Anonymous Participant	09/22/04	Survey	trafic is not too bad here. dineing and shopping are excellent. mangood schools and not a lot of gang activity
Anonymous Participant	09/22/04	Survey	I love the variety of activities available in Roseville & nearby - Aquatic Center & batting cages, the Galleria, the fairgrounds, Old Roseville, parks & trails, proximity to farm with fresh produce
Anonymous Participant	09/22/04	Survey	Still has country feel in some areas. However, development is closing in fast. Open space is being lost.
Anonymous Participant	09/22/04	Survey	The City of Roseville is a well maintained city. Roadways and parks are kept up and it appears that City staff is constantly striving to make this a safe and clean pleasant place to live.
Anonymous Participant	09/22/04	Survey	I like that city police take their cars home with them, it seems like deterent sometimes. I also like that it is a ver community oriented city.
Anonymous Participant	09/22/04	Survey	Bedroom comunity
Anonymous Participant	09/22/04	Survey	Are you Kidding?
Anonymous Participant	09/22/04	Survey	Dry Creek School District
Anonymous Participant	09/22/04	Survey	well planned communities
Anonymous Participant	09/22/04	Survey	The people here in Roseville make it a great place to livelow crim rate, great schools make this town a place I want my future family to enjoy
Anonymous Participant	09/22/04	Survey	Small town atmosphere with big town amenities

Anonymous Participant	09/22/04	Survey	Response time for police/fire services is excellent, gives residents a secure feeling. Roseville offers the feel of a big city with entertainment/shopping without the big city lifestyle.
Anonymous Participant	09/22/04	Survey	One of the things I like best are the trees - especially the old Oaks.
Anonymous Participant	09/22/04	Survey	I Feel that the city has been very proactive in maintaining and improving the quality of life here in Roseville. My only complaint (which is out of your control) is that with the recent cuts, planned libraries, parks, fire stations, etc had to be put on the back burner.
Anonymous Participant	09/22/04	Survey	We have great schools (just not enough room in high schools).
Anonymous Participant	09/22/04	Survey	City park and rec facilities that bring people together- high standards of city 'cleanliness' of streets, parks etc. Revitalization of downtown
Anonymous Participant	09/22/04	Survey	Easy access to quality stores and restaurants.
Anonymous Participant	09/22/04	Survey	shopping has improved, new mall and other shops
Anonymous Participant	09/22/04	Survey	Nice weather, but smog is a problem
Anonymous Participant	09/22/04	Survey	Even though Roseville is growing rapidly and isn't a small town, it still has a small town feel. I never feel like i'm a resident of a mid/big town and that's a feeling I like. I know my neighbors, we a look out for each other, etc.
Anonymous Participant	09/22/04	Survey	The city'e empasis on neighborhood parks and open space is appreciated.
Anonymous Participant	09/22/04	Survey	Easy access to shopping, schools and churches
Anonymous Participant	09/22/04	Survey	Quality of planning is excellent. Retail strength is very high. I hope they can all survive.
Anonymous Participant	09/22/04	Survey	I particularly like the newer parts of Rsoeville where the residential areas are isolated from the main thoroughfares thus keeping traffic in the residential areas limited to those who live there.
Anonymous Participant	09/22/04	Survey	Roseville is a great place to raise children. The schools are good, the neighborhoods are safe and there are great parks and recreational opportunities to take advantage of.
Anonymous Participant	09/22/04	Survey	It's all right here, recreation, shopping, almost any business need you can imagine.
Anonymous Participant	09/22/04	Survey	The parks and open space are an amazing benefit to living in Roseville!
Anonymous Participant	09/22/04	Survey	Clean air, wide streets, attractive City.
Anonymous Participant	09/22/04	Survey	I love how well planned apartment vs. house space is organized. It doesn't make the community look less appealing.
Anonymous Participant	09/22/04	Survey	I like that Roseville is family oriented. So far it is still easy to get around while driving.
Anonymous Participant	09/22/04	Survey	Used to be less traffic, now with new developments, traffic is on the rise. Malls are crowded etc., I like the drinking water and the electricity costs being low, don't like the monoploy of the surewest telephones.
Anonymous Participant	09/22/04	Survey	Security and city cleanliness.
Anonymous Participant	09/22/04	Survey	People here are very friendly and helpful. We just moved here 3 months ago, however have owned the house for 2 & 1/2 years. We have found the employees of the City to be extremely helpful, friendly, knowledgeable and to respond quickly
Anonymous Participant	09/22/04	Survey	Safe and Family oriented.
Anonymous Participant	09/22/04	Survey	Relatively low crime rate and well maintained landscape along roadways. Variety of activities for all ages. Ample shopping and dining facilities.
Anonymous Participant	09/22/04	Survey	Services such as power, water, electricity, are affordable and reliable.
Anonymous Participant	09/22/04	Survey	Very good police and fire protection
Anonymous Participant	09/22/04	Survey	Convenient shopping, wonderful bikepath planning, lots of parks, execellent planning

Anonymous Participant	09/22/04	Survey	Roseville is large enough to provide the services I need but small enough to feel comfortable living here.
Anonymous Participant	09/22/04	Survey	neighborhood parks and public safety.
Anonymous Participant	09/22/04	Survey	This is the best managed city I have ever lived in. Utilities are very reasonable compared to other locales.
Anonymous Participant	09/22/04	Survey	Mahany and Maidu parks and the aquatic center.
Anonymous Participant	09/22/04	Survey	Well planned city with little crime and few slum neighborhoods.
Anonymous Participant	09/22/04	Survey	Exceptional planning has made Roseville a great place to live. It ha also caused home values to increase. We are all winners.
Anonymous Participant	09/22/04	Survey	I feel the police & fire protection is excellent & feel, at 82, very safe in my neighborhood.
Anonymous Participant	09/22/04	Survey	Moving here from the San Fernando Valley in L.A., I'm most impressed by the planning that goes into the developmentwide streets, traffic-sensitive lights, lots of parks etc. I try to watch City Council meetings and sometimes Planning Commission meetings. I appreciate the thought given to and consideration of proposed development.
Anonymous Participant	09/22/04	Survey	Most of Rooseville is new so there is a relatively small area that has deteriorated or is deteriorating. The quality of life is very good
Anonymous Participant	09/22/04	Survey	Relatively crime free city in which I have no fear of going to any part of town at any time.
Anonymous Participant	09/22/04	Survey	Roseville has been very good to us for the pass 7 years.
Anonymous Participant	09/22/04	Survey	For the most part I have found Roseville residents to be happy and relaxed. They smile and interact freely. They are polite and helpful to strangers. I think this reflects the feeling of well-being that living in Roseville brings.
Anonymous Participant	09/22/04	Survey	There are many routes to get places. Plenty of choices for dining and shopping. I like that the City runs the utilities.
Anonymous Participant	09/22/04	Survey	Housing is of high quality for the price compared to the Bay Area.
Anonymous Participant	09/22/04	Survey	Excellent planning, and police, fire and emergency medical services in Roseville
Anonymous Participant	09/22/04	Survey	love the summer saunders aquatic center
Anonymous Participant	09/22/04	Survey	The schools.
Anonymous Participant	09/22/04	Survey	Excellent land planning and design; superb development finance mechanisms(sales tax, developer's fees, special districts, etc.)
Anonymous Participant	09/22/04	Survey	clean and well maintained streets and buildings
Anonymous Participant	09/22/04	Survey	Roseville has the feel of a small city with the possibilities of having many of the features suchs as shopping, dining, transit access of a larger one.
Anonymous Participant	09/22/04	Survey	Many opportunities. Everything nearby. Probably don't need more shopping. Roadways, bikeways well maintained.
Anonymous Participant	09/22/04	Survey	Convenient shopping; nice neighborhoods; clean well maintained city; family friendly; public safety;
Anonymous Participant	09/22/04	Survey	The socioeconomic demographics of the area well above most communities. I believe that this results from: recruiting quality businesses such as HP,NEC,health care providers (e.g., Kaiser, Sutter, etc), a varity of financial institutions and firms,and others; a waive of well educated and financially secure retirees moving to the area; and, upper end housing development that only better endowed persons can afford (a community plus in my opinion, eveif it might be considered elitist). Such demographics produces a lower crime rate, little graffity, better maintainance of neighborhood and business establishments, greater interest in and growth of all of the arts and theater, more interest and volunteerism in local government, schools and charities, and so on.
Anonymous Participant	09/22/04	Survey	Roseville Electric. They are great!
Anonymous Participant	09/22/04	Survey	I believe that open space and nature areas have been a major focu over the past few years. Having come from LA I find that the open

