the influence of drugs.
3. Injuries resulting from a physical altercation in which the injured employee was the initial aggressor.
4. Injuries caused by or sustained during the commission of a criminal act.
5. Injuries caused by or sustained during off duty recreational activities.
6. Injuries caused by an employee's "horseplay".
7. Injuries caused by or sustained during an employee's deviation from duties. For example, an employee who is injured while running a personal errand during a time when he/she is being paid for performing work for the City.
8. Injuries resulting from attempting suicide.

Supervisor's Note: *If a supervisor has knowledge of or suspects that an employee's workers' compensation claim is the result of one of the above, they should contact the Risk Management Division immediately.*

X. Eyeglasses, Hearing Aids, Artificial Limbs, Etc.

Occasionally, an employee will submit a claim for workers' compensation reimbursement for non-injury damages. Such claims may or may not be reimbursable under workers' compensation. For example, if an employee merely damages his/her glasses while on the job, the City's workers' compensation program will not pay for repair or replacement of the damaged glasses. If however, an employee damages his/her glasses during an accident, which involves a work-related injury, replacement of the glasses is compensable. The same principle applies to hearing aids. In other words, in order for damaged eyeglasses or hearing aids to be compensable, an employee must also injure some part of his/her body. An employee has not sustained a compensable injury if all that is damaged is his/her glasses or hearing aid.

Damages to artificial limbs, dentures and medically required braces are compensable. Because these items replace normal body parts, damage is compensable under workers' compensation regardless of whether there is an injury to the physical person of the employee.

Family Medical Leave Act / California Family Rights Act

The Federal Family Medical Leave Act and the State of California Family Rights Act provide for up to twelve (12) weeks of absence per year under certain circumstances. For purposes of Workers' Compensation, the injured workers' entitlements under these acts begin on the first day of total temporary disability (with the exception of Public Safety employees subject to Labor Code 4850).

Under certain circumstances, an employee may be required to pay for all insurance premiums in order to maintain their coverage. This would occur if accrued leave balances are exhausted and there is no FMLA/CFRA entitlement available.

For more information on benefits contact the Human Resources Department.

Discrimination

It is illegal for an employer to terminate, discriminate or retaliate against an employee because they file, intend to file, or settle a workers' compensation claim, or because they plan to testify or have testified in a co-workers' case. An injured worker must be treated the same as any worker who has not been injured.

A worker who proves discrimination will receive lost wages and benefits, a fifty percent (50%) increase in workers' compensation benefits (up to \$10,000), plus costs and expenses up to a maximum set by the State Legislature (Labor Code Section 132a).

Employers (supervisors) who so discriminate are guilty of a misdemeanor and subject to criminal prosecution.

Accident Prevention & Control

Failed equipment and hazards lurking in the dark are not the cause of most workplace accidents. Rather, close to ninety-five percent (95%) of injuries incurred in the workplace are the results of controllable "human factors."

The most frequently identified human factors leading to accident and injury are:

1. Inattention - daydreaming or distraction.
2. Complacency - boredom or lack of motivation.
3. Poor Judgment - inability to tell what is important.
4. Poor Discipline - violating workplace operating/safety rules by taking shortcuts.
5. Poor Supervision - lack of communication, training, accountability, discipline.
6. Misunderstanding - failure to perceive and interpret or failure to see.

To prevent the majority of accidents, supervisors and employees must take action to minimize negative human factors in the workplace. This can best be accomplished by:

1. Develop Safety-Minded Behaviors - instruct, coach, learn know and do what it takes to do your job safely. Wear personal protective equipment.
2. Look Out for Each Other's Safety - watching out for the safety of others is a primary concern of every job. Be especially watchful for new and less experienced employees.
3. Identifying and Dealing with Negative Emotions - ensure working conditions, facilities and equipment are always safe for employee use.

Supervisor's Note: Remember, workers' compensation is a no-fault system. The cause of the injury (what or who) doesn't matter as far as workers' compensation entitlements and benefits are concerned. However, workplace safety is everyone's responsibility. When and if an employee or supervisor has acted in violation of established workplace safety rules and operating procedures, he/she will be subject to disciplinary action up to and including dismissal from City employment.

Fraud

Any person who makes or causes to be made any knowledge, false or fraudulent material statement, or representation, for the purpose of obtaining or denying workers' compensation benefits or payments is guilty of a felony (California Labor Code Section 4906(f) and may be fined up to \$50,000 and sent to prison for up to five (5) years (Insurance Code Section 1871.4).

Any falsification of workers' compensation records is a violation of the Personnel Rules and subjects the employee to discipline up to and including termination from City employment.

I. Indicators of Workers' Compensation Fraud

The following information is from the National Insurance Crime Bureau and is presented so that supervisors and employees may have a better understanding of this crime:

Although most claims are legitimate, many are inflated or fraudulent, and the adjuster should review all claims for possible fraud. These indicators, or fraud possibility factors, should help isolate those claims meriting close scrutiny. No one indicator by itself is necessarily suspicious. Even the presence of several indicators, while suggestive of possible fraud, does not mean that a fraud has definitely been committed. Indicators are "red flags" only, not actual evidence.

A. The Claimant Prior Claim History and Current Work Status

- Injured worker is disgruntled, soon-to-retire, or facing imminent firing or layoff.

- Injured worker is involved in seasonal work that is about to end.
- Injured worker took unexplained or excessive time off prior to claimed injury.
- Injured worker takes more time off than the claimed injury seems to warrant.
- Injured worker is nomadic and has a history of short-term employment.
- Injured worker is new on the job.
- Injured worker is experiencing financial difficulties.
- Injured worker recently purchased private disability policies.
- Injured worker changes physician when a release for work has been issued.
- Injured worker has a history of reporting subjective injuries.
- Review of a rehabilitation report describes the claimant as being muscular, well tanned, with callused hands and grease under fingernails.

B. Circumstances of the Accident

- Accident occurs late Friday afternoon or shortly after the employee reports to work on Monday.
- Accident is unwitnessed.
- Claimant has leg/arm injuries at odd time, i.e., at lunch hour.
- Fellow worker hears legitimate rumor that accident was not legitimate.
- Accident occurs in an area where injured employee would not normally be.
- Accident is not the type that the employee should be involved in, i.e., an office worker who is lifting heavy objects on a loading dock.
- Accident occurs just prior to a strike, or near end of probationary period.
- Employer's first report of claim contrasts with description of accident set forth in medical history.
- Details of accident are vague.
- Incident is not promptly reported by employee to supervisor.
- Surveillance or "tip" reveals the totally disabled worker is currently employed elsewhere.
- After injury, injured worker is never home or spouse or relative answering phone states the injured worker "just stepped out".
- Return calls to residence have strange or unexpected background noises.

C. Medical Treatment

- Diagnosis is inconsistent with treatment.
- Physician is known for handling suspect claims.
- Treatment for extensive injuries is protracted though the accident was minor.
- "Boilerplate" medical reports are identical to other reports from same doctor.
- Workers' compensation insurer and health carrier are billed simultaneously; payment is accepted from both.
- Injured worker protests about returning to work and never seems to improve.
- Summary medical bills submitted without dates or descriptions of office visits.
- Medical bills submitted are photocopies of originals.
- Extensive or unnecessary treatment for minor, subjective injuries.
- Treatment directed to a separate facility in which the referring physician has a financial interest (especially if this is not disclosed in advance).
- Referral for treatment/testing facility close to referring facility.
- Injuries are all subjective, i.e., pain, headaches, nausea, inability to sleep.
- Injured worker cancels or fails to keep appointment, or refuses a diagnostic procedure to confirm an injury.
- Treatment dates appear on holidays or other days that facilities would not normally be open.
- An injured worker is immediately referred for wide variety of psychiatric tests, when the original claim involved trauma only. These claims usually present with vague complaints of "stress".

D. The Claimant's Attorney

- Attorney is known for handling suspicious claims.
- Attorney lien or representation letter dated the day of the reported incident.
- Same doctor/lawyer pair previously observed to handle this kind of injury.
- Claimant complains to carrier's CEO or home office to press for payment.
- Claimant initially wants to settle with insurer, but later retains an attorney with increased subjective complaints.
- Pattern of occupational type claims for "dying" industries, i.e., black lung, asbestosis; wholesale claim handling by law firms and multiple class action suits.
- Attorney threatens further legal action unless a quick settlement is made.
- High incidence of application from specific firm.
- Attorney inquires about a settlement or buy-out early in the life of the claim.

Litigation

The City is committed to ensuring that its injured employees receive all benefits they are entitled to under the Labor Code of the State of California. Injured employees need to understand workers' compensation benefits and how the system operates. Risk Management and the City's Claims Examiner are available to help the injured employee understand this complex program.

Additionally, employees may, at any time, contact the State of California, Department of Industrial Relations, Division of Workers' Compensation, Office of Benefit Assistance and Enforcement (OBAE) to talk with an Information and Assistance Officer. He/she may be able to answer their questions and resolve their problems without the expense of obtaining legal representation.

An injured employee may request a hearing before a judge of the Workers' Compensation Appeals Board (WCAB) to resolve a dispute.

An injured employee is not required to be represented by an attorney in the handling of their claim, but has every right to do so. An injured employee who chooses to be represented by an attorney will have attorney's fees deducted from their benefits. Attorney's fees are normally twelve percent (12%) of the benefits awarded. The actual amount of attorney's fees will depend on the complexity of the case. The fee has to be approved by the Workers' Compensation Appeals Board.

Conclusion

The City's workers' compensation program is designed to provide benefits to injured employees in a fair and expeditious manner. Supervisors of injured employees can assist in this process by following the guidelines stated herein. WORKERS' COMPENSATION

WORKERS' COMPENSATION CLAIM FORM PROCEDURE

Workers' Compensation covers work-incurred injuries and illnesses only. It does not cover injuries and illnesses of a non-work origin. Be sure to ask the employee if he/she feels the injury/illness is work related; if they feel that it is, complete the paperwork and give the employee a claim form. If you still have questions or concerns regarding the claim, call Risk Management for assistance.

The Workers' Compensation Reform Act requires that an employer, within one (1) working day of notice of a work-related injury or illness, provide a claim form to the injured worker or to their dependents in the case of a death.

FAILURE TO COMPLY WITH THIS REQUIREMENT COULD RESULT IN A PENALTY OF UP TO \$5,000 PER OCCURRENCE.

Notice of an injury or illness can come from any source, including but not limited to the following:

- The injured employee;
- Co-workers;
- Treating physicians, by way of a Doctor's First Report of Injury;
- Family members in the case of catastrophic or death claim. (If so, the claim form should be sent to the family member, via Certified Mail).

When the Manager/Supervisor receives notice from any of the above sources, the following procedure must be followed within one (1) working day (24 hours):

- A. The Supervisor completes the **Employer's Section**, lines 9-18, of the **Workers' Compensation Claim Form** (DWC Form 1) as follows:

Line 9: Name of Employer
Line 10: Address of Employer
Line 11: Date employer first knew of injury.
Line 12: Date claim form was provided to employee.
Line 13: Date employer received claim form.
Line 14: Name and address of insurance carrier or adjusting agency (the forms should already be pre-printed with the company's name and address).
Line 15: Insurance Policy Number (we are self-insured).
Line 16: Signature of employer representative (your signature).
Line 17: Title (your job title).
Line 18: Telephone (your telephone number).

- B. Provide the injured worker with the **Workers' Compensation Claim Form** (DWC Form 1). Advise the employee of their right to benefits under Workers' Compensation and explain that the DWC-1 must be completed and filed in order to apply for workers' compensation benefits. The decision to file the claim form is up to the injured worker, however, it must be filed to receive medical care or any other benefit under workers' compensation.
- C. Complete the **Employee Injury Report** and send to Risk Management immediately.
- D. When and if the employee returns the **Workers' Compensation Claim Form** (DWC Form 1) fax or email a copy to Risk Management for immediate processing and forward

the original via inter-office mail. Risk Management will date stamp the forms as received and will forward the forms to the City's Workers' Compensation Administrator to set up a new claim.

- E. To assist in complying with State Law, which dictates that claims must be reported within five (5) days of receipt, accepted, delayed or denied within fourteen (14) days of the employer's date of knowledge of a claim, please forward the claim and all supporting documentation immediately to Risk Management.

In any event, the paperwork must be received by the City's Workers' Compensation Administrator no later than five (5) days after the employer's date of knowledge of a claim. **The Administrator cannot set up a claim without the Employee Injury Report and the DWC-1. The Employee Injury Report is the form that tells us what, where, when and how the accident/incident occurred. The DWC-1 is the Claim form.**

- F. If a claim is questionable, call Risk Management to discuss it.
- G. If the employee is absent from the work site when knowledge of the injury is obtained by the Employer, the **Workers' Compensation Claim Form** (DWC Form 1) must be sent certified mail, or personally delivered to the injured worker within 24 hours. If requested by the injured worker, the Supervisor can complete the form on behalf of the employee.
- H. In the event the employee is so seriously injured that he/she cannot complete the claim form, it must be sent certified mail or personally delivered to the spouse or person acting on behalf of the employee within 24 hours.
- I. The following documents or any documentation related to a workers' compensation claim, should be forwarded to Risk Management immediately upon receipt:
- Notice of Hearing or Application for Adjudication of Claim before the Workers' Compensation Appeals Board;
 - Letters from attorneys or representatives of an injured employee or from any State or Federal agencies;
 - Letters, telephone calls or complaints made by employees or others;
 - Subpoenas in industrial injury cases;
 - Any notices or citations received from CAL-OSHA;
 - Any report from an injured employee's treating physician.
- J. Do not discuss information concerning an employee's injuries with anyone. Refer all such inquiries to Risk Management.

Placer County Domestic Violence Protocol.pdf

PLACER COUNTY
DOMESTIC VIOLENCE EMERGENCY
RESPONSE TEAM (DVERT)
PROTOCOL

Statement of Purpose

The Domestic Violence Emergency Response Team (DVERT) of Placer County is an integrated, comprehensive program dedicated to the elimination of domestic violence. Working with law enforcement, DVERT will provide advocacy and follow-up counseling for all victims of domestic violence. DVERT will improve and preserve the health and safety of our communities through this coordinated response and public involvement approach. Our goal is that one day we will all live in caring communities in which violence is an inconceivable notion.

To accomplish our goal, we will focus on the following objectives:

- Comprehensive communication between law enforcement and Victim Witness at the time of the crime;
- Immediate intervention by victim advocates;
- Expedited follow-up with victims by victim advocates;
- Continued victim assistance throughout the criminal prosecution;
- Evidence collection through forensic examination;
- ACCESS to investigate and provide follow-up services through community resources, family maintenance or court involvement.

It shall be the policy of Law Enforcement Departments/Agencies participating in the Domestic Violence Emergency Response Team (DVERT) to respond to all domestic violence utilizing a collaborative approach with each participating agency. Our goal is to prevent ongoing violence.

I. Definitions

- A. Domestic Violence** – violence between two (2) individuals who are involved in a current or past intimate relationship.
- B. Abuse** – intentionally or recklessly causing, or attempting to cause bodily injury, or the placing of another person in reasonable apprehension of imminent serious bodily injury to himself, herself, or another. The act may include sexual abuse or molestation.
- C. Victim** – a person who has been subjected to domestic violence including children.
- D. Officer** – sworn law enforcement officer.
- E. Dominant Aggressor** – 13701(b) PC: Peace officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person determined to be the most significant, rather than the first, aggressor. In identifying the dominant aggressor, an officer shall consider the intent of the law to protect victims of domestic violence from continuing abuse, the threats creating fear of physical injury, the history of domestic violence between persons involved, and whether either person acted in self-defense.
- F. Domestic Violence Emergency Response Team Advocate** – trained volunteer or career professional(s) who have been designated, by mutual agreement between the law enforcement agencies of Placer County and the Placer County District Attorney’s Office Victim Witness Division (referred herein as Victim Witness). Victim Witness, PEACE for Families, and Tahoe Women’s Services provide advocacy and follow-up services for all victims of domestic violence.
- G. Domestic Violence Emergency Response Team ACCESS** – trained Social Worker employed by ACCESS (a.k.a. CPS) trained to respond to incidents of domestic violence, will provide services to reduce on-going violence and the trauma related to the children.
- H. Domestic Violence Emergency Response Team Forensic Examiners** – Forensic Examiners trained to evaluate injuries of domestic violence and collect evidence through forensic examination.

I. Type/Venues of Response:

Shelter – location designated by the Placer County Domestic Violence Task Force as a temporary residence for victims.

Law Enforcement Department/Station – the physical location of the police department or sheriff station.

Hospitals – Sutter Roseville Hospital at 1 Medical Plaza in Roseville, Sutter Auburn Faith Hospital at 11815 Education Way in Auburn, Kaiser Roseville Medical Center at 1600 Eureka Road in Roseville, or Tahoe Forest Hospital at 10121 Pine Ave. in Truckee.

Other Safe Places – a location, other than described above, within the local law enforcement’s jurisdiction that offers an environment with a reasonable expectation of safety and that is acceptable to both the victim and law enforcement.

Telephone – advocate makes contact with the victim by telephone.

II. Law Enforcement Response:

A. Dominant Aggressor: the Officer should consider the following:

1. Local and Criminal History
 - a). Prior domestic violence calls involving the same alleged abuser or victim
 - b). Criminal history of domestic violence and/or associated crimes such as 646.9, 422, 273.6, 136.1 PC or violent crimes.
2. Interviews
 - a). Interview all parties including children (whether or not they were “asleep” or in another room), Reporting Parties, neighbors, etc., regarding current and prior instances of domestic violence.
 - b). Compare statements, evaluate credibility – do statements conflict with physical evidence?
 - c). Is the suspect knowledgeable about domestic violence investigation practices? Did the suspect call 911 to shift the focus to the victim? Did the suspect make first contact with the Officer to shift the focus to the victim?

3. Injuries

- a). Photograph the victim and suspect's injuries and lack of injury.
- b). Follow up with photos two or three days later.
- c). Are the injuries consistent with the statements made and other evidence obtained during the investigation? Could the injuries be self-inflicted or sustained during self-defense?

4. Officer's Observations

- a). What was the demeanor of the involved parties? Was one person cowering and the other aggressive? Was there any intimidation? Were there threatening looks or gestures? What was the physical difference in size of the involved parties?

Remember: the dominant aggressor is the person determined to be the most significant, rather than the first, aggressor.

B. Arrest

1. Felony

- a). Arrests shall be made when domestic violence occurs and the Officer has reasonable cause to believe that a felony has been committed. Any decision relative to arrest shall be made whether or not the Officer believes the offense will ultimately be prosecuted as a misdemeanor.

2. Misdemeanor Domestic Violence Assault or Battery

- a). Arrests should be made when domestic violence assault or battery occurs pursuant to 836(d)(1)(2)PC, when both of the following circumstances apply:
 1. The Officer has probable cause to believe the person to be arrested committed the assault or battery, whether or not it has in fact been committed:
 2. The Officer makes the arrest as soon as probable cause arises to believe the person committed the assault or battery, whether or not it has in fact been committed. This type of arrest is not dependent on a private person's arrest; however, such an arrest may not take place if the perpetrator is no longer in the vicinity or cannot be located

soon after the probable cause arises.

3. Misdemeanor Violation of Restraining Order

a). Arrests shall be made when a violation of a restraining order occurs pursuant to 836(c)(1)PC and consistent with 13701(b)PC:

1. The Officer shall make a lawful arrest without a warrant whether or not the violation occurred in the presence of the arresting officer when:

- a) The Officer has probable cause to believe the person against whom the order was issued has notice of the order
- b) And the person committed an act in violation of the order.

4. Misdemeanor (other than domestic violence) outside the Officer's presence

a). When family violence has been committed outside the Officer's presence and does not meet the requirements for a felony arrest or domestic violence, the Officer should inform the victim of his/her right to make a private person arrest in accordance with section 837 of the California Penal Code.

C. Incarceration

Officers are strongly encouraged to book domestic violence suspects.

D. Victim Witness/Advocate Agencies

1. On **ALL** domestic violence investigations, Officers shall have **Dispatch** contact Victim Witness as soon as practical while on scene. Victim Witness will then call the Officer at the number provided by Dispatch.
2. The Officer will speak directly to Victim Witness and provide the following information:
 - a). Location where the domestic violence has occurred;
 - b). Whether or not the suspect is in custody;
 - c). Location where the victim can be contacted;
 - d). Victim's name and phone number;
 - e). Whether the victim is under the influence of alcohol or other drug;
 - f). If it appears to be a "mutual combat" situation;

- g). Language needs.
- 3. The Officer and Victim Witness will discuss whether or not the victim desires contact by an advocate and what type of contact is appropriate.
- 4. The Officer should include the date, time, and name of the person contacted at Victim Witness in the police report.
- 5. Victim Witness will then notify PEACE for Families or Tahoe Women's Service for an advocate response.

E. ACCESS/Child Protective Services

As soon as one of the following conditions is determined to exist the Officer (via Dispatch) must immediately call (916) 787-8860

for ACCESS to respond as soon as possible to the scene of domestic violence:

- a). The child calls 911 to report the domestic violence or the child reports to someone else (i.e.: neighbor, friend, mandated reporter, etc.);
- b). Children are present in the home or have seen or heard the current domestic violence precipitating law enforcement response;

In both circumstances, ACCESS will then call the Officer (at the scene) at the number provided by Dispatch and the Officer must complete a Suspected Child Abuse report form (11166 PC).

When the child is not present, the Officer must call ACCESS at (916)

787-8860 as soon as practically possible but no later than the end of shift. If based upon information from ACCESS or information developed during the investigation, the Officer reasonably suspects, drawing on training and experience, that a child is suffering serious emotional damage or is at a substantial risk of suffering serious emotional damage, evidenced by states of being or behavior, including, but not limited to severe anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, the Officer should complete a Suspected Child Abuse report form (11166 PC). (Legal Standard 11166.05 PC)

F. DVERT Forensic Examiner

- 1. The Officer shall coordinate through Victim Witness when

a DVERT Forensic Examiner needs to respond.

The Officer should determine through investigation if a forensic exam and medical evaluation may be appropriate. The Officer will **document in writing** his or her observations, physical evidence and victim statements that support a need for a forensic exam and medical evaluation.

If the victim agrees to a forensic exam and medical evaluation and the Officer's supervisor approves, the Officer shall have Dispatch contact Victim Witness. Victim Witness will then call the Officer at the number provided by Dispatch.

All forensic exams and medical evaluations are conducted at hospitals.

The Officer should consider the following indicators in determining whether a medical evaluation is appropriate:

a). Pre-existing medical conditions

1. Victim is pregnant.
2. Victim has a history of bleeding disorders or is on a "blood thinner."

b). History event

1. Victim was strangled.
2. Victim has trauma to organs (i.e.: punched or kicked in stomach or back).

c). Response of victim to trauma

1. Victim lost consciousness.
2. Victim complains of pain, dizziness, nausea, and shortness of breath, bleeding, and disorientation.

Note: Symptoms can be present even when victim makes a delayed report of domestic violence.

d). Physical Indicators

1. Victim has extensive bruising, bleeding (including hemorrhages in eyes or skin), swelling or visible injury to bone, stiff gait, or limited range of motion of joints.

2. Victim has on-going or increased pain.
3. Victim has change in vision (blurry vision or vision loss).

G. Evidence Collection

The Officer is responsible for evidence collection including physical evidence, photographs, and statements and to maintain and secure the evidence.

III. Advocate Response

A. Response

1. An advocate is on-call 24 hours a day and ready to respond when a domestic violence incident occurs and is reported to law enforcement whether or not an arrest is made.
2. An advocate on-call will always be appropriately prepared.
3. Victim Witness will, within five minutes of contact with the Officer, contact the 24-hour Crisis Line for PEACE for Families or Tahoe Women's Services, who will then immediately contact the on-call advocate. In Tahoe, Victim Witness will speak directly to the on-call Staff Person, not the volunteer.
4. Victim Witness will provide PEACE for Families or Tahoe Women's Services, through its 24-hour Crisis Line, with the information needed for an appropriate response including, but not limited to, the victim's name, suspect's name, victim's address, telephone number(s), and location of response (i.e.: hospital, law enforcement agency, other safe location). The Victim Witness person will also give the Crisis Line his or her callback phone number or pager number.
5. If the Crisis Line cannot reach the on-call advocate within five (5) minutes, the Crisis Line will contact the agency back-up response team member.
6. The Crisis Line will notify Victim Witness if an advocate is not responding or is unable to respond. In that event, a Victim Witness advocate will respond as back-up.
7. If the advocate is to contact the victim by telephone only, the advocate should do so immediately or as soon as feasible. The advocate will offer support and referrals to the victim as appropriate and desired by the victim.

The advocate will make arrangements for follow-up at the time of response and contact.

8. If the advocate is to meet the victim at a shelter or other safe place, the advocate will respond to that location within 30 minutes of the call from Victim Witness. If a 30 minute response is not possible, the advocate will provide Victim Witness with estimated time of arrival. Upon the completion of the response, the advocate shall notify PEACE for Families or Tahoe Women's Services through the 24-hour Crisis Line.
9. An advocate who receives a page or phone call while enroute to meet with the victim, shall respond to the page or phone call immediately and prior to meeting with the victim.
10. If the Officer has identified the situation as a "mutual combat" and the advocate's judgment coincides with the Officer, the advocate will provide appropriate referrals and information to both parties.
11. Advocates have a counselor-client privilege as pursuant to California Evidence Code 1037-1037.6. The advocate will explain confidentiality and its exceptions to the victim. Some of these exceptions include mandated child abuse reports, conversations held in a place where others can hear or if the victim is a danger to him or herself or to others.
12. If a victim cannot speak English, the advocate may translate police forms, (i.e.: Controlled Documents or Emergency Protective Orders) but **shall not** translate the elements of the crime or any part of the law enforcement investigation.

B. Role of the Advocate

1. The advocate will fill out their agency's form to document the DVERT response. Additionally advocates will:
 - a). Ensure the victim understood the Officer's explanation of an Emergency Protective Order (EPO).
 - b). Check with the victim to determine if photographs were taken of any visible injuries and if the Officer is aware of all the injuries. Encourage the victim to have law enforcement take follow-up photos two to three days after the assault.
 - c). Offer shelter or other options if needed.

