Residential Renewable Energy Rebate Payment Request

Renewable Energy Programs for Residential Customers

For customers holding a confirmed Renewable Energy Reservation from Roseville Electric, once your project has been completed, has passed all inspections, all forms have been completed and accepted by Roseville Electric and all program criteria to receive a rebate have been met, the customer must apply for the rebate payment.

Rebates WILL NOT be paid until all program criteria have been met and the customer/contractor has applied for payment via the *Roseville Electric Renewable Energy Program Payment Request Form.*