			space is critical
Anonymous Participant	09/22/04	Survey	The planning has made the city easy to navigate, safe to use with wide roads and recreation areas in residential areas Everything car be done in Roseville-shopping, education, healthcare, recreation, pet care, etc.
Anonymous Participant	09/22/04	Survey	A well rounded community that is not run by special interest group
Anonymous Participant	09/22/04	Survey	Family and Community activities
Anonymous Participant	09/22/04	Survey	In the five years I have lived here, Roseville has built up considerably. Generally speaking the city planning appears to be well thought out.
Anonymous Participant	09/23/04	Survey	Although it's grown a lot since I moved here 13 years ago, Rosevill still has the feel of a smaller community, one in which the input of residents is valued.
Anonymous Participant	09/23/04	Survey	Overall enviroment good location to raise family because of strateglocation
Anonymous Participant	09/23/04	Survey	Roseville has the look and feel of a well run, progressive city. It is clean and well maintained.
Anonymous Participant	09/23/04	Survey	The planning of new communities with schools, parks, and roads a well thought out, the expansion of the outlying areas are planned appropriately, however, the expansion is too rapid.
Anonymous Participant	09/23/04	Survey	That I dont have to leave Roseville, everything I need is here. Shopping, recreation, good schools, etc.
Anonymous Participant	09/23/04	Survey	Lots of open space-continue this
Anonymous Participant	09/23/04	Survey	having all the available services such as shopping, parks, senior ar youth activities. Only problem is traffic and getting to these activities.
Anonymous Participant	09/23/04	Survey	Roseville has everything large cities offer plus easy access to government leaders,
Anonymous Participant	09/23/04	Survey	Good water
Anonymous Participant	09/23/04	Survey	Parks and recreation has great classes, programs, exercise facilitie etc.
Anonymous Participant	09/23/04	Survey	I enjoy living and working in Roseville. It is a well planned community. There seems to be a store on every conner now. Convenience is good.
Anonymous Participant	09/23/04	Survey	Still has the semblance of being a community not just another suburban area. Has close by major shopping areas, community college and medical facilities. Like the Maidu facility. Good diversity in population demographics - some families, some seniors, etc.
Anonymous Participant	09/23/04	Survey	It is a clean well maintained community with good fire and police protection. It's a good community in which to live.
Anonymous Participant	09/23/04	Survey	The proximity to great areas/places from the pacific coast to the Sierra/Lake Tahoe
Anonymous Participant	09/23/04	Survey	Good infrastructure planning.
Anonymous Participant	09/23/04	Survey	It is a place where I feel safe and secure for myself and children. A fun place to live.
Anonymous Participant	09/23/04	Survey	From what I have noted thus far (6 years in Roseville), long range planning and developer participation in community assets have been excellent.
Anonymous Participant	09/23/04	Survey	We like the conveniences, (shopping/restuarants) & the central location to Lake Tahoe/San Francisco. The people are friendly.
Anonymous Participant	09/23/04	Survey	The elementary schools are excellent with great teachers.
Anonymous Participant	09/23/04	Survey	everything is new
Anonymous Participant	09/23/04	Survey	number of parks; shopping that is available
Anonymous Participant	09/23/04	Survey	Good schools, friendly people
Anonymous Participant	09/23/04	Survey	parks and sporting facilities
Anonymous Participant	09/23/04	Survey	Roseville traffic is still manageable and the city is cleanly maintained

Anonymous Participant	09/24/04	Survey	It seems that if our family needs to do some shopping or purchase something thatwe do not need to leave the Roseville area. Previously, we had to travel to find a shopping mall or specific stores. Now that we have been living in Roseville it is more convenient.
Anonymous Participant	09/24/04	Survey	Roseville has what it needs to offer 'city' living, yet in my neighborhood, near Junction/Foothill, there is a friendly, safe environment that you would expect in a small town. A nice combination of city/sub-urban life.
Anonymous Participant	09/24/04	Survey	The wide streets, variety of stores, restaurants, and entertainment In addition, the health facilities. No need to go to Sacramento! I remember those days. I am a native of Roseville.
Anonymous Participant	09/24/04	Survey	Once a relatively quiet, peaceful rural town, Roseville is fast becoming a busy, rushing, urban snarl of spreading pavement, structures and traffic. It's still the best of the worst of growth in cities around us. The challenge is keeping Roseville from morphing into another tasteless, brassy, urban field of shopping malls and Wal-Marts.
Anonymous Participant	09/24/04	Survey	The retirement community in which I am living
Anonymous Participant	09/24/04	Survey	quiet neighborhoods
Anonymous Participant	09/24/04	Survey	Positive aspects: it is a 'young'; new people, caring people; exciting growth; the city representatives have a personal quality that has disappeared in so many towns due to over development.
Anonymous Participant	09/24/04	Survey	Roseville has such an ideal location. It has been somewhat remove from the dense population and crowding of Sacramento and is so close to the mountains and the bay area, two entirely different environments. And access is relatively easy.
Anonymous Participant	09/25/04	Survey	Family oriented
Anonymous Participant	09/25/04	Survey	It is a city that has maintained a family-friendly environment while providing essential services.
Anonymous Participant	09/25/04	Survey	The Roseville Transit provides an excellant mode of transportation for seniors thru out the community. We can only hope it will be supported by seniors so that it can continue.
Anonymous Participant	09/25/04	Survey	Attempts are being made to do good land use planning, using experts instead of builders to get advice.
Anonymous Participant	09/26/04	Survey	The city maintains the city well. It is very beautiful. Parks are plentiful and well maintained. Public schools are excellent.
Anonymous Participant	09/26/04	Survey	I love that everything I need to do on a daily basis is so close to my home.
Anonymous Participant	09/26/04	Survey	I do enjoy shopping in Roseville, pay taxes within the city, and not paying the taxes in sacramento county, as I did previous to all the new stores.
Anonymous Participant	09/26/04	Survey	Great place to raise a family!
Anonymous Participant	09/26/04	Survey	Good police, schools and access to parks and recreational facilities.
Anonymous Participant	09/27/04	Survey	I adore Roseville. It is a caring community with many things to do, and a vision of the future.
Anonymous Participant	09/27/04	Survey	The close proximity to large areas of open land.
Anonymous Participant	09/27/04	Survey	Roseville staff has a strong commitment to the community. They are very accessible and embody the concept of customer service.
Anonymous Participant	09/27/04	Survey	- great long range planning - centrally located - good shopping & dining
Anonymous Participant	09/27/04	Survey	Good utilities.
Anonymous Participant	09/27/04	Survey	Recent New Growth has made Roseville a 'new' community with good housing choices, strong retail and business environmenta perception of newness, vitality and good schools
Anonymous Participant	09/27/04	Survey	I like the sense of community. My only frustration is the delay in th construction of the park in my neighborhood. It hase become a dumping groud for trash and god fecies

Anonymous Participant	09/27/04	Survey	Whatever you want or need, it's available in, or close to, Roseville.
Anonymous Participant	09/27/04	Survey	very affordable
Anonymous Participant	09/27/04	Survey	I like that everything I need to go to is within a 15 minute drive.
Anonymous Participant	09/27/04	Survey	We are impressed with most of the services provided by the city.
Anonymous Participant	09/27/04	Survey	I enjoy the diversity of programs and services provided to all ages within the community.
Anonymous Participant	09/27/04	Survey	Close to shopping of all kind
Anonymous Participant	09/27/04	Survey	wonderful shopping
Anonymous Participant	09/27/04	Survey	No snow to shovel!
Anonymous Participant	09/27/04	Survey	low crime, high respect of the city by fellow community members & neighbors, GREAT schools in the West Roseville area.
Anonymous Participant	09/27/04	Survey	Clean streets.
Anonymous Participant	09/27/04	Survey	Greenbelts, open space, small town atmosphere, cleanliness of city
Anonymous Participant	09/28/04	Survey	City looks well maintained. Few unsightly areas. good shopping.
Anonymous Participant	09/28/04	Survey	We have city facilities but we are located close to rural areas. The contrast is a very desirable feature of living in Roseville.
Anonymous Participant	09/29/04	Survey	One of the best qualities is the fact that you are serious about this survey and change. The City is not perfect, no city is, but you are trying to make it better.
Anonymous Participant	09/30/04	Survey	A postive aspect of living in Roseville is the diversity of activites for every age.
Anonymous Participant	09/30/04	Survey	The parks and recreation centers are well kept.
Anonymous Participant	09/30/04	Survey	I like that Roseville is very family-friendly with a lot of parks, open space, great public schools, park & rec programs, etc.
Anonymous Participant	09/30/04	Survey	It is a vibrant, growing community.
Anonymous Participant	09/30/04	Survey	Roseville is general clean and has lower crime than many adjoining areas.
Anonymous Participant	09/30/04	Survey	We love the cleanliness of the city. Please keep that a very high priority.
Anonymous Participant	09/30/04	Survey	Excellent city planning
Anonymous Participant	09/30/04	Survey	The present crime rate is low.
Anonymous Participant	09/30/04	Survey	Everything is new and beautiful and clean.
Anonymous Participant	10/03/04	Survey	Roseville has a great selection of retail businesses, restaurants and is a central point for the bay area, sierra mountains and other recreational points of interest.
Anonymous Participant	10/03/04	Survey	As a full service city I can get everything I need in close proximity to where I live.
Anonymous Participant	10/03/04	Survey	Services provided by local government and what has so far been a nice park system
Anonymous Participant	10/03/04	Survey	The city is a clean and safe place to live.
Anonymous Participant	10/03/04	Survey	Roseville is pretty upscale and relatively safe. I think it's growing too much too fast, and will just be like any other central valley big city.
Anonymous Participant	10/04/04	Survey	Safe for kids.
Anonymous Participant	10/04/04	Survey	The vision of the leadership, and the many resources that are take into account here.
Anonymous Participant	10/04/04	Survey	Amenities are good but
Anonymous Participant	10/04/04	Survey	I think we live in a well run city given the growth we have seen in the past 10 years. I think we should slow down on adding new homes in the future as traffic is a nightmare during the am/pm rus hours and even in between.
Anonymous Participant	10/04/04	Survey	The people are good neighbors. The lack of buildboards and grafiti very much appreciated. The planting of landscaping makes Rosevil a real garden community.
Anonymous Participant	10/05/04	Survey	Clean and quiet

Your previous feedback instructed City management to focus on traffic enforcement, congestion, and signal timing. These are currently high priorities for improvement. What other existing aspect about Roseville needs to change or improve?