- d). Explain the cycle of violence and its effect on children, and validate the victim's emotions.
 - e). Explain the DVERT services to the victim, how DVERT works in collaboration with other agencies, and arrange for follow-up within 72 hours.
 - f). Ask the victim how to safely make contact with them in the future.
2. If the victim discloses pertinent information related to the crime and the Officer is unaware of that information, the advocate should encourage the victim to share the new information with the Officer.
 3. If the victim needs emergency confidential shelter, the advocate will complete a Shelter Needs Assessment and Screening Document. If the victim is appropriate for shelter, the advocate will contact the shelter to determine if space is available and transportation will be arranged as needed and whenever possible. Before escorting or taking a victim to the shelter, the advocate must have appropriate supervisory approval and must ensure that the victim signs a confidentiality document explaining the confidentiality of the shelter location and consequences of disclosure.
 4. Victim Witness will contact the victim to provide the status of his or her case and to provide support for the victim through the criminal justice process. Victim Witness, PEACE for Families, and Tahoe Women's Services should coordinate support services as appropriate.

IV. ACCESS/Child Protective Services Response

1. The ACCESS worker will conduct interviews with the child(ren) regarding the current situation of domestic violence and any past domestic violence in the home.
2. The ACCESS worker will establish risk to the child(ren).
3. The ACCESS worker and the officer will determine if the child(ren) needs to be placed into protective custody.
4. The ACCESS worker is responsible for providing appropriate food, clothing and shelter for the child(ren) if taken into protective custody.

V. DVERT Forensic Examiner Response

1. Forensic Examiners will be used for collection of forensic evidence only at the hospitals. They will work with hospital staff with triage, assessment, evaluation, and follow-up paperwork.
2. The mechanism of call-out will follow the existing SART protocol. Victim Witness will be the primary contact. Victim Witness will then contact the on-call Forensic Examiner. The Forensic Examiner will contact the hospital and provide an estimated time of arrival. Typically, Forensic Examiners have a 1 hour response time.
3. If there are any questions about the need for a forensic exam, Victim Witness will contact the Forensic Examiner Coordinator for assistance.
4. If there is no Forensic Examiner available, the existing hospital staff will be used.

VI. Follow-up/Statistical Documentation

A. Follow-up

Victim Witness, PEACE for Families, and Tahoe Women's Services provide victim support follow-up. Victim Witness, PEACE for Families, and Tahoe Women's Services coordinate support services as appropriate.

B. Statistical Documentation

All MOU Signatory Agencies will document statistics related to the DVERT Protocol. Statistical data relating to the number of responses will be made available to each organization when requested or may be reflected in an annual report by the DVERT Protocol Subcommittee.

PLACER COUNTY DVERT PROTOCOL UPDATE 10/5/05

VICTIM WITNESS:

1. On **ALL** domestic violence investigations, **ask Dispatch** to contact Victim Witness for you.

4. The Officer should include the date, time, and name of the person contacted at Victim Witness in his or her report.

Legal Standard 11166.05PC.

2. If the victim declines a forensic exam and medical evaluation, document the victim's response in writing.
3. If the victim agrees to a forensic exam and medical evaluation, and your sergeant approves, call the CAP unit Det. Sgt. Document the Det. Sgt.'s response in writing.

ROSEVILLE POLICE DEPARTMENT ASSET SEIZURE MANUAL

INTRODUCTION

11469(d) Health and Safety Code mandates this manual and requires all officers conducting asset seizure to know its contents and follow its guideline when seizing the assets or proceeds of illegal narcotics sales. This manual is in compliance with that law.

The seizure of proceeds from illegal narcotic activity, criminal profiteering, and human trafficking, following state and federal regulations, helps fund out Department's efforts to combat criminal activity.

Detectives should report, through the chain of command, any discrepancies they discover between the contents of this manual and current law so this manual remains contemporary, viable, and as useful as possible.

MISSION

Deterring criminal activity is the principal objective of the Roseville Police Department's forfeiture program. Potential revenue will not be allowed to jeopardize the effective investigation, prosecution of criminal offenses, officer safety, the integrity of ongoing investigations, or the due process rights of citizens.

In order to ensure accountability and integrity of the program, no Roseville Police Officer's employment, or salary, shall be made to depend upon the level of seizures or forfeitures he or she achieves.

Roseville Police Department shall also avoid any appearance of impropriety in the sale or acquisition of forfeited property. To accomplish this, Roseville Police Department shall not put any seized or forfeited property into service.

Additionally, Roseville Police Department shall ensure that seized property is protected and its value preserved.

Roseville Police shall also implement special training for officers assigned to forfeiture programs, of which, that training will be ongoing.

TRAINING

Pursuant to Health and Safety Code 11369(e), Roseville Police Department shall provide initial training for Detectives assigned to the seizure program. Due to the complex nature of asset seizure, Detectives assigned to the seizure program shall also be provided annual training.

The following class(s) will be the minimum standard an investigator must attend prior to handling asset seizure cases:

***Basic Asset Forfeiture Course** hosted by the California District Attorney Association (CDA).

This comprehensive course is designed to introduce law enforcement personnel, prosecutors and paralegals to the essential elements of California state asset forfeiture law. Emphasis will be placed on California state narcotic forfeitures under Health & Safety Code 11470 et.seq.

Due to the scarcity of this course, a Roseville Police Department Detective is permitted to investigate asset seizure cases prior to attending this course if they are working under the direct supervision of someone who has met the minimum standards set forth by this manual.

Any class that is conducted by an organization that specializes in law enforcement asset seizure training, or any organization that specializes in asset seizure investigations and offers training specific to asset seizure will meet the standards for what is considered the ongoing, yearly training.

***Annual Training** – hosts

California District Attorney Association (CDA)

California Narcotics Officers Association (CNOA)

(c) If a prosecuting agency petitions for forfeiture of an interest under subdivision (a) or (b), the process prescribed in Sections 236.8 to 236.12, inclusive, shall apply, but no local or state prosecuting agency shall be required to petition for forfeiture in any case.

(d) Real property that is used as a family residence or for other lawful purposes, or that is owned by two or more persons, one of whom had no knowledge of its unlawful use, shall not be subject to forfeiture.

(e) An interest in a vehicle that may be lawfully driven with a class C, class M1, or class M2 license, as prescribed in Section 12804.9 of the Vehicle Code, may not be forfeited under this section if there is a community property interest in the vehicle by a person other than the defendant and the vehicle is the sole vehicle of this type available to the defendant's immediate family.

ROSEVILLE POLICE DEPARTMENT ASSET SEIZURE MANUAL

(f) Real property subject to forfeiture may not be seized, absent exigent circumstances, without notice to the interested parties and a hearing to determine that seizure is necessary to preserve the property pending the outcome of the proceedings. At the hearing, the prosecution shall bear the burden of establishing that probable cause exists for the forfeiture of the property and that seizure is necessary to preserve the property pending the outcome of the forfeiture proceedings. The court may issue a seizure order pursuant to this section if it finds that seizure is warranted or a pendent lite order pursuant to Section 236.10 if it finds that the status quo or value of the property can be preserved without seizure.

(g) For purposes of this section, no allegation or proof of a pattern of criminal profiteering activity is required

The officer will start and run the vehicle for no less than 30 minutes once a month. That information will be documented in the asset seizure file for the vehicle.
12. Upon adjudication of the case, the investigating officer will either return the vehicle or sell it in accordance with the law.
13. Pursuant to Cuevas v. Superior Court [58 Cal. App.3d 407], it should be noted that notice will be served by the District Attorney's Office

11. If legal proceedings are going to occur against the cash, it will be the responsibility of the investigating officer to coordinate with the Placer County District Attorney’s Office as a liaison for the case.
12. Pursuant to Cuevas v. Superior Court [58 Cal. App. 3d 407], it should be noted that notice will be served by the District Attorney’s Office
13. Upon adjudication of the case, the Placer County District Attorney’s Office will disperse the money in accordance with California State Law.
14. The Roseville Police Department share will be provided by the Placer County District Attorney’s Office.

NOTICE

Pursuant to 11488.4 H&S and CUEVAS v. SUPERIOR COURT [58 Cal. App. 3d 407], when an investigator has begun a forfeiture investigation, they will notify the Placer County District Attorney's Office. The District Attorney's Office shall file a petition of forfeiture with the superior court of the county in which the defendant has been charged with the underlying criminal offense, or in which the property subject to forfeiture has been seized or, if no seizure has occurred, in the county in which the property subject to forfeiture is located. If the petition alleges that real property is forfeitable, the prosecuting attorney shall cause a lis pendens to be recorded in the office of the county recorder of each county in which the real property is located.

The District Attorney shall also make service of process regarding this petition in a receipt issued for the property seized. In addition, the District Attorney shall cause a notice of the seizure, if any, and of the intended forfeiture proceeding, as well as, a notice stating that any interested party may file a verified claim with the superior court of the county in which the property was seized or if the property was not seized, a notice of the initiation of forfeiture proceedings with respect to any interest in the property seized or subject to forfeiture, to be served by personal delivery or by registered mail upon any person who has an interest in the seized property or property subject to forfeiture other than persons designated in a receipt issued for the property seized. Whenever a notice is delivered, it shall be accompanied by a claim form as described in Section 11488.5 and directions for the filing and service of a claim.

The investigating officer shall attempt to determine any claimant to a vehicle, boat, or airplane whose right, title, interest, or lien is of record in the Department of Motor Vehicles or appropriate federal agency. If that officer finds that any person, other than the registered owner, is the legal owner thereof, and that ownership did not arise subsequent to the date and time of arrest or notification of the forfeiture proceedings or seizure of the vehicle, boat, or airplane, they will send a notice to the legal owner at his or her address appearing on the records of the Department of Motor Vehicles or appropriate federal agency. The officer will document this in a police report.

ROSEVILLE POLICE DEPARTMENT ASSET SEIZURE MANUAL

When a forfeiture action is filed, the notices shall be published once a week for three successive weeks in a newspaper of general circulation in the county where the seizure was made or where the property subject to forfeiture is located. This will be conducted and tracked by the Placer County District Attorney's Office.

If the investigating officer learns of any person that can show standing, other than a defendant, claiming an interest in property, they will immediately notify the Placer County District Attorney's Office. If appropriate, the Placer County District Attorney's Office will provide notice to those individuals.

RECEIPTS

Pursuant to 11488 H&S, Roseville Police Department will ensure receipts for any property seized are issued, and make sure they are delivered to the defendants. Additionally, copies of all receipts noting the seizure of cash will be forwarded to the DA's Office. In most cases, this requirement will be satisfied by the issuance of the Initiation of Forfeiture Form issued by the Placer County District Attorney's Office. The Detective will also ensure compliance of PC 1412 based on the current past practice of the organization.

RETURN OF PROPERTY

H&S 11488.2 states that the seizing agency is entitled to hold the property seized on the basis it is subject to forfeiture for a maximum of 20 days while the agency decides (and make preparations) to seek from the prosecutor the filing of a forfeiture petition, or initiation of non-judicial forfeiture proceedings. It will be the responsibility of the investigating Detective to ensure that the notification to the District Attorney has been made within 20 days of the forfeiture. If that has not occurred, the investigating officer will ensure the release of the property back to the owner at the conclusion of that 20 day period.

It is the responsibility of the investigating Detective to be aware of the circumstances regarding the return of property to defendants. The variables that the investigating Detective must weigh are based on the type of forfeiture- drug, suspended license, human trafficking, or criminal profiteering. If the property is eligible for forfeiture but required to be returned to the defendant, that return will be conducted within 30 days of the seizure, or within 30 days as to the identification of the exemption to seizure.

It is of the utmost importance that the investigating Detective make a good faith attempt to identify owner(s) of any property seized and return the property belonging to innocent owners in a timely manner. If during the investigation, an innocent owner is discovered, a timely manner to return their property is defined as within 30 days of the seizure as defined by 11488.2 H&S.

FEDERAL ADOPTION

Pursuant to 11471.2 H&S, at **NO** point will Roseville Police refer, or otherwise transfer, property seized under the state laws authorizing the seizure of property to a federal agency seeking the adoption of the seized property by the federal agency for proceeding with federal forfeiture under the federal Controlled Substances Act unless the following exists:

When Roseville Police Department members are:

- 1) Participating in a joint law enforcement operation with federal agencies, including but not limited to joint task force operations, and

ROSEVILLE POLICE DEPARTMENT ASSET SEIZURE MANUAL

NOTIFICATION OF FRANCHISE TAX BOARD

Pursuant to 11471.5 H&S, Roseville Police Asset Seizure will ensure that the Franchise Tax Board has been notified when the value of the seized property exceeds \$5000.

Currently, that notification is conducted by the Placer County District Attorney's Office. Working in collaboration with the Placer County District Attorney's Office, the investigating officer will ensure that the notification has occurred.

ROSEVILLE ASSET SEIZURE FUNDS

Pursuant to 11495 H&S and upon adjudication of the case, all state asset seizure funds belonging to the Roseville Police Department will be distributed into the City of Roseville Asset Seizure Fund, also referred to as “Forfeited Property” fund. This fund shall not be used to supplant any local funds that would, in the absence of asset seizure, be made available to support the law enforcement purpose. In order to adhere to this, the City of Roseville Asset Seizure Fund will be overseen by City Treasurer and maintained by Admin Analyst Bracco. This fund will be separate than any other city fund, and at no point, will the asset seizure fund be used to supplant the General Fund, or any other city fund.

In the case of Federal cases, the money will be set aside in a separate asset seizure account. That account will be distributed into the City of Roseville Federal Asset Seizure Fund, also referred to as the “Federal Asset Seizure Account.” At no point, will asset seizure money be transferred between these two funds. The Federal Asset Seizure Account will be overseen by the City Treasurer and maintained by Police Department’s Administrative Analyst. Once a year, Administrative Analyst will conduct an audit and report to Equitable Sharable Program of USDOJ. That report will consist of revenue received, expenditures, and interest made on the money.

CRIME SUPPRESSION UNIT: ASSET SEIZURE PROCEDURE

PROCEDURE FOR SELLING AN ASSET SEIZED CAR

#1) DECLARATION OF FORFEITURE

Make sure case is finalized with DA and we get the authorization to sell the car. The authorization is the "Declaration of Forfeiture" provided to us by the DA's office, or the court order. (Note- if you get a verbal "go ahead" to sell the car from the DA, that will suffice but just remember we will need the Declaration of Forfeiture, or court order, when we actually sell the car)

#2) A PUBLIC AUCTION.

We are required to sell the car through a public auction. In order to get the most money for the item, E-Bay was selected as our vender. Ebay also meets the public auction requirement. Our member name is rosevillepolice09 and our password is "Ros3ville?".

When you log onto EBAY, there are several payment options available in order to utilize Ebay's services. The option we use is the flat rate option to sell the car. This means you will need to use a department credit card to post the advertisement. If you do not have a department credit card, you can use a credit card from the Lt, Captain, or Shelly Bracco. Remember, this fee will come off the top of the seizure, meaning it is reimbursed first before any of the money is dispensed.

#3) SELLING THE CAR.

When you make the ad for the car, make sure you detail everything that is wrong with it. This will help avoid e-mails from potential buyers asking irrelevant questions. If the car is a piece of junk, feel free to detail that in the ad and adjust the selling price accordingly.

In terms of setting the price utilization of an on-line source, such as Kelley Blue Book, will suffice to see what the car low blue book value is. Figure out a minimum bid price based on

ROSEVILLE POLICE DEPARTMENT ASSET SEIZURE MANUAL

that number and set that. This number minimally should be the cost incurred to sell the vehicle.

When you make the ad, there are a few things you need to let the buyers know. Number one, we only take cash, or a cashier's check, and the car needs to be picked up in person. The reason for this is the person will be expected to take the paperwork you provide them to DMV before we let them drive away with the car. They are required to show you the registration in their name before you turn over the keys. This also gives you time to go to the bank and make sure the cashier's check is valid before completing the deal. Make sure you also write that the buyer will be required to pay sales tax when they register the vehicle with DMV. This way people don't get blindsided when they try to register it.

Print a copy of the ad and place it in the asset seizure file for the vehicle.

#4) DEALING WITH THE DMV.

There are several steps and forms you are going to have to fill out for DMV purposes. One of the most important is the removal of the VLT stop. Placer DA's Office handles this but you will not be able to sell the car if this has not been removed. I usually wait until I have a buyer lined up and then ask the DA to remove it. Some of the other required forms are the DMV 227 form, 256 form, and 262 form. There should be some of these forms in the asset seizure cabinet in CSU and they are pretty self-explanatory. Along with those three forms, you will also have to provide a bill of sale and a copy of the declaration of forfeiture/court order of forfeiture for the vehicle. The declaration of forfeiture/court order acts as the pink slip. Once all of those are filled out, provide them to the purchaser and request they go to the DMV to register the car in their name. Again, do not release the car to them at that point.

It would be my recommendation to accompany them to the DMV to speed things up. When you arrive, go directly to window 19 and ask for Vikki or Barbara and tell them you have an asset seizure vehicle to register. They will walk you through the process.

You will also need to write up an additional bill of sale and I have a canned language one saved in the VNET folder on the B-drive titled bill of sale.

#5) RELEASING THE CAR.

ROSEVILLE POLICE DEPARTMENT ASSET SEIZURE MANUAL

Once the purchaser presents you the necessary paperwork from DMV, you may release the vehicle to them. There is no established protocol on this; however, the easiest thing to do is actually do the exchange of keys for the cash at this point. If they are paying for with a cashier's check, you should have done a minimal effort to determine the check was valid.

#6) HOUSECLEANING RESPONSIBILITIES.

Once you have sold the car, there are several things you need to do before you close the case. Number one, you need to remove the vehicle from SVS. Number two, you need to deposit the funds into the Placer County Asset Seizure Account like you would any other seizure. Number 3, you need to update the asset seizure log. Number 4, you need to put a copy of all the forms you made and filled out into the asset seizure file

FOREWORD

Investigations of officer-involved fatal incidents are frequently more complex and demanding than other incidents which do not involve peace officers or custodial officers. Applicable administrative, criminal statutory and case law is complex and often contradictory. The collection of evidence and its analysis is at issue long after the incident. Questions arise about the propriety of a law enforcement agency conducting an investigation wherein one of its own officers is involved. Public and news media attention is intense.

The potential social, civil, administrative and criminal consequences of officer-involved fatal incidents are profound and affect many parties. If adequate safeguards are not delineated in advance, the public's "right to know" may well conflict with the progress of the investigation and the "right to a fair trial". When several agencies are involved, differences in policy, procedure, personnel, resources and interests may conflict, hamper or delay the investigative process.

As a result of these factors, this protocol has been developed to assist and guide individual agencies conducting investigations of officer-involved fatal incidents. The goal of this protocol is to help assure that such cases are fully and fairly investigated, and the proper dispositions of such cases are made based upon all the legally available, relevant evidence.

This document represents a consensus of Placer County Law Enforcement member agencies (PLEA) as to how such cases are to be coordinated. The protocol is not intended to increase the civil or criminal liability of member agencies or their employees and shall not be construed to create any mandatory obligations to, or on behalf of, third parties. Agencies represented should review their related policies and make every effort to avoid conflict with this protocol.

A. GENERAL POLICY STATEMENT

1. Investigations of officer-involved fatal incidents will be conducted to develop all available relevant information about the incident. They will be performed in a manner that provides for a thorough investigation that is free of conflicts-of-interest. The goals of such investigations are to determine:
 - a. The existence or non-existence of a crime; if a crime does exist, determine:
 1. The degree of the crime.
 2. Any legal or factual defenses to the crime.
 3. The existence of any factors which would mitigate or aggravate punishment for the criminal conduct.
 - b. The identity of the person(s) responsible.
2. The investigations shall be performed in a manner consistent with the rules of admissibility of evidence in a criminal hearing. Any administrative investigation shall be separate and distinctly different from the Incident Investigation.
3. The investigation of each Incident will commence as promptly and practicable after the occurrence.

B. DEFINITIONS

1. Officer-Involved Fatal Incident

For the purpose of this protocol, an "officer-involved fatal incident" is any incident in which a peace officer or custodial officer, acting under color of authority, is directly involved where death or the serious likelihood of death results. Such incidents include but are not limited to:

 - a. Intentional shootings.
 - b. Intentional act on the part of an officer which causes death of another or causes such an injury that death is imminent.
 - c. Death of person while in custody, or under peace officer or custodial officer control, when the officer is directly involved or whose act may be the "proximate cause" of the death or injury.

- d. Accidental discharge of a firearm on the part of an officer which causes death of another or causes such an injury that death is imminent.
- e. Use of an instrument in an accidental or intentional manner which causes death of another or causes such an injury that death is imminent.

2. Peace Officer and Custodial Officer

- a. Local law enforcement officers defined by Penal Code, § 830.1 et seq. (e.g., Municipal Police, Sheriff, D.A. Investigators, Coroner Investigators). Probation Officers are defined by Penal Code § 830.5
- b. Custodial Officers (e.g. Sheriff Correctional Officers).
- c. State Officers, (e.g. CHP, DOJ, Park Rangers, Parole Officers).
- d. Federal Law Enforcement Agents

3. Primary Agency

The agency(s), with geographic jurisdiction over the incident.

4. Employing Agency

The agency which employs the involved officer.

5. Officer-Involved

- a. Officer whose act may be a "proximate cause" of the injury to another person; or
- b. Officer who may intend that his/her act be a "proximate cause" of the injury to another person.

6. Proximate Cause

A cause which, in a natural and continuous sequence, produces the injury, and without which the injury would not have occurred.

7. Incident Investigators

The persons assigned by the primary agency(s) and the District Attorney's Office to conduct the incident investigation.

C. INVESTIGATIVE RESPONSIBILITY

1. The responsibility for conducting the incident investigation rests with the primary agency, which has the ultimate responsibility for the preservation and security of the scene(s). Collection of evidence at the scene(s) and from the involved officer(s), such as equipment and/or vehicles, is to be accomplished in a manner consistent with the involved agency's policy.
 - a. Initial officers at the scene will make all reasonable efforts to preserve and secure the scene, pending the arrival of the incident investigators.
 - b. The primary agency usually will conduct its own investigation. However, it may seek investigative assistance from the District Attorney or from other agencies.
 - c. If investigative assistance is obtained from another agency, the primary agency may maintain control of the investigation itself, or it may relinquish the primary responsibility for the investigation to the agency from which it obtained the assistance.
 - d. The DOJ Crime Lab or the crime scene unit of another jurisdiction may be called upon for assistance at the discretion of the primary agency.
 - e. In incidents where a vehicular collision or other vehicular movement is involved, another agency may be called upon for investigatory assistance in that phase of the incident Investigation.
2. Until agreement regarding investigative responsibility is reached among the various involved agencies in a specific case, immediate investigative responsibility is determined in this order:
 - a. The primary agency.
 - b. The agency whose on-duty employee, acting for a law enforcement purpose, was involved as the officer-involved.
 - c. The agency within whose jurisdiction the victim's body was first discovered after infliction of the injury.
3. If an on-duty peace officer is involved in an incident within the geographical jurisdiction of another agency, but was acting in the performance of his/her duties in connection with a criminal matter originating in his/her own jurisdiction, the primary agency may defer its

investigative authority to the officer's own agency, which will then investigate the incident as if it were the primary agency.

D. ROLE OF THE DISTRICT ATTORNEY

1. The District Attorney has the following roles in an incident investigation:

- a. Assist and advise the incident investigators on the various legal issues that may arise, including search and seizure, Miranda, identification procedures, arrests, elements of crimes, immunity, and voluntariness.
- b. Monitor the police investigation,
- c. When deemed necessary, perform an independent investigation, separate from that of the police investigation. The District Attorney will notify the primary agency if an independent investigation is being conducted, except if such notification would compromise the integrity of the independent investigation.

A District Attorney investigator assigned to participate as an incident investigator assisting or teamed with a primary agency incident investigator will not be a member or participant of an independent District Attorney investigation unless the primary agency is notified of such a dual role.

- d. Determine if criminal liability exists. If so, prosecute as appropriate.

E. NOTIFICATIONS

1. Upon identifying an occurrence as being an "officer-involved incident", the primary agency shall make the following notifications as promptly as possible:

- a. Intra-department, as required by that agency's procedures;
- b. Employing agency (If different from the primary agency);
- c. District Attorney's on-call investigator (via PCSO Dispatch);
- d. Upon confirmation of a fatality, the Coroner's Office.

F. SCENE PROCEDURES AND SECURITY PENDING ARRIVAL OF INVESTIGATORS

1. Emergency life saving measures have the first priority. If a person is transported to a medical facility with injuries, an officer should accompany that person in the same vehicle for the following purposes:
 - a. Preserve, safeguard and maintain the chain of evidence.
 - b. Obtain a dying declaration if appropriate, witness and document any spontaneous statements made to medical staff.
 - c. Maintain custody if the person is under arrest, ensuring the preservation of his/her clothing and possessions.
 - d. Provide information to and from the medical personnel. (If airlifted, immediate response to hospital is required.)

2. Pending arrival of the primary agency and incident investigators, the scene(s) should be secured immediately, with a perimeter established for each scene a sufficient distance away to safeguard evidence.
 - a. Access should be limited to only those who must enter for official reasons.
 - b. When not needed for life saving efforts, entry by fire and ambulance crew-members should also be limited to those whose presence is necessary.
 - c. A log, started as soon as possible, should be kept of the identities of all persons entering the scene, the time of their entry and exit, and the reason for the entry of each.

3. Whenever possible all witnesses and involved officers should be separated as soon as practical after the incident to ensure that statements and recollections of events are independent.
 - a. In cases of a death in a jail or detention facility, all persons, including prisoners, who may have witnessed events leading up to the death shall be identified and separated pending interviews by investigators.

4. Ultimately, the primary agency has the responsibility for securing and processing the crime scene, including the involved officers.
 - a. Evidence collection, witness coordination and general crime scene processing will be under the authority and follow the procedures of the primary agency. The primary agency may defer its investigative authority to the employing agency.
 - b. Physical evidence at the scene which is in danger of being contaminated, destroyed or removed must be promptly and effectively observed, recorded and then protected for subsequent collection.
 - c. The primary agency and the employing agency should coordinate the collection of an officer's firearm to ensure that a replacement weapon is exchanged at the time of collection.

