Roseville, California 95678

Dear Mr. Morse:

We have reviewed the City of Roseville's Open Space Preserve Overarching Management Plan which provides for consistent management strategies and protocol across all of the preserves the City manages. All of the Open Space Preserves are byproducts of the U.S. Army Corps of Engineers (Corps) permits. Additionally, the General Open Space has been set aside by the City as open space. None of the General Open Space is associated with Corps permit decisions; however, the management strategy is similar for all. The Corps' approves of incorporating the Open Space Preserves into the Overarching Management Plan. Please move forward with its implementation.

Please refer to identification number SPK 2009-1366 in any correspondence concerning this project. If you have any questions, please contact Ms. Nancy Haley, Chief, California North Branch Office at 650 Capitol Mall, Suite 5-200, Sacramento, California 95814, or by email at Nancy.A.Haley@usace.army.mil, or by telephone 916-557-7731.