what other existing aspect abou	t Roseville	neeas to c	change or improve?
Submitted By	Date	Туре	Responses
Anonymous Participant	09/22/04	Survey	High density housing (such as apartments) create transient residents, increase crime and traffic. Roseville has plenty! Schools, roads and infrastucture should be built before housing projects.
Anonymous Participant	09/22/04	Survey	We need a well-thought-out system of walking/bike trails linked together to make it possible for workers to bike to work, & families to visit outside of their own neighborhoods without having to deal with automobile traffic (or at least keeping it to a minimum).
Anonymous Participant	09/22/04	Survey	Slow down development and preserve open space. Roseville is bein too much like the Bay Area. Better public transportation might take some cars off the roads
Anonymous Participant	09/22/04	Survey	The City needs to address change and growth to the 'old town' part of Rosevilleincluding the area around City Hall. There is so much potential for shops and restaurants in that area.
Anonymous Participant	09/22/04	Survey	MORE field facilities for children's sports, if kids are involved in after school activities and have a place to go, then they are less likely to get into trouble!
Anonymous Participant	09/22/04	Survey	Intersectin of Woodcreek and Base Line needs to be made into a complete 4 way intersection
Anonymous Participant	09/22/04	Survey	Nightlife needs to be here so ppl dont have to drive to sacto. Stop having those COPS harrassing people for stupid stuff like no front licence plate etc
Anonymous Participant	09/22/04	Survey	Parking spaces as retail establishments are too small and narrow, parking areas are a constant problem when it comes to parking and safety.
Anonymous Participant	09/22/04	Survey	bike-ways need to be connected throughout Roseville
Anonymous Participant	09/22/04	Survey	The sheer pace of growth needs to be fully examined. I have concerns with the city's EIR on the West Plan. Using methods of AS and transfering water rights to obtain enogh water for the project is suspect.
Anonymous Participant	09/22/04	Survey	None that I can think of
Anonymous Participant	09/22/04	Survey	Maintaining environmental space. Not allowing too much development.
Anonymous Participant	09/22/04	Survey	Slow the growth! The traffic patterns, and especially the amount of traffic on the few freeways available, are becoming a bigger impact on quality of life and 'ease of use' of the city amenities.
Anonymous Participant	09/22/04	Survey	I think when construction is underway, their needs to be road, school/libraries/parks, fire and police accomodations, made in ADVANCE. Make the developers pay for some of these necessities.
Anonymous Participant	09/22/04	Survey	The fact that we are not currently under construction on at least tw high schools is beyond me! I realize the city does not make this decision, however the residents need to be EDUCATED - our senior population, who make up a large number of voters, are unaware of the crisis recent voting decisions have put our kids in. For a city wis such hope & promise, it is unbelievable that our need for more high schools is not being accelerated.
Anonymous Participant	09/22/04	Survey	more support of the arts and small businesses
Anonymous Participant	09/22/04	Survey	More city landscaping, less apartment complexes.
Anonymous Participant	09/22/04	Survey	road was and traffic: Riverside and Cirby
Anonymous Participant	09/22/04	Survey	Overcrowding too fast is a problem
Anonymous Participant	09/22/04	Survey	My concern still lies with traffic enforcement, congestion and traffic signals. I would also like to make sure that large road widening projects are given serious 'pause' before happening
			The amount of growth seems to be explosive and inconsistent with

Anonymous Participant	09/22/04	Survey	our past 'small town' atmosphere.
Anonymous Participant	09/22/04	Survey	More visability of police on the streets. Too many speeders and reclight runners.
Anonymous Participant	09/22/04	Survey	better access to 180 and even US 99 from West Roseville.
Anonymous Participant	09/22/04	Survey	Many of us are eaterly awaitint the building of the library branch at Mahaney.
Anonymous Participant	09/22/04	Survey	The growth that keeps occurring on every vacant corner needs to slow down before growth clogs are streets and makes our schools even more overcrowded.
Anonymous Participant	09/22/04	Survey	Plan for future growth by having those who profit from the growth pay up front for all of the needed infrastructure. That includes roads, SCHOOLS, water, electricity, parks extended police and fire and anything else the city provides. Coordinate with the school disricts, especially the high school district. Be sure that high scholl sites are donated and sufficent fees are levied to cover all costs of high school construction and startup. Have that in the bank before approving new housing. We are prime. We have choice here. If a developer does not want to pay, we don't need him. No use of public funds or loan gurantees to encourage further development
Anonymous Participant	09/22/04	Survey	Housing appears to be getting out of hand. Affordable housing is slipping away quickly. Also, the area around the mall is becoming far too busy to be adding LARGE facilities like movie theaters and conference centers. They should be located elsewhere in Roseville.
Anonymous Participant	09/22/04	Survey	Mosquito Abatement is not a City service, but is something that is a problem in this area.
Anonymous Participant	09/22/04	Survey	I would like a map of all the bike paths, not just bike lanes on the streets, in the nature and outdoor areas of Roseville. Maybe it exist but I don't know where to get one. Aquatic Center and Parks and Rec programs are too expensive. Model downtown after Chico.
Anonymous Participant	09/22/04	Survey	Some of the major intersections, the roads are not good. This need to be fixed. Also, from Riverside avenue to Douglas blvd, 80 W is always clogged. Needs to be fixed.
Anonymous Participant	09/22/04	Survey	How to grow while keeping cost down to current residents.
Anonymous Participant	09/22/04	Survey	Better i nformation on the stores that are going into the various corner developements.
Anonymous Participant	09/22/04	Survey	Slow down on the development of open space. Constructing too many housing units, both single family and multiple dwelling complexes in a short period of time can have impacts that are hard to address when all occur at the same time. Increasing the population rapidly requires schools, police, fire protection, sanitation services, roads, water and power, and impacts air quality. If growth is slow it is easier to absorb and adjust to the growth without being overwhelmed.
Anonymous Participant	09/22/04	Survey	Congestion is a real problem Hwy 80, Hwy 65, Riego/Base Line Rowhich is all brought on by out of control growth. Growing as planned by leaps and bounds to the west will cause us to again pull stakes and move elsewhere.
Anonymous Participant	09/22/04	Survey	Some streets need improvment back to where they were 10 or more years ago.
Anonymous Participant	09/22/04	Survey	Would like to to see existing vacant space filled in before the city boundries expand.
Anonymous Participant	09/22/04	Survey	bring bank photo radar slow down speeders Bring back level of service c to all intersections
Anonymous Participant	09/22/04	Survey	Growth must be controlled through the planning and zoning processes.
Anonymous Participant	09/22/04	Survey	I'd like to see more off-road bike-ways. Also, I'd like to know the rationale behind the mini-merge lanes most of the major roads in Roseville have when you make a right turn. In theory it seems like good idea, but these lanes cause everyone in this area to disregard stopping at a red light when making a right turn. Not exactly

		_	pedestrian-friendly.
Anonymous Participant	09/22/04	Survey	Maintain roads and traffic flows.
Anonymous Participant	09/22/04	Survey	Traffic control still needs to be addressed. This will make life better in the future. Keep doing everything the way it is.
Anonymous Participant	09/22/04	Survey	I'm sorry. I'm 'happy as a clam' living in Roseville. The drive to wo (Kaiser) is a pleasure. My beloved Cheesecake Factory has opened in Sac (even tho' my 3 emails to them asked for Roseville!). My daughter in Sac is 'tired of hearing what's opening up in Roseville'.
Anonymous Participant	09/22/04	Survey	I am concerned that Roseville has too many shopping areas. A shopping area and gas station on each corner is absurd. The problem is that you have allowed too many supermarkets so that when one goes out of business then there is no Class A tenant to replace the market and the anchor store and the center begin to deteriorate such as on Foothill and Junction. It has been over a yea and no tenant! We need to restrict the growth of retail and plan better.
Anonymous Participant	09/22/04	Survey	Mass transit routes seem to be spaced too close. One bus being fiv minutes late can cause up to an hour delay because of a missed transfer.
Anonymous Participant	09/22/04	Survey	The taxation could be lower for older people.
Anonymous Participant	09/22/04	Survey	Is there any way to slow down all this growth?
Anonymous Participant	09/22/04	Survey	We desire better dining options. For instance, nearby Thai, Mexicar food and additional ethnic quisine. All of the present restaurants in the Galleria area are extremely crowded with no available parking
Anonymous Participant	09/22/04	Survey	Continue to construct new schools as more growth in Roseville seems to keep going.
Anonymous Participant	09/22/04	Survey	bike and hike paths; traffic signal on pleasant grove and fiddyment
Anonymous Participant	09/22/04	Survey	The rapid development of stores/retail and the lack of improvements of access to these places (like traffic) but also parking lots are WAY too small for these businesses. You cannot puso many stores in these corner shopping centers with the continuous lack of parking. This has been happening since the Borders shopping center on Rocky Ridge and Douglas Blvd.
Anonymous Participant	09/22/04	Survey	parks and open space trail development
Anonymous Participant	09/22/04	Survey	Continue to find more jobs that are not service jobs
Anonymous Participant	09/22/04	Survey	Taking care to provide open space (not just parks) as the city grows. This is extremely important for visual comfort, ability to be in touch with more than concrete and to give breaks for neighborhoods from endless track housing projects. See Littleton CO for ideas
Anonymous Participant	09/22/04	Survey	Schools are very nice but over-crowded. Maintaining adequate parking is key to success of existing businesses.
Anonymous Participant	09/22/04	Survey	Adequate school facilities; Land use planning to ensure open space (we are becoming engulfed in retail; how much is enough?)enough infastructure to support the homes?
Anonymous Participant	09/22/04	Survey	By permitting early development in the West Roseville Specific Plar area (Westpark and Signature) before major street improvements have been constructed, the City has created an absolute traffic monstor for all residents and businesses in West Roseville. I believe that development should have been deferred for several years. I question whether or not the City will EVER be able to provide adequate traffic flow from west to east and back. All of the existing arterials are already hemmed in on both sides with housing and businesses so that meaningful widening is impossible. I also believe that business/insustry and housing must be integrated far more than what has been done so far. And, as I have previously opined, believe that more extensive and, wherever possible, connected oper space areas WITHIN the City is a must. If the City is not diligent are aggressive, the salubrious open spaces will be paved over and Roseville will become another (but somewhat nicer) San Jose. Another point is the adequacy of the water supply. The City must insure that no development is approved which cannot be supplied