G. INCIDENT INVESTIGATION VS. ADMINISTRATIVE INVESTIGATION

1. This protocol is intended as an inter-agency guideline and resource concerning the incident investigation of an officer-involved fatal incident. This protocol is not intended to address issues concerning the administrative investigation of the incident.
 - a. The administrative investigation is the function of the agency employing the involved officer and will include administrative and non-criminal matters that are not within the scope of the incident investigation.
 - b. At the onset of the investigation of an Incident, there must be an immediate and clearly defined distinction between the incident investigation and the administrative investigation.
 - c. The agency employing the involved officer, whether it is the primary agency or not, has an interest in the outcome of the incident investigation and may utilize the results of that investigation for its own non-criminal purposes (e.g., determination of possible violations of departmental regulations; establishing suitability for duty; training; for use in civil suits or administrative claims brought by or against the agency, etc.).

H. INTERVIEWS WITH PEACE OFFICER AND CUSTODIAL OFFICER EMPLOYEES

1. Interviews with peace officer and custodial officer employees should be conducted by the investigator(s) from the primary agency. The primary agency will coordinate interviews of any involved officer or witnesses that are consistent with the employing agencies policies and POBR (Public Safety Officers Procedural Bill of Rights Act).
The employing agency is responsible for facilitating the well-being, the transportation from scene, housing or staging, and other personal needs of the involved peace officer.
 - a. Interviews of the officer(s)-involved or witnesses to an Incident should be recorded. The primary investigating agency will follow the current policy of the agency which employs the involved employee(s) regarding the pre-interview review of relevant video images. Relevant video images are video recordings of the fatal incident which were made from a visual perspective which the involved officer most likely experienced.
 - b. The assigned District Attorney investigator and employing agency representative, if not physically present during the interview, will be permitted to monitor the interview or have immediate access to any tape recording made of the interview.
2. If, prior to or during the interview, it is deemed that the involved officer may be charged with a criminal offense, and the interview becomes custodial, the officer shall be immediately informed of his/her constitutional rights pursuant to the Miranda Decision.
To ensure the voluntariness of an interview with an involved officer, which has not reached the level of a custodial interrogation, the incident investigator may wish to advise him/her as follows:
 - a. The involved officer is not in custody and is free to leave the interview.
 - b. The involved officer is not obligated to answer incriminating questions, and answers that are given may be used against him/her in court.
3. The involved officer may consult with a representative prior to being questioned by the incident investigators. Some or all of these considerations may be applicable:
 - a. The consultation should not be allowed to materially impede the investigation.
 - b. The representative should be permitted to consult with only one involved officer at a time.

- c. To ensure the integrity of each interview, it is important that recollections and other comments about the Incident not be relayed through such representatives among the interviewees, officers involved, any witness officers, or civilian witnesses.

I. INTOXICANT TESTING

1. If the incident investigators determine that a peace officer's state of sobriety is relevant to the Incident Investigation, they shall proceed as they would with any civilian person in a similar situation. Their options are to:
 - a. Obtain a blood sample for alcohol testing, and/or urine sample for drug testing, with the officer's valid consent;
 - b. Obtain the blood sample for alcohol testing, and/or urine sample for drug testing, incidental to the arrest of that person for a crime; or
 - c. Obtain the blood sample for alcohol testing, and/or urine sample for drug testing, pursuant to a search warrant.
2. In the event appropriate physiological samples are not obtained from a peace officer as part of the incident investigation, the employing agency (whether or not it is also the primary agency) may wish to obtain such sample(s) for administrative employment-related purposes.
3. If the employing agency asks for a physiological fluid sample for administrative purposes after the Incident Investigators have either been unable to obtain a sample or have decided against obtaining one, the employing agency will be accommodated as much as possible. The employing agency's efforts to obtain a sample should not interfere with the incident investigation.
4. An employee officer may volunteer to provide a physiological fluid sample for intoxicant testing even if the incident investigators and employing agency have not ordered one. Similarly, a person from whom the incident investigators or the employing agency has taken a sample may wish to have a second sample taken for independent testing.

J. AUTOPSY

1. At least one of the primary Incident Investigators shall attend the autopsy. A member of the District Attorney's staff and a representative of the involved law enforcement agencies may also be present.

2. The incident investigators (evidence collection team) have the responsibility for the collection and documentation of physical evidence at the autopsy.
3. The pathologist should receive a full and complete briefing prior to the post-mortem examination. The briefing should include all information known at that time which may be relevant to the establishment of the cause, manner and means of decedent's death.
4. Incident investigator(s) and a member of the evidence collection team should be present at the briefing.

K. NEWS MEDIA RELATIONS

1. A representative of the primary agency is in the best position to comment about the facts of the case and the progress of the investigation. When multiple agencies are involved or have knowledge of an Incident, the following information release guideline should be followed:
 - a. The primary agency should assign a particular individual(s) to be the sole contact with the news media to manage the release of information and to minimize interruptions to incident investigators. If this is not feasible, a particular job assignment (e.g., Watch Commander) should be designated.
 - b. If incident investigators determine that the release of a specific piece of information would materially jeopardize the investigation, they shall notify those agencies possessing that knowledge of the hazards of releasing it.
 - c. Agencies and individuals that are not well informed and intimately involved with the investigation's results and progress should not make statements to the press. As in all other instances, care must be taken to insure that intentionally misleading, erroneous or false statements are not made.
 - d. The interest of the public's right to know what occurred must be balanced with the requirements of the investigation and with the right of a defendant to receive a fair trial.

2. Other agencies may also be contacted by the news media for information about the Incident, including:

a. The Employing Agency

1. If the employing agency is not also the primary agency, it should coordinate any information release with the primary agency and limit its comments to the following areas:
2. The employer-employee relationship, however, the names of the involved officer(s) should not be released until at least 24 hours have passed after the Incident, to allow time for appropriate notifications to be made.
3. Information which has been cleared for release by the primary agency.

b. The District Attorney

1. After receiving the case from the agency, the District Attorney may disseminate the following:
 - a. Description of the accused, including name, age, occupation, citizenship and whether the suspect is single, married or divorced.
 - b. General description of the crime.
 - c. The circumstances immediately surrounding the arrest, including the time and place of arrest, pursuit and/or use of weapons, the identity of the arresting officer or agency and length of investigation.
 - d. General description of the victim (except for sexual assault, domestic violence, stalking victim or at-risk persons) including age and occupation, but not addresses or phone numbers
 - e. Description of principle charges and allegations or enhancements in the charging document.
 - f. Information contained in the public record, including the complaint, and any information made part of the public at arraignment, bail review, preliminary hearing or trial

- g. Penalty range for the charged offenses or the sentence imposed.
 - h. Amount of bail and location of the jail.
 - i. Court dates and explanation of the court process.
 - j. Description of any motions filed if they are in the public record.
 - k. A call for public assistance in providing information to aid in an investigation.
 - l. A warning of danger regarding an at-large suspect.
2. The District Attorney should not disseminate the following:
- a. Any statement that has a “substantial likelihood of materially prejudicing an adjudicative proceeding in the matter;”
 - b. The name of an accused juvenile, unless the minor is deemed a 602 ward and charged with a serious or violent felony under W&I 676;
 - c. The subject of any gag order;
 - d. A confession or admission of a suspect or defendant;
 - e. A statement regarding the suspect or defendant’s refusal to make a statement;
 - f. The prior criminal history of the suspect or defendant unless it is part of the criminal pleading or crime under investigation;
 - g. Identity, testimony or comment on the credibility of any prospective witness;
 - h. Statements that violate existing gag orders or statutory rules of confidentiality;
 - i. Possibility of a guilty plea to the offense charges or a lesser offense;

- j. The prosecutor's personal belief in the guilt of the suspect or defendant;
- k. The identity of a sexual assault victim, domestic violence victim, stalking victim, confidential informant, or any at-risk person involved in the criminal matter;
- l. The results of examination or the defendant's refusal to submit to certain examinations (e.g., lineup, polygraph, blood-alcohol, DNA, or voice sample);
- m. The events of a closed courtroom session or secret Grand Jury proceeding;
- n. The contents of a probation report if has not been entered in the public record.

c. The Coroner's Office

Information obtained from the Incident Investigators or from the involved agencies will not be released by the Coroner's Office without prior clearance from those agencies. Release of information will generally be limited to the following:

1. Autopsy findings, including the condition of the deceased, the cause of death, and toxicology test results, after the involved agencies have received this information.
2. The identity of those present at the autopsy, including the identity and affiliation of the pathologist(s).
3. The general nature of further medical testing or medical investigation to be done.
4. Information obtained by Coroner's investigators directly from medical sources, the deceased's family members, or witnesses, except where prohibited by statute (56.10 Civil Code)
5. The role of the Coroner's Office in the investigation of death, in general terms.

L. ACCESS TO REPORTS AND EVIDENCE

1. Material created or collected by the primary agency's incident investigators, as well as by any other assisting agencies, will be made

available in a timely manner to those agencies which have a "need to know" and which are legally authorized to receive the information. The material may include:

- a. Reports written and collected.
 - b. Physical evidence obtained.
 - c. Photographs and diagrams.
 - d. Audio/video recordings.
2. Agencies that may "need to know" include:
- a. Investigating agencies.
 - b. The employer of any involved peace officer.
 - c. The District Attorney.
 - d. The Crime Laboratory.
 - e. The Coroner's Office.

M. TRAINING

1. All affected agencies are strongly encouraged to provide training to their employees regarding this protocol, including:
 - a. The responsibilities of the incident investigators and first responders to the scene of an officer-involved fatal Incident;
 - b. The investigative process of an involved-officer fatal incident.
2. The employing agencies are further encouraged to develop additional guidelines that emphasize the well being of the involved officer(s), both during and after the investigation.

INTRODUCTION

1. Beginning in July of 1998, representatives from the Placer Law Enforcement Agencies (PLEA), Department of Health and Human Services (HHS), Sutter Hospital Corporation and Charter Hospital Corporation worked together to develop a countywide Welfare and Institutions Code Section 5150 (WIC 5150) protocol, for the purpose of having consistent procedures and practices. From 2006 to 2008, representatives from PLEA, HHS, Sutter Hospital Corporation, Sierra Family Services, Burrows Security, Emergency Medical Service, and Telecare have worked together to revise the protocol, for the purpose of having consistent procedures and practices countywide.

2. The purpose of this protocol is to provide a coordinated response to individuals (children, adults, and older adults) who appear to be experiencing a crisis. Crisis situations may include psychiatric, emotional, substance abuse, or serious family problems. Crisis for children or older adults may also be the result of abuse or neglect (please refer to the Placer County Child Protection Protocol for specifics on responding to issues of child abuse or neglect). Persons who are assessed as being a danger to themselves, a danger to others, or gravely disabled require a thorough assessment and may require medical intervention or involuntary psychiatric treatment.

3. The provision of emergency psychiatric treatment within the larger context of other emergency services. The highest priority for emergency services is public safety. The next highest priority is for emergency medical treatment. After these conditions have been attended to, then we can appropriately provide emergency psychiatric treatment to those in need.

4. Placer County System of Care, contractors, Sierra Family Services and Burrows, Sutter Hospital, Emergency Medical Service, and representatives of PLEA, have reviewed and updated the Placer County 5150 Emergency Response Protocol to reflect changes of moving emergency response from Cirby to SRMC. 5150 evaluation and response occurs at the following sites:

- Sutter Roseville Medical Center (SRMC)
- Auburn Faith
- Jail
- Juvenile Detention Facility

I. Definitions

1. ACCESS: Adult, Child, and Community Emergency Services System. ACCESS is a unit of the Placer County Department of Health & Human Services. It is charged with the responsibility of emergency response, assessment and short-term services to children, families, adults, and older adults. Emergencies may be psychiatric or related to abuse or neglect. ACCESS combines the responsibilities formerly assigned to Child Protective Services (CPS), Adult Protective Services (APS), and Mental Health Community Response Services (Crisis Intervention). After hours ACCESS also provides emergency response for the Placer County Public Guardian.

2. CFMG: California Forensic Medical Group (CFMG) is the contract agency responsible for providing medical and psychiatric services to the inmates of Placer County Jail, minimum security barracks, and Placer County Juvenile Hall.

3. E.D. - Emergency Department: "E.D." throughout this document shall refer to the Emergency Department in the hospitals designated in Placer County.

4. HHS: Health and Human Services: A public agency providing social services to a wide variety of individuals throughout Placer County. Those served include children and adults. Within the department is the ACCESS Unit, which provides 24-hour 5150 Assessments and APS emergency evaluations. All requests for services come through the 24-hour intake phone numbers, for Roseville (916) 787-8860 or toll free 888-886-5401.

5. Hospitals: Sutter Roseville Medical Center, Sutter Auburn Faith Hospital, Tahoe Forest Hospital, and Kaiser Hospital are the primary providers of emergency medical care within Placer County. When a medical emergency occurs, person(s) in Placer County will most likely be transported to one of the above sites depending on acuity and medical coverage for immediate medical assessment and intervention.

6. L.P.S.: The Lanterman Petris Short (LPS) Act was enacted in 1968 to provide a system of care in each community for persons with severe and/or acute mental health issues. This act spells out the parameters for providing both voluntary and involuntary mental health treatments.

7. Law Enforcement: Includes those Placer County peace officers working for police departments, the Sheriff's Department, and the Probation Department who are signatories to this protocol.

8. Medical Clearance: A patient is medically cleared after being examined by a physician, determined to be medically stable, not requiring medical hospitalization, is physically able to be

transported to and treated at the Telecare Placer County PHF or other appropriate level of psychiatric facility (med-psych-adolescent). Options are as follows:

- a. Individuals transported by law enforcement or ambulance to the hospital ED; the ED physician must medically clear the patient and gain concurrence of the admitting psychiatrist before the patient is transferred to the psychiatric facility.
- b. Those individuals admitted to the hospital must be medically cleared by attending physician prior to admit to Psychiatric facility.
- c. Individuals will be assessed for the level of psychiatric care based on their medical needs. See Addendum ___ for medical conditions PHF's can't treat.

9. **Psychiatric Hospitals:** A Psychiatric Hospital is a licensed facility certified to provide in-patient psychiatric care. Each facility must be designated by the host county Board of Supervisors as a 5150 facility in order to provide involuntary treatment. Psychiatric Hospitals are not full-service medical facilities, and their license limits the types of medical problems they can treat to non-invasive outpatient procedures. Psychiatric Hospitals who may accept Placer County patients include Sutter Center for Psychiatry, Heritage Oaks, Kaiser South, Sierra Vista and California Specialty Hospitals of Vallejo. Only Sutter and California Specialty can accept children under 12 years of age. Insurance coverage may dictate the choice of psychiatric facilities.

10. **Telecare Placer County Psychiatric Health Facility (PHF):** This is Placer County's designated W&I 5150 facility; it is an adult-only facility (age 18 and over). A PHF is a non-hospital, short-term, residential treatment program that provides emergency psychiatric assessment and acute psychiatric treatment to persons who are placed on W&I 5150 holds. The PHF is more limited than a psychiatric in-patient hospital. Licensure excludes persons requiring significant medical care. Persons with primary diagnoses of substance abuse may be admitted to the PHF, if they have psychiatric acuity requiring in-patient care and are safely past the risk of an abstinence syndrome. PHF's have the greatest restriction in the types of medical conditions that can be treated. See Section IX for these restrictions.

11. **Welfare & Institutions Code (W&I Code):** The Welfare and Institutions Code of California details the regulations for public services. Separate sections of the code deal with services to children, to persons with substance abuse issues, and to persons who are developmentally disabled (et al).

12. **Welfare & Institutions Code 5150:** States a person who, as a result of a mental disorder, is a danger to self, a danger to others, or gravely disabled may be held for up to 72 hours for observation and evaluation in a 5150 designated facility. Persons who are 21 years of age or older who have organic brain syndrome, dementia, Alzheimer type conditions, or other brain trauma may qualify for involuntary hospitalization under W & I 5150 if they are a danger to self/others or gravely disabled.

13. **AB1424:** States that relevant information, including information provided by the person's family about the historical course of a person's mental disorder may be considered when determining whether probable cause exists to involuntarily detain a person for 72-hour treatment and evaluation.

14. 5150 Facilities (see also Psychiatric Hospitals): The Board of Supervisors in Placer County has designated Telecare Placer County Psychiatric Health Facility as the only 5150 facility in Placer County. To be designated a 5150 facility, the facility must be certified by the State Department of Mental Health.

15. 5150 Personnel: According to the W & I Code, peace officers and/or “professional persons designated by the County” (Deerings Annotated W & I Code, pg. 198) are the only persons authorized to take a person into custody for 72-hour treatment and evaluation. Placer County Patients Rights Advocate maintains a current list of professional persons who are trained and designated by the County. (For specific information call the Patients Rights Advocates at (530) 886-5419).

II. Assumptions/General Agreements

The agencies involved in the development and implementation of this protocol have agreed to the following general principles:

1. As agencies/organizations serving the Placer County communities, we each have a responsibility to provide timely intervention to persons in crisis within our jurisdiction and within the scope of our service designation.
2. We are committed to maintaining individual and community safety, and therefore we will collectively implement an expeditious process for responding to persons who are in crises.
3. As agencies/organizations serving the Placer County communities, we will work together to implement the law as well as to efficiently and cooperatively utilize our combined resources.
4. We are committed to maintaining the confidentiality of any individual brought in voluntarily or involuntarily seeking a Crisis Assessment and intervention.
5. We are committed to timely services and assistance to those persons who are experiencing acute psychiatric or other serious life or emotional crises and elderly persons who are at risk of harm due to potential abuse or neglect, to protect their safety and the safety of others.
 - a. At times, these persons require voluntary or involuntary treatment in order to assure their safety and the safety of others.
 - b. Persons who may be experiencing acute psychiatric or other serious life or emotional crises and who also violate the law must be held legally accountable for their actions.
 - c. Persons who are experiencing acute psychiatric or other serious life or emotional crises that also have acute physical or medical needs must receive appropriate medical intervention. Acute physical/medical needs take priority over psychiatric needs.

6. When unusual circumstances arise that may require unique solutions, the preceding assumptions shall guide decisions.

7. If a 5150 patient elopes from a medical hospital, ACCESS, or the PHF, the appropriate law enforcement agency will be notified immediately.

I. Law Enforcement (Roles and Responsibilities)

1. 5150 Authority:

Law Enforcement personnel will make an application, authorized by the W & I Code, for a 5150 hold, to detain and to transport such an individual to an appropriate facility.

2. Welfare Checks:

Law Enforcement personnel shall respond to requests for “welfare checks” whenever a person is determined to be an imminent danger to self or others by another mental health or medical professional involved in this agreement. During the “welfare check,” Law Enforcement personnel shall consult directly with the professional requesting the courtesy assessment, as well as contacting the requesting party of the results of the “welfare check.”

3. Field Review Decision Tree:

The Law Enforcement 5150 Field review shall consist of the following:

- A. Need for Medical Attention: If the officer determines that the individual is in need of urgent medical attention due to his/her physical condition including, but not limited to; severe intoxication or signs of physical injury, or the individual is believed to have attempted suicide by overdose or poisoning, the officer should take the individual to the closest hospital for treatment. The officer must complete a crime report if physical or other symptoms of abuse are evident.
- B. 5150 vs. Incarceration: The officer will make a field decision as to whether they believe that the primary problem is alcohol or other drug(s) or if it is psychological. If they believe the problem is alcohol or other drug(s), the person should be booked according to department/agency policy. If it is believed to be a psychological problem, the person should be put on a hold and taken to the nearest medical facility if they are in need of urgent medical care. If there is any belief that the person may be experiencing dementia or other organic condition, they too should be taken to the nearest medical facility for care. Individuals who have Kaiser insurance should be taken to Kaiser hospital for a mental health crisis evaluation. All other individuals should be taken to Sutter Roseville Medical Center for a mental health crisis evaluation: however the Law Enforcement officer may contact Sutter Roseville Medical Center and then determine if a hospital closer to the residence of the individual would be more appropriate.
- C. Adult Protective Services Emergency Referrals: Law Enforcement may encounter a situation involving a Dependent Adult, an individual between the ages of 18-64, that is disabled, or an Elder Adult, an individual that is 65 years of age or older, who is at risk of harm. If the individual requires a 5150 evaluation, the officer will do the assessment and transport the client to the nearest medical facility. If the individual requires an APS assessment not related to a 5150 hold, the officer will

call ACCESS and initiate an APS referral. This may be handled as an emergency or as a 10-day response, depending on the situation as assessed by Crisis Staff.

- D. OBS/Alzheimer's/Dementia: Persons who are 21 years of age or older who suffer from Organic Brain Syndrome, Alzheimer's or Dementia type disorders may be admitted to psychiatric facilities in emergency situations on a 5150 hold if they also meet the criteria for danger to self, danger to others or grave disability. Psychiatric hospitalization is intended to be temporary for purposes of personal or public safety but not to replace more appropriate long-term placement or care. If Law Enforcement personnel places an individual who may suffer from Organic Brain Syndrome, Alzheimer's or Dementia type disorders on a 5150 hold, the individual should be transported to the nearest medical facility for medical clearance.
- E. Release of Officer: Law Enforcement personnel transporting a person on a 5150 hold to a hospital for medical clearance examination shall be released by the lead physician or designee providing medical care, as soon as an orderly transfer of the patient and of pertinent information/documentation has occurred, unless the patient is violent, assaultive or unmanageable, and/or based on the acuity of individuals on 5150's at any given time would require Law Enforcement's presence.

4. Transportation of Patients:

Law Enforcement is responsible for transporting or arranging transportation for WIC 5150 individuals to the appropriate facility: the nearest hospital if medically prudent, Kaiser Hospital if the individual possesses Kaiser insurance, or the Sutter Roseville Medical Center. The on-duty Law Enforcement supervisor may direct officers to transport individuals, either in a patrol vehicle or by ambulance, whichever is most appropriate, to the appropriate facility. If the individual is transported by ambulance the officer shall meet the ambulance at the facility and assist with the individual's transfer and provide completed documentation for the WIC 5150 application.

5. At Sutter Roseville Medical Center:

Individuals who: do not require urgent medical attention; who do not appear to be experiencing an Organic Brain Disorder or Alzheimer/Dementia Disorder; and/or are not in possession of Kaiser insurance may be brought to Sutter Roseville Medical Center for evaluation, regardless of residency.

- A. Arrival at SRMC: Law Enforcement will bring individuals in through the ambulance bay at the emergency department. They will then check in at the ambulance triage area for direction from hospital personnel as to the appropriate space for the individual.
- B. Transfer of the individual: The transfer of the individual will occur between Law Enforcement officer and hospital staff. During the hours of 4pm to 3am there will be Placer County contracted security staff in the designated area. The security staff and Law Enforcement may work together to ensure the individual is adequately settled into the facility prior to the transfer of responsibility. If the individual is so agitated as to present a continued or serious threat to themselves or others, the Law Enforcement officer will continue to assist the security staff to help ensure safety.
- C. Paperwork: The transfer of the individual includes the provision of the completed documentation for the WIC 5150 application to the hospital chart.

- D. Release of the officer: The Law Enforcement officer will only be released from the Sutter Roseville Medical facility by the lead physician or designee who is providing medical care/clearance for the individual. Said release will occur when the responsibility of the individual has been transferred, unless the individual is violent, assaultive or unmanageable, OR in the absence of a Placer County Contracted security officer, acuity dictates Law Enforcement presence. The jurisdiction that originated the hold should remain or return to provide coverage.
- E. Guarding an Inmate on a 5150 Hold
Law Enforcement personnel shall only be required to remain with a person on a 5150 hold in a medical facility when he/she is violent, assaultive or unmanageable. (See below, Placer County Corrections Division MOU for In-patient Mental Health Services).

IV. Adult Child and Community Emergency Services System (ACCESS) (Roles and Responsibilities)

1. 5150 Authority

ACCESS, their designees, and other HHS staff are trained and authorized to complete 5150 evaluations for persons in crisis in Placer County, if not previously completed by Law Enforcement.

2. Welfare Check

ACCESS and designated County staff will request “Welfare Checks” from Law Enforcement only when the staff believes that a person is at imminent risk of harm to self or others, and no other means of intervention has been or will be successful. ACCESS or HHS staff will provide any information necessary to assist Law Enforcement personnel in maintaining individual and public safety. ACCESS or other County staff should communicate with Law Enforcement personnel through dispatch personnel. ACCESS and other designated County staff will have cellular phones and pagers available in the event the officer on scene requires direct contact. Additionally, when requesting a welfare check, ACCESS staff will request that the officer contact them with the results when the check is completed.

3. Psychiatric Evaluations and other Services

ACCESS staff has the ability to complete mental health crisis assessments, 5150 applications, crisis interventions, and other emergency interventions for persons in Placer County, as well as, review 5150 holds placed on persons by other agencies.

4. Response Locations

ACCESS staff are available 24 hours per day, 7 days per week to provide mobile crises 5150 evaluation response to the following locations:

- A. Placer County Jail/Barracks
Placer County Juvenile Hall
Sutter Auburn Faith Hospital

- B. ACCESS is located at Sutter Roseville Hospital for on-site mental health crisis evaluations and support, if time permits, during the following hours: 2pm to 8am Monday through Friday and 8am to 8am on weekends and holidays.
- C. ACCESS will not respond to other public places or private residences for purposes of 5150 evaluations or mental health crisis response.

If there is an immediate safety or security issue, Law Enforcement should be called first. ACCESS will respond once Law Enforcement has secured the scene. Exceptions must be negotiated between supervisors/managers.

5. Response Times (for locations listed other than SRMC)

ACCESS staff will respond to requests for face-to-face emergency crisis evaluations within the following time frames:

- A. 8:00 a.m. – 5:00 p.m., Monday through Friday, the average door-to-door response time is 30 minutes from the time of the original request after the medical clearance.
- B. After 5:00 p.m., nights, weekends and holidays, the average door-to-door response time is 60 minutes from the time of the original request after the medical clearance.

