DOWNTOWN MERCHANT PARKING PERMIT PROGRAM

Merchant Parking Permits are available from the Roseville Police Department, 1051 Junction Blvd. (See attached application)

Annual Fee for the permit is \$20.00
After July 1st, the fee is \$10.00
The permit is valid for the calendar year issued,
January 1st through December 31st

The permit must be placed on the left rear bumper of the vehicle for which it has been purchased.

The parking permit program has been in effect since January 1, 2006 and all old permits are no longer valid. Permit colors rotate every year, so any vehicles posting an invalid permit may be in violation and could be cited.

Advantages of the Merchant Parking Permit Program:

The available two-hour permit exempt parking spaces have been increased from 35 to 76. This includes 26 additional parking spaces in the lot behind the Roseville Theatre and 15 additional spaces on Atlantic Street between East Washington and Lincoln Streets.

The revenue generated will support this program and be directed to parking related issues in the Downtown area. Possible future applications might include signage, informational tools, etc.

Full parking spaces are a great indication of a thriving business district!