			with water EVEN IN DROUGHT YEARS without adversely impacting existing development. The competition for water is escalating and intensifying and regions far away from Roseville are demanding access to Northern California water to supply their out of control population growth. The problem can only get worse, and Roseville should not be a partner in the degradation of our water supply.
Anonymous Participant	09/22/04	Survey	Traffic enforcement in residental neighborhoods!
Anonymous Participant	09/22/04	Survey	Growth throughout the Roseville, Rocklin area is expanding at a tremendous rate. We moved here to be in a quieter setting and find that the sense of security and peace of mind is being taken away b the congestion in the residential areas as well as on the highways.
Anonymous Participant	09/22/04	Survey	Control growth. The out of control growth can spoil the little town amenities of Roseville.
Anonymous Participant	09/22/04	Survey	I think there's decline in the way the City nows treats our youth in parks and rec. The city has been less supportive of programs that helped it win national recognition like the aquatics teams. The city reduced champs to a one day format. It also doesn't take into consideration very basic scheduling issues for older swimmers like scheduling team photos on same day as High School sectional meets.
Anonymous Participant	09/22/04	Survey	Air quality concerns me. Granted this is not a Roseville only probler in this area.
Anonymous Participant	09/23/04	Survey	I think there's way too much development, both in the building of new homes and in the massive addition of retail. It would be great we kept more undeveloped land for the beauty of it and because it is the natural habitat for so many things.
Anonymous Participant	09/23/04	Survey	Limit growth and decrease new commercial building sites (I'm dreaming)
Anonymous Participant	09/23/04	Survey	Certain streets i.e. Fiddyment Rd, are becoming commute routes. An alternate bypass road to route 99 is badly needed.
Anonymous Participant	09/23/04	Survey	The expansion needs to slow down, too many apartments are been built. The support systems, ie; schools, roads, jobs, are not there t support all of this growth
Anonymous Participant	09/23/04	Survey	Constant focus on parks, recreation, schools, sidewalks and roadways. These always seem to be the first to go in any city as funds are diverted elsewherethese are the things that attracted me to Roseville in the first place, and I would very much like to see them maintained to the highest quality.
Anonymous Participant	09/23/04	Survey	Need to keep more open space. I feel like it is expanding so fast.
Anonymous Participant	09/23/04	Survey	Better traffic flow
Anonymous Participant	09/23/04	Survey	Slow down the growth
Anonymous Participant	09/23/04	Survey	making Roseville a place where every income can live, very hard for young people to stay in the area when it gets so expensive.
Anonymous Participant	09/23/04	Survey	Too many trees are being removed to create corner strip malls whe existing strip malls are having trouble filling their existing spaces.
Anonymous Participant	09/23/04	Survey	Air quality
Anonymous Participant	09/23/04	Survey	Affordable housing. Prices are becoming out of reach for our essential services professionals such as teachers, police, fire fighters, nurses.
Anonymous Participant	09/23/04	Survey	We are getting to be to populated. I liked the smaller town better. More housing more traffic. A lot of speeders.
Anonymous Participant	09/23/04	Survey	Ability to attract large scale companies which will provide more job opportunities.
Anonymous Participant	09/23/04	Survey	Perhaps the extension of light rail from Sacramento might expedite travel of commuters to their jobs in Sacramento and at the same time reduce congestion on the major highways in Roseville.
Anonymous Participant	09/23/04	Survey	The Growth Management Visioning Committee should carefully review the single family dwelling unit to appartment ratio. For the most part, appartment dwellers do little or nothing to improve the

A	00/00/01	Com	quality of life in a community.
Anonymous Participant	09/23/04	Survey	Incentives for using transit
Anonymous Participant	09/23/04	Survey	I am concerned about our High Schools - both Woodcreek and Roseville are over crowded which leads to many known problems. What is the plan and where will another high school or two be built Can we expect another high school in the next 5 years to be built the Roseville city limits?
Anonymous Participant	09/23/04	Survey	More affordable housing and more stores, clothing, restaurants, in west Roseville.
Anonymous Participant	09/23/04	Survey	Traffic congestion continues and will, most likely, continue to be a problem as internal city growth outpaces overall county and state participation in improving access to and from our area. More involvement by the county, state, and interstate highway commission could relieve the congestion accessing and leaving our community.
Anonymous Participant	09/23/04	Survey	Don't let it get so built up there is no room for parks, recreation & just open spaces.
Anonymous Participant	09/23/04	Survey	I'm very concerned about too much growth overcrowding our high schools. There needs to much greater coordination and planning to accommodate growth at the HS level.
Anonymous Participant	09/23/04	Survey	making sure that crime & gangs & graffitti don't sneak in under the radar
Anonymous Participant	09/23/04	Survey	preserving open spaces. It seems that we are currently developing every used space in town.
Anonymous Participant	09/23/04	Survey	Other then police services, school overcrowding is a big problem.
Anonymous Participant	09/23/04	Survey	Future growth
Anonymous Participant	09/23/04	Survey	Big item recycling should be made free to increase recycling rate and decrease illegal dumping incquire to Sunnyvale, CA
Anonymous Participant	09/24/04	Survey	Increase Parks, Recreation and Libraries programming, facilities ar staffing. With the increase in population it would be wise to mainta these programs at the current high level of excellence.
Anonymous Participant	09/24/04	Survey	Keep the above items as a priority - you're on the right track.
Anonymous Participant	09/24/04	Survey	Lower speed limits, encourage the use of public transportation, more presence of police in traffic control.
Anonymous Participant	09/24/04	Survey	The traffic lights on the upgraded portion of Woodcreek Oaks are now set so that each direction goes independently making the traff wait until each direction has a full light. The left turn lanes should I syncronized so that traffic on the same street does not have to wait a full light to move. Also, on westbound Eureka at the US 80 eastbound on ramp, cars in the center lane are always right turning across the right lane onto the off ramp. I have almost been hit as try to continue westbound in the slow lane by these cars. Something needs to be done to stop these illegal right turns from the center lane.
Anonymous Participant	09/24/04	Survey	Facing the inconvenience of all the road construction that surround us, I have to believe that a happier day is on the horizon. By my observation, however, traffic is getting more congested and trips take increasingly longer to complete. I don't mean to sound pessimistic or defeatist but question whether the crush of traffic is soluble without changes in behavior of homeowners and drivers ar greater reliance on mass transportation.
Anonymous Participant	09/24/04	Survey	more open park space as a way to ameliorate the affects of the increasinly urban congestion the area is experiencing.
Anonymous Participant	09/24/04	Survey	zoning to provide low cost housing intermixed with exclusionary housing
Anonymous Participant	09/24/04	Survey	To be included wtih those current high priorities, please consider speed limit reduction on Fiddyment and Baseline; also limit commercial traffic as much of the 'country' is becoming residentialized. Homeowners enjoying their new homes should not be sujected to 24 hour diesels and/ or transients. I am looking

			forward to neighborhood parks after over 2 years of residenceand a dog park! I would love more community involvement opportunitiesnot just 'sun city' activities.
Anonymous Participant	09/24/04	Survey	Traffic enforcement and congestion are better, but it there is much more traffic now and I don't know how, but it needs help. The city has done a wonderful job of traffic enforcement and control in the areas of construction. I am impressed.
Anonymous Participant	09/25/04	Survey	The city needs another fire station on the west side. Near Roseville Parkway and Pleasant Grove
Anonymous Participant	09/25/04	Survey	Street and road maintenance
Anonymous Participant	09/25/04	Survey	The population of Roseville is Aging.I would hope the city will become more active in educating the seniors about services available for in home care.
Anonymous Participant	09/25/04	Survey	Continue to educate the Council and the populace about how to create viable neighborhoods with mixed use.
Anonymous Participant	09/26/04	Survey	There are too many homes being build on too small of lots. Too much traffic. The mall and businesses along Fairway (home depot area) is TOO congested. Traffic is terrible
Anonymous Participant	09/26/04	Survey	Maybe revitalize the downtown area.
Anonymous Participant	09/26/04	Survey	Parking across from the galleria mall, where best buy, and other shops and restaurants was not your best work. The entrance and exit to the galleria mall at christmas time is another example of baplanning.
Anonymous Participant	09/26/04	Survey	Overcrowding in schools
Anonymous Participant	09/26/04	Survey	Better mass transit for commuting to a wide area of Sacramento to include hospitals.
Anonymous Participant	09/26/04	Survey	The green belt. I know your working on it but, the people I talk wi are waiting to see it happen.
Anonymous Participant	09/27/04	Survey	More Arts and Cultural experiences, and some changes in the laws for small home businesses. Currently with the housing prices in Roseville, it is necessary for most to have two incomes to live here successfully. Many families could make it with small home businesses on the side, but Roseville's ordinances for these things make it difficult to make a small suplimentary but very necessary income. For me, a single woman trying to make it after a spouse of 22 years walks out it is nearly impossible.
Anonymous Participant	09/27/04	Survey	Build the library(s) we are supposed to have.
Anonymous Participant	09/27/04	Survey	Improve City Council members' response to citizens. I am in favor of electing council members by district/area.
Anonymous Participant	09/27/04	Survey	Foothill blvd needs to go straight to interstate 80
Anonymous Participant	09/27/04	Survey	Uncontrolled sprawl, too much emphasis on sports facilities.
Anonymous Participant	09/27/04	Survey	The City Council needs to follow the General and Specific plans and not be so easily persuaded to change and amend these plans for a individual project, thereby setting precedents and appearing too easily influenced by developer/monied interests
Anonymous Participant	09/27/04	Survey	follow through on the timely constructin of parks
Anonymous Participant	09/27/04	Survey	My previous feedback (traffic, etc.) is still the only problem that I think needs to change or improve.
Anonymous Participant	09/27/04	Survey	public schools test scores are too low
Anonymous Participant	09/27/04	Survey	TOO MANY GAS STATIONS IN WEST ROSEVILLE !!!! PLEASE stop approving more gas stations on every corner. Every corner strip mall looks the same. We need to attract unique stores and service that help distinguish our city, not make us look like every other podunk town with a Burger King, Kinko's, dry cleaners, gas station and grocery store on every corner. I would also like to see our Aquatic Center days/hours extended. It's a beautiful facility that could certainly be used more. Recruit some non-high school students for lifeguards so that the pool can be open past Labor Dasince it's hot here until October.