6. Perform W & I Code 5150 hold evaluations

- A. Complete a mental health crisis evaluation; In the course of completing the 5150 evaluation, the ACCESS staff will complete a mental health crisis evaluation.
- B. Consult with Law Enforcement and Hospital Staff; In the process of completing the crisis evaluation, the ACCESS staff will consult with Law Enforcement and treating Hospital Staff for collateral information.
- C. To release individual from 5150 hold; If the individual is brought in by Law Enforcement staff on a 5150 hold and the ACCESS staff, after completing the crisis evaluation, believe they do not actually meet criteria for the 5150 hold, the ACCESS staff member must contact the Placer County on-call psychiatrist to release the hold and will document this consultation on their bio-psychosocial assessment, as well as the hospital medical records. Additionally, the ACCESS staff will facilitate the required doctor to doctor consult between the Placer County psychiatrist and the hospital treating physician.
- D. If individual meets criteria for 5150 hold; If, after completing the crisis evaluation, the ACCESS staff member determines the individual meets criteria for a 5150 hold, the ACCESS staff will locate a psychiatric facility to accept the individual and will consult with the accepting psychiatric facility's on-call psychiatrist to confirm the hold.
- E. Evaluations of Hospital In-patients; When treating hospital staff request a 5150 evaluation for those in-patient individuals who are medically cleared, ACCESS staff will respond to these requests in the same way as they respond in the emergency department and will check-in with the medical social worker or hospital staff.
- F. Transportation of the individual to the accepting psychiatric facility; The ACCESS staff member will facilitate the transportation of the individual from the location of the 5150 assessment to the accepting psychiatric facility. They will ensure the

integrity of the documentation required by the transportation company, as well as the accepting facility. ACCESS staff will not transport individuals on a 5150 hold in private or county vehicles, if there is no ambulance available for transport, Law Enforcement personnel may transport such individuals to the accepting psychiatric facility.

7. Consult with Medical Staff regarding required medical clearance evaluations

Assist in the facilitation of required medical evaluations; The final determination of medical clearance lies with the hospital physician. If the accepting psychiatrist does not concur with the medical clearance, the treating hospital maintains responsibility for the disposition of the patient until such time that medical clearance is agreed upon. The ACCESS staff will facilitate a doctor-to-doctor consultation. The hospital physician shall report his/her findings directly to the psychiatrist prior to the individual's transfer, in writing via medical records provided to the ACCESS worker to be sent to the accepting facility with the psychiatric documents. The hospital physician may consult with the Placer County on-call psychiatrist directly if appropriate.

8. Develop appropriate after-care plan for those individuals who do not meet criteria for a 5150 hold

- A. Consult with individual and individual's support system; The ACCESS staff member will consult with the individual and the individual's support system, if appropriate, as to appropriate resources to ensure client's safety.
- B. Refer to Placer County Crisis Triage Team; Regardless of the individual's ability to access their own on-going services, the ACCESS staff member will refer the individual, via the completed mental health evaluation form, to the Crisis Triage Team for follow-up services.
- C. Consult with Hospital Staff in the formulation of the plans; For those individuals who do not require placement in a 5150 facility, the ACCESS staff and hospital staff will collaborate on an appropriate discharge plan. The ultimate responsibility of the discharge plan rests with the treating hospital, but ACCESS staff will provide assistance in the development and implementation of the plan, if appropriate. ACCESS staff will be responsible for the mental health component of an outpatient follow-up plan and will assist with transportation and housing as needed.
- D. Documentation: The ACCESS staff member will document clearly on the mental health crisis assessment the evidence to either support a 5150 hold, or to not place the individual on the hold. The relevant paperwork will be faxed to intake upon completion, and originals will be placed in the locked bag for transportation to the ACCESS offices. The ACCESS staff member will also clearly document in the hospital chart as to: the outcome of the assessment; which doctors were consulted; the discharging physician and/or any psychiatrist who may have lifted someone from a 5150 hold; the psychiatric facility where the individual was sent (if appropriate); the company transporting the individual (if appropriate); as well as the after care plan.
- E. ACCESS staff will provide a copy of the crisis assessment for the hospital medical record. This information will be maintained in a separate section of the record and identified as confidential. The information is allowed to be shared between Placer

County and the hospital under HIPAA and California Law as health care professional to health care professional.

9. While at Sutter Roseville Medical Center

- A. Provide mental health information to Sutter Roseville Staff; The primary responsibility of ACCESS staff is to perform the crisis assessments and facilitate an appropriate after-care plan. However, if time permits ACCESS staff will provide mental health information to SRMC staff in regards to individuals who may be in mental health distress, but not require a crisis assessment.
- B. Provide direction to the Placer County contracted Security staff
 - 1. Inform Placer County contracted Security staff as to mental health status of individual and provide direction to security staff as to the individual's needs, and how to best interact with the individual. The ACCESS staff member will keep security staff informed of the mental health condition of individuals, to include potential violence or flight risk.
 - 2. The ACCESS staff member will inform Placer County contracted Security staff as to the outcome of the assessment and will solicit the assistance of the security staff in the implementation of any immediate plan such as locating an accepting psychiatric facility, transportation to the psychiatric facility, or assistance in obtaining transportation home.

V. Placer County Contracted Security Staff (Roles and Responsibilities)

- A. Assist to ensure the continued safety and stability of the individual:
 - 1. Physical needs of the individual; The Placer County Contracted security staff will make every effort to ensure that the individual does not attempt to harm himself or herself while at the Sutter Roseville facility. They will primarily use verbal intervention skills to achieve this goal, in conjunction only with medical intervention, but may use physical restraint if necessary. Additionally, they will work with hospital staff to ensure the physical needs of the individuals are met. Such needs may include finding refreshments and escorting the individual to and from the bathroom facilities.
 - 2. Continued presence at the Sutter Roseville Facility; The security staff will help to ensure that the individual will remain at the facility until such time that county and hospital staff have deemed that they are safe to be released. The security staff will use verbal interventions primarily to intervene if an individual states their intention is to leave against medical advice. If the individual is insistent, and they are already on a 5150 hold, physical restraint may be utilized, in conjunction with medical intervention. If the individual is not already on a 5150 hold and is insistent on leaving, the staff will follow the individual, while at the same time working with hospital and/or county staff to ensure 911 is called. The security staff will follow the individual until Law Enforcement arrives, maintaining contact with Law Enforcement via cell phone, and will try to ensure the individual does not allow themselves to come to any harm.
- B. Ensure the safety of the hospital, ACCESS personnel and community:

The Placer County Contracted security staff will help to ensure that the individual does not harm hospital, ACCESS personnel or community members. They will primarily use verbal intervention skills to achieve this goal, but can use physical interventions, in conjunction with medical intervention, if necessary. If the individual is so agitated as to present a continued or serious threat, the security staff, in conjunction with hospital and ACCESS personnel, will contact Law Enforcement personnel to respond.

- C. Assist in the discharge plan of the individual:
1. If the individual is deemed to meet criteria for a 5150 hold; The Placer County Contracted security staff will work in conjunction with ACCESS personnel to ensure the individual is transported swiftly and safely to an appropriate psychiatric facility. Additionally, they will work with ambulance personnel when they arrive for the individual to ensure the individual is transferred to the ambulance safely.
 2. If the individual is deemed to not meet criteria for a 5150 hold; The security staff will work with ACCESS personnel to ensure that the individual is able to return to their community of choice. Such duties may include contacting family members, (with permission), or transportation as needed.
 3. Communicate with hospital staff; The security staff will check-in with the hospital shift coordinator as to the status of the individuals when they start their shift, as their shift progresses and one half hour prior to their end of shift.

VI. Placer County Corrections Division (Roles and Responsibilities)

In order to address the involuntary psychiatric evaluation and needs of the inmates of Placer County's Corrections Institutions (i.e., Placer County Jail, Placer County Juvenile Detention Facility, and Placer County Minimum Security Barracks), the Placer County agencies involved in their care (i.e., Placer County Sheriff's Department, Placer County Probation Department, Placer County Department of Health & Human Services, and the California Forensic Medical Group) have developed a separate protocol to assure clear delineation of roles and responsibilities. The protocol is included in Addendum A* of this agreement. (*Placer County Corrections Division 5150 Protocol. This document will be revised at a later date.)

VII. Hospitals (Roles and Responsibilities)

Each of the Medical Hospitals and their Emergency Departments involved in this agreement (i.e., Sutter Roseville Medical Center; Sutter Auburn Faith Hospital, and Tahoe Forest Hospital) agree to the following guidelines:

1. Medical Clearances
 - a. Medical Evaluation of 5150 Patients
Individual's experiencing psychiatric crisis who come or are brought to the ED for assessment or treatment become emergency department patients at the time of registration. They are to be treated with the same medical evaluation, physical examination, and triage principles applying to any ED patient. Until referred to

another venue of treatment or discharged stable, each patient is under the primary clinical care of the physician-in-charge. Psychiatric facilities require some medical clearance of individuals prior to admission to the facilities. The final determination of medical clearance lies with the accepting physician. If the accepting psychiatrist does not concur with the medical clearance, SRMC maintains responsibility for the disposition of the patient until such time that medical clearance is agreed upon. The Access staff, if necessary, will facilitate a doctor-to-doctor consultation. The SRMC physician shall report his/her findings directly to the psychiatrist prior to the individual's transfer, in writing via medical records provided to the ACCESS worker to be sent to the accepting facility with the psychiatric documents. The SRMC physician may consult with the Placer County on-call psychiatrist directly if the ACCESS staff is not immediately available for assessment.

b. 5150 Evaluation of Medical Patients in the Emergency Departments

In cases where an individual presents directly to the ED, absent contact with Law Enforcement or ACCESS, the ED may contact ACCESS and request a 5150 evaluation. Similarly, hospital staff may contact ACCESS to perform a 5150 evaluation for any hospitalized patient that requires this level of evaluation.

2. Need for Law Enforcement Stand-By/Back-Up

a. To Emergency Department:

Law Enforcement personnel transporting a person on a 5150 hold to a hospital for medical clearance examination shall be released by the lead physician or designee, providing the medical care, as soon as an orderly transfer of the patient and of pertinent information/documentation has occurred, unless the patient is violent, assaultive, or unmanageable and his/her behavior requires Law Enforcement's presence.

3. Notification of ACCESS

Once a patient has been placed on a 5150 or it is determined a patient should be evaluated for a 5150, hospital staff will notify Placer County ACCESS. ACCESS staff are then responsible for providing a face-to-face evaluation of the patient and facilitating the transfer and admission of medically cleared patients to appropriate psychiatric settings. ACCESS will respond to evaluate patients within 30 minutes during regular business hours, and within 60 minutes after hours, holidays, and weekends. When the individual is fully ready to participate in the psychiatric evaluation the hospital will provide the patient's name, date of birth, presenting problem and whether or not it's a 5150 when calling ACCESS.

4. Admission vs. Transfer/Release

Only patients who have been medically cleared will be transferred from medical facilities (e.g., emergency departments) to psychiatric facilities. The final determination of medical clearance/authorization for transfer lies with the accepting psychiatrist. If the accepting psychiatrist does not concur with the medical clearance, the medical facility maintains responsibility for the disposition of the patient until such time that medical clearance is agreed upon. ACCESS staff will work closely with hospital social work staff to find the appropriate psychiatric facility to meet the individuals medical needs.

5. Communication/Documentation

Copies of all medical records pertaining to the medical clearance evaluation will be sent to the psychiatric facility with the transporting personnel.

6. Voided 5150 Holds

If an individual that is brought to the SRMC on a 5150 hold is admitted as an in-patient to the facility due to their medical condition, the hold is voided. The individual must be assessed by Access again prior to discharge. If the individual was a patient at a local psychiatric facility, but was transferred to SRMC due to a medical need, Access will be contacted to re-assess them prior to discharge.

7. Hospital Social Work Staff

- a. Provide information to ACCESS staff as they complete their 5150 assessment: When the ACCESS staff member is completing their crisis mental health assessment, hospital social work staff will provide any collateral information regarding the individual that they may possess
- b. For those individuals who are placed on a 5150 hold and ineligible for admission to the PHF due to a medical condition, hospital medical social work staff will assist in providing medical information to potential receiving psychiatric facilities. ACCESS is responsible for placement when on a 5150 hold.
- c. Collaborate with ACCESS staff regarding discharge plans for those individuals who do not require placement in a psychiatric facility: For those individuals who do not require placement in a 5150 facility, the ACCESS staff and hospital social work staff will collaborate on an appropriate discharge plan. The ultimate responsibility of the discharge plan rests with the hospital, but ACCESS staff will provide assistance in the development and implementation of the plan.

8. While at Sutter Roseville Medical Center

- a. SRMC medical and security staff will collaborate with Placer County contracted Security Staff, ACCESS staff, Law Enforcement, and medical personnel to help ensure the safety of the individual and the public. The SRMC medical staff will collaborate with security and ACCESS staff regarding the security and stability of the individual, they will provide medical intervention to assist in meeting this goal when appropriate.
- b. During the hours that ACCESS staff are on the premises of the SRMC, hospital staff will inform the ACCESS staff as to the status of the medical condition and clearance of the individual needing to be assessed.

9. Medical Record

A copy of the completed Crisis Assessment and 5150 hold will be maintained in the individual's hospital medical record and maintained in accordance of the hospital's policy of confidentiality of Mental Health Information and HIV test results. This policy ensures strict confidentiality of individual's medical record containing mental health information that is restricted by State and Federal regulations. Mental Health information will be maintained in a

separate, designated section of the medical record and clearly identified as confidential information.

VIII. Ambulance Personnel (Roles and Responsibilities)

1. Transport of individuals to medical facilities:

Ambulance providers will follow local EMS agency destination policies and procedures. Ambulance providers will be contacted by members of the public, county personnel, or Law Enforcement officers to transport individuals who are experiencing a mental health crisis to a secured site to undergo a mental health crisis assessment. When this occurs, the ambulance personnel shall transport the individual to the closest medical facility.

2. Transport of individuals to psychiatric facilities:

Upon completion of a mental health crisis evaluation, if an individual is deemed to meet criteria for Welfare and Institutions Code 5150 hold, the ambulance providers will be contacted by Access to transport the individual to the accepting psychiatric facility. The ambulance personnel will ensure that they have the appropriate paperwork; to include the original 5150 hold and photocopy of the mental health crisis assessment in a sealed envelope, a copy of the 5150 hold, and a transfer form; prior to accepting the individual for transport.

IX. Telecare Placer County Psychiatric Health Facility (Roles and Responsibilities)

1. General Agreement

Placer County Board of Supervisors has designated the Telecare Placer County Psychiatric Health Facility (PHF) as the only 5150 facility within Placer County. In addition, Placer County Department of Health and Human Services has contracted with Telecare Corporation to provide in-patient psychiatric treatment for adults within the community who have no other independent means of obtaining services. A complete delineation of roles and responsibilities is spelled out in the contract agreement between Placer County and Telecare Corporation.

2. Accepting Transfers/Commitments

As the designated 5150 facility for Placer County, Telecare Placer County Psychiatric Health Facility will accept for further evaluation and disposition all 5150 commitments from ACCESS following medical clearance and acceptance by a Placer County psychiatrist.

3. Law Enforcement Supervision Required when:

- (a) Placer County Inmate: If the Placer County Jail inmate must be admitted to the PHF for psychiatric treatment, the PHF psychiatrist or designee shall contact the Placer County Jail Commander for the assignment of Law Enforcement staff to provide additional supervision for the patient/inmate. The custodial officer may be released by mutual agreement between the PHF psychiatrist and the Jail Commander.
- (b) Non-Placer County Inmates: The Placer County PHF will also serve Nevada and Sierra counties. If these counties place an inmate in the PHF, they will be responsible for providing a Law Enforcement officer for additional supervision. The PHF psychiatrist or designee shall contact the head of the Law Enforcement agency to provide the additional supervision. In the event that Nevada or Sierra

counties cannot provide the supervision, the Placer County Sheriff's Office shall be contacted to provide the supervision, and the referring county will be billed for the cost of that service.

- (c) In this situation, the custodial officer shall carry no firearms.

4. Transportation

The PHF is responsible for providing transportation for patients in their care should they require medical attention on an emergency or urgent basis at a facility outside of the PHF. The PHF, or designated Placer County staff, is also responsible for supervising these patients while medical attention is being obtained. Supervision of the patient will end if the patient is admitted as an in-patient to the medical facility.

5. Release of Information to CFMG

Copies of the medical records of inmates who are being treated at Telecare Placer County Psychiatric Health Facility should be given to CFMG when inmates are returned to the Corrections setting. Deputies transporting the inmates may hand carry the records to CFMG's medical staff.

X. Training

The signatories of this protocol shall ensure that all agency personnel involved in carrying out the agreements shall be trained.

A Crisis Intervention Training Academy (CIT), a collaborative project between Placer County Sheriff, Placer County Mental Health and NAMI of Placer County, is offered annually. The CIT Academy is a four day interactive training for all local Law Enforcement staff, county personnel and community providers who may respond to those individuals experiencing mental illness.

In accordance with this MOU, all parties shall verify and ensure that its employees and agents are in good standing with their boards of licensure or certification; shall verify and ensure that its employees and agents have the appropriate education, knowledge, experience and clinical competency, appropriate to their responsibilities.

XI. Quality Review

The joint task force, consisting of representatives from the signatory agencies, shall meet at least quarterly. County ASOC Assistant Director shall convene this meeting.

The agency representatives will review quality improvement activities, conduct case review of difficult cases, and/or review adherence to practices as described in this MOU.

Any agency may identify a case or situation to review and add to the agenda prior to the meeting. All agencies will come prepared to discuss the detail of the case.

Any agency may request a special meeting as necessary.

ADDENDUM A – PLACER COUNTY CORRECTIONS DIVISION

5150 PROTOCOL

The Addendum A is entered into in the interest of public safety and of providing essential psychiatric treatment. Placer County Sheriff's Department, Placer County Health and Human Services Department, Placer County Probation Department, and California Forensic Medical Group agree to work together cooperatively to determine and provide appropriate levels of care and treatment for all mentally disordered persons who are incarcerated in one of the Placer County institutions. There are no third party beneficiaries to this agreement.

This Addendum A reflects a change in a previously held practice that mentally disordered offenders were not responsible for their actions and should not be charged with minor crimes. Therefore, as crimes of repeat offenders have increased, the practice of pressing charges against mentally disordered offenders provides the courts an opportunity to reinforce the offenders' responsibility for their actions. This has allowed the courts to direct the mentally disordered offenders to accept mental health treatment as a condition of probation when treatment non-compliance has been a continual factor in their re-offending.

PLACER COUNTY SHERIFF'S DEPARTMENT

Placer County Sheriff's Department shall enforce all laws and take appropriate action upon apprehending suspects (i.e., cite, book, and release on PTA, book into custody, etc.). Additionally, Placer County Sheriff's Department will initiate 5150's on all persons who appear to meet 5150 criteria and are in need of evaluation for treatment. The decision for continued security shall be determined by the in-patient doctor and the jail duty commander.

- e. Obtain a 4007 transfer from a Superior Court to a maximum security psychiatric setting for inmates requiring a high level of security during a period of involuntary treatment.
- f. Notify appropriate agencies (ACCESS, ASOC) of discharge of jail inmates.

CALIFORNIA FORENSIC MEDICAL GROUP

California Forensic Medical Group (CFMG) shall assume primary evaluation and treatment responsibility for all inmates booked and placed into custody in the Placer County adult and juvenile correctional facilities with medical needs to include mental health services. - d. Determination is made on need for medical clearance; watch commander and ACCESS worker, in consultation with psychiatrist, will determine transportation to the in-patient facility. The watch commander, psychiatrist, and hospital administrator will determine a need for the guard on the PHF unit and determine when the guard shall be released.
- e. Provide clinical data required by California Forensic Medical Group to deliver mental health services to Placer County clients booked into custody.

The initial decision for the guard shall be made jointly by CFMG, JDF Superintendent, and the Medical Director of the in-patient facility. This group is also jointly responsible for the decision to discontinue guard requirements.

- h. If a psychiatric in-patient bed is not immediately available, the JDF Superintendent, ACCESS Manager, JDF Social Worker and CFMG Social Worker will meet to determine an interim behavioral management plan until an appropriate placement be found. ACCESS Supervisor shall continuously provide progress reports to this group, at least daily.
- i. If the interim behavioral management plan includes temporarily maintaining the minor at the JDF until a suitable placement can be found, CFMG will provide 24-hour mental health

Workers Comp Form (DWC 1) 2015 and prior.pdf

Workers' Compensation Claim Form (DWC 1) & Notice of Potential Eligibility
Formulario de Reclamo de Compensación de Trabajadores (DWC 1) y Notificación de Posible Elegibilidad

If you are injured or become ill, either physically or mentally, because of your job, including injuries resulting from a workplace crime, you may be entitled to workers' compensation benefits. Attached is the form for filing a workers' compensation claim with your employer. **You should read all of the information below.** Keep this sheet and all other papers for your records. You may be eligible for some or all of the benefits listed depending on the nature of your claim. If required you will be notified by the claims administrator, who is responsible for handling your claim, about your eligibility for benefits.

To file a claim, complete the "Employee" section of the form, keep one copy and give the rest to your employer. Your employer will then complete the "Employer" section, give you a dated copy, keep one copy and send one to the claims administrator. Benefits can't start until the claims administrator knows of the injury, so complete the form as soon as possible.

Medical Care: Your claims administrator will pay all reasonable and necessary medical care for your work injury or illness. Medical benefits may include treatment by a doctor, hospital services, physical therapy, lab tests, x-rays, and medicines. Your claims administrator will pay the costs directly so you should never see a bill. There is a limit on some medical services.

The Primary Treating Physician (PTP) is the doctor with the overall responsibility for treatment of your injury or illness. Generally your employer selects the PTP you will see for the first 30 days, however, in specified conditions, you may be treated by your pre-designated doctor or medical group. If a doctor says you still need treatment after 30 days, you may be able to switch to the doctor of your choice. Different rules apply if your employer is using a Health Care Organization (HCO) or a Medical Provider Network (MPN). A MPN is a selected network of health care providers to provide treatment to workers injured on the job. You should receive information from your employer if you are covered by an HCO or a MPN. Contact your employer for more information. If your employer has not put up a poster describing your rights to workers' compensation, you may choose your own doctor immediately.

Within one working day after you file a claim form, your employer shall authorize the provision of all treatment, consistent with the applicable treating guidelines, for the alleged injury and shall continue to be liable for up to \$10,000 in treatment until the claim is accepted or rejected.

Disclosure of Medical Records: After you make a claim for workers' compensation benefits, your medical records will not have the same level of privacy that you usually expect. If you don't agree to voluntarily release medical records, a workers' compensation judge may decide what records will be released. If you request privacy, the judge may "seal" (keep private) certain medical records.

Payment for Temporary Disability (Lost Wages): If you can't work while you are recovering from a job injury or illness, for most injuries you will receive temporary disability payments for a limited period of time. These payments may change or stop when your doctor says you are able to return to work. These benefits are tax-free. Temporary disability payments are two-thirds of your average weekly pay, within minimums and maximums set by state law. Payments are not made for the first three days you are off the job unless you are hospitalized overnight or cannot work for more than 14 days.

Return to Work: To help you to return to work as soon as possible, you should actively communicate with your treating doctor, claims administrator, and employer about the kinds of work you can do while recovering. They may coordinate efforts to return you to modified duty or other work that is medically appropriate. This modified or other duty may

Si Ud. se lesiona o se enferma, ya sea físicamente o mentalmente, debido a su trabajo, incluyendo lesiones que resulten de un crimen en el lugar de trabajo, es posible que Ud. tenga derecho a beneficios de compensación de trabajadores. Se adjunta el formulario para presentar un reclamo de compensación de trabajadores con su empleador. **Ud. debe leer toda la información a continuación.** Guarde esta hoja y todos los demás documentos para sus archivos. Es posible que usted reúna los requisitos para todos los beneficios, o parte de éstos, que se enumeran, dependiendo de la índole de su reclamo. Si se requiere, el administrador de reclamos, quien es responsable por el manejo de su reclamo, le notificará sobre su elegibilidad para beneficios.

Para presentar un reclamo, llene la sección del formulario designada para el "Empleado," guarde una copia, y déle el resto a su empleador. Entonces, su empleador completará la sección designada para el "Empleador," le dará a Ud. una copia fechada, guardará una copia, y enviará una al administrador de reclamos. Los beneficios no pueden comenzar hasta, que el administrador de reclamos se entere de la lesión, así que complete el formulario lo antes posible.

Atención Médica: Su administrador de reclamos pagará toda la atención médica razonable y necesaria, para su lesión o enfermedad relacionada con el trabajo. Es posible que los beneficios médicos incluyan el tratamiento por parte de un médico, los servicios de hospital, la terapia física, los análisis de laboratorio y las medicinas. Su administrador de reclamos pagará directamente los costos, de manera que usted nunca verá un cobro. Hay un límite para ciertos servicios médicos.

El Médico Primario que le Atiende-Primary Treating Physician PTP es el médico con la responsabilidad total para tratar su lesión o enfermedad. Generalmente, su empleador selecciona al PTP que Ud. verá durante los primeros 30 días. Sin embargo, en condiciones específicas, es posible que usted pueda ser tratado por su médico o grupo médico previamente designado. Si el doctor dice que usted aún necesita tratamiento después de 30 días, es posible que Ud. pueda cambiar al médico de su preferencia. Hay reglas diferentes que se aplican cuando su empleador usa una Organización de Cuidado Médico (HCO) o una Red de Proveedores Médicos (MPN). Una MPN es una red de proveedores de asistencia médica seleccionados para dar tratamiento a los trabajadores lesionados en el trabajo. Usted debe recibir información de su empleador si su tratamiento es cubierto por una HCO o una MPN. Hable con su empleador para más información. Si su empleador no ha colocado un cartel describiendo sus derechos para la compensación de trabajadores, Ud. puede seleccionar a su propio médico inmediatamente.

Dentro de un día después de que Ud. presente un formulario de reclamo, su empleador autorizará todo tratamiento médico de acuerdo con las pautas de tratamiento aplicables a la presunta lesión y será responsable por \$10,000 en tratamiento hasta que el reclamo sea aceptado o rechazado.

Divulgación de Expedientes Médicos: Después de que Ud. presente un reclamo para beneficios de compensación de trabajadores, sus expedientes médicos no tendrán el mismo nivel de privacidad que usted normalmente espera. Si Ud. no está de acuerdo en divulgar voluntariamente los expedientes médicos, un juez de compensación de trabajadores posiblemente decida qué expedientes se revelarán. Si Ud. solicita privacidad, es posible que el juez "selle" (mantenga privados) ciertos expedientes médicos.

