Fees for Single Family Dwelling Additions

Construction valuation and fees are based on Square footage. Please call the Building Division for a fee estimate.

School Fees

School districts shall be notified of all room additions regardless of square footage. Prior to the issuance of a building permit, school fees (if required) must be paid to the applicable high school and elementary school district. Information concerning school fees may be obtained by contacting the appropriate school district office. The Building Division will fill out and provide the appropriate forms.