Anonymous Participant	09/27/04	Survey	SLOW DOWN GROWTH
Anonymous Participant	09/27/04	Survey	More police officers - especially at schools.
Anonymous Participant	09/27/04	Survey	Roseville needs to put a halt to change of use of land i.e. Tech area near H.P. now zoned for housingwe moved to west side with the idea that we would live in a tech areayou had a master plan for a reasonthe feeling is that the city is selling its soul to JMC homes
Anonymous Participant	09/27/04	Survey	Open areas for more parks and recreation, i.e. bike riding and hiking. There appears to be far too many apartments being built especially by the Galleria causing far too much traffic. That has to stop!
Anonymous Participant	09/27/04	Survey	Fast track the building of the new Library, offer a tempory library where the new one will be in a trailer. less trafic signals,
Anonymous Participant	09/27/04	Survey	Better designed parking lots.
Anonymous Participant	09/27/04	Survey	Preservation of open land space, completion of bike trails and continued school developments.
Anonymous Participant	09/28/04	Survey	slow down growth until funds for infrastructure is/are available
Anonymous Participant	09/28/04	Survey	The police need to get some of the noisy vehicles out of the residential areas, i.e. those with illegal (loud) mufflers.
Anonymous Participant	09/29/04	Survey	The city seems way too reliant on funds from developers to make ends meet. We need a long term financial plan that does not so heaviy rely on growth for funding.
Anonymous Participant	09/29/04	Survey	Roseville School District needs to build not one but two more high schools. Quality of high school education has decreased dramatical due to impacted schools. Varieties of classes has decreased and class sizes has increased. This problem must be resolved.
Anonymous Participant	09/30/04	Survey	Conservation of open space and trees.
Anonymous Participant	09/30/04	Survey	There needs to be a freeway that goes north and south.
Anonymous Participant	09/30/04	Survey	I think Roseville needs to work continue to maintain this quality of life - such as adding the new library and other services as the population grows. Keeping up with the population growth with expanding roadways & services should be a top priority.
Anonymous Participant	09/30/04	Survey	Insure that shopping areas are serviced by parking capacity sufficient to need.
Anonymous Participant	09/30/04	Survey	There needs to be free and easy access to disposal of hazardous waste products. I'm sure that because much of the hazardous was cost money to dispose of that many people will dispose of it improperly.
Anonymous Participant	09/30/04	Survey	About the only thing I can think of is that I see a lot of water waste with broken sprinklers and such.
Anonymous Participant	09/30/04	Survey	The casino needs to be closed down. Crime rate is going up. I am not feeling as safe as I once did.
Anonymous Participant	09/30/04	Survey	Does housing construction ever slow down? The small town environment we enjoyed when we first moved here nine years ago is just about gone and we feel very uncomfortable with the rapid expansion around us.
Anonymous Participant	09/30/04	Survey	Crime is definitely growing and the LACK of crime is one force which motivated me to move here. Also, much need for a 4-yr college, i.e., branch of Sac State.
Anonymous Participant	10/03/04	Survey	GROWTH! Roseville has tripled in size, since the 70's and needs to carefully consider growth (annexation) on the west side. Fiddymen Rd. cannot handle current vehicle usage and needs to be wider wit traffic signals in place prior to expanding the west side, as well as, Baseline Rd needs improvement to support current and future vehicle traffic.
Anonymous Participant	10/03/04	Survey	Traffic continues to increase and I don't see the improvements necessary to improve it occuring and once you are behind you can never catch up particularly if you keep approving growth.
			Parking lot design is poor at various shopping centers - odd angles narrow spacing, confusing intersections. Need more neighborhood

Anonymous Participant	10/03/04	Survey	policing - more vandalism and parking of inoperable vehcicles occurring. Better design for traffic patterns for schools (drop off & pick up areas).
Anonymous Participant	10/03/04	Survey	The amount of affordable housing for lower income residents is pretty scarce.
Anonymous Participant	10/03/04	Survey	1 - The big traffic snarl on I-80 through Roseville needs to be fixed The freeway is 4+ lanes on either side of Roseville, then narrows to 3 through the City. 2 - It would be nice to have planned neighborhoods that included shops and cafes one could walk to (lik in midtown sacramento) rather than needing to drive just to get anywhere. 3 - We need to dismantel the expensive Roseville Telephone monopoly and allow other lower competition.
Anonymous Participant	10/04/04	Survey	Keep working on traffic enforcement, congestion, and signal timing
Anonymous Participant	10/04/04	Survey	road cleanup.
Anonymous Participant	10/04/04	Survey	The laws about in home businesses.
Anonymous Participant	10/04/04	Survey	Too much growth. Don't make Roseville another Sacramento. Continual expansion is not good for anyone that lives here.
Anonymous Participant	10/04/04	Survey	Limit future commercial projects. Too many restaurants in town no as well as shopping centers what with the mall expansion coming soon
Anonymous Participant	10/04/04	Survey	There has to be another high school built soon.
Anonymous Participant	10/04/04	Survey	The trafic is a concern.
Anonymous Participant	10/05/04	Survey	Low cost utilities; Roseville has the most expencive utilities bill in the area and also it has the most expencive property tax. are you7 about to do somthing about it? or this is to pay for living in clean envoirenment.
Participants responding: 150			

Use this space to describe a facility, resource, or program you have experienced in any other City that would be desirable to have in Roseville:

Submitted By	Date	Туре	Responses
Anonymous Participant	09/22/04	Survey	The town I grew up in (Florence, AL) has created a children's museum (http://www.shoalschildrensmuseum.org/) which is a HUGE success. It is designed for children from toddler to pre-teen is so much, the children do not realize they are learning. These days, when I take my kids back to AL to see their grandparents, th first thing they ask is 'Can we got to the Museum, too?'
Anonymous Participant	09/22/04	Survey	transporation systems in European cities (i.e. Paris Metro).
Anonymous Participant	09/22/04	Survey	MOre athletic complexes, especially for football, there are many soccer areas, baseball areas and basketball areas, but we are limited on football facilities and the high school district makes it vel difficult to work with them, they charge a fortune for use for kids programs. AND the high school Woodcreek is not very accommodating.
Anonymous Participant	09/22/04	Survey	Light Rail extensions
Anonymous Participant	09/22/04	Survey	Nightlife and big city flair (street cafes open late etc)
Anonymous Participant	09/22/04	Survey	Neighborhood clean up once or twice a year.
Anonymous Participant	09/22/04	Survey	The American River Bike trail is a excellent example of how a bikeway could be used for both commuting and recreational uses.
Anonymous Participant	09/22/04	Survey	More events such as downtown tuesday nights are encouraging, need to have more investment in the revitalization of DOwntown, c more to encourage private investment here.
Anonymous Participant	09/22/04	Survey	None
Anonymous Participant	09/22/04	Survey	Open the Aquatic Center at lunch time for adult lap swimming year round.
Anonymous Participant	09/22/04	Survey	I can't think of any at this time.
Anonymous Participant	09/22/04	Survey	Outdoor concerts.
Anonymous Participant	09/22/04	Survey	transit system