Pago por Incapacidad Temporal (Sueldos Perdidos): Si Ud. no puede trabajar, mientras se está recuperando de una lesión o enfermedad relacionada con el trabajo, Ud. recibirá pagos por incapacidad temporal para la mayoría de las lesiones por un periodo limitado. Es posible que estos pagos cambien o paren, cuando su médico diga que Ud. está en condiciones de regresar a trabajar. Estos beneficios son libres de impuestos. Los pagos

be temporary or may be extended depending on the nature of your injury or illness.

Payment for Permanent Disability: If a doctor says your injury or illness results in a permanent disability, you may receive additional payments. The amount will depend on the type of injury, your age, occupation, and date of injury.

Supplemental Job Displacement Benefit (SJDB): If you were injured after 1/1/04 and you have a permanent disability that prevents you from returning to work within 60 days after your temporary disability ends, and your employer does not offer modified or alternative work, you may qualify for a nontransferable voucher payable to a school for retraining and/or skill enhancement. If you qualify, the claims administrator will pay the costs up to the maximum set by state law based on your percentage of permanent disability.

Death Benefits: If the injury or illness causes death, payments may be made to relatives or household members who were financially dependent on the deceased worker.

It is illegal for your employer to punish or fire you for having a job injury or illness, for filing a claim, or testifying in another person's workers' compensation case (Labor Code 132a). If proven, you may receive lost wages, job reinstatement, increased benefits, and costs and expenses up to limits set by the state.

You have the right to disagree with decisions affecting your claim. If you have a disagreement, contact your claims administrator first to see if you can resolve it. If you are not receiving benefits, you may be able to get State Disability Insurance (SDI) benefits. Call State Employment Development Department at (800) 480-3287.

You can obtain free information from an information and assistance officer of the State Division of Workers' Compensation (DWC), or you can hear recorded information and a list of local offices by calling (800) 736-7401. You may also go to the DWC website at www.dwc.ca.gov.

You can consult with an attorney. Most attorneys offer one free consultation. If you decide to hire an attorney, his or her fee will be taken out of some of your benefits. For names of workers' compensation attorneys, call the State Bar of California at (415) 538-2120 or go to their web site at www.californiaspecialist.org.

por incapacidad temporal son dos tercios de su pago semanal promedio, con cantidades mínimas y máximas establecidas por las leyes estatales. Los pagos no se hacen durante los primeros tres días en que Ud. no trabaje, a menos que Ud. sea hospitalizado una noche o no pueda trabajar durante más de 14 días.

Regreso al Trabajo: Para ayudarle a regresar a trabajar lo antes posible, Ud. debe comunicarse de manera activa con el médico que le atiende, el administrador de reclamos y el empleador, con respecto a las clases de trabajo que Ud. puede hacer mientras se recupera. Es posible que ellos coordinen esfuerzos para regresarle a un trabajo modificado, o a otro trabajo, que sea apropiado desde el punto de vista médico. Este trabajo modificado u otro trabajo podría ser temporal o podría extenderse dependiendo de la índole de su lesión o enfermedad.

Pago por Incapacidad Permanente: Si el doctor dice que su lesión o enfermedad resulta en una incapacidad permanente, es posible que Ud. reciba pagos adicionales. La cantidad dependerá de la clase de lesión, su edad, su ocupación y la fecha de la lesión.

Beneficio Suplementario por Desplazamiento de Trabajo: Si Ud. Se lesionó después del 1/1/04 y tiene una incapacidad permanente que le impide regresar al trabajo dentro de 60 días después de que los pagos por incapacidad temporal terminen, y su empleador no ofrece un trabajo modificado o alternativo, es posible que usted reúna los requisitos para recibir un vale no-transferible pagadero a una escuela para recibir un nuevo entrenamiento y/o mejorar su habilidad. RPOA-RPA Fatal Incident Protocol Agreement.pdf

ROSEVILLE POLICE DEPARTMENT

Letter of Agreement
Between

The Roseville Police Department, the Roseville Police Officers Association & the
Roseville Police Association

This letter of agreement has been created to supplement the Roseville Police Department's Policies regarding fatal incidents and officer-involved shootings, as well as the Placer County Officer-Involved Fatal Incident Protocol. The Roseville Police Officers Association (RPOA), the Roseville Police Association (RPA) and the Command Team of the Roseville Police Department have cooperatively agreed to this procedure to ensure a fair and impartial investigation while emphasizing the mental and physical well-being of the employees involved.

These procedures should be followed when an officer or custodial officer, acting under the color of authority, is directly involved where death or the serious likelihood of death results. Such incidents include, but are not limited to:

- a) Intentional shootings.
 - b) Intentional act on the part of the officer which causes death of another or causes such an injury that death is imminent.
 - c) Death of a person while in custody, or under peace officer or custodial officer control.
 - d) Accidental discharge of a firearm on the part of an officer which causes death of another or causes such an injury that death is imminent.
 - e) Use of an instrument in an accidental or intentional manner which causes death of another or causes such an injury that death is imminent.
1. The involved officer(s) will provide a brief verbal narrative outlining the circumstances surrounding the incident for the purpose of conducting further investigation, identifying a crime scene and providing public safety. This information should be provided to a single Supervisor or Watch Commander. Questions asked should be limited to those below:
- a) From where and what direction did you fire rounds or use force?
 - b) In what directions did the suspect(s) fire rounds?
 - c) How many total rounds were fired?
 - d) Do you know of anyone injured and what is his or her location?
 - e) Are there any outstanding suspects
 1. What are their descriptions?
 2. What was their direction of travel?
 3. How long have they been gone?
 4. With what weapons are they armed?
 5. Are there additional safety risks associated with the suspect(s)?
 - f) Does any evidence need protection?
 - g) Are there known or potential witnesses?

ROSEVILLE POLICE DEPARTMENT

2. The involved employee(s) union representative will be notified as soon as practical after the incident. When notified, the union representative will be responsible for notifying the employee's legal representative. The union representative shall attempt to provide the scene Supervisor or Watch Commander with the estimated time of arrival of the union representative and the legal representative.
3. Peer Support and/or Chaplain will be notified as soon as practical after the incident unless declined by the involved Employee.
4. The involved officer may consult with a representative prior to being questioned by investigators. The consultation should not materially impede the investigation. The representative will consult with only one involved employee at a time concerning substantive issues. To ensure the integrity of each interview, it is important that recollections and other comments about the incident not be relayed through such representatives among the interviewees, officers involved, any witness officers or civilian witnesses.
5. Involved employee(s) shall be transported from the scene to the Roseville Police Department as soon as practical. Involved employees will be segregated from other involved parties, the media and to the extent possible, from other department personnel. Involved officers will be given access to a restroom and telephone, if necessary. They will be permitted access to their Union Representative and or Attorney, Peer Support and Chaplain if so desired. Conversations with Peer Support representatives should not include substantive issues of the underlying event. They may be provided with any necessary sustenance.
6. A crime scene walk-through may be conducted with the involved employee(s). When multiple employees are involved, walk-throughs should be conducted individually. The walk-through should be conducted as soon as practical. The information provided and the questions asked during the walk-through should be limited to directions of travel, locations and positions where force was applied and where physical evidence (e.g. casings, police equipment, weapons, etc.) may be located.

Involved employees will not be questioned about their perceptions, intentions or state of mind during the walk-through. Walk-throughs will not be photographed, video or audio recorded. Regardless of when or where the walk-through is conducted, the only personnel authorized to participate are:

- a) Involved officer
- b) One employee representative or attorney
- c) Lead investigator
- d) Professional Standards representative
- e) Investigations Supervisor

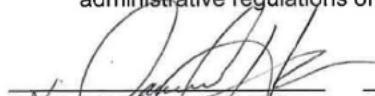

ROSEVILLE POLICE DEPARTMENT

f) District Attorney investigator

7. An involved employee's appearance and personal equipment could be considered evidence and should not be altered from the time of the incident. Photographs of the involved employee(s) and the collection of any equipment or weapons as evidence should be conducted at the Roseville Police Department. If an officer's duty handgun is taken as evidence, a replacement weapon should be issued to the employee as soon as practical. For those officers who carry a personally owned weapon, a replacement weapon will be issued after a department qualification. The qualification will be conducted at a later time/date, and as soon as practical.
8. A voluntary statement by the involved employee(s) will be requested as outlined in this letter of agreement, the Roseville Police Department Policy Manual and the Placer County Fatal Incident Protocol. Depending on the circumstances surrounding the incident, voluntary statements can be obtained when practical, usually within 24 to 72 hours of the incident. The employee will not be compelled to provide a written statement. In the event an employee declines to provide a voluntary statement, the Department may obtain a compelled administrative statement.
9. The involved employee(s) will be allowed access to audio or video recordings of the incident, as is reasonably available and appropriate for the investigation, prior to making a voluntary or compelled statement.
10. Officers who have fired their weapon during an officer involved shooting will successfully pass a requalification prior to returning to full duty.
11. Nothing in this letter supersedes the rights afforded to officers by the Peace Officer's Bill of Rights, nor should it exclude any of the obligations expected of the officers through the Roseville Police Department Policy Manual or the administrative regulations of the City of Roseville.

**MEMORANDUM OF UNDERSTANDING
BETWEEN THE CITY OF ROSEVILLE AND THE
ROSEVILLE JOINT UNION HIGH SCHOOL DISTRICT
REGARDING YOUTH SERVICES OFFICERS**

THIS MEMORANDUM OF UNDERSTANDING ("MOU") is made and entered into this 15th day of August, 2018, by and between the City of Roseville, a municipal corporation ("CITY"), and the Roseville Joint Union High School District, a public school district ("DISTRICT"); and

W I T N E S S E T H:

WHEREAS, DISTRICT desires the Roseville Police Department ("RPD") to assign sworn police officers for service as Youth Services Officers ("YSOs") to high school campuses to assist DISTRICT in providing its pupils with safe and secure learning environments; and

WHEREAS, DISTRICT is willing to partially compensate CITY for CITY's operational costs in providing the YSOs; and

WHEREAS, CITY is willing to provide the YSOs to perform regular duty law enforcement services in support of its Social law enforcement goals.

NOW, THEREFORE, the parties agree as follows:

1. **Law Enforcement Services.**

a. CITY will provide one YSO to perform regular duty law enforcement services at Woodcreek High School, one YSO at Roseville High School, one YSO at Oakmont High School and one YSO at Adelante High School during the schools' 2018-19, 2019-20, 2020-

21, 2021-22 and 2022-23 school calendars on student days of attendance and during the schools' normal hours of operation, typically defined as 7:00 a.m. to 3:00 p.m. on student days of operation; subject, however, to the availability of the YSOs as determined by CITY as set forth in subsection (e).

b. A contingency of one additional YSO will be provided to perform regular duty law enforcement services at a future high school (West Park) upon its completion and opening in the 2020-21 school year for school calendars on student days of attendance and during the schools' normal hours of operation, typically defined as 7:00 a.m. to 3:00 p.m. on student days of operation; subject, however, to the availability of the YSOs as determined by CITY as set forth in subsection (e).

c. The scope of work of the YSOs shall be limited to those duties as described in the Scope of Work document attached hereto as Exhibit "A" and incorporated by this reference. Services to be performed by the YSOs will primarily be at the specified DISTRICT sites but services will also include off-site work such as investigating reports involving juveniles enrolled at the school sites, checking for truant students and conducting juvenile probation searches.

d. YSOs will typically work a 9/80 flex schedule with every other Monday or Friday being flexed. This includes paid time for both a physical training session and a lunch break, Monday through Friday; however, the YSOs' work schedules and hours at the specified DISTRICT sites shall be at the discretion of the Chief of Police, or his/her designated representative.

e. For purposes of this MOU, "availability" shall be in the sole determination of RPD's Chief of Police, or his/her designated representative, taking into

consideration any factors including, without limitation, the health of the YSOs, vacations, shortage of manpower, required trainings and briefings, and duty assignment of YSOs to higher priority matters. However, in specific instances of a YSO taking a leave of absence for more than one week, another available police officer will be assigned temporarily to the applicable school during such leave. RPD will communicate with and notify school site administration as soon as possible when a YSO will not be available on a student day of attendance. CITY shall advise the YSOs to take into consideration the school vacation calendar when scheduling time off.

f. On an as-needed basis and subject to the availability of the requested YSO, DISTRICT may request law enforcement services by a YSO on an overtime basis immediately following the schools' normal hours of operations and on a call back basis at school functions later in the evenings and on weekends. At the beginning of each school semester, DISTRICT will provide to CITY a list of dates and times the YSOs will be needed on an overtime basis. This list is subject to change based upon the mutual agreement of the parties. DISTRICT shall pay CITY in accordance with the overtime and call back rates then in effect for each YSO at the time of performance. After services have been rendered, CITY shall send DISTRICT an invoice for any overtime charges, which DISTRICT shall pay within thirty (30) days from the date of the invoice. Overtime charges shall be in addition to the annual payment required of DISTRICT pursuant to Section 2.

g. The parties agree that CITY retains control over assignments, wages and other terms and conditions of employment by CITY of the YSOs. DISTRICT acknowledges that the YSOs are held to the requirements of the law and RPD policy. DISTRICT agrees that it shall not have authority to direct the YSOs' law enforcement activities. DISTRICT will immediately

notify RPD's Social Services Sergeant or Social Services Administrator of any concerns regarding the YSOs.

2. DISTRICT Payment.

a. It is understood and agreed by DISTRICT and CITY that DISTRICT will pay CITY less than full time cost of providing the YSOs. To partially offset CITY'S operational budget costs in providing YSO's for the 2018-19 through 2022-23 school years, DISTRICT shall pay CITY the following:

4. 2021-22: 3 YSOs (RHS, WHS, OHS) at eighty nine thousand, sixty one dollars (\$89,061) per YSO for a total of two hundred sixty seven thousand, one hundred eighty three dollars (\$267,183). b. If CITY receives additional funding from a Federal or State agency to be used to address school safety, the DISTRICT's payment may be renegotiated at the DISTRICT's request.

3. Term of Agreement. This MOU shall commence upon execution and expire on June 30, 2023, unless terminated earlier in accordance with this MOU.

4. Indemnification. Each party shall defend, indemnify, and hold harmless from liability the other party, its officers, agents, and employees of and from all claims, damages, costs, liabilities, or expenses which any of them shall become obligated to pay by reason of liability imposed by law because of injury to or death of persons or damage to property caused or resulting from or arising out of the party's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this MOU, except those matters arising from the other party's sole or active negligence. The parties intend that this provision shall be broadly construed.

7. Assignment. This MOU and the rights and duties hereunder shall not be assigned in whole or in part without the express written consent of the parties.

8. Independent Capacity. For purposes of this MOU, CITY and DISTRICT shall each act in an independent capacity and not as officers, employees or agents of the other. Nothing in this MOU establishes, constitutes or will be construed as establishing or constituting a partnership, agency or employment relationship between CITY and DISTRICT. Officers providing services under this MOU shall remain the employees of CITY, and shall not be employees of DISTRICT. CITY shall retain full authority to direct and control the activities of the YSOs and supervise and discipline the YSOs in accordance with CITY policies and procedures.

9. No Liability for Other Party's Officers. Each party shall assume responsibility and liability for the acts of its own officers, agents, or employees in connection with the performance of their official duties under this MOU. For tort liability purposes, neither party

shall be considered the agent of the other party. Each party shall be liable, if at all, only for the torts of its own personnel that occur within the scope of their official duties and for which liability may be imposed under the law.

10. No Third Party Beneficiary. The parties to this MOU do not intend for any third party to obtain a right by virtue of this MOU.

ROSEVILLE POLICE & FIRE
JOINT SERVICES AGREEMENT
for
ARSON INVESTIGATIONS

Roseville Police and Roseville Fire Arson Investigations

Joint Services Agreement

INTRODUCTION

Fire deliberately set by an individual(s) is recognized as a crime. Those who perpetrate these acts are held for prosecution of arson related crimes, per Penal Code Sections 450-457.1. Fire and arson investigation is a complicated endeavor that requires a coordinated effort between the City of Roseville Fire and Police Departments. This cooperative arrangement joins their efforts to enhance knowledge and increased solvability for fire investigation, arson detection, and arson investigation capabilities.

Traditionally, the Police Department is the authority on investigating crimes. However, the Police Department recognizes the level of expertise from the Fire Department as necessary in conducting some of the more intricate arson investigations. To this end, it is the intent of the administration of the Roseville Fire and Police Departments to collaborate and pool resources to provide a thorough investigation and prosecution of criminals involving the crimes of arson. This memorandum outlines the general functions to be delegated to each department and aims to address jurisdictional questions regarding fire related investigations.

PARTICIPATION

This agreement is voluntary and does not obligate either party to the job descriptions outlined within. However, all reasonable efforts should be made to accommodate all requests for investigation. Ideally, at least one Fire Investigator and one Detective will be cross-trained in both investigative disciplines.

DISPATCHED CALLS FOR SERVICE

The Fire Department shall respond to all calls for service involving intentionally set fires. The on-scene Incident Commander will determine the need for a Fire Investigator's response in accordance with Fire Department's Fire Investigation Program SOP, i.e., Level I, II, or III response. Small grass fires, contained trash bin fires, vehicle and any deliberately set fire with little or no investigative lead fall upon the responsibility of the Incident Commander or Fire Investigator to investigate. A police response may be requested when a suspect is identified and/or the investigation is outside the scope of the current Fire Department personnel.

In addition, the Police Investigations Unit shall be notified of all crimes against persons' that involve an intentionally set fire. Their response will be based upon the circumstances of each case as provided by the on-scene Fire personnel.

For incidents involving significant loss to property or for events which present themselves to be part of a series of organized efforts, the Investigations Sergeant will be notified by the on-scene Fire personnel via Dispatch. The Sergeant will evaluate the situation and determine if the incident necessitates a detective call out response.

SCENE

When a joint investigation between the Police and Fire Departments involves an active working fire, the Incident Commander will be the Fire Officer. Police personnel will conduct any investigation away from the scene until the Incident Commander has designated the scene safe for criminal investigation. Once the scene is deemed safe, the Fire Investigator and Police Investigator shall work in tandem. The investigative workload will be divided upon consent of the individuals. Preservation of the scene and evidence collection will be supervised and handled by the Police Department during joint operations.

Once the fire has been extinguished and a criminal investigation has been established, the Incident Commander role will be assumed by a unified command of both ranking Fire and Police supervisors. All criminal investigations will be under the direct supervision of the Police Incident Commander. In addition, all follow up investigation will also be supervised by the Police Investigations Sergeant. Recognizing that the Fire Investigator and Police Investigator are sometimes focused on different aspects of the investigation, all leads and investigative direction will be coordinated between the Sergeant and Lead Fire Investigator so as not to jeopardize the prosecution or duplicate the investigation. All fire investigation activity shall be reported to the Fire Marshal who has responsibility for the management of the Fire Investigation Program.

INVESTIGATION

The Fire and Police investigators will maintain their own investigative files. Each is responsible for providing current report copies and investigative steps to the other department.

The Police Investigator should conduct the criminal investigation in conjunction with the Fire Investigator. This shall include, but not be limited to, interviewing of involved parties, reporting parties and witnesses, conducting voice stress analysis, writing arrest and search warrants, effecting

arrests, booking and transporting suspects, and evidence collecting and maintenance.

If surveillance is requested for an on-going investigation, the Police Investigative Sergeant will coordinate the efforts and will include the Fire Investigator. However, the Fire Department representative is not required to participate. Video surveillance or electronic tracking requests will be made through the Police Investigation Sergeant.

REPORTING

Fire Department personnel will write a report to detail the events of their investigation for every fire investigation call per their own policy. The nature and scope of the investigation will determine if police involvement is warranted. Once the Police Department becomes involved, the assigned officer/detective will gather the pertinent information for the crime report and complete the criminal report's face page. The fire report will supplement the police report but maintain its own Fire Department investigation number. The investigating officer will ensure the police report is cross-referenced with the Fire Investigation report and copies of both are routed to Police Department Records.

Fire Investigators will complete the "Cause and Origin" report for the event. If the Fire Department does not require police assistance, they will be solely responsible for all reports related to the incident.

The Fire Department will be responsible for contacting the appropriate Federal agency (i.e. ATF, FBI, BNE, etc) in the event of a "fire bombing" terrorist attack or related event. They will also notify the Police Department's Crime Analysis for any fire trends, arson registrant information and extra patrol requests. They will also be responsible for notifying Risk Management as necessary.

EVIDENCE

All evidence collected from an arson scene shall be logged on a Police Property Record using a Police Department case number and be booked into Police Evidence. Police Department personnel will be responsible for bar coding, maintenance and security of the items. For flammable or potentially hazardous materials, the Police Department maintains a designated segregated area. All such items will be deposited and maintained in this location.

Collection of evidence can be done by either police or fire personnel. Each agency will be responsible for notifying the other of collected evidence. Specialized collection receptacles for hazardous materials will be purchased and maintained by the Fire Department. All collection of items or substances

deemed as hazardous material will be collected by Fire Department personnel and disposed of according to HAZWOPER guidelines. The shipping of collected material for laboratory analysis will be the responsibility of fire personnel.

Purging of evidence will be done in accordance with current Police Department guidelines; however, fire personnel will be notified prior to final purging.

Police Scene Technicians (PST) and/or Crime Scene Investigators (CSI) are available with Sergeant or Watch Commander approval for callout. The specialized equipment used for scene documentation or evidence collection will be used, maintained and stored by authorized PST/CSI personnel only.

ARREST

The Police Officer assigned to the investigation is ultimately responsible for the physical arrest of any suspect(s) when present. Suspect contact and/or arrest should be done while a police officer is present. If a Fire Investigator believes there is a potential for arrest, every effort should be made to have the Police Investigator or another officer present. Fire Investigators should only make arrests during exigent circumstances and should notify dispatch as soon as practical. Only police personnel should transport prisoners. The Police Officer is responsible for the booking paperwork and intake procedure. Medical clearance, if required prior to booking will be done by police personnel.

PROSECUTION

The designated Police Investigator will be the point of contact for the District Attorney's Office. Requests for case follow up or additional investigation will be assigned by the Investigations Sergeant. Primary Investigator status will be held by the lead investigator for prosecution purposes.

MEDIA

Media relations shall be handled by a unified command. Neither department shall release information pertaining to the investigation without prior consultation and review by the assisting department.

News releases to the media may be written by either department per their existing policy. Questions directly related to the cause and origin or the fire will be directed to the Fire Marshal. Likewise, media questions regarding the criminal investigation will be directed to the Police Sergeant or Public Information Officer.

TRAINING

All Fire Investigators should complete the PC 832 (arrest, search & seizure) course which gives them peace officers powers. In addition, Lead Fire Investigators shall obtain the PC 832 (firearms familiarization) course. These courses include laws of arrest and firearms training which is essential for solo investigations. Without PC 832 powers, the Lead Fire Investigator would be limited in their scope of investigation.

In conjunction with peace officer status, Lead Fire Investigators must complete a bi-annual handgun qualification course with a minimum proficiency score. The qualification will commence at the same time as Advanced Officer Training and be held at the Police Department. Notification of training will be made by the Police Personnel and Training Manager. Weapons inspection, training, bullet provisions, and evaluation will be handled by a Police Department Rangemaster. Handguns shall be purchased by the individual departments.

Basic Fire Cause and Origin as well as Interview and Interrogation and courtroom testimony courses should be completed by each Department representative if possible.

DEPARTMENT PARTICIPATION

This memorandum will remain in effect until rescinded.

Placer County Regional Auto Theft Task Force

A Multi-Agency Task Force
February 2020

MEMORANDUM OF UNDERSTANDING

MEMORANDUM OF UNDERSTANDING PLACER COUNTY REGIONAL AUTO THEFT TASK FORCE

I. OVERVIEW

In an effort to suppress vehicle theft crimes and address mounting public concern, the California Legislature passed into law Senate Bill 2139 (Vehicle Code Section 9250.14). This bill authorizes the Board of Supervisors to impose one dollar fee on all passenger vehicles and a two dollar fee on all commercial vehicles registered in the County at the time of registration renewal to enhance the capacity of local law enforcement and prosecutors to deter, investigate, and prosecute vehicle theft crimes.

On March 20, 2007, the Placer County Board of Supervisors passed and adopted a resolution pursuant to Vehicle Code Section 9250.14 to specifically fund local agency programs which combat vehicle theft.

II. MISSION

It is the mission of the Placer County Regional Auto Theft Task Force (RATTF) to reduce vehicle theft and related crimes within Placer County through aggressive, innovative, and proactive enforcement measures.

A. Objectives

1. Decrease the incident of vehicle thefts.
2. Increase the recovery rate of stolen vehicles.
3. Increase the clearance rate of vehicle thefts.

III. TASK FORCE ORGANIZATION

A. Executive Committee

The Executive Committee of the Placer County Regional Auto Theft Task Force shall consist of the participating Chiefs of Police, Sheriff and the California Highway Patrol Auburn Area.

The department head or designee from each participating agency shall serve on the Task Force Executive Committee, which shall be responsible for monitoring the operations and progress of the task force operations and procedures, and to provide guidance and input to the Task Force Commander. Members of the Committee

should meet at-least quarterly to review task force operations, provide direction, review long-range goals and objectives, and discuss other issues relevant to the task force. Quorum voting of the committee shall be by majority vote. A quorum shall be defined as no less than three members and shall be by Executive Committee members only.

B. Task Force Commander

The California Highway Patrol, ISU Lieutenant shall serve as Commander of the Task Force. The Commander will be responsible for overall management of the task force and will provide quarterly reports to the Executive Committee. The Commander will dedicate that amount of time necessary to efficiently manage the task force.

C. SUPERVISION

The California Highway Patrol will provide a Sergeant as a full-time supervisor of the task force. The CHP Sergeant will report directly to the Task Force Commander, and will have the primary responsibility for supervision of all task force unit members.

D. Personnel

The California Highway Patrol, Placer County Sheriff's Office, Roseville Police Department and Rocklin Police Department agree to assign one full-time sworn investigator to the task force during the term of this agreement.

Personnel assignments to the task force shall generally be for a minimum period of three years, but may be extended by mutual agreement of the task force member and his/her parent agency. Personnel not meeting acceptable standards of performance or refusing to comply with task force policies and procedures may be removed from the task force and transferred back to his/her department. If the Task Force Commander has cause to remove a member, he/she shall discuss the issue with the participating agency. If the contributing agency does not concur with the decision of the Task Force Commander to remove and replace the participating member, the issue shall be forwarded to the Executive Committee for final disposition. It is agreed however, that the resolution of operational problems will be accomplished at the lowest level and in the best interest of the task force.

Scheduling of task force personnel shall be the responsibility of the Task Force Supervisor in accordance with the policies of the members' respective parent agencies. When mission requirements necessitate a schedule adjustment of work shift hours, when possible, notice shall be given in writing to all effected personnel no less than the prescribed time for written notice, as outlined in the member's labor contract. All affected personnel shall adjust their shifts accordingly in compliance with their agency's policies and procedures. In order to meet scheduling needs, parent agencies shall make every effort to minimize any task force members time away from the unit.

Due to uniqueness of operating in a small unit, vacation scheduling requires the understanding and consideration of all task force members. All vacation requests shall be submitted and approved through the Task Force Supervisor. The staffing needs of the unit shall be the defining factor in scheduling vacations. In no event shall vacations lower the task force personnel less than 50%. Seniority as a full time California Peace Officer shall be the governing factor should more than 50% of the investigators choose the same vacation dates. The needs of the task force shall supersede any and all vacation requests.

Personnel assigned to the task force shall, at the direction of the Supervisor, participate in all training exercises which the Supervisor deems necessary to maintain an effective and proficient unit. All required employing agency training shall be attended by respective investigators. Notification of training shall be given to the Task Force Supervisor as soon as the investigator is notified.

Personnel assigned to the task force shall be deemed to be continuing under the employment of their respective jurisdictions, and shall have the same powers, duties, privileges, responsibilities, and immunities as are conferred upon them as peace officers in their own jurisdictions.

All terms and conditions of an employee's labor contract shall be in full effect, and shall be abided by, even though the employee is assigned to the task force.

IV. FISCAL PROCEDURES

Task force funding will come from the amounts provided to Placer County pursuant to Vehicle Code Section 9250.14 and will be used to pay for the purpose specified in that section. The California Department of Motor Vehicles will process fees quarterly per 9250.14. The fees will be deposited into an interest bearing account maintained by the Placer County Auditor-Controller's Office. All expenditures will follow Placer County guidelines. The Task Force Supervisor will present an annual budget to the Executive Committee for approval or modification and will report expenses to the Executive Committee on a quarterly basis. The Executive Committee will consider the draft budget in February of each year. The final budget will be determined by the Executive Committee in July for approval by the Placer County Board of Supervisors during the normal budget cycle.

Funding priority from the fees collected pursuant to California Vehicle Code section 9250.14 follows the following order:

1. Approve operating budget.
2. Overtime reimbursement for Task Force Supervisor, or other CHP personnel assigned within approved budget amounts.
3. Any unused funds received pursuant to California Vehicle Code Section 9250.14 in excess of those expended in above items 1 through 3 shall be distributed to the Placer County Sheriff's Office, Roseville Police Department, and Rocklin Police

Police Department in equal shares up to the actual personnel costs for sworn personnel assigned to the unit.

4. Any revenue exceeding the sum of 1 through 4 in any given year shall be retained in the fund for future use by the task force at the direction of the Executive Committee.

The Task Force Supervisor will be authorized to make purchases up to \$1,500. Any purchase above \$1,500 but less than \$2,500 will require the approval from the Task Force Commander. Purchases in excess of \$2,500 but less than \$10,000 will require Executive Committee approval. All purchases in excess of \$10,000 will require the approval of the Placer County Board of Supervisors.

All task force members will be reimbursed for actual, necessary and appropriate business and travel expenses incurred as a result of task force operations per each participating agency Memorandum of Understanding. The reimbursement will be from task force funds.

Although CHP personnel salaries are not paid through task force funding, any overtime hours worked should be reimbursed. Members assigned to the task force whose salaries are reimbursed by the task force fund shall be assigned as a full-time position.

V. LIABILITY

Each participating agency will bear all the Worker's Compensation responsibility for its respective employees assigned to the task force, and shall be responsible for the acts of its participating officer(s), and shall incur any liabilities arising out of the service and activities of those officers while participating in the task force.

This agreement is between law enforcement agencies and is not intended to be a joint powers agreement under sections 6500-6536 of the Government Code of the State of California. Personnel assigned to the task force shall be deemed continuing under employment of their jurisdiction and shall have the same powers, duties, privileges, responsibilities, and immunities as are confirmed upon him/her as a peace officer in his/her own jurisdiction.

VI. OPERATIONAL LOCATION

The task force will be housed at an offsite location with the Placer County Special Investigations unit (SIU) within Placer County. The task force will contribute \$24,000.00 from its operating budget to assist in the expenses associated with the offsite location. Any expenditures in excess of that amount needs to be approved by the Executive Committee.

VII. EQUIPMENT

The Task Force Supervisor will be accountable for equipment assigned to the task force and will provide for the accounting, and safeguarding of fixed assets. The contributions of participating agencies will be negotiated, and will be based on what items and funding each agency has available. It is anticipated that participating agencies will provide a vehicle, safety equipment, and miscellaneous surveillance items in support of their assigned personnel. All equipment provided by an individual agency shall remain the property of that agency, and shall be returned upon termination of that agency's participation in the task force.

A. Vehicles

Each agency is required to supply a vehicle for their investigator(s). However, if the agency is not able to provide a vehicle, the task force will assist with acquiring one through other means. Vehicles obtained from the National Insurance Crime Bureau shall be registered, insured and equipped (undercover radio and emergency lighting) through the parent agency. Additionally, the parent agency will be responsible for the cost associated with the maintenance and fuel of their vehicle. The task force supervisor's vehicle will be obtained through NICB, with the Placer County Sheriff's Office (PCSO) accepting this vehicle into their fleet, under the Vehicle use Agreement with NICB. All vehicle insurance and operational liability will remain the responsibility of the CHP. The cost to operate and maintain the vehicle will be initially paid for by PCSO, but will be reimbursed from the RATTF budget.

B. Communication Equipment

Hand held radios will be provided to the task force by the Rocklin Police Department, Roseville Police Department and the California Highway Patrol. California Highway Patrol vehicle mounted radios can be installed if requested. Cellular telephones and monthly cellular telephone bills will be paid for with task force funds. Procedures will be developed to ensure proper use and accountability of this equipment.

C. Additional Equipment

The task force will provide surveillance equipment, binoculars, video cameras, etc., to members from task force inventory. Additional or replacement equipment will be purchased by the task force fund.

Should the task force be disbanded, equipment provided by a specific agency will be returned to that agency. Equipment purchased through task force funding will be distributed equally amongst the participating agencies as determined through the Executive Committee.

D. Confidential / Buy funds

Confidential buy funds will be established yearly by the Executive Committee and maintained by the task force for investigative resources and buys. This money will be established from the Placer County Vehicle Theft Funds and replenished as necessary. The buy funds will be maintained at the task force office. A safe will be acquired to maintain the funds, and at the same time, provide access and control measures to ensure security of the funds. The decision to expend confidential / buy funds should be weighed against the potential for the arrest of the suspect(s) involved and the value of the property to be recovered. All requests for payment to informants and buy money must have approval from the Task Force Supervisor. Executive Committee approval is required for expenditures in excess of \$1,500.00. Reporting of confidential / buy funds will be done monthly to the Executive Committee.

E. Task Force Operation Funds

The task force will be provided funds in the amount determined by the Executive Committee for expenses necessary to conduct auto theft investigations. These funds will be used for equipment, training, cellular telephones, buy money, and informant funds. The Task Force Supervisor will prepare and annual budget for approval and report expenses to the Executive Committee on a quarterly basis.

VIII. UNDERCOVER DOCUMENTS

The use of covert identities to support or enhance undercover operations is essential. This may require detective / investigators to possess undercover driver's licenses, and/or other sources of identification. The procurement, utilization, and control of these documents will rest with the participating agency.

IX. ASSET SHARING

Any funds resulting from forfeiture actions of lawful sources initiated by the task force shall be maintained in a trust fund. The trust fund shall be administered by the Executive Committee. Funds shall be used to further achieve the purpose of the task force and may be used to buy equipment, training, and /or other lawful expenditures consistent with the purpose of the task force.

X. STANDARD OPERATING PROCEDURES

All task force members shall abide by a Standard Operating Procedures (SOP) manual which shall be prepared by the Task Force Supervisor and approved by the Executive Committee. The SOP shall specify policies and procedures for the task force, and shall include the following specific items:

- A. In any case where the policies and procedures of the task force conflict with those of a member agency, the member shall abide by the directives of his/her own agency.

- B. The investigation of officer-involved shootings and vehicle accidents will be handled by the parent agency with investigative authority and shall be conducted in accordance with the Placer County Protocol.
- C. Task force member monthly evaluations will be handled by the task force supervisor. Annual evaluations and discipline actions shall be handled by the parent agency, with assistance from the task force supervisor if requested.
- D. The release of media information regarding task force operations will be coordinated through the Task Force Supervisor. All affected participating agencies will be notified, as practical, prior to the release of information to the media.
- E. Prior to any special operations (i.e., store front, sweeps, long term covert operations) the Task Force Supervisor or case agent will apprise the head of each participating agency, or their designee of the target and the strategies for the execution of the operation. Each operation may be reviewed at the next Executive Committee meeting.
- F. Should a member of the Executive Committee wish to amend a procedure or policy as expressed in the agreement of the task force SOP, those changes shall be presented jointly to the entire Executive Committee and the Task Force Commander, and shall be adopted upon a majority vote of the Executive Committee. All members of the task force shall be notified prior to the effective date of any change in policy or procedure.

XI. REPORTING

- A. The Task Force Commander will be responsible for implementing a reporting system which tracks team activities, statistics, and accomplishments of the task force operation. This reporting system will serve as the basis for monthly reports to the executive committee and ensure accountability of resources, personnel, and equipment.
- B. The Task Force Supervisor will submit an operational report to the Executive Committee on a monthly basis.
- C. An annual report will be provided to the County Board of Supervisors, with copies to each participating City Council.

XII. AMENDMENTS TO THE MOU

The Executive Committee may propose amendments to the MOU for approval by the governing bodies of the participating jurisdictions.

XIII. TERM OF AGREEMENT

This agreement shall terminate three years from the signed date of agreement.

Any participating agency desiring to terminate its participation in this agreement shall indicate such intent, in writing, to the Executive Committee. The termination shall be deemed to take effect not less than thirty (30) days after receipt of the written communication, or upon a date established by mutual agreement.

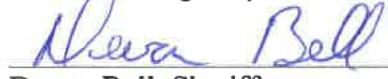

XIV. SIGNATURES

The undersigned represent that they have the authority to execute this agreement on behalf of their respective agencies; and, in signing this formal agreement represent concurrence with and support of the Placer County Regional Auto Theft Task Force as set forth in this agreement for the period and purpose as stated herein.

Contaminated work surfaces shall be decontaminated with an appropriate disinfectant after any spill of blood or other potentially infectious materials and at the end of the work shift, if the surface may have been contaminated since the last cleaning.

Protective coverings, such as plastic wrap, aluminum foil or imperviously backed absorbent paper used to cover equipment and environment surfaces shall be removed and replaced as soon as feasible when they become overtly contaminated, or at the end of the workshift if they may have become contaminated during the shift.

All bins, pails cans, and similar receptacles intended for reuse which have a reasonable likelihood for being contaminated with blood or other potentially infectious materials shall be inspected and decontaminated on a regularly scheduled basis, and cleaned and decontaminated immediately or as soon as feasible upon visible contamination.

C. Handwashing Facilities

Hands or other skin surfaces shall be washed immediately and thoroughly if contaminated with blood or other body fluids. Hands shall be washed immediately after gloves are removed.

Infections are frequently spread by contact, and the most common form of contact is by hand. All employees are responsible for thorough handwashing techniques. Gloves do not replace handwashing.

Handwashing should occur:

- *Before beginning work
- *Before eating
- *After using the bathroom
- *After contact with contaminated equipment or items
- *After personal contact, especially with secretions or excretions of any individual
- *After removal of gloves or any other personal protective equipment

Handwashing prior to or after personal contact at the scene of an incident may be accomplished by using an antiseptic towelette or waterless antimicrobial hand cleaner, following directions on the product. Towelettes shall be included in all first aid kits at all locations. Thorough handwashing with water and a germicidal soap should follow as soon as possible.

D. Barrier Precautions

All employees shall routinely use appropriate barrier precautions to prevent skin and mucous membrane exposure when contact with blood or other body fluid of any person is anticipated.

All personal protective equipment used in the Police Department will be provided without cost to employees. Personal protective equipment will be chosen based on the anticipated exposure to blood or other potentially infectious materials. The protective equipment will be considered appropriate only if it does not permit blood or other potentially infectious materials to pass through or reach the employees' clothing, skin, eyes, mouth, or other mucous membranes under normal conditions of use and for the duration of time which the protective equipment will be used.

1. Gloves

Disposable Latex or Rubber Gloves will be worn:

- *For touching blood and other body fluids, mucous membranes, or non-intact skin of all persons;
- *For handling items or surfaces soiled with blood or body fluids;
- and
- *For cleaning and disinfecting possibly contaminated work surfaces.

Gloves should be changed and disposed of as promptly as possible after contact with each person. Gloves not contaminated with body fluids may be disposed of in the ordinary trash. Obviously contaminated gloves or other items must be properly disposed of in a "red bag" marked biohazard waste container. These containers are located at the Police and Fire Departments.

2. Masks, Eye Protection and Face Shields

Masks in combination with eye protection devices, such as goggles or glasses with solid side shields, or chin-length faceshields, shall be worn whenever splashes, spray, spatter, or droplets of blood or other potentially infectious materials may be generated and eye, nose or mouth contamination can be reasonably anticipated.

3. Coveralls and other Protective Body Clothing. Appropriate protective clothing such as, but not limited to, coveralls, gowns, aprons, lab coats shall be worn in occupational exposure situations. The type and characteristics will depend upon the task and degree of exposure anticipated.

E. Handling of syringes and other sharp objects

All employees shall take precautions to prevent injuries caused by needles and other sharp objects. To prevent needle stick injuries, needles should **not be recapped, purposely bent or broken by hand, removed from disposable syringes** or otherwise manipulated by hand. Needles and other sharp objects should be placed in puncture-resistant containers for disposal.

F. Other universal precautions

Although saliva has not been implicated in HIV transmission, to minimize the need for emergency mouth-to-mouth resuscitation, CPR masks shall be available for use in resuscitation.

Employees who have exudative lesions or weeping dermatitis should refrain from all personal contact and from handling possibly contaminated items until the condition resolves.

Employees are not to eat, drink, apply cosmetics or lip balm, smoke, or handle contact lenses in work areas where there is a reasonable likelihood of exposure to blood or other potentially infectious materials.

Food and beverages are not to be kept in refrigerators, freezers, shelves, cabinets, or on counter tops or bench tops where blood or other potentially infectious materials are present.

G. Work-area cleaning procedures

City work areas are cleaned by City maintenance staff. All contaminated work surfaces will be decontaminated immediately or as soon as feasible after any spill of blood or contact with other potentially infectious materials.

Decontamination is achieved by using a bleach/water solution (1:10 dilution ratio), or an EPA-approved disinfectant. Employees will wear gloves when cleaning contaminated surfaces.

H. Hepatitis B vaccine

All employees of the City who have occupational exposure will be offered the Hepatitis B vaccine, at no cost to the employee. The vaccine will be offered within ten (10) working days of their start of employment, unless the employee has previously had the vaccine or who wishes to submit to antibody testing which shows the employee to have sufficient immunity. If employment is discontinued before the Hepatitis B series is complete, the City will not be responsible for the cost of completing the series.

Employees who decline the Hepatitis B vaccine will sign a waiver, which is attached as Appendix A.

Employees who initially decline the vaccine but who later wish to have it may then have the vaccine provided at no cost.

The Hepatitis B vaccine will be administered to City of Roseville employees by the City's designated occu-med company. The Department Secretary of each department is responsible to assure that all employees are offered the vaccine and in the event the employee declines, that the appropriate waiver is signed.

III. Post-exposure evaluation and follow-up

An Exposure incident is one of the following:

- *Contaminated needlestick injury
- *Blood or body fluid contact with mucous membrane of eyes, nose, or mouth
- *Blood or body fluid contact with open skin (not intact skin)
- *Cuts with sharp objects covered with blood or body fluid
- *Injury sustained while handling contaminated equipment or property

When the employee incurs an exposure incident, it should immediately be reported to her/his supervisor, who shall complete the appropriate on-the-job injury forms and forward them to the Risk Manager of the City of Roseville.

All employees who incur an exposure incident will be offered post-exposure evaluation by staff at Near-Site (business hours and non-emergency). If the exposure created the need for emergency care or occurred after hours the employee should respond to Kaiser Roseville Medical Center Emergency Department or Sutter Roseville Medical Center Emergency Department for treatment.

It is extremely important that employees who incur an exposure incident report for post-exposure evaluation *immediately* or as soon as possible subsequent to the exposure. If prophylactic treatment is to be started, it must be done within a few hours after the exposure.

The follow-up will include the following:

- *Documentation of the route of exposure and the circumstances related to the incident.
- *If possible, the identification of the source individual and, if possible, the status of the source individual. The blood of the source individual will be tested (after consent/court order/warrant is obtained) for HIV/HBV infectivity.

*Results of testing of the source individual will be made available to the exposed employee with the exposed employee informed about the applicable laws and regulations concerning disclosure of the identity and infectivity of the source individual.

*The employee will be offered the option of having their blood collected for testing of the employees HIV/HBV serological status. The blood sample will be preserved for up to 90 days to allow the employee to decide if the blood should be tested for HIV serological status. However, if the employee decided prior to that time that testing will or will not be conducted, then the appropriate action can be taken and the blood sample discarded.

*The employee will be offered post exposure protective treatment in accordance with the current recommendation of the U.S. Public Health Service.

*The employee will be given appropriate counseling concerning precautions to take during the period after the exposure incident. The employee will also be given information on what potential illnesses to be alert for and to report any related experiences to appropriate personnel.

*The Risk Manager will assure that the policy outlined here is effectively carried out. Medical records will be maintained in Risk Management for the length of employment plus thirty (30) years.

Interaction with Health Care Professionals

A written opinion shall be obtained from Near-Site, Kaiser Medical Center, or Sutter Roseville Medical Center based on where treatment occurred. Written opinions will be obtained in the following instances:

1. When the employee is sent to obtain the Hepatitis B vaccine.
2. Whenever the employee is sent to a health care professional following an exposure incident.

Health care professionals shall be instructed to limit their opinions to:

1. Whether the Hepatitis B vaccine is indicated, and if the employee has received the vaccine, or for evaluation following an incident.
2. That the employee has been informed of the results of the evaluation, and

3. That the employee has been told about any medical conditions resulting from exposure to blood or other potentially infectious materials. The written opinion to the employer is not to reference any personal medical information.

Training

Training for all employees will be conducted prior to initial assignment to tasks where occupational exposure may occur. Training will be conducted in the following manner:

Training for employees will include an explanation of:

1. The OSHA standard for Blood-borne Pathogens.
2. Epidemiology and symptomatology of blood-borne diseases.
3. Modes of transmission of blood-borne pathogens.
4. This exposure control plan, i.e. points of the plan, lines of responsibility, how the plan will be implemented, etc.
5. Procedures which might cause exposure to blood or other potentially infectious material in the City of Roseville.
6. Control methods which will be used in the City of Roseville to control exposure to blood or other potentially infectious materials.
7. Personal protective equipment available in the City of Roseville, and who should be contacted concerning it.
8. Post-exposure evaluation and follow-up.
9. Signs and labels used in the City of Roseville.
10. Hepatitis B vaccine program used in the City of Roseville.

Recordkeeping

All records required by the OSHA standard will be maintained by the Risk Management Division.

Dates

All provisions required by the standard were implemented by April 1, 1993.

Training will be conducted using videos, written material and other props. The Police Department is responsible for conducting the required annual training.

All employees will receive annual refresher training. This training will be conducted within one year of the employee's previous training.

PLACER COUNTY MULTI-DISCIPLINARY INTERVIEW CENTER

I. OBJECTIVES

Placer County and the listed agencies hereby seek to develop and establish a Multi-Disciplinary Interview Center (MDIC) for the benefit of abused children. The purpose of this Center is as follows:

- To provide a safe, child friendly interview environment for the investigation of suspected child abuse cases.
- To reduce the number of interviews of children by law enforcement, Health and Human Services (HHS), and district attorneys.
- To reduce the number of persons interviewing children.
- To provide protection for and reduce the trauma to children.
- To improve the quality and quantity of data obtained during the investigation.
- To improve the quality of interviewing techniques.
- To improve the fact-finding process and ascertain the truth in alleged child abuse cases.
- To promote and improve inter-agency cooperation and coordination among county agencies and between criminal and dependency investigations.

II. LOCATION

The MDIC is housed at 10810 Justice Center Drive, Suite 230, Roseville, California 95678. The phone number is (916) 543-2530. The square footage of the MDIC Center is 1,926.

III. PARTICIPATING AGENCIES

The following agencies and programs are hereby recognized as participating agencies with active roles in the implementation and process of the MDIC:

Auburn Police Department
KidsFirst
Lincoln Police Department
Placer County Counsel
Placer County District Attorney's Office
Placer County Health and Human Services
Placer County Sheriff's Office

Placer County Victim Services Program
Rocklin Police Department
Roseville Police Department

IV. NON-DISCRIMINATION POLICY

Placer MDIC is committed to continually seek liaisons within the community who can provide education and resources to better serve the needs of social, cultural and ethnic issues as they relate to children and families.

Further, Placer MDIC is committed to the policy that all persons shall have equal access to programs, facilities, admission, and employment without regard to personal characteristics not related to ability, performance, or qualifications as determined by the County of Placer's policies as set by state and federal authorities. Placer MDIC prohibits discrimination in all its programs and activities on the basis of race, color, national origin, sex, religion, age, disability, political beliefs, sexual orientation, gender identification, or marital or family status.

V. CONFIDENTIALITY AND INFORMATION SHARING

Team members agree in writing that confidential information means any information regarding a family or individual that is shared among Team members. Team members agree that information received in the course of the multi-agency team discussion will be limited to pertinent data necessary for case review and MDIC functions. The Team agrees that information shared is for the limited purpose of developing and providing appropriate and coordinated input and services to a client or family and to assess the quality of MDIC protocols in a manner that assures the maximum protection of individual privacy and confidentiality rights. The Team agrees no further dissemination of such information may occur for any purpose outside the Team's objectives, absent a specific signed release by the client or court order. All discussions as a result of this information received remain confidential, notwithstanding any other provision of law. Meeting minutes do not include names of individuals discussed.

VI. CULTURAL HUMILITY AND DIVERSITY

Placer MDIC strives to constantly acknowledge and address cross-cultural issues within the Center, the investigation and contact within the public.

Concerns regarding serving clients from diverse populations are discussed during the monthly Team meetings, case consultations, peer review, and at every pre- and post-interview staffing.

All employees working for Placer County and every law enforcement jurisdiction in our county are required to attend cultural humility/diversity training offered by their respective agencies. Additionally, all team members are encouraged to attend cultural humility/diversity trainings and workshops offered in the community as they arise.

VII. ADMINISTRATION

The District Attorney's Office of Placer County is the administrative agency for MDIC. The administrative role and responsibility of the District Attorney's Office is as follows:

1. The District Attorney's office shall be responsible to act in an advisory capacity in overseeing the overall process of MDIC investigations. This shall include offering legal opinions and recommendations for modifications and improvements in the MDIC process.
2. The District Attorney's Office will provide a MDIC Coordinator to maintain daily Center activities, including those related to budget, scheduling, facilities, grant development and compliance, and the overall coordination of the MDIC program.
3. The MDIC Coordinator will serve as a member of the MDIC Steering Committee.
4. The MDIC Coordinator will provide on-going administrative support to the Center's Steering Committee and Core Team.
5. The MDIC Coordinator will take an active role with other participating agencies in fundraising activities to assist with the program development.
6. The MDIC Coordinator, with the assistance of the MDIC Steering Committee members, will design and implement an on-going data collection process and system of evaluation.
7. The District Attorney's Office will provide an Administrative Clerk (referred to as MDIC Clerk) for reception, scheduling, and clerical support for the MDIC Center.

VIII. MDIC STEERING COMMITTEE AND CORE TEAM

General oversight of the Center's procedure and policy matters will be the responsibility of a steering committee comprised of representatives from the participating agencies. The MDIC Steering Committee shall be comprised of one member from each of the agencies. Due to the geographical size of Placer County Sheriff's Office (PCSO)'s jurisdiction to include parts of Lake Tahoe, Placer County Sheriff Office shall have two members on the MDIC Steering Committee. The

committee shall also include the Team Chairperson who will preside over all meetings. The Team Chairperson shall be nominated and elected by the members of the Steering Committee. The term of the MDIC Chairperson shall be two years. Terms are limited to two consecutive terms.

The Committee shall be responsible for overseeing and monitoring the operation of the MDIC program on a regular basis. All decisions shall be determined by a majority vote among the committee members taken at a regularly scheduled meeting. There must be at least six (6) members of the Steering Committee present for a binding vote on such issues (Quorum).

The MDIC Steering Committee shall hold a regular meeting on a monthly or bimonthly basis scheduled by the Team Chairperson and MDIC Coordinator, following the execution of the Memorandum of Understanding. Persons other than committee members may attend a regular meeting to address specific issues when requested by a committee member.

The Core Team shall be comprised of MDIC qualified team members who have been successfully trained by an approved MDIC interview program. Each participating agency can make available as many persons as they chose to be qualified as Core Team members.

The Core Team shall be responsible for the detailed development of the overall interview process. They shall establish and maintain the MDIC Interview Best Practice and make modifications for overall improvement. Any modifications inconsistent with this program must be approved by a majority vote of the Steering Committee as stated above. Core Team members may also be Steering Committee members although only one person from each agency is entitled to vote in the decision making process (Placer County Sheriff's Office is given two votes as stated above).

The MDIC budget shall be monitored and maintained by the District Attorney's Office and the MDIC Coordinator. All committee members shall have access to the financial records of the MDIC budget at any time.

The MDIC Coordinator will assist with funding development to support the Center. Working in concert with the other participating agencies, the coordinator will pursue private and public funding including benefit fund raisers, direct solicitations, and proposal writing for grants.