Anonymous Participant	09/22/04	Survey	need better public transportation to the airport
Anonymous Participant	09/22/04	Survey	Access to mass transit to and from Sacramento and San Francisco airports.
Anonymous Participant	09/22/04	Survey	re-cycle pickup at home. separate bin for garden clippings.
Anonymous Participant	09/22/04	Survey	None at this time.
Anonymous Participant	09/22/04	Survey	A Convention center would be good.
Anonymous Participant	09/22/04	Survey	Can't think of any. Resources are there when I need them. I would prefer to pay through user fees rather than through broadly leveled fees or taxes. An example is the fee for local TV on the cable bill. Get rid of it. I never use the local access channels. Why should I proof them?
Anonymous Participant	09/22/04	Survey	None
Anonymous Participant	09/22/04	Survey	Living in Roseville is so far superior to living in the Los Angles Basi (several cities over several years) that I have nothing to suggest.
Anonymous Participant	09/22/04	Survey	Alternative health is not as prevelant in Roseville as it is in Chico. I is nice to have other options. How about a Whole Foods market in West Roseville.
Anonymous Participant	09/22/04	Survey	I wonder why the county buses doesn't operate within roseville. I thought that would give more bus routes access to a bus for more people in and around roseville. Roseville's Libraries are getting old and I don't understand why they are severed from the country again. Rocklin Libraries are sponsored by the county and they have better libraries.
Anonymous Participant	09/22/04	Survey	Waste pickup in terms of brush, tree limbs etc. Other waste collections satisfy most needs.
Anonymous Participant	09/22/04	Survey	Adult Education clases in the Trades wooodworking, sewing, etc.
Anonymous Participant	09/22/04	Survey	Indoor swimming pool
Anonymous Participant	09/22/04	Survey	A theatre arts program which would allow residents of all ages to perform for the public at reasonable admission fees. This would give those interested in the arts (acting, singing, dancing, etc) an opportunity to develop their talent while giving the community a chance to enjoy an entertaining performance.
Anonymous Participant	09/22/04	Survey	Bike trails in nature areas.
Anonymous Participant	09/22/04	Survey	slower growth
Anonymous Participant	09/22/04	Survey	Bus bicycle racks
Anonymous Participant	09/22/04	Survey	Most cities have only one school district, so I'm confused why there are multiple elementary school districts in Roseville.
Anonymous Participant	09/22/04	Survey	Fuel cell and solar utilities.
Anonymous Participant	09/22/04	Survey	Roseville seems to have it all.
Anonymous Participant	09/22/04	Survey	It would be nice to have a Jewish temple in the community. That's probably out of your hands.
Anonymous Participant	09/22/04	Survey	Roseville needs several YMCAs
Anonymous Participant	09/22/04	Survey	There aren't any.
Anonymous Participant	09/22/04	Survey	A community pool with better access for adults that are working. The aquatic center has very limited access, especially for adults. Ware interested in Master's level swimming options. The aquatic center is closed during the winter. It should be open during this time.
Anonymous Participant	09/22/04	Survey	Children's Behavioral Services, i.e. evaluations and pre-schools for children with behavioral problems detected early-on in life.
Anonymous Participant	09/22/04	Survey	less 'giant' glaring street lightsmore ambient night lighting that i attractive and safe; current lighting is ugly although functional
Anonymous Participant	09/22/04	Survey	none at this time
Anonymous Participant	09/22/04	Survey	n/a
Anonymous Participant	09/22/04	Survey	See above. Also, love those bike/ walking trails and would love to see more.

Anonymous Participant	09/22/04	Survey	Can't think of one that Roseville doesn't have to some degree.
Anonymous Participant	09/22/04	Survey	Better mosquito abatement. Inspite of the huge property tax and Mello Roos income Roseville has, the city is apparently not doing anything to keep this problem under control. we're getting eaten alive around here.
Anonymous Participant	09/22/04	Survey	The City of San Jose and the University Of California, among others have 'family camp' facilities in the Sierras which provide low cost family vacation opportunities for their residents/alumnae. These camps have tent cabins, cafeteria meal service, a pool, a host of outdoor activities for all ages, some indoor recreation facilities, fisihing, and camp counselors to lead both daytime and night activities. The camp operations are underwritten by city of school, s the cost to the families is modest and many less well off families ca have a very nice experience, together, in a wholesome setting.
Anonymous Participant	09/22/04	Survey	Just keep up the good work and keeping this city a nice place to live. Oh, neighborhood ordance enforcement would be a huge plus!
Anonymous Participant	09/22/04	Survey	Indoor, year round pool (Dallas Oregon), Children's hand's on museum with educational opportunities, sober Grad Night at the community center.
Anonymous Participant	09/22/04	Survey	Extended weekend pool hours. ALso the pool closes during the day in mid August even though many kids are not in school yet. Non school age kids can still use the facility even if it is for fewer hours during the day. August is still very warm and life guards shifts coul be staffed by folks attending a quarter based school like Davis and kids aho attend non Roseville schools. I've witnessed Parks & Rec supervisors treating employees with little or no respect. This is unacceptable. The lifeguards are the cornerstone of the community pool and deserve to be treated well.
Anonymous Participant	09/22/04	Survey	YMCA
Anonymous Participant	09/22/04	Survey	Farmer's market in West roseville.
Anonymous Participant	09/23/04	Survey	Fun or theme park for families
Anonymous Participant	09/23/04	Survey	A fitness center for public use, especially for seniors
Anonymous Participant	09/23/04	Survey	YMCA center, with affordable day care and affordable children's programs
Anonymous Participant	09/23/04	Survey	utilizing more volunteers if possible, including clubs etc to help maintain, getting children involved in community services.
Anonymous Participant	09/23/04	Survey	Nothing comes to mind.
Anonymous Participant	09/23/04	Survey	University
Anonymous Participant	09/23/04	Survey	Trash recycling with a garbage can, a yard waste can, a glass/can/aluminum bin, #1 and #2 plastic bin, and mixed paper bin.
Anonymous Participant	09/23/04	Survey	A new library.
Anonymous Participant	09/23/04	Survey	San Diego, one of the finest cities in America, is a dog-friendly place. Roseville is not. Parks are for families. Families have kids an dogs. Yet, in Roseville, parents who take their kids to the neighborhood park must leave their pet behind. Why? Because of a few inconsiderate people who will not clean up after their dog or those who will not insist on good, social behavior. Roseville should open all parks to family dogs and go after those who would flaunt the behavioral and cleanup laws. I chose to move to Roseville six years ago, but had I known how dog-unfriendly this city is, I would not have moved here.
Anonymous Participant	09/23/04	Survey	Nascar track,convention center,amusement park,Pro sports complex.
Anonymous Participant	09/23/04	Survey	Acknowledging that the main library has just been renovated and updated, there remains a need for full library services in the growing area of West Roseville. I am not aware of what has or has not been done with the Maidu Branch. Has it been updated to meet residents' needs? Good library facilities benefit residents of all ages
Anonymous Participant	09/23/04	Survey	Libraries. The library in west Roseville needs to be a top priority.
-			1

Anonymous Participant	09/23/04	Survey	I last lived in Provo, Utah, and it was nice to have a University in the town.
Anonymous Participant	09/23/04	Survey	After school/summer performing arts program for teens sponsored by and underwitten by the city (similar to what Rocklin does)
Anonymous Participant	09/23/04	Survey	Roseville has more than any other city I have lived in.
Anonymous Participant	09/23/04	Survey	YMCA in San Diego provided locals with a family affordable sports and community services. It was a good partnership between the ci and a non profit organization.
Anonymous Participant	09/24/04	Survey	An indoor swimming facility.
Anonymous Participant	09/24/04	Survey	I would like to see a YMCA or more affordable sports facility for either families or single people to attend. Very disappointed with 24Fitness and Golds gym. This are 'social clubs', not work out facilities for families.
Anonymous Participant	09/24/04	Survey	Center for conferences, big entertainment as musicians or Broadwa plays
Anonymous Participant	09/24/04	Survey	Take a look at the beautiful creek that flows thru San Louis Obispotasteful little shops, flower lined banks, tranquility. I relize that False Creek (?) will not be easily tamed, but it's presence in the middle of our town and away from the jungle of shopping malls cried to the some imagination and investment to make that watercourse a magnetic and signature companion for Royer Park.
Anonymous Participant	09/24/04	Survey	I moved from Oakland, CA and used the East Bay Regional Park system for hiking and a way to get relief from an urban atmospher There is nothing like that here and I feel it is sorely needed as the entire area is being covered with residential, office and shopping facilities. Granted this area doesn't have land features that are similar, but small neighborhood parks just don't give the same kind of experience. San Francisco has Golden Gate Park, San Jose has Almaden, Chico has Bidwell. This area will soon look and feel like Orange County. Large open spaces are needed.
Anonymous Participant	09/24/04	Survey	A foundation working with the city to assure that seniors are findin affordable housing, food, and social support here at home.
Anonymous Participant	09/24/04	Survey	I have obtained recreation info at Maidu. The Roseville Sports Complex is much closer but I am unsure a membership is needed t use the facility. I use the library and would use it more if one was a last constructed on this west side.
Anonymous Participant	09/24/04	Survey	An auditorium is always an asset, but also an expensive one.
Anonymous Participant	09/25/04	Survey	Portland OR has a very good internet reach to its population, and has good access to a very convenient, point to point scheduler for mass transit. You can put in departure and arrival points, time of day you want to depart or arrive, and it will give you a method combining walking, busses, and light rail, all intergrated, with transfer points and elapsed time.
Anonymous Participant	09/26/04	Survey	Broomfield, Colorado had an excellent trail system that looped the entire city, connecting all the neighborhoods. You could easily ride your bike anywhere in the city with few automobile concerns.
Anonymous Participant	09/26/04	Survey	The Boston 'T' train/subway system.
Anonymous Participant	09/26/04	Survey	Live entertainment! Be it drama plays or sporting events.
Anonymous Participant	09/27/04	Survey	a fabric store and a music store!
Anonymous Participant	09/27/04	Survey	Re-development in old town/downtown areas.
Anonymous Participant	09/27/04	Survey	Far better library and cultural programs
Anonymous Participant	09/27/04	Survey	I believe that Roseville should have a recycling program. I realize that we have a recycling facility but I'm not convinced that it is as effective as it could be. I've been to the dump and have seen for myself enormous quantities of recyclables being buried in the land fill.
Anonymous Participant	09/27/04	Survey	mass transit in numerous other cities (e.g., portland)
Anonymous Participant	09/27/04	Survey	can't think of one
		-	Hands-on kids experiential museum (like OMSI in Portland) and