The Steering Committee and the Core Team shall also be responsible for supporting their efforts with the Placer County Sexual Abuse Response Team (SART) Program. It should be understood that MDIC and SART must coexist together as both programs strive for the same goal.

IX. SUCCESSION PLAN

Placer MDIC recognizes the need to plan for contingencies due to an untimely/unforeseen vacancy of the MDIC Coordinator's position.

In order to mitigate the impact of a vacancy in the MDIC coordinator position, it shall be the responsibility of the MDIC coordinator to cross-train staff with items appropriate to their role and ability. Examples of responsibilities needed for cross training include:

- Data collection and management
- Fiscal responsibilities
- Operation and function of facility
- Forensic interviewing
- Training Coordination

In the event of an unforeseen/untimely vacancy of the MDIC Coordinator, all members of the steering committee will be immediately notified. The duties of the MDIC Coordinator shall be fulfilled by the Placer County Victim's Services Supervisor (*Acting MDIC Coordinator*). The acting MDIC Coordinator will have full authority for day-to-day decision-making. Any issues concerning institution of new projects or modifications to program structure/protocol will require guidance and input from the Placer MDIC steering committee.

In the event that the vacancy of the MDIC Coordinator will be long term (*more than three months*), the Placer County District Attorney's office shall work in conjunction with Placer County Health and Human Services to plan for the recruitment and selection of an interim or permanent MDIC Coordinator.
(See addendum with MDIC Coordinator job description)

X. PARTICIPATING AGENCY ROLES

Law Enforcement

Responsible for conducting initial investigation when they are the initiating party of a reported child abuse.

Will draft reports, collect evidence, secure crime scenes, take witness statements, obtain search and arrest warrants and will generally be responsible for the overall criminal investigation.

Will make available investigating officers to participate in the MDIC Program.

Will be responsible for notifying Health and Human Services (HHS) when in-home child abuse has occurred.

When possible, provide personnel to be trained as interview specialists for the MDIC program.

Law Enforcement agencies will make their interview specialists available to other county agencies for MDIC interviews. Specialists will be paid by their own departments.

Child Protective Services (CPS)

CPS will assess the level of risk to children of in-home abuse cases, and will take steps to insure protection of the children during and after the MDIC interview. The CPS worker refers children and families to agencies and providers and may need to follow up to assure families follow through with referrals.

CPS will receive and assign referrals to Emergency Response Social Workers (ER) for initial assessment. If the assessment indicates a need for further investigation, the ER workers will arrange for the child to be interviewed.

- A. In an imminent risk situation, the ER worker(s) will arrange to have the child placed in protective custody. Arrangements will be made to have the interview scheduled as soon as possible in coordination with the law enforcement investigation.
- B. If the situation is not an imminent risk situation, a MDIC interview will be scheduled on an appointment basis and will be coordinated with the appropriate law enforcement investigator.

Provide appropriate referrals for follow-up services, such as sexual abuse treatment for family, in coordination with the Victim Witness Services Program.

On-going follow up related to child-protection issues; i.e., Family Reunification Services in cases where children are removed, or Family Maintenance Services in cases assessed as needing supervision to insure follow-up on treatment.

After completion of the investigation, CPS has the responsibility to determine the needs for filing of a 300 Welfare and Institutions Petition (W&I §300).

HHS/CPS worker will make their Interview Specialists available to other county agencies for MDIC interviews. Specialists used will be paid by their own departments.

Note: HHS, FACS, CSOC are all considered child protective services (CPS) in Placer County.

Placer County Counsel

Placer County Counsel has the responsibility for filing Welfare and Institutions Code Section 300(W&I §300) petitions if the evidence gathered is sufficient to support

dependency proceedings. In that process, County Counsel will participate in the overall MDIC program such as:

- Be informed and participate in the decision for a MDIC interview when possible.
- Be present and observe the MDIC interview, when available.
- Provide suggestions for follow-up questions during the interview process.
- Be available to social workers for advice and consultation in developing the case.
- Be available to all other involved agencies concerning the use and implementation of the MDIC program.

The District Attorney's Office

The District Attorney's Office has the responsibility for prosecuting the criminal cases which are filed if the evidence gathered is sufficient to support criminal charges. In that process, the District Attorney's Office will participate in the overall MDIC program such as:

- Be informed and participate in the decision for an MDIC interview when possible.
- Be present and observe the MDIC interview.
- Provide suggestions for follow-up questions during the interview process.
- Be available to detectives for advice and consultation in developing the case.
- Be available to all other involved agencies concerning the use and implementation of the MDIC Program.

The District Attorney Victim Services Program

The Victim Services Advocate is the liaison between the victim and the entire criminal justice system. As such, Victim Services will advocate for a victim and victim's family throughout all phases of the MDIC/SART process as well as court proceedings. As the liaison, Victim Services will participate in the overall MDIC process as follows:

- Be informed as soon as the MDIC Coordinator or MDIC Clerk schedules an interview.
- Be present as an advocate before the scheduled interview at the Case Team Meeting.
- Be present as an advocate for victim or victim's family during the MDIC interview.

- Start the process for a Victims of Crime claim for assistance as soon as possible for the victim and family once the interview is complete.
- The Advocate is a support person for the victim and family before, during, and following the interview.

Mental Health

The role of the mental health professional on the Placer MDIC Team is to participate in Team meetings and case review in order to provide consultation to team members on developmental and therapeutic intervention needs and services for the child victims and non-offending family members and attend interviews as needed/requested by the MDIC. This professional offers a mental health perspective during the Team meetings and case review, but does not share information about the specific therapy of a child victim or family with the investigative team in order to protect the client's right to confidentiality. The mental health treatment is separate from the forensic investigation and the role is to assess and treat mental health issues that arise from trauma and stress commonly experienced by many of the children and families served by the MDIC. All MDIC clients have access to appropriate mental health evaluation and treatment. Mental health services are available and accessible to all MDIC clients regardless of the ability to pay.

KidsFirst (formerly Child Abuse Prevention Council)

KidsFirst will provide a representative to the MDIC to serve as a Steering Committee member.

XI. MDIC PRE-INTERVIEW PROCESS

The MDIC protocol shall be initiated when the investigating agency, usually law enforcement or CPS, makes a determination of one or more of the following:

1. That a minor, **under the age of 18 years**, or developmentally delayed adult, may have been sexually abused, including, but not limited to: *statutory sex offenses*, commercial sexual exploitation, and minors who are featured in child abuse images (*child pornography*)
2. That a minor, **under the age of 18 years**, or developmentally delayed adult, may have been the victim of physical abuse or neglect that involves substantial injuries, or likelihood of substantial injuries.
3. That a minor, **under the age of 18 years**, or developmentally delayed adult, may have been the witness to homicide, serious domestic violence, other serious or serious violent crimes, and/or severe neglect due to drug endangerment/ exposure

4. Cases of unusual sexual behavior involving young children when no suspect is named
5. Any potential child abuse victim who would benefit from an interview with a trained forensic interviewer rather than a standard investigative field interview;
6. Situations where the Placer Multidisciplinary team determines that the victim, or witness, would benefit from an interview with a trained forensic interviewer, rather than a standard field interviewer.

The initiating party shall make such a determination based on a minimum amount of information. Their responsibility is to attempt to obtain the following from the reporting source:

1. The nature of the abuse.
2. When the abuse occurred. In the event of an ongoing abuse, when the most recent abuse occurred.
3. Where the event occurred.
4. If the minor is still at risk of being accessed by the violator.
5. Whether a medical examination is necessary. If so, it should be done immediately.
6. Whether a MDIC interview should be considered.

If possible, this information should be established through some party other than the victim, i.e., non-offending parent or other responsible party reporting the abuse. Any questioning of the victim should be kept limited.

Once the above information is obtained, an investigating officer from the appropriate law enforcement agency should be contacted and apprised of the circumstances. The investigating officer will then make the decision whether to schedule a MDIC interview or continue the investigation by traditional means. The investigating officer will also determine if a medical exam is needed and whether such an exam should be conducted immediately or scheduled at a later time.

Should an investigating officer not be available and it appears that the decision for a MDIC interview and/or medical exam must be made immediately, the initiating party should contact an on-call interview specialist. If those decisions need not be made immediately, then the process should be suspended until an investigating officer from the appropriate jurisdiction is available.

It is important to note that if an investigating officer or on-call interview specialist is not available, CPS may need to continue with the investigation, i.e., obtain additional information to satisfy their needs for emergency protection of the minor. However, if time permits, any information should be secured through the MDIC process.

Once a MDIC interview decision is made, the investigating officer shall contact the MDIC Center and arrange a date and time for the interview. The MDIC Clerk or Coordinator will verify the availability of MDIC facility and confirm the scheduled interview time. The MDIC Clerk will have the interview room ready for service and provide the appropriate intake forms. The MDIC Clerk is responsible for securing an interview specialist for the interview, an interpreter if needed, and the appropriate case team, including members from CPS, Law Enforcement, the District Attorney's Office, County Counsel and Victim Witness (see MDIC Interview Practice for Case Team Function).

When available, the investigating officer and/or CPS worker will supply the narrative report to the MDIC Clerk, the interviewer, and team present at the interview.

The investigating officer shall make the necessary arrangements to transport or arrange transportation to the Center for the victim.

If a medical exam is necessary, the investigating officer shall contact the Placer County SART Program and/or Stand Up Placer (SUP) to schedule a medical exam.

Child Exploitation

Child Sexual exploitation is the use of a child for sexual arousal, gratification, advantage or profit. Arousal and gratification of sexual need may be inferred from the act itself and surrounding circumstances.

Child exploitation can involve child abuse images (child pornography) or commercial sexual exploitation of children. Participating agencies shall consider reporting all located child abuse images to the following agencies when appropriate:

- Local law enforcement
- Local Internet Crimes Against Children Task Force
- National Center for Missing and Exploited Children
- Placer MDIC Team
- Placer Family and Children's Services
- Placer County Advocacy Agencies
- Any other appropriate child advocacy/investigative resource

Special considerations for forensic interviews involving child abuse images, and child exploitation:

- Technology information (device, application, passwords, platforms, video, etc.)
- Living arrangements
- History of abuse
- Dynamics of relationships
- Extended interviews

Advocates trained in the needs of commercially sexually exploited children shall be invited to all forensic interviews where commercial sexual exploitation is suspected or when the minor may be at risk of commercial sexual exploitation.

Prior to a forensic interview involving child abuse images Placer MDIC team members shall discuss any available images. Team members shall discuss sanitization of images, the introduction of the images, and whether it is necessary or appropriate to introduce the images. The wellbeing of the child shall be of paramount importance when making decisions regarding introduction of child abuse images.

Limiting Offenders at MDIC

It is the Placer MDIC policy that alleged offenders are not permitted at the facility. If a case involves a juvenile with sexually offending behavior and who may subsequently be interviewed as a possible victim, this interview would be scheduled at a distinctly different time from that of the original victim. Our policy specifically limits offenders at MDIC in order to ensure that the Center is a physically and psychologically safe environment for children. Family and Children's Services and law enforcement personnel arranging the child's forensic interview shall instruct non-offending caregivers to not permit any alleged perpetrators of child abuse to attend appointments at MDIC.

XII. MEDICAL EXAMINATIONS

Medical examinations for child abuse victims shall be coordinated through the Placer County Program. Protocol for their roles in child abuse cases shall be consistent with that program's practice.

Medical examinations may be immediately necessary and can be scheduled prior to or after a MDIC interview. It shall be the responsibility of the investigating officer to make that decision and contact the Placer County SART Program and/or - Stand Up Placer (SUP) to schedule such an exam. Medical evaluations are available and accessible to all clients regardless of ability to pay.

The investigating officer will provide the necessary patient history information to the medical staff involved in the examination. It shall be further requested that the medical staff limit any questioning of the child.

XIII. INTER-AGENCY PROCESS – THE INTERVIEW

The interview process shall occur at the Placer MDIC in Roseville. Persons permitted to be present at the center at the time of the interview are the investigating officer, a CPS social worker to obtain information for an ongoing in-home investigation, county counsel, the interview specialist, a victim services advocate, a member of the district attorney's office, and support persons for the victim, as well as case team members. Persons allowed observing the actual interview shall be limited to the investigating officer, as well as the case team members and staff members. Only Multi-Disciplinary Team (MDT) members directly involved in the investigation of the report may observe unless otherwise permitted by law enforcement or the district attorney's office as necessary.

Staff-in-training from MDT agencies are permitted to observe child interviews at the discretion of their supervisor and with permission from other directly involved MDT members. These observers are required to sign an oath of confidentiality form before each interview at MDIC. Care will be taken to respect the privacy of the child and family and to minimize the number of adults in the presence of the child. Best practices recommend that only one interviewer will be in the room with the child while others observe from the observation room.

Initial interaction should occur in the waiting room and be geared towards making the victim and their support persons comfortable. At this point, the Interview Specialist should take charge of the process. Persons not directly involved should be in a separate location from the victim and their support persons. The number of persons having contact with the victim should be kept at a minimum. All other persons should avoid contact with the victim.

Interview Specialists

Any county agency involved in and committed to the MDIC program may provide members of their staff as interview specialists. However, all Interview Specialists must have satisfactorily completed a MDIC training program approved by the MDIC Steering Committee in order to conduct a MDIC interview.

Regardless of the situation, a MDIC interview shall not be conducted by a non-trained person. (See Placer MDIC Interview Specialist Training Standards Addendum.)

All Interview Specialists, upon completion of MDIC training, will complete a probationary period under the supervision of the Training Protocol and Assessment Committee. These Interview Specialists shall meet the interview training criteria

established and defined by the MDIC Mentor Program and Memorandum of Understanding (MOU) (see attached addendum.)

Investigating officers supervising the investigation of a child abuse, who are also part of the interview specialist team, may conduct the interview should they wish to do so. A team of trained interviewers shall be created who will be available on a rotation basis to all agencies who do not have MDIC trained investigators or who choose not to conduct their own interviews, including the MDIC Coordinator, who is a trained child interview specialist. Again, specialists called in off the rotation schedule will be paid by their own departments. It will be the responsibility of the MDIC Steering Committee to create a system for available interview specialists.

All interview specialists shall conduct their interviews in a consistent and uniform manner as outlined in the MDIC training program. (See attached MDIC Best Interview Practice Addendum)

It should be noted that emergency response for MDIC consideration is extremely rare absent CPS and/or law enforcement's need for immediate child protection beyond the reach of normal working hours.

The Investigating Officer

If the investigating officer is not going to conduct the interview, he/she should limit their contact with the victim. Once the officer's role of assisting the victim in adapting to the Center is complete, he/she should retire to the interview viewing room. The investigating officer shall observe the interview from the interview viewing room.

The representative from law enforcement may suggest areas of questioning to the interview specialist before the interview, during the interview and during breaks in order to gather sufficient information to complete the investigation.

At the conclusion of the interview, the officer can complete any further details concerning the victim, i.e., medical exam; apprise victim and family of subsequent process, etc. The MDIC Coordinator shall take possession of the DVD of the interview and make it available to the district attorney's office. The additional copy of the DVD shall be kept by the officer and processed as evidence.

District Attorney

A deputy district attorney or a district attorney investigator shall be present for the MDIC interview as a case team member. The district attorney (DA) Representative will observe the interview from the interview room. The representative from the office may suggest areas of questioning to the interview specialist before the interview, during the interview and during breaks in order to gather sufficient information to support criminal charges. The DA representative may also be available to meet with the victim and their caretakers after the interview to discuss the case and the next steps in the court process.

Health and Human Services/FACS/CSOC/CPS

A caseworker for CPS shall be present for the MDIC interview as a case team member when there are allegations of child abuse within the home. They can assist in helping the victim adapt to the Center when necessary and observe the interview from the interview viewing room. The CPS worker may suggest areas of questioning to the interview specialist before the interview, during the interview and during breaks in order to gather sufficient information to assure child protection issues to assist them in their investigations.

CPS workers who are MDIC trained Interview Specialists, may conduct the interview when agreed upon with the investigating officer. They should also conduct the interview when no other interview specialists are immediately available.

At the conclusion of the interview, they should secure any other additional information from the victim and their family to complete their investigation. They may also attend the medical exam should they elect to do so.

County Counsel

County counsel may be present for the MDIC interview as a case team member. They shall observe the interview from the interview viewing room. County counsel may suggest areas of questioning to the interview specialist before and during the interview in order to assess protection issues relating to W&I §300 issues. County counsel should be available to social workers to discuss the need for filing a Dependency petition throughout the investigation.

Victim Services

Victim services advocate's role at the center shall be to assist the victim and their families and/or caretakers in making them comfortable during the MDIC process. They should support the victim's family and/or caretakers in the waiting area during the interview and obtain the necessary information to initiate Victim of Crime (VOC) compensation. During the child's interview, the advocate may check in with the team and observe the child in order to assure the family of their child's wellbeing. At the conclusion of the interview, they can complete any additional details for their function as victim advocates.

MDIC Coordinator/Child Interview Specialist

The MDIC Coordinator/Child Interview Specialist is responsible for being present at the interview in the role as the interviewer or a case team member. The coordinator will participate in the pre and post interview meetings with the case team and assist other agency participants in their duties. The coordinator is responsible for the maintenance of the MDIC.

MDIC Clerk

The MDIC Clerk will be responsible for calendaring MDIC interviews, sending out notices to MDT members and ongoing meetings, maintaining and updating the MDIC database for case tracking purposes, keeping records and statistics regarding the use of the center, and provide clerical support for the program. The clerk is to prepare the interview room and recording equipment prior to an interview.

XIV. MDIC POST-INTERVIEW PROCESS

At the conclusion of the interview, the team will meet and discuss the investigative strategy and child protection concerns.

The team may ask the parent/caretaker(s) present to meet with the team and be available to answer questions and illicit information needed regarding the investigation.

Situations that can arise Post MDIC Process

A. Recantations of original statement

A victim who previously disclosed sexual or physical abuse during an interview originally conducted at the MDIC Center:

If MDIC team member receives information that a victim is partially or fully recanting their previous disclosure the detective or CPS social worker should consult with the team, including the original interviewer, the deputy district attorney handling the case, and any other individuals involved in the investigation to determine if a recantation interview at the MDIC is appropriate in the investigation. The parties shall consider the following factors:

- The relationship of the victim to the suspect.
- The circumstances under which the recantation was disclosed.
- The relationship of the person who brought the recantation to the attention of law enforcement to the victim.
- Any other factors that are relevant and would be important to consider.
- Whether action was taken by Child Protective Services and/or District Attorney's Office based on the original disclosure.
- If the alleged perpetrator of the abuse is a parent, the status of any custody/visitation of the child in a family law proceeding, if any.

B. No Disclosure at MDIC

If a child is interviewed and does not disclose any abuse, but later disclosed to another person, law enforcement or CPS social worker shall consider the following factors in determining whether a second interview is appropriate. Law enforcement or CPS social worker official should consider the following factors:

- The relationship of the victim to the suspect.
- The circumstances under which the disclosure was made.
- The relationship of the person that the child disclosed to and then reported the subsequent disclosure to the attention of law enforcement or child protection services.
- Law enforcement or child protection history, if available.
- If the alleged perpetrator of the disclosed abuse is a parent, the status of any custody/visitation of the child in a family law proceeding, if any.

XV. COURTESY INTERVIEWS AND MDIC TEAM RESPONSE

Courtesy Interviews are conducted at the request of law enforcement. These requests should be made between law enforcement jurisdictions.

When conducting a courtesy interview for another jurisdiction, there should be at least one Placer MDIC Team Member present to help the observers design questions for the Placer MDIC Interviewer, operate the equipment, and conduct pre and post interview meetings.

XVI. CONFIDENTIALITY AND DVDs

Confidentiality of all information obtained through the MDIC program shall be maintained as provided by California law. Specific concern shall include any reporting party's name and address and the names and addresses of the victim and their family members.

Concerning the DVD recordings of the interviews, there will be two originals. The first original, which has time and date included, shall be immediately retained by the MDIC Coordinator. The second original will be retained by the investigating officer for report preparation and as evidence.

All other copies of the DVDs released for discovery shall be done only after a signed stipulation and order is executed by the court (see Addendum, page 27).

If a DVD is to be copied for dependency court, the court obtains a protective order, similar to the District Attorney's order (see Addendum page 29).

Any persons in possession of such DVDs shall be held responsible and will comply with the terms and conditions of the signed stipulation and order.

The District Attorney's Office will provide the blank DVDs to be used for the MDIC interview. Digital audio recorders may be used for investigative purposes if so desired. All audio equipment will be provided by the investigative agency.

The investigative agency with jurisdictional responsibility will be responsible for maintaining MDIC DVDs as evidence for a period of five (5) years, or after the criminal case goes to disposition. Thereafter, these DVDs will be destroyed or removed from evidence and may be maintained as MDIC team training material.

XVII. CURRENT MDIC PERSONNEL LIST & ON-CALL INTERVIEW SPECIALISTS

The MDIC Coordinator shall maintain and produce a current MDIC personnel list with the appropriate names, addresses and phone numbers of all assigned participating agency personnel, including interview specialists which shall be distributed on a regular basis. Modifications shall be made on an "as needed" basis.

An updated on-call Interview Specialists list shall also be maintained and available for contact purposes.

XVIII. VICARIOUS TRAUMA/SECONDARY TRAUMA

Placer MDIC members work in highly "trauma exposed" environments. The exposure to trauma has the ability to affect our team members in both their personal and professional lives. As team members serve on a volunteer basis, Placer MDIC partner agencies have primary responsibility for the health of their employees. Placer MDIC will conduct annual trainings regarding vicarious trauma. These trainings will include warning signs of vicarious trauma, available resources and how to build resiliency.

XIX. MEMORANDUM OF UNDERSTANDING (MOU)

As a commitment to the success of the MDIC program, each participating agency shall have a representative sign the (MOU) (attached). This Agreement shall be recognized as each agency's cooperative effort to improve Placer County's response to abused children. The MOU is signed every year. Any other county agency wishing to join in this commitment may do so with the approval of the MDIC Steering Committee. Likewise, any agency wishing to withdraw from the program may do so at any time by formal pronouncement before the Steering Committee.

XX. CONCLUSION

It should be noted that the goals of this program are ideal yet accept the realities of all intra-agency limitations. While it is our intention to process as many abused child cases through the MDIC program, it is understood that not all investigations may do so. At times and under certain circumstances, traditional investigative techniques may have to be utilized or even alternatively chosen. Nevertheless, the ultimate goal of this program is to process as many child abuse cases as possible to achieve improved child protection and successful prosecution, and lessen trauma to the child in order to improve the child's overall wellbeing.

Placer MDIC Interview Best Practices

Guiding Concept:

“Experience has shown that in interviewing child abuse victims, it is necessary to throw most traditional police techniques out the window. There is no one successful technique or approach. The successful interviewer will have a handle on as many techniques as possible.”

Seth L. Goldstein, The Sexual Exploitation of Children, 1987.

Definitions:

- MDIC Interview Specialist: Any law enforcement or social services investigator who meets the minimum Interview Specialist training criteria set by the MDIC Steering Committee, including successful completion of the Mentor program. Completion of the MDIC Basic Interview Specialist training course will not in and of itself qualify one to conduct MDIC interviews.
- MDIC Core Team: The Core Team consists of those MDIC members who routinely conduct the MDIC interviews and are comprised of MDIC qualified team members who have been successfully trained by an approved MDIC program. Each participating agency can make available as many persons as they chose to be qualified as Core Team Members.
- MDIC Extended Team: Those MDIC members who provide support and assistance to the Core Team interviewers. The Extended Team includes but is not limited to: Victim Services, Mental Health, KidsFirst, Lighthouse Counseling and Family Resource Center, and medical personnel.
- MDIC Case Team: The Case team consists of those MDIC Core Team members assembled for a particular case. Ideally, the Case Team will consist of a Core Team Law Enforcement Officer from the agency with jurisdiction, a Core Team CPS or Social Service Worker, the MDIC Coordinator/Child Interview Specialist, the MDIC District Attorney, County Counsel, and a Victim Services Advocate. It is recognized that circumstances may arise that prevent the assembling of an ideal Case Team. However, it is also noted that all MDIC Core Team interviewers are equally qualified to conduct a proper MDIC interview.
- At a minimum: a non-MDIC representative from the law enforcement agency, and a Core CPS Social Service Worker (or vice-versa) is necessary for an interview to take place. A MDIC Core Team interviewer must conduct the interview.
- The particular persons involved as the Case Team will remain involved in the case from the initial interview, throughout the investigation, and if a prosecution is warranted, through the disposition of the case.

MDIC Investigations

The proper conduct of the investigation is facilitated by communications between team members before, during, and after the MDIC interview. Every effort should be given to following this format. However, emergencies will arise that may cut short or eliminate their communications. Those cases should be the exception, and the communication resumed after the emergency has passed.

Scheduling the MDIC Interview:

- The MDIC Case Team member scheduling the MDIC interview should contact the MDIC Clerk to confirm a date and time for the proposed interview.
- The MDIC Case Team member should provide to the MDIC Clerk the basic demographics of the parties involved, and include a copy of the 11166 Child Abuse Report and/or a copy of the police report, if available. Also, the Team member should note any language or interpreter needs, including American Sign Language (ASL) needs and/or other physical adaptive needs of the child and/or family.
- The MDIC Case Team member should determine who, if other than the MDIC Coordinator, should conduct the interview. Considerations should include ensuring the forensic interviewer should have initial and ongoing formal interview training.
- The MDIC Clerk will arrange a Core Team to be present to attend the MDIC Interview.

Pre-Interview Case Team meeting:

- Identify basic facts, names, and relationships of persons involved.
- Background information: Criminal history and Department of Justice (DOJ) Index Check from law enforcement, prior CPS cases, school history and mental health history from the Child Protective Services (CPS) worker, and gather information on cultural issues of the victim and family.
- Consensus within the Case Team as to who will conduct the interview.
- Team members will identify questions particular to their disciplines and responsibilities which need to be explored.
- The multi-victim “best practice standard” is as follows: The MDIC Steering Committee encourages, when possible, the interviewer to interview no more than three victims involved in the same case a day. If needed, delay the other interviews or arrange another interviewer to interview the victims. It is important to keep the same Team intact, if the interviews are to happen on other days.
- If there is not an MDIC Coordinator available, complete the Intake Form to the best of your ability.

Conduct of the Interview:

- It is acknowledged that the primary purpose of the MDIC interview is to ascertain the facts, and the success of an interview does not require a disclosure of abuse in every case. It is more important to honestly assess the child’s statement in light of available evidence.

- The forensic interview should be legally sound which includes non-duplicative, non-leading and neutral questions, and exploring alternative hypothesis.
- Flexibility in conducting the interview is important.
- The value of establishing good rapport with the child should not be underestimated.
- Assessment of the child's developmental level adherence to a phased interview protocol with instructions and practice for the child. This step should be conducted relatively early in the interview, but not necessarily immediately.
- Questions should be open-ended, encouraging narrative answers from the child. More specific questions will be needed to clarify issues from the child's statements. The interviewer should allow the child to speak freely, while maintaining direction and focus of conversation.
- Body language clues are important to observe in the child.
- If a disclosure is made, attempt to get as many details as possible: What happened, dates/times, number of times, individual acts, sensory perceptions, anyone else present, objects involved, etc.
- Proper use of alternate interview techniques, including dolls, drawings, etc. can be used at the discretion of the interviewer and the Team observing the interview.
- Use culturally appropriate interview tools, language, use of an interpreter, and media.
- Give the observers the opportunity for input. Take a break after you think you have covered everything and consult with the other team members in the observation room.
- Close the interview on a positive note, address questions, concerns or worries the child has, and explain further steps if applicable. End interview on a neutral topic.

Post-interview Case Team Meeting:

- Consensus on a plan of action, additional interviews needed, and responsibilities for follow up.
- Look at protection issues, of the victim and/or others in the home, if not previously a concern.
- Discuss relevant cultural issues and its impact on the investigation and working with the family.
- Informal critique of the interview by Case Team members: techniques/styles used, suggestions for future interviews, observations by Case Team members to be shared with the interviewer.
- Forensic Interviewer to complete intake packet, copy notes taken during interview and provide paperwork for MDIC Clerk to file.
- Law enforcement will retain any evidentiary material from the interview including one of the two copies of DVDs of the interview, including, but not limited to audio files, drawings, interviewer notes, etc. used before, during or after the interview.
- The other copy of the interview DVD is to stay with the Multi-Disciplinary Interview Center (MDIC) Coordinator to be filed for use by the District Attorney's Office and/or CPS and/or County Counsel (*refer to "Confidentiality and Video DVDs"*).

- After the criminal case goes to disposition, law enforcement will destroy the DVD. The MDIC Coordinator may keep the other copy for training purposes (*refer to "Confidentiality and Video DVDs"*).

Peer Reviews

At intervals set by the Steering Committee, approximately every three months, the Core and Extended Teams will attend the MDIC Quarterly Training Meetings, in which interviewers may bring interview DVDs for group peer review. The purpose of this training is to share techniques, observe other styles of interviewing, and provide constructive criticism to each other. The Steering Committee recognizes the value of these reviews as a way to maintain and improve forensic interviewing skills.

Mentor Program

The MDIC Mentor Program is designed to ensure investigators newly trained in MDIC techniques have mastered forensic interviewing skills. A new interviewer is paired with two or more experienced MDIC Interview Specialists, who provide constructive criticism during a prescribed series of interviews. The MDIC Coordinator/Interview Specialist will serve as one of the Mentors. This will be activated when a CPS social worker or law enforcement investigator expresses an interest in becoming an MDIC Interview Specialist. The Mentor program is detailed in the MDIC document entitled, "MDIC Interview Specialists Mentor Program".

MDIC MENTOR PROGRAM MEMORANDUM OF UNDERSTANDING

The purpose of this understanding is to establish a protocol for training, assessment and accountability for Interview Specialists interviewing in Placer County's Multi-Disciplinary Interview Center (MDIC). This understanding is established to maintain the highest quality fact-finding process in suspected child abuse cases.

The Training, Assessment and Accountability Protocol (TAAP) overview is as follows:

- For the purpose of this MOU, Trainees are defined as all MDIC-related interviewers who were not part of the original start-up MDIC training program;
- Each person assigned by a participating agency to MDIC will be placed on a probationary period not to exceed one year, until he/she has met the training criteria. During this time, he/she will complete the required minimal training, including practice interviewing, and undergo periodic assessment;
- Each trainee will be assigned a Training Mentor (a veteran MDIC Specialist) who will be responsible for training assessment and referral, until the probationary period is satisfactorily completed and/or the trainee is reassigned;
- The Training Mentor will make recommendations to the MDIC Training Protocol and Assessment Committee as to whether the trainee should become a member of the MDIC Interview Specialist Team or be reassigned;
- Whenever a recommendation is made to not accept a trainee as an Interview Specialist, final determination will be conducted by the District Attorney or designee. Upon concurrence of recommendation, the trainee and his/her agency will be notified of the determination.

Rating the interview: Critical tasks are divided into categories below. Provide comments as to how the trainee addresses the tasks according to the described criteria.

- I. Pre Interview The pre-interview case team meeting allows involved persons to share case information, so the interview is most effective. Rate the trainee on their interaction with other team member:

Comments: _____

- II. Greeting of child and rapport building: The interview will not be effective unless time is invested in building trust and rapport with the child. Rate the trainee on their demonstrated ability to build a rapport and to assess cultural issues that may impact a disclosure from the child.

Comments: _____

III. Assessing Competency: The child must be established as a competent witness if the interview is to have forensic value. Through truth and lies, the interviewer will assess the child's ability to understand those concepts. The interviewer should also get an agreement from the child to only discuss the truth.

Comments: _____

IV. Developmental Level Assessment: In order to determine the child's value as a witness, and their verbal abilities, the interviewer must engage the child in instructions which demonstrate those abilities. Rate the trainee on their ability to do a useful and timely assessment.

Comments: _____

V. Initial Interviewing Techniques: Once rapport is established, the interviewer must approach the alleged abuse allegation using open-ended, non-leading, culturally sensitive style of questioning. Rate the trainee on their ability to begin this process.

Comments: _____

VI. Documenting the extent of abuse: If abuse is confirmed through initial questioning, the extent and frequency of abuse must be determined. Rate the trainee on their ability to elicit specifics and frequency of acts, and whether enough information is obtained to assess the need for a medical exam.

Comments: _____

VII. Use of Interview Break(s): The interview break is important to use to confer with observing team members on the conduct of the interview. Rate the trainee on their interaction with observing team members, and their ability to apply suggestions to the remainder of the interview.

Comments _____

VIII. Closure: The end of the interview brings the opportunity for the child to tell anything they were not asked, to raise questions about what happens next, and to leave the child with a positive conclusion to the interview. Rate the trainee on their closure of the interview.

Comments: _____

IX. Post-interview Case Team Meeting: The post-interview meeting is a debriefing of the interview, and an opportunity to share plans for subsequent action. Rate the trainee's participation in the meeting.

Comments: _____

X. Overall Rating: Rate the trainee on their overall demonstrated ability to conduct the interview. Keep in mind that the success of the interview does not hinge on getting an abuse disclosure. The success of the interview is dependent on following recommended Best Practices, giving the child every opportunity to disclose if abuse has occurred.

Comments: _____

XI. Discussion with trainee: Having discussed the interview with the trainee, provide some comment on the trainee's attitude, willingness to learn, and any other issues raised by the interview. If a serious problem is observed, document your observations in as such detail as possible.

Placer MDIC Interview Specialist Training Standards

Purpose: To establish minimum training standards for MDIC Interview Specialists, in order to maintain quality in the investigation of felony child abuse through the MDIC process.

Goals: In order to conduct effective investigations through the MDIC, the Interview Specialist must have desired knowledge and understanding of issues relating to child abuse.

A. Entry-level: The following is the minimum training/educational standard for an investigator/social worker to qualify as a MDIC Interview Specialist in the Placer MDIC:

1. Complete a 24-hour POST course in Sexual Assault or Child Abuse Investigation, within the past 10 years. A three credit-hour course at a 4-year university with the same content is equivalent. A Social Worker with a Master's Degree in Social Work or related field may waive this requirement.
2. Complete a Placer MDIC approved, Interview Specialist course for MDIC's. The course will include training in cultural humility.
3. Successfully complete Placer County MDIC Mentor Program.

B. In-service standard for Placer MDIC Interview Specialists:

1. Participation in at least two of the four quarterly training sessions sponsored by the Placer MDIC each year (4 hours).
2. At least 16 hours of in-service training in the field of child abuse investigation each year. This requirement may be fulfilled through attendance of local or regional conferences or seminars in the field.

CASE REVIEW

Rational

As Placer MDIC is multidisciplinary by definition, case review is the formal process for exchange of information among professionals. Case review monitors case progress, encourages accountability and helps to assure that children's needs are met sensitively, effectively and in a timely manner. In addition, knowledge, expertise and experience of team members is shared so that informed decisions can be made, collaborative efforts are nurtured, formal and informal communication is promoted, and mutual support is provided.

Case review process needs to include:

- Evaluate child's interview
- Discuss, plan and monitor the investigation process
- Review medical exams
- Discuss child protection and other safety issues
- Provide input for prosecution and sentencing decisions
- Discuss emotional support and treatment needs of the child and non-offending family members and strategies for meeting those needs
- Assess the family's reactions and response to the child's disclosure and involvement with the criminal justice/child protection systems
- Review criminal and dependency case status and/or disposition
- Make provisions for court education and court support
- Discuss cross-cultural issues relevant to the case

Placer MDIC Team representatives participating in case review include:

- Law enforcement
- Interviewer
- FACS
- District Attorney
- County Counsel
- Medical
- Victim Witness/Advocacy
- Mental Health
- MDIC Coordinator

1. Each discipline should have a representative present at case review even if that agency does not have a case on the case review agenda.

2. All cases are tracked on a monthly basis at the Team meeting. Case review is scheduled on a minimum of a monthly basis.
3. The MDIC Coordinator is to notify the specific team members involved for cases on the current month's agenda.
4. A MDIC team member at any point of the investigation may submit cases for review 48 hours prior to case review
5. Team members participating in the case review will respect rights of confidentiality. No notes or minutes will be taken in order to maintain confidentiality and to preserve the integrity of the case.
6. Facilitation of case review is the responsibility of the Deputy District Attorney (DDA). In the event that the district attorney is unavailable, case review is to be facilitated by the designated back-up facilitator (s).
7. Case selection criteria*: All cases shall be reviewed the month following the MDIC interview. Sensitive cases and out of county courtesy cases are at the discretion of the assigned DDA facilitator and MDIC Coordinator.
8. Mechanism for distribution of agenda and/or notification of cases to be discussed*: A week prior to case review, the MDIC coordinator will send out an e-mail to all team members reminding them of the date, time and location of the upcoming case review, which includes an agenda on the specific cases to be discussed.
9. Procedures for follow-up recommendations to be addressed*: After the case review meeting, the MDIC coordinator will note all appropriate follow-up and recommendations and/or pertinent information for the MDIC team members so that appropriate follow-up can be conducted. The follow up recommendations will be emailed to the team members involved in the case.
10. Location of meeting*: Case review meeting locations shall be held at the MDIC Interview Center. However, meeting locations may rotate a few times a year to help facilitate team knowledge of other team member departments or resources within our county. The Placer County MDIC team shall meet and conducts case review on the second Thursday of every month at 1pm. The case review meeting schedule will be disseminated at the beginning of each calendar year. Case review is held on a recurring date in time in order to help facilitate attendance of all team members.

*Items were added to the protocol by a vote of the Steering Committee on October 8, 2015.

MDIC Case Tracking and Intake

Case Tracking

MDIC Clerk is responsible for intake of data, case tracking, and interpretation of statistical data. Case information is available at Placer MDIC or by requesting a copy from the MDIC Clerk.

Intake of data

When scheduling an interview, the Administration Clerk gathers child, family, and suspect(s) demographics from child protection and or law enforcement report pertaining to case including a summary of allegations. This data is collected on an intake summary sheet (see attached) and used to notify team members of interview, gather historical reports from CPS computer system CWS/CMS, check MDIC ACCESS data base for history of child, family members, and suspect; and initiate MDIC interview intake sheet (see attached).

To ensure that Placer MDIC is able to capture the client demographics, the parent is given an intake form (see attached) to fill out with identifying information regarding the victim and family. Post interview, the MDIC clerk uses law enforcement reports, CPS historical reports, and the family intake forms to complete the MDIC interview form. The MDIC Clerk enters the case information into the MDIC Matrix (see attached) and both Microsoft ACCESS and Persimmony databases.

Case tracking

Placer MDIC uses three data bases for case tracking: A yearly MDIC Matrix, Microsoft ACCESS program, and Persimmony, a web based program. The yearly Matrix is based off a spreadsheet in Microsoft Word. The Matrix tracks including: age, ethnicity, disability, and gender, but also which team members attended the interview, who the referring agency was, medical exam information, social service dispositions, victim crime composition application status, mental health engagement status, the law enforcement disposition, the prosecution status and final disposition of the case. The Matrix is updated after each interview, case review, and monthly by inquiring agencies for case status updates.

The Microsoft ACCESS database tracks the child's demographics including: name, age, gender, address, and ethnicity. The interview statistics to include: case referred by, date referred, interviewer, interview date, observers, and disclosure type. The case statistics to include: type of case, child protection status, child protection disposition, medical exam, law enforcement agency, law enforcement disposition, district attorney disposition; file date, method of disposition, sentence, and ending disposition date. The suspect statistics to include: name, age, gender, ethnicity, relationship to child, and address. The ACCESS databased is updated after each interview, case review, and monthly by inquiring with each discipline/agency for case status updates.

The Persimmony database tracks the entire family including child demographics: name, age, date of birth, family relationship, language, location, gender, address, and ethnicity as well as generating reports for grants. The Persimmony database is updated after each interview and quarterly. Each case is closely followed and tracked updating

law enforcement disposition, CPS disposition, victim witness application status, mental health services and referrals case updates, and prosecution case status and disposition. Each case is tracked until all agencies reach a final disposition.

Interpretation or data reporting

The MDIC Clerk is responsible for gathering statistical information for grant reporting. The MDIC clerk uses the Microsoft ACCESS database reports and Persimmony reports to pull statistical data in order to fulfill grant, agency and team reporting.

**United States Marshals Service
Fugitive Task Force
Memorandum of Understanding**

Rev. 04/2020

PARTIES AND AUTHORITY:

This Memorandum of Understanding (MOU) is entered into by the

and the United States Marshals Service (USMS) pursuant to 28 U.S.C. § 566(e)(1)(B). As set forth in the Presidential Threat Protection Act of 2000 and directed by the Attorney General, the USMS has been granted authority to direct and coordinate permanent Regional Fugitive Task Forces consisting of Federal, state, and local law enforcement authorities for the purpose of locating and apprehending fugitives. The authority of the USMS to investigate fugitive matters as directed by the Attorney General is set forth in 28 USC § 566. The Director's authority to direct and supervise all activities of the USMS is set forth in 28 USC § 561(g) and 28 CFR 0.111. The authority of United States Marshals and Deputy U.S. Marshals, "in executing the laws of the United States within a State . . . [to] exercise the same powers which a sheriff of the State may exercise in executing the laws thereof" is set forth in 28 USC § 564. Additional authority is derived from 18 USC § 3053 and Office of Investigative Agency Policies Resolutions 2 & 15. (See also) "Memorandum for Howard M. Shapiro, General Counsel, Federal Bureau of Investigation" concerning the "Authority to Pursue Non-Federal Fugitives", issued by the U.S. Department of Justice, Office of Legal Counsel, dated February 21, 1995. (See also) Memorandum concerning the Authority to Pursue Non-Federal Fugitives, issued by the USMS Office of General Counsel, dated May, 1, 1995. (See also) 42 U.S.C. § 16941(a)(the Attorney General shall use the resources of federal law enforcement, including the United States Marshals Service, to assist jurisdictions in locating and apprehending sex offenders who violate sex offender registration requirements).

MISSION: The primary mission of the task force is to investigate and arrest, as part of joint law enforcement operations, persons who have active state and federal warrants for their arrest. The intent of the joint effort is to investigate and apprehend local, state and federal fugitives, thereby improving public safety and reducing violent crime. Each participating agency agrees to refer cases for investigation by the RFTF (Regional Fugitive Task Force) or VOTF (Violent Offender Task Force). Cases will be adopted by the RFTF/VOTF at the discretion of the RFTF/VOTF Chief Inspector/Chief Deputy. Targeted crimes will primarily include violent crimes against persons, weapons offenses, felony drug offenses, failure to register as a sex offender, and crimes committed by subjects who have a criminal history involving violent crimes, felony drug offenses, and/or weapons offenses. Upon receipt of a written request, the RFTF/VOTF may also assist non-participating law enforcement agencies in investigating, locating and arresting their fugitives. Task force personnel will be assigned federal, state, and local fugitive cases for investigation. Investigative teams will consist of personnel from different agencies whenever possible. Participating agencies retain responsibility for the cases they refer to the RFTF/VOTF. Federal fugitive cases referred to the task force for investigation by any participating agency will be entered into the National Crime Information Center (NCIC) by the USMS or originating agency, as appropriate. State or local fugitive cases will be entered into NCIC (and other applicable state or local lookout systems) as appropriate by the concerned state or local agency.

SUPERVISION: The RFTF/VOTF will consist of law enforcement and administrative personnel from federal, state, and local law enforcement agencies. Agency personnel must be approved by the RFTF/VOTF Chief Inspector/Chief Deputy prior to assignment to the RFTF/VOTF. Agency personnel may be removed at any time at the discretion of the RFTF/VOTF Chief Inspector/Chief Deputy. Direction and coordination of the RFTF/VOTF shall be the responsibility of the USMS RFTF/VOTF Chief Inspector/Chief Deputy. Administrative matters which are internal to the participating agencies remain the responsibility of the respective agencies. Furthermore, each agency retains responsibility for the conduct of its personnel. A Task Force Advisory Committee, consisting of representatives of participating agencies and USMS RFTF/VOTF personnel, may be established at the discretion of the RFTF/VOTF Chief Inspector/Chief Deputy and will meet and confer as necessary to review and address issues concerning operational matters within the RFTF/VOTF.

PERSONNEL: In accordance with Homeland Security Presidential Directive 12, personnel assigned to the task force are required to undergo background investigations in order to be provided unescorted access to USMS offices, records, and computer systems. The USMS shall bear the costs associated with those investigations. Non-USMS law enforcement officers assigned to the task force will be deputized as Special Deputy U.S. Marshals. Task force personnel may be required to travel outside of the jurisdiction to which they are normally assigned in furtherance of task force operations. State or local task force officers (TFOs) traveling on official business at the direction of the USMS shall be reimbursed directly by the USMS for their travel expenses in accordance with applicable federal laws, rules, and regulations.

REIMBURSEMENT: If the Marshals Service receives Asset Forfeiture funding for either 1) overtime incurred by state and local investigators who provide full time support to USMS RFTF/VOTF joint law enforcement task forces; or 2) travel, training, purchase or lease of police vehicles, fuel, supplies or equipment for state and local investigators in direct support of state and local

investigators, the USMS shall, pending availability of funds, reimburse your organization for expenses incurred, depending on which category of funding is provided. Reimbursement of overtime work shall be consistent with the Fair Labor Standards Act. Annual overtime for each state or local law enforcement officer is capped at the equivalent of 25% of a GS-1811-12, Step 1, of the general pay scale for the Rest of United States. Reimbursement for all types of qualified expenses shall be contingent upon availability of funds and the submission of a proper request for reimbursement which shall be submitted quarterly on a fiscal year basis, and which provides the names of the investigators who incurred overtime for the RFTF/VOTF during the quarter; the number of overtime hours incurred, the hourly regular and overtime rates in effect for each investigator, and the total quarterly cost. The request for reimbursement must be submitted to the RFTF/VOTF Chief Inspector/Chief Deputy, who will review the request for reimbursement, stamp and sign indicating that services were received and that the request for reimbursement is approved for payment. Supporting documentation must accompany requests for reimbursement for equipment, supplies, training, fuel, and vehicle leases.

VEHICLES: Pending the availability of asset forfeiture funding, the USMS may acquire vehicles to be utilized by state and local investigators assigned to the RFTF/VOTF. Vehicles provided by the USMS remain in the control of the USMS and must be used solely in support of RFTF/VOTF operations. The vehicles must be available for exclusive use of the TFOs assigned to the RFTF/VOTF by the undersigned participant agency for the duration of the agency's participation on the task force. If the agency is no longer a participating member of the RFTF/VOTF, any USMS vehicle provided to the agency for use by TFO(s) must be returned to the USMS. Operators of USMS-provided vehicles must adhere to USMS policy regarding the use of government owned vehicles. Any violation of the USMS vehicle policy may result in the vehicle being repossessed by the USMS and the operator and/or agency forfeiting the opportunity to utilize a USMS-provided vehicle in the future. Vehicles provided to state and local investigators may be subject to additional regulations or restrictions pursuant to USMS lease agreements. Replacement or removal of any vehicle provided by the USMS will be at the discretion of the USMS and/or subject to lease agreement terms.

EQUIPMENT: Pending the availability of Asset Forfeiture funding, the USMS may purchase equipment for state and local investigators assigned to the RFTF/VOTF. Equipment purchased by the USMS using Asset Forfeiture funding must be used solely in support of RFTF/VOTF operations. The equipment must be available for exclusive use of the TFOs assigned to the RFTF/VOTF by the undersigned participant agency for the duration of the agency's participation on the task force. If the agency is no longer a participating member of the RFTF/VOTF, any equipment purchased with Asset Forfeiture and provided to TFOs from the agency may be retained by the agency. Equipment provided by the USMS that is not purchased using Asset Forfeiture funding remains the property of the USMS and will be issued to state and local investigators for exclusive use in support of the RFTF/VOTF. If the investigator or agency is no longer a participating member of the RFTF/VOTF, any equipment issued that was not purchased with Asset Forfeiture funding will be returned to the USMS.

RECORDS AND REPORTS: After the RFTF/VOTF has adopted a warrant, all investigative reports, evidence, and other materials generated, seized or collected by the RFTF/VOTF, relating to the fugitive investigation, shall be material within the custody and control of the RFTF/VOTF. Physical evidence, such as drugs, firearms, counterfeit credit cards, and related items may be released to the appropriate prosecuting agency. Records and information obtained during the RFTF/VOTF fugitive investigation are not evidence and may not be released. A participating agency may retain copies of RFTF/VOTF investigative reports, and other documents or materials, but they may be released only upon approval of the USMS Office of General Counsel, in consultation with the local U.S. Attorney's Office, if and as applicable.

All investigative reporting will be prepared in compliance with existing USMS policy and procedures utilizing USMS case management systems. Every effort should be made to document investigative activities on USMS forms, such as USM-11s and USM-210s. Reports should never contain information related to sensitive USMS programs that are deemed privileged and not subject to reporting. RFTF/VOTF records and documents, including reports on RFTF/VOTF activity prepared in cases assigned to TFOs, will be maintained in USMS electronic records. Task force statistics will be maintained in the USMS case management systems. Statistics will be made available to any participating agency upon request. This section does not preclude the necessity of individual TFOs completing forms required by their employing agency. However, reports documenting task force related investigations or activities prepared by a TFO on their parent agency form and any TFO's task force related email or text exchanges are deemed federal records under the control and purview of USMS, regardless of where these records are generated or kept. If information developed during a RFTF/VOTF investigation is included in such a form, the TFO's department will maintain the information as an agent of the RFTF/VOTF. No information related to RFTF/VOTF activities may be disseminated at any time to any third party (including a non-task force law enforcement officer, other law enforcement agency, or prosecutor's office) by any task force member without the express permission of the RFTF/VOTF Chief Inspector/Chief Deputy or his/her designee, in consultation with USMS Office of General Counsel where appropriate. This prohibition applies to formal and informal communications, as well as reports, memoranda, or other records compiled during the course of RFTF/VOTF operations. Documents containing information that identifies, or tends to identify, a USMS confidential source, a USMS sensitive program, or the use of sensitive equipment/techniques shall not be released outside of the USMS unless approved by the Office of General Counsel.

CONFIDENTIAL SOURCES / CONFIDENTIAL INFORMANTS: Pending the availability of funds, the USMS may provide funding for payment of Confidential Sources (CS) or Confidential Informants (CI). The use of CS/CIs, registration of CS/CIs and all payments to CS/CIs shall comply with USMS policy. USMS payment to an individual providing information or "tip" related to a

USMS offered reward on an active fugitive case shall be accomplished by registering the individual or "tipster" through the established USMS CS payment process.

USE OF FORCE: All members of the RFTF/VOTF will comply with their agencies' guidelines concerning the use of firearms, deadly force, and less-than lethal devices, to include completing all necessary training and certification requirements. All members of the RFTF/VOTF will read and adhere to the DOJ Policy Statement on the Use of Less-Than-Lethal Devices, dated May 16, 2011, and their parent agencies will review the Policy Statement to assure that they approve. Copies of all applicable firearms, deadly force, and less-than-lethal policies shall be provided to the RFTF/VOTF Chief Inspector/Chief Deputy and each concerned TFO. In the event of a shooting involving task force personnel, the incident will be investigated by the appropriate agency(s). Additionally, in the event of a shooting, the required reporting for the FBI National Use of Force Data Collection (NUOFDC) should be accomplished by the involved task force personnel's employing agency when the TFO is inside their primary/physical jurisdiction and by the USMS when the TFO is outside their employing agency's primary/physical jurisdiction. If the employing agency wishes to submit such NUOFDC entries regardless of the physical location of the event, that is allowed under this MOU with prior written notice to the USMS.

NEWS MEDIA: Media inquiries will be referred to the RFTF/VOTF Chief Inspector/Chief Deputy. A press release may be issued and press conference held, upon agreement and through coordination with participant agencies' representatives. All press releases will exclusively make reference to the task force and participant agencies.

RELEASE OF LIABILITY: Each agency shall be responsible for the acts or omissions of its employees. Participating agencies or their employees shall not be considered as the agents of any other participating agency. Nothing herein waives, limits, or modifies any party's sovereign rights or immunities under applicable law.

EFFECTIVE DATE AND TERMINATION: This MOU is in effect once signed by a law enforcement participant agency. Participating agencies may withdraw their participation after providing 30 days advanced written notice to the RFTF/VOTF Chief Inspector/Chief Deputy.