Anonymous Participant	09/27/04	Survey	Exploratoriun in San FRancisco.
Anonymous Participant	09/27/04	Survey	A semi annual major garbage pick-up (appliances, furniture etc.) has worked in several cities and would be a nice feature here.
Anonymous Participant	09/27/04	Survey	interaction with schools
Anonymous Participant	09/27/04	Survey	Community center to used for rental for privately held events as well as public events
Anonymous Participant	09/27/04	Survey	library accessable.
Anonymous Participant	09/27/04	Survey	Libraries.
Anonymous Participant	09/28/04	Survey	On-line utility payment.
Anonymous Participant	09/28/04	Survey	a large and modern fairgrouds similar to cal expo. I recently attended the fall home show and the old facilities made it look unprofessional and unattractive (dirty)
Anonymous Participant	09/28/04	Survey	None that I can think of.
Anonymous Participant	09/29/04	Survey	More balanced, slower growth is something that we could use.
Anonymous Participant	09/30/04	Survey	Cleveland Metro Parks, a very large park that circles the city.
Anonymous Participant	09/30/04	Survey	I cannot think of one.
Anonymous Participant	09/30/04	Survey	The neighborhood big dumpster program, where you provide dumpsters to the area so people will clean up their yard and junk. know Roseville did this at one time but I haven't seen it in a couple of years.
Anonymous Participant	09/30/04	Survey	Commuter rail transportation into Sacramento.
Anonymous Participant	09/30/04	Survey	More family-oriented entertainment and things for teenagers to do A city-paid program that helps parents who are struggling to be good parents with resources and education. (an ocean-front would be nice, HA HA)
Anonymous Participant	09/30/04	Survey	Nothing comes to mind at this time.
Anonymous Participant	09/30/04	Survey	Having lived in L.A they have NOTHING that I would select for Roseville.
Anonymous Participant	10/03/04	Survey	Annual unlimited trash pickup - would help with junk piling up in or communities i.e. old couches, car parts, etc. Public school opportunties and choices for different educational styles. San Juan Unified offers Waldorf, Montessori, Open, Developmental, Fundamental, etc. Some are lottery schools. Rocklin also offers more diverse educational opportunities.
Anonymous Participant	10/04/04	Survey	ROSEVILLE
Anonymous Participant	10/04/04	Survey	Many programs actually. I was listening to the news about a homeless choir, made up of homeless people. That would significantly assist that population to help themselves. Also Tracy has a community youth choir, which would involve many families in wholesome and educational opportunities in music in Roseville if we were to emulate it. Yes I'd be willing to assist.
Anonymous Participant	10/04/04	Survey	I feel that Roseville is fine in that regard now.
Anonymous Participant	10/05/04	Survey	The poblic librarries are much easier to use for youth in the San Jose and San ramon. There are too many restriction for using the libraries.
Anonymous Participant	10/05/04	Survey	Walking and biking trails that connect the city.
Participants responding: 107			

Use this space for any advice you might have for city planners about how to manage Roseville's growth properly:

Submitted By	Date	Туре	Responses
Anonymous Participant	09/22/04	Survey	Public safety should be top priority. We should not permit development without schools, police and fire. I am a 39 year resident of Roseville and am extremely concerned about the increase in petty crime, and the equation between high density housing and crime.
			We need to look more than ten, or even twenty, years into the

09/22/04	Survey	future. In 50+ years do we want Roseville to be an suburban mass Or do we want to take into account that resources are finite as well as precious, and should be conserved while plentiful? I have no problem with growth, no ideas on closing the doors on newcomers simply because I have arrived, but it should be planned carefully so that we end up with neighborhoods that are STILL desirable in 50 years. We need to make certain our City begins to function as a CITY, not a SUBURB.
09/22/04	Survey	Too many new developments. Preserve open space and the rural county-like feel of Roseville. We are becoming just like any other urban city. Traffic is getting to be like the Bay Area (Silicon Valley a rush hour)
09/22/04	Survey	Must do something about the traffic congestion, and the developers making all this money on housing sales, should pay for schools.
09/22/04	Survey	keep up the good work!
09/22/04	Survey	Don't grow just for the sake of growth. I believe the new 'identity' for Roseville is that it is becoming the 'retail' center and the place for business. Housing prices are going too high to identify it as an easy place to live. The current growth plan seems to be 'fill in all th open spaces'. It might help to explain to us (residents) the purpose for the planned growth. Is it for more income? It seems the more residents, the more services, thus more cost. What's wrong with _not_ growing for a while?
09/22/04	Survey	I feel very strongly that the growth should stop. When is someone going to say 'when'? Just when it seems as if we have hit our max, an article about annexation shows up in the tribune? who's profiting off of this? us? our kids? or the developers***.
09/22/04	Survey	Riverside and Cirby intersection and widen the freeway at the riverside off ramp
09/22/04	Survey	Use green belts to separate developments. Growth rate should be planned and controlled. Access to mass transit to and from Sacramento and San Francisco airports. Let residents know how to access these mass transits.
09/22/04	Survey	Please be certain that the roads, highways, and services are adequate to support all the new homes and businesses going in.
09/22/04	Survey	Do not discourage develoopment but keep high standards.
09/22/04	Survey	Development should not be allowed to occur quicker than the schools can be built to handle the new students.
09/22/04	Survey	Any approved growth should pay up front, before approval, for all needed infrastructure. This includes high school sites (donated), th construction of the schools and liberally defined startup costs for th schools (turn key). Let's not ask later where we need to get money for computers or have facilities built for 1600 students actually housing 2100 students. Future growth and development should emphasize greenbelts outside of the current city boundaries.
09/22/04	Survey	I am very concerned at the number of new residences being approved in West Roseville.
09/22/04	Survey	Develop new areas with their own retail stores so they can shop in their area most of the time and limit traffic in surrounding areas. Keep a lot of open space between communities so were not one mass city of houses and stores.
09/22/04	Survey	Get more money into the city to make sure citi keeps quality on services and utilities and continues to focus on core values of roseville which are parks, green open areas, bike,hike trails, water, air quality, roads, trafffic, congestion, schools etc.,
09/22/04	Survey	I feel developers with state lawmaker assistance have pushed cost down to the buy (mello-roos). The developers then still kept purchase price high getting a higher profit margin. There are good developers but most sell at the very most the market will bare and
	09/22/04 09/22/04 09/22/04 09/22/04 09/22/04 09/22/04 09/22/04 09/22/04 09/22/04 09/22/04 09/22/04	09/22/04 Survey

Anonymous Participant	09/22/04	Survey	can and will be assessed before the next stage is developed. Incorporate the ability to make changes if the impact of the prior stage warrants.
Anonymous Participant	09/22/04	Survey	Slow way down on new housing. Roseville needs open spaces.
Anonymous Participant	09/22/04	Survey	Do it slow and well thought out.
Anonymous Participant	09/22/04	Survey	stop granting all developer requests
Anonymous Participant	09/22/04	Survey	Be very careful in reviewing plans for West Roseville. It is doubtful that existing roadways and power grids will be able to accommodat demand. Make developers put in infrastructure first.
Anonymous Participant	09/22/04	Survey	Create shorter surveys.
Anonymous Participant	09/22/04	Survey	Consider the impact on traffic and allow for open space.
Anonymous Participant	09/22/04	Survey	Space will run out on day. make sure every inch is what we will want 15, 20 or 30 years from now.
Anonymous Participant	09/22/04	Survey	I'll be sorry to see us tiptoe over the 100,000 mark. It was <70,00 when I moved in 1997.
Anonymous Participant	09/22/04	Survey	We need to stop and rethink what we have. In addition to the outlandish growth of retail the character and quality of the centers lack imagination and are very ordinary and mundane. Take a look a Davis - the character and eye appeal of the centers is of a far superior quality than what we have allowed in Roseville. We need t use more imagination and planning to make the shopping centers more attractive and less tickey tackey.
Anonymous Participant	09/22/04	Survey	Ensure sufficient traffic routes before development. Baseline Road has turned into an expressway that is very difficult to access during commute hours.
Anonymous Participant	09/22/04	Survey	I have no advice, but will say that the rate of growth is mind- boggling to everyone I've talked to. We've never experienced anything like it. The questions always is, 'will it every stop.'
Anonymous Participant	09/22/04	Survey	percentage and balance of open space and parks with housing
Anonymous Participant	09/22/04	Survey	Slow down the number of houses being built for families until an adequate number of high schools can be built. These schools are either at 2000 students or pushing higher than that. We need more high schools first! Also, I feel that commerical and residental developers should be paying more money into the upkeep of roads services, and schools.
Anonymous Participant	09/22/04	Survey	Keep your chin up and keep up the great work.
Anonymous Participant	09/22/04	Survey	you seem to have a good handle on things
Anonymous Participant	09/22/04	Survey	Open space, greenbelts - also be aware of making sure it is a Liveable town- and not too much spread. (ok, some rambling toughts)
Anonymous Participant	09/22/04	Survey	Growth is a tough one. It seems to be well planned for in my area with roads and turn lanes built in even if not in use yet. Seems like a good idea. On the one hand demand requires growth on teh othe don't want too fast. Schools definately need to catch up to growth esp. high school or people will leave.
Anonymous Participant	09/22/04	Survey	Environmental impact studies: what is the growth going to do to traffic flows, air quality, and existing public schools. How can we add more children to our population and not have a concrete plan on where to put them?
Anonymous Participant	09/22/04	Survey	Any large development should be voted on and approved by the citizens of Roseville. The city council should NEVER be the sole decision maker.
Anonymous Participant	09/22/04	Survey	Put the quality of life ahead of all other considerations, before it is too late. Remember that each decision will have an impact (good o bad) long after the present members of the councils, commissions, boards, and other bodies have moved on or even died. All such persons have a duty to insure that the best interests of the current and future residents, not transient developers and distant business owners, are protected and advanced. The City can be a memorial to

			their good judgment and, more importantly, integrety or it can be a lasting badge of dishonor if they fail in the trust which we residents confer upon them through the election process.
Anonymous Participant	09/22/04	Survey	Do what's best for the common guy and not for the people who want to make the money.
Anonymous Participant	09/22/04	Survey	Do not ruin the elite feeling and clean lines of the city with dense growth. Stop while you are ahead.
Anonymous Participant	09/22/04	Survey	Plan and build a cohesive interconnected community. We have many small bike paths through out Roseville. A good plan would connect them without having to intemix with cars. Look at housing density and plan thourough fares to move traffic and people efficiently. Create a flow that works with use. During drop off and pick up times at schools increase lengthh of lights to move cars quickly. Provide adequate parking around facilities: like schools and Aquatic center. The streets do not allow parking and the lots can no accomodate the required cars.
Anonymous Participant	09/22/04	Survey	Generally, I feel they have done a good job. However, I continue to be concerned about air quality and I see increases in traffic in residential areas.
Anonymous Participant	09/23/04	Survey	Slow down!
Anonymous Participant	09/23/04	Survey	Quality of life, including air quality and traffic congestion should be priority above revenues for the city, ie sales tax
Anonymous Participant	09/23/04	Survey	Make sure all support systems are addressed to correspond with increased development, ie; enough water, electricity, schools and traffic flow.
Anonymous Participant	09/23/04	Survey	Ensure that ALL city services can be maintianed at the current leve or higherdont try to spread services thin just to meet growth.
Anonymous Participant	09/23/04	Survey	slow it down. I realize for every home built, the city receives more money.TOO MUCH TOO SOON is not good.
Anonymous Participant	09/23/04	Survey	growth is necessary, however we have had such fast growth, there needs to be a time to catch up and deal with housing for low income, traffic controls and impacted schools.
Anonymous Participant	09/23/04	Survey	Put the chain saws away and preserve more open space with trees.
Anonymous Participant	09/23/04	Survey	Limit it and slow it down all you can, but control land development west and north of Roseville.
Anonymous Participant	09/23/04	Survey	West Roseville new housing seems to be largely very high end sing family homes. Lots of the homes are more than 2500 square feet and over \$500,000. We need more smaller more affordable homes including mixed use commercial residential and high density housing.
Anonymous Participant	09/23/04	Survey	Diversity in land use (blend of commercial, housing types and cultural/educational) not just more houses that provides a local work/live/ play environment. Keep an eye to the tax base (commercial development)so needed revenue is available. Ensure we have adequate water and utility resources to support the growtl-plan for alternative sources. Incent environmentally friendly development (ie energy and water efficiency) in both housing and commercial units. Establish a joint authority with Placer Co to creat and manage a unified, mutually acceptable growth plan for the areas adjacent to Roseville.
Anonymous Participant	09/23/04	Survey	Do your thing, but don't let developers lead you by the nose.
Anonymous Participant	09/23/04	Survey	A large segment of Roseville's growth is from the wealthy moving here from the 'Bay Area.'and not supported by the local economy How will this be dealt with by the next generation? I don't have any 'advice' except to encourage that this phenomenon be studied to determine if there will be a significant problem in the future.
Anonymous Participant	09/23/04	Survey	Traffic, traffic!
Anonymous Participant	09/23/04	Survey	I am very much Pro-growth, with an eye toward ensuring we do the right way. Have the proper infrastructure in place or negotiated wit policies that have teeth to ensure schools are in place, parks that

			are promised are created - residential areas need to have a flow or rythem to them.
Anonymous Participant	09/23/04	Survey	Just make sure our growth does not grow faster than our resourses and abillity to keep up with it.
Anonymous Participant	09/23/04	Survey	Please continue to involve developers in providing the needed access improvements to their projects and not only replacing any trees lost by the development, but adding to our tree population to keep our community green and garden-like as one walks, drives along. Also, bike and multi-purpose paths should be considered in, around and through any projects, providing recreational space for residents.
Anonymous Participant	09/23/04	Survey	We need Placer Parkway! Please do everything you can working withe state and surrounding communities to make this happen.
Anonymous Participant	09/23/04	Survey	too much growth is taking away the charm of small town USA
Anonymous Participant	09/23/04	Survey	Knock it off. We've turned from a small, friedly city to a sprawling overcrowed schools, increased crime, traffic congested large city.
Anonymous Participant	09/23/04	Survey	A manageable ratio between growth and traffic should be set and controlled. Roseville should not turn into the Bay Area in five years
Anonymous Participant	09/24/04	Survey	Increase impact funds on development.
Anonymous Participant	09/25/04	Survey	Set a reasonable rate and have control over project locations. Have a 5yr, 10yr, and 30yr master plan
Anonymous Participant	09/25/04	Survey	Slow down. Let the area absorb each major change. I really do not know enough about this, but I do know that traffic has become a lomore difficult since we moved here six years ago.
Anonymous Participant	09/25/04	Survey	The city planners are doing a good job. I would suggest that they continue to work closely with their county and state contemparies tassure the best growth policies.
Anonymous Participant	09/26/04	Survey	We would like to see slower growth. Single family homes should have larger lot sizes. New homes are too close together.
Anonymous Participant	09/26/04	Survey	When you plan for new growth, build the roadways wide for two lanes each way. Example woodcreek oaks widening. It should have been a four lane roadway from the start. Also landscaping completed on woodcreeks oaks within the last two years, and now torn up for the addition of two lanes each way. In my opinion bad planning from the start. If your twenty year plan was all the new housing around woodcreek oaks, the roadway should have been four lanes when build from the start.
Anonymous Participant	09/26/04	Survey	Stop building apartments, we already have more then our fair shar of affordable housing.
Anonymous Participant	09/27/04	Survey	I just returned from Europe, each city had its own flavour, and much of that was due to public art and architecture. What is the 'feel' you want in Roseville, and are you moving towards an unified direction in that visually?
Anonymous Participant	09/27/04	Survey	Please balance ALL needs, not just housing, youth programs, etc.
Anonymous Participant	09/27/04	Survey	Obtain written contracts for every developer promise. Enforce/penalize those contracts.
Anonymous Participant	09/27/04	Survey	We need strong control of growth, don't bow to developers. More & better jobs are needed, but not at the expense of quality of life in Roseville.
Anonymous Participant	09/27/04	Survey	Do not continue to amend/adjust/revise General and Specific Plans 'on a whim'almost everytime a new project is proposed.
Anonymous Participant	09/27/04	Survey	Open space and parks are very important, especially in west roseville. There is a definate sense of community on here, possibly different from east roseville were you can end up in rocklin or any other bordering city and not even know it. Please help to maintain the sense of community in West Roseville
Anonymous Participant	09/27/04	Survey	Consider traffic impact
Anonymous Participant	09/27/04	Survey	Bring more UNIQUE things to Roseville to hel distinguish us from others. We don't need want more of what we already have, which i

			what everybody has.
Anonymous Participant	09/27/04	Survey	I realize that environmental impact studies are made but it is hard to believe that power and especially water resources are available for the projected growth.
Anonymous Participant	09/27/04	Survey	stick with the original city master plan because with more growth will come a regression in quality of lifei.e. more traffic, crime, tranquilitythe small town feel will be gone Finish what has been started before undertaking more. That is, not all parks are in nor other services. Let's finish these projects before undertaking other projects.
Anonymous Participant	09/27/04	Survey	Keep the small town feeling.
Anonymous Participant	09/27/04	Survey	With the ammount of growth happening so quickly we have notice more break in's and graffitti in the area.
Anonymous Participant	09/29/04	Survey	slow down. This is not a race. I knwo it seems we are competing with the county adn LCN for the use of the land, but be smart abo we we use it for. NO GROUND WATER, NO MATTER WHAT!!!!!!!!!!
Anonymous Participant	09/29/04	Survey	Slow down housing developments to a stop until high schools have been built. Elementary and middle schools are built along with new housing. Why has this not also occurred for high schools?
Anonymous Participant	09/30/04	Survey	Hold your ground and don't give in to politics. Do not allow our standards to be compromised as they are.
Anonymous Participant	09/30/04	Survey	A big part of the charm of Roseville is the greenbelts and oak tree in the newer areas. Keep doing that!
Anonymous Participant	09/30/04	Survey	Having developers pay for all development costs is a solution to higher taxes.
Anonymous Participant	09/30/04	Survey	Unlimited growth is not the best plan in a short number of years. Quality of life suffers and everyone looses.
Anonymous Participant	09/30/04	Survey	I would not permit any more growth!
Anonymous Participant	10/03/04	Survey	Make growth pay more of its fair share of the impacts it causes instead of just passing it on to future residents. Developers are getting rich off Roseville and not paying enough for the privilege.
Anonymous Participant	10/03/04	Survey	Slow down building! It's okay not to have a building on every emplot.
Anonymous Participant	10/03/04	Survey	At this point, I don't beleive we have properly developed the infustructure around Roseville to successfully support further residential growth without deminishing the quality of life to curren residents.
Anonymous Participant	10/03/04	Survey	Let's put some restrictions on how fast the city is allowed to grow this place will be like another L.A area suburb, a place that I probably not want to live in.
Anonymous Participant	10/04/04	Survey	ROSEVILLE
Anonymous Participant	10/04/04	Survey	More public art. The vision of a city in the creative econmy of the future must inclue visually and asthechically pleaseing venues.
Anonymous Participant	10/04/04	Survey	Take added traffic congestion into account and where are all the people coming from to support new housing? We have lost H.P. ar NEC for the most part. Where are the jobs for these people?
Anonymous Participant	10/04/04	Survey	Please avoid overdevelopment with attendant traffic congestion ar delays.
Anonymous Participant	10/05/04	Survey	I actually can not tell city planers what to do but all I can say is we should not pay for growth at the price of good living.
Participants responding: 97			

## If you chose 'Other boundary', briefly define it here:

Submitted By	Date	Туре	Responses
Anonymous Participant	09/22/04	Survey	If the county is planning to develop, annex into city and don't develop!
Anonymous Participant	09/22/04	Survey	Placer County and Sunset Blvd West
			The original boundary, that in effect prior to the change made on

Anonymous Participant	09/27/04 Survey August 18
